[2018-11-15 09:55:25] <clueless-duck> so you are as clueless as me?
[2018-11-15 09:57:52] <Athenodora> clueless-duck gimme a sec while I try to see if there's any site staff people online at the moment
[2018-11-15 09:58:18] <clueless-duck> take you time.
[2018-11-15 09:59:03] <Athenodora> (the way our bureaucracy is set up the SCP chat operators and the SCP wiki site staffs are two separate divisions, so yeah)

[2018-11-15 10:02:41] <clueless-duck> so, the problem is with wikidot, huh?
[2018-11-15 10:03:17] <clueless-duck> any idea while it will be fixed?
[2018-11-15 10:03:19] <Athenodora> pretty much, yep

[2018-11-15 10:04:07] <Athenodora> speaking as a non-wiki staff member (I'm strictly a chat cat, yo): Wikidot's been having this Gmail thing for like a month now
[2018-11-15 10:04:29] <rounderhouse> >chat cat
[2018-11-15 10:04:30] <rounderhouse> heh
[2018-11-15 10:04:42] <Athenodora> rounderhouse ;)
[2018-11-15 10:05:14] <Athenodora> and like, my understanding is that we're seeking alternative arrangements so that the wiki won't have to rely on an unreliable platform, but for now we're stuck with Wikidot
[2018-11-15 10:05:46] <Athenodora> my guess is that you can try setting up a burner email account or somesuch?
[2018-11-15 10:05:47] <Athenodora> that's the best I can think of though
[2018-11-15 10:07:15] <clueless-duck> i did and didn't work. that being said, it was other Gmail account.

[2018-11-15 10:09:41] <Athenodora> clueless-duck I'd hope that it works, what with my wikidot account being tied to a yahoo address and all
[2018-11-15 10:10:42] <Athenodora> clueless-duck although by that analogy the SCP wiki would be Alderaan, so...

[2018-11-15 10:15:55] <clueless-duck> what is that?
[2018-11-15 10:16:37] <Rimple> It's parsed as two different emails by wikidot, but they'll both send to example@gmail.com, since email addresses don't parse past a +
[2018-11-15 10:16:58] <clueless-duck> huh...interesting.

I then would have punched one guy in his breadbasket, and then break his jaw. I would have methodically eliminated every one of those Musl

[2018-11-18 17:16:56] <djKaktus> Against a staff member.
[2018-11-18 17:17:01] <djKaktus> It's about this <http://www.scp-wiki.net/forum/t-8577433/1st-annual-foundation-awards#post-4062236>
[2018-11-18 17:17:11] <djKaktus> I very clearly would have no issue with you asking to be recused from this, magnus.
[2018-11-18 17:17:20] <djKaktus> Last I checked, we have a good working relationship
[2018-11-18 17:17:34] <djKaktus> There was no ill will here, but fieldstone felt it necessary to paint his own intentions on my words.
[2018-11-18 17:17:53] <djKaktus> It's one thing to talk about in staff chat, but another thing entirely to make a big thread about in public.
[2018-11-18 17:18:00] <Lily> does this require a complaint or would it not be smart to just message fieldstone
[2018-11-18 17:18:22] <djKaktus> Wouldn't have been better for them to just message me if they thought it was out of line?
[2018-11-18 17:18:32] <DrMagnus> If he'd like to make an official complaint, he's well within the rules to have us consider it.
[2018-11-18 17:18:36] <djKaktus> They decided it was better to take official staff action, and I don't see why I wouldn't do the same.
[2018-11-18 17:18:38] <Lily> DrMagnus: i ken
[2018-11-18 17:19:11] <djKaktus> In either situation, I would've explained the exact same thing: I like magnus, I have no reason to take shots at magnus.
[2018-11-18 17:19:18] <djKaktus> Blowing up that thread was out of line.
[2018-11-18 17:19:41] <DrMagnus> I'll bring this up with the appropriate parties, and log it to 05 if you'd like that step as well.
[2018-11-18 17:19:47] <djKaktus> Please do, thanks!
[2018-11-18 17:19:50] <djKaktus> That's all I've got.
[2018-11-18 17:21:43] <scp_LS> I'm waiting for approval I've just come to say hello, ProcyonLotor
[2018-11-18 17:22:17] <Lily> hello procyonlotor

