

Release Note CP 1.0.16

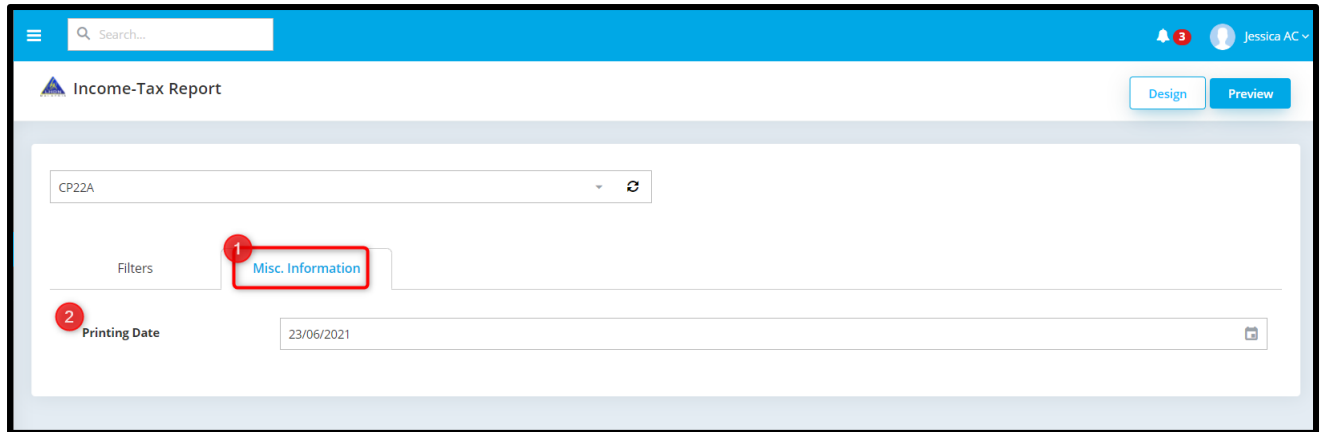

New Features

1. Able to convert leave CF with expiry date. User now may go to employee group and update the setting. Later when do year end process, system will convert the leave CF to leave credit entry and alert user when it is almost expired.

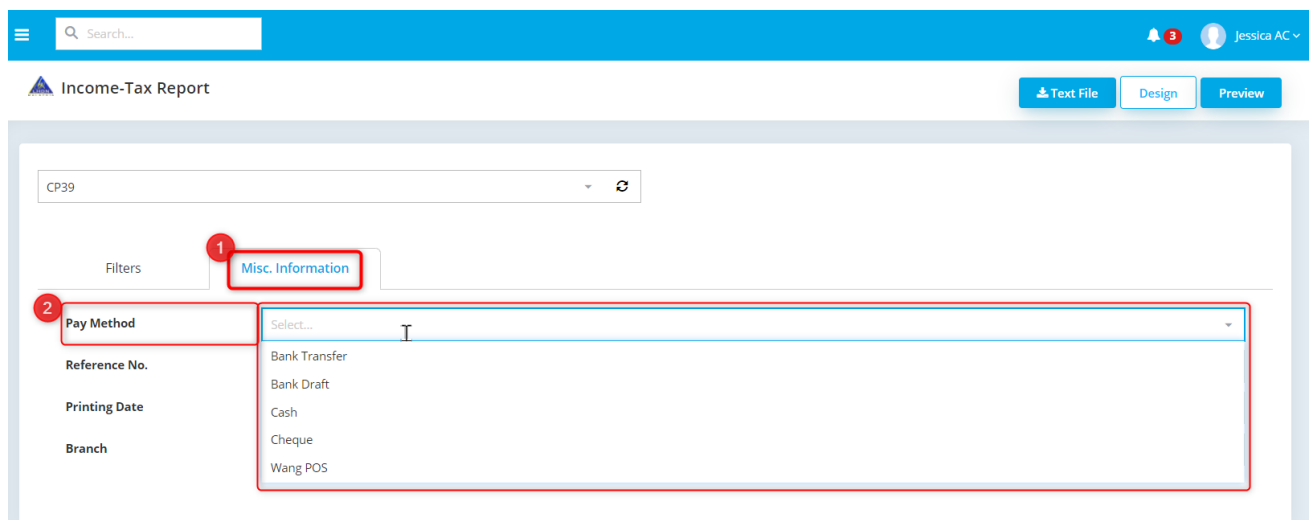

Enhancement

1. Enhanced payslip to able view 6-digit amount in 1 line.
2. Change the rate calculation in the system from 2 decimal point to 4 decimal point.
3. Enhanced income tax report, CP22A and CP22B to be able to select the printing date and shown on the report.

4. Enhanced income tax report, CP39 on the payment method indication. User now may select the pay method on the Misc Information tab and it will reflect on the report. So that user may print this out and keep as hardcopy record.

Bugs Fixed

1. Fixed calculation of total worked days for salary on 1st half.
2. Fixed report size issue for payslip.