[2018-11-19 19:00:28] <rounderhouse> at first, i thought he was just clueless, cuz he tried to apply to the Visual Records wiki thinking it was the mainsite
[2018-11-19 19:00:47] <stormfallen> taylor_i0Stkin: they used ~Mibbit@synIRC-546E3A87.range109-151.btcentralplus.com this time
[2018-11-19 19:00:52] <taylor_i0Stkin> Ok
[2018-11-19 19:01:08] <Lostmarbles> Yes, actually. I'm sure it's not your problem- But for some odd reason, the wikidot email that was supposed to be sent to my email for an account confirmation hasn't come yet and I've been waiting for thirty minutes- So I was hoping you might know why or how to fix it.
[2018-11-19 19:01:14] <Lostmarbles> Biiit of a paragraph, sorry-
[2018-11-19 19:01:29] <taylor_i0Stkin> Have you tried checking your spam folder
[2018-11-19 19:01:42] <Lostmarbles> I have.
[2018-11-19 19:01:56] <Lostmarbles> Not in there either.
[2018-11-19 19:02:02] <taylor_i0Stkin> Then it's just wikidot being shitty
[2018-11-19 19:02:12] <taylor_i0Stkin> It's run by like 6 people and just sucks so
[2018-11-19 19:02:24] <taylor_i0Stkin> Gonna just have to wait
[2018-11-19 19:02:30] <rounderhouse> 4 as of recent, i think
[2018-11-19 19:02:37] <Lostmarbles> Any idea how I could fix that? I really wanna make an account to hopefully be able to post my SCP idea soon-
[2018-11-19 19:02:58] <taylor_i0Stkin> Lostmarbles: you can try to sign up with your Facebook account
[2018-11-19 19:03:05] <Lostmarbles> Don't have one.

[2018-11-19 19:03:54] <Lostmarbles> Not on the main site, haha- I'm probably not good enough for that yet
[2018-11-19 19:04:05] <Lostmarbles> And ik- hence why I'm trying to make one-

[2018-11-19 22:49:48] <Loaf_of_Eggs> Hi! I'm wanting to join the community but I'm having trouble with the application process, I read through the guides but I'm unsure what exactly to do. Could I get some help?
[2018-11-19 22:50:31] <rounderhouse> Loaf_of_Eggs: Howdy! What's your issue specifically?
[2018-11-19 22:52:12] <Loaf_of_Eggs> I'm not too sure how to word my application, I saw in one of the guides to have something like "I am here and promise to follow the rules"
[2018-11-19 22:52:48] <rounderhouse> Your application should consist of the site passcode, which can be found here:
[2018-11-19 22:52:52] <rounderhouse> .s guide for newbies

[2018-11-19 22:54:56] <Loaf_of_Eggs> is the Passcode the italicized sentence?
[2018-11-19 22:55:00] <rounderhouse> Yes.
[2018-11-19 22:55:19] <Loaf_of_Eggs> ok, and I just type that in the app box?
[2018-11-19 22:55:25] <rounderhouse> Yep.
[2018-11-19 22:55:40] <Loaf_of_Eggs> Is that all or is there anything else to do?
[2018-11-19 22:56:20] <rounderhouse> >You only need to send us the Site Passcode in your application, nothing more.
[2018-11-19 22:56:36] <rounderhouse> Plug that bad boy in and send it.
[2018-11-19 22:56:54] <Loaf_of_Eggs> Ok, I thought it would be a little more elaborate than that :/
[2018-11-19 22:57:12] <rounderhouse> You'd be surprised at how many people fail to even accomplish it now.
[2018-11-19 22:57:46] <Loaf_of_Eggs> I bet
[2018-11-19 22:58:07] <rounderhouse> Since siteadmins have to do each application manually, it may take a while before you get approved.
[2018-11-19 22:58:12] <rounderhouse> Fair warning.

[2018-11-20 20:11:38] <djkkaktus> His game was repetition and shock.
[2018-11-20 20:11:47] <djkkaktus> Marsden, now that one was bonkers.

later, to tell me he would not be blackmailed. But obviously he would because he disappeared until earlier this year, when he apologized to me personally.

[2018-11-20 20:20:02] <Jazstar> So I can imagine that you /trying/ would result in him getting the message lol

[2018-11-20 20:24:12] <ProcyonLotor> And, once I'd gotten the all-clear to go dirty harry on him from an admin, I'd hunted down his facebook.

[2018-11-20 20:24:20] <ProcyonLotor> The partner's, not adnol's.

[2018-11-20 20:24:35] <ProcyonLotor> ...which helpfully included his high paying job and lovely wife.

[2018-11-20 20:24:40] <Jazstar> Pfft

[2018-11-20 20:25:04] <Taffeta> fucking lol

[2018-11-20 20:25:23] <ProcyonLotor> So, I screenshot everything. Like I said, big brother.

[2018-11-20 20:25:48] <ProcyonLotor> And then I send him a single message on facebook.

[2018-11-20 20:25:59] <ProcyonLotor> "[Chat username], it's over."

[2018-11-20 20:26:06] <ProcyonLotor> And then? And then I go to bed.

[2018-11-20 20:26:19] <Jazstar> Procy: The original badass

[2018-11-20 20:26:45] <ProcyonLotor> I awake in the morning to like 40 facebook messages

[2018-11-20 20:27:48] <ProcyonLotor> And I read them all, as I watched confusion turn to rage turn to horror turn to pleading as he realized exactly how thoroughly I could ruin his life with a trivial amount of effort.

[2018-11-20 20:28:02] <ProcyonLotor> And, I'm not too noble to admit that I laughed. A lot.

[2018-11-20 20:29:09] <ProcyonLotor> But he wasn't the one I was after. He rarely bothered our chats.

[2018-11-20 20:30:22] <ProcyonLotor> I milked him for information on Adnol, which wasn't a lot, and told him that he should try to get Adnol to stop, which I knew wouldn't work, and to tell him just exactly what I'd done to his buddy, which I knew would.

[2018-11-20 20:30:44] <ProcyonLotor> And then I told him we're square, so long as I never saw his ass on SynIRC again.

[2018-11-20 20:30:58] <ProcyonLotor> And I didn't. R-I-fucking-P.

[2018-11-20 20:31:13] - Jazstar applauds

[2018-11-20 20:31:23] <ProcyonLotor> And then adnol came to message me. Again privately.

[2018-11-20 20:31:26] - rounderhouse applauds, slightly out of fear

[2018-11-20 20:31:33] <rounderhouse> but wait, there's more

[2018-11-20 20:31:35] <ProcyonLotor> And I pulled the same stunt as I did on Marsden.

[2018-11-20 20:32:18] <ProcyonLotor> Mostly lying, I didn't even know the kid's name, but the college threat //really// works on teenagers who think they're clever.

[2018-11-21 01:32:55] <Consequence62> I've even tried the "Ctrl + F" method where I search words like Site Passcode, Site, Pass, and Code, but nothing.
[2018-11-21 01:33:07] <ARD> Yeah see we planned for that
[2018-11-21 01:33:11] <Jazstar> Consequence62: You simply have to read it.
[2018-11-21 01:33:17] <rounderhouse> Just read it closely.

[2018-11-21 18:00:49] <yoissy> well it is licenced under creative commons, which allows image modification as long as there is attribution to the creator, and you indicate that it was modified

[2018-11-21 18:01:16] <yoissy> so i was thinking I could crop the watermark, post it, and in the comments link the person who made it and the original image

[2018-11-21 23:35:59] <Stevie0424> I want to ask who was the creator of SCP,
because someone is claiming to be the creator yet I doubt thats true
[2018-11-21 23:36:28] <rounderhouse> The person who wrote the first SCP was one
Moto42, in the spring of April 2008.
[2018-11-21 23:36:33] <Modern_Erasmus> Stevie0424: a former 4chan user named
Moto42, aka USS Walrus
[2018-11-21 23:36:48] <Modern_Erasmus> rounderhouse: It was actually June 2007
[2018-11-21 23:36:58] <rounderhouse> Really? TIL.
[2018-11-21 23:37:17] <Modern_Erasmus> Stevie0424: which I highly doubt is the
individual you spoke to.
[2018-11-21 23:37:36] <Stevie0424> I was like dafuq, that can't be true cause he
sounded like a 5 year old
[2018-11-21 23:38:01] <Modern_Erasmus> Stevie0424: let me guess, this was on one of
the games?
[2018-11-21 23:38:20] <Stevie0424> cough* cough* He has bad grammar
[2018-11-21 23:38:29] <Stevie0424> games?
[2018-11-21 23:38:38] <Modern_Erasmus> Stevie0424: When i was a kid in the 90s, we
called this the "my uncle works at nintendo" scam lol

[2018-11-21 23:38:58] <Modern_Erasmus> Stevie0424: one of the various videogames based on scp, guess I was wrong in the assumption
[2018-11-21 23:39:21] <Modern_Erasmus> in that case, where was the claim in question Stevie0424 ?
[2018-11-21 23:40:31] <Stevie0424> no no, a player from a game I unturned
[2018-11-21 23:40:54] <Stevie0424> called Unturned.
[2018-11-21 23:41:05] <Stevie0424> not "I unturned"
[2018-11-21 23:41:15] <djkaktus> Modern_Erasmus: fun fact I did actually have an uncle who worked at Nintendo in the 90s but jokes on me he didn't know shit
[2018-11-21 23:41:22] <Modern_Erasmus> Stevie0424: okay, definitely the same scam then lol
[2018-11-21 23:41:42] <Modern_Erasmus> djkaktus: ask him how to find Mew under the Truck for me
[2018-11-21 23:42:12] <Stevie0424> XD, I will -.- (serious face)
[2018-11-21 23:42:21] <Modern_Erasmus> Stevie0424: general rule of thumb, if you're playing an online game and someone claims to be someone important there's a 99.99% chance it's a kid lying
[2018-11-21 23:42:44] <Stevie0424> yeah, I just wanted to make sure, so I can ground him with evidence
[2018-11-21 23:42:52] <djkaktus> His theories were all off the wall bonkers - probably because I was 8 and a moron but he had me spending months trying to beat the elite 4 200 times to get pikablu
[2018-11-21 23:43:11] <Modern_Erasmus> djkaktus: HOLY SHIT PIKABLU
[2018-11-21 23:43:24] <Stevie0424> 0_0 new LEGENDARY POKEMON !!!!!!!
[2018-11-21 23:43:32] <djkaktus> The surfing Pikachu. Back before pikablu was just marill
[2018-11-21 23:43:33] <Modern_Erasmus> djkaktus: this shit was like the nostalgic playground version of infowars conspiracy theories
[2018-11-21 23:43:54] <djkaktus> There really was like a whole underground network of bullshit pokemon conspiracies.
[2018-11-21 23:43:57] <djkaktus> It was wild
[2018-11-21 23:44:58] <ARD> Modern_Erasmus: i remember being told that if you pressed and held B while catching a pokemon it was more likely to be caught
[2018-11-21 23:45:14] <Modern_Erasmus> ARD: same but it was tap as fast as you can
[2018-11-21 23:45:16] <Stevie0424> but. Alt F4
[2018-11-21 23:45:26] <Stevie0424> works as well
[2018-11-21 23:45:30] <Stevie0424> try it
[2018-11-21 23:45:35] <ARD> Lmao
[2018-11-21 23:45:38] <ARD> I'm on a Mac
[2018-11-21 23:46:26] <djkaktus> I was told you shouldn't look at the screen while throwing poke balls and that would somehow make a difference
[2018-11-21 23:46:30] <Stevie0424> ctrl shift q
[2018-11-21 23:47:33] <Stevie0424> when I close my eyes, I practically can throw hammers (frisbee technique) in hoops, but I can't aim when my eyes are open.
[2018-11-21 23:48:57] <Stevie0424> the gift you get for being chinese

 and for final report on my study in university ?, well i am an english literature
 major student and i need to research about it's litterature element such as,
 intrinsic elements, language style and means of articles
 [2018-11-22 02:44:36] <beforeloyalty> and is it copyrighted~

[2018-11-22 13:43:35] <taylor_i0Stkin> we have the by author, by title, by date, etc
[2018-11-22 13:43:38] <Meserach> And then the box for tales on Top Rated Pages This Month, which isn't archived
[2018-11-22 13:43:38] <taylor_i0Stkin> probably not 4
[2018-11-22 13:43:47] <taylor_i0Stkin> but we have multiple different ways to search for tales
[2018-11-22 13:43:58] <taylor_i0Stkin> at the end of the day the problem isn't that people are having a hard time searching for them

[2018-11-22 13:44:10] <Meserach> I'll venture that by title at least is borderline useless for discoverability
[2018-11-22 13:44:33] <taylor_i0Stkin> Creating another way to search for tales doesn't help that people aren't searching for them in the first place
[2018-11-22 13:44:35] <taylor_i0Stkin> I don't disagree
[2018-11-22 13:44:53] <Meserach> By date is better but still isn't going to surface things that got that minimum of upvotes to ensure they're not a waste of time
[2018-11-22 13:44:57] <taylor_i0Stkin> As I said, I'll bring it up with other staff, but don't be surprised if they don't enjoy the idea
[2018-11-22 13:45:03] <Meserach> *isn't going to surface
[2018-11-22 13:45:14] <Meserach> Yeah, i get it.
[2018-11-22 13:45:18] <taylor_i0Stkin> I don't think it'd be a bad thing to go after but I also don't think it'll do much to help
[2018-11-22 13:45:36] <Meserach> I for one would use it. That's all i can really offer in support, i guess.
[2018-11-22 13:46:14] <taylor_i0Stkin> I've sent a tell to the appropriate captains.

[2018-11-22 13:47:07] <Meserach> I do like how Tales by Date does manage to surface the first bit of the tale in question, which in lieu of a summary is useful

[2018-11-24 19:57:32] <Meserach|phone> That may be a problem for timestamps

[2018-11-24 19:58:25] <Roboticon> As you can tell, I'm a bit new to this type of chat
[2018-11-24 19:58:37] <Meserach|phone> Many people's clients are simply set to alert them if you say their nicknames
[2018-11-24 19:58:50] <Meserach|phone> So if i say Roboticon
[2018-11-24 19:58:54] <Roboticon> I see.
[2018-11-24 19:58:57] <Meserach|phone> And your client is set for it
[2018-11-24 19:59:09] <Meserach|phone> You'll get some form of alert
[2018-11-24 19:59:26] <Roboticon> Got it. Thanks.
[2018-11-24 20:00:11] <Meserach|phone> In general you can probably assume anyone in a channel who's there a lot, and especially anyone with symbols before their name indicating operator or other status
[2018-11-24 20:00:20] <Meserach|phone> Will have such things enabled in their client
[2018-11-24 20:01:09] <Meserach|phone> So it's a reasonable strategy to alert them. Although no way of knowing if they're looking at the screen with IRC on, so never expect immediate or even prompt responses
[2018-11-24 20:01:09] <Roboticon> Cool
[2018-11-24 20:01:38] <Meserach|phone> IRC is best experienced through lots of idling, lurking and waiting
[2018-11-24 20:05:26] <Rimple> Plus some people set other words to ping em
[2018-11-24 20:05:56] <Rimple> So Meserach|phone might have it set so that 'Meserach' will ping them regardless of what their nickname currently says
[2018-11-24 20:06:28] <Meserach|phone> I think i have all my common nick variants set to ping me, yeah

[2018-11-24 20:19:35] <Decibelle> Roboticon: not necessarily, some people join irc from more than one location

[2018-11-24 20:19:45] <Decibelle> plus, nick changing is allowed with /nick

[2018-11-26 04:40:26] <minmin> below that's a link to the Guide for Newbies, which is a page you must read first

[2018-11-26 04:42:09] <DrGPS> Not to worry. I have had it for awhile. I use a big screen, but it sometimes doesn't work. I see where it says 110-Montauk, but can't seem to find this passcode

[2018-11-26 04:43:11] <DrGPS> ah ok. Hmm..I will continue to look for it then

[2018-11-26 04:44:40] <DrGPS> Sigh. I'm afraid I can't see it. I have looked at the Join this site link and site rules as well without success
[2018-11-26 04:45:54] <DrGPS> Oh! I see it now! I was thinking it was a password not a sentence
[2018-11-26 04:46:15] <DrGPS> I am here and promise to follow the rules of the SCP Foundation Wiki.

[2018-11-26 18:12:15] <ARD> Nope
[2018-11-26 18:12:17] <taylor_i0Stkin> Not an official one
[2018-11-26 18:12:32] <ARD> there's five reasons why
[2018-11-26 18:12:34] <ARD> 1) too much extra work for operators 2) voice chat is hell to moderate 3) split between two different chat clients for community and operators is hard to balance 4) discord is hard to get onto for a number of ppl due to being specialized + memory issues whereas irc has tens of clients/programs to access from 5) discord's extra features ultimately dont matter
[2018-11-26 18:12:47] <taffeta> the sixth one is have you seen any of the unofficial discords

[2018-11-27 02:13:28] <Athenodora> NathanGFB I mean, in essence a Tale on the wiki is a story that isn't constrained by the SCP format - so the writing of a good SCP Tale is the same as the writing of any other good bit of prose

[2018-11-27 11:34:22] <rounderhouse> Hmm. That's not within my sphere of knowledge, you're going to want someone on licensing. Quikngruvn, you're on licensing, right?

 [2018-11-28 13:57:11] <Jourdanis> Hi everyone.

[2018-11-28 13:57:51] <Jourdanis> I've been reading a lot of SCP's on the android app, and wrote my own one recently. I can't post it yet, since my application to the site was not approved yet (I only refistered today)

[2018-11-28 13:58:09] <Jourdanis> Does the sandbox delete your entries, or will it stay up?

[2018-11-28 13:58:40] <Jourdanis> just until I get to post it normally in a couple of days hopefully

[2018-11-28 13:59:04] <ARD> We don't delete sandboxes

[2018-11-28 13:59:24] <Jourdanis> thanks

[2018-11-28 14:00:07] <Jourdanis> I never bothered to make an account until I actually wanted to post something, and now can't even post it in the forum for some critique, ofc

[2018-11-29 00:40:19] <MysticExarch> Hello, I just recently tried to join the site. The join page tells me that I need a site passcode and directs me to another page. I've taken the time to read the page twice over and haven't seen the passcode explicitly stated anywhere, even using the control + f function to search for the phrase site passcode.

[2018-11-29 00:41:05] <MysticExarch> I did make a guess, but it would be nice if I didn't have to waste time waiting and keep guessing if I'm getting it wrong. Is there a way you could help me out? thanks in advance.

[2018-11-29 00:43:29] <tretter> The only help we can give is to read the guide thoroughly

[2018-11-29 00:43:50] <tretter> The password is placed in the guide in such a way that it is clearly the password but also difficult to spot if you're just skimming

[2018-11-29 00:44:36] <tretter> We placed it there so people would actually read the guide. As there is information there that is key to being a good community member.

[2018-11-29 00:49:59] <MysticExarch> Ok, thanks for the replies. I think I got it right. About how long should it take to know if I did?

[2018-11-29 00:50:16] <tretter> It should take around 3-4 days

[2018-11-29 00:50:24] <tretter> But with finals/the holidays

[2018-11-29 00:50:27] <tretter> It may take longer

[2018-11-29 00:51:05] <tretter> In the meantime, you're allowed to start trying to write SCPs on our sandbox website, or register your username and access our general chat

[2018-11-29 00:51:09] <tretter> And chill with normal users

[2018-11-29 00:53:28] <MysticExarch> Yeah, that's actually how I got here. Wrote a sandbox and was confused why I couldn't link it on a thread.

[2018-11-29 17:02:13] <ProcyonLotor> When we have choice of law, which is basically
every issue of ours that is not specifically within one country, we use US law, as
it's relatively dominant, especially given that its the primary jurisdiction of
most of these companies

[2018-11-29 17:10:25] <ProcyonLotor> Not always, but it's enforceable against people who are based in the US or very much like the money they get from doing legal business there.

[2018-11-29 17:10:42] <FlameShirt> also yeah, I dunno how it is for you guys in the US but literally every time I'm doing a Google search or anything owned by Google (youtube for example) every second ad is something from Google themselves telling me how terrible Article 13 is

[2018-11-29 20:59:01] <MysticExarch> I'm not seeing an applications tab

[2018-11-29 20:59:08] <MysticExarch> I see invitations but not applications

[2018-11-29 21:01:04] <Quikngruvn> Try under the Sites tab?

[2018-11-29 21:02:29] <MysticExarch> It's not there either. I'm seeing: All, Master Admin, Admin, Moderator, Member, Deleted, and they're all blank. It says sites 0/5 with the option to create a site.

[2018-11-29 21:03:54] <Quikngruvn> OK, I was hoping the SCP Foundation would have appeared in the space to the right of the left-hand menu.

[2018-11-29 21:05:36] <FlameShirt> MysticExarch: low-key, the SCP is trying their best to deal with dealing hosted on Wikidot, and Wikidot is a terrible, terrible thing that we are trapped in, but we will try our best to help you navigate it

[2018-11-29 21:06:51] <MysticExarch> No problem, I'll take your word for it. You guys have been nice enough to me so far. I've never used wikidot before either but I've heard it's kind of glitchy.

[2018-11-29 21:07:22] <MysticExarch> Would it help if I showed you the actual

message I got saying I was denied?

[2018-11-29 21:08:57] <FlameShirt> It would let us know why you were denied yeah, most people in the chat don't have access to the applications but do know the criteria for it

[2018-11-29 21:09:49] <Quikngruvn> Hold up, try under the Messages tab. There's an Applications item there.

[2018-11-29 21:10:25] <MysticExarch> Oh yeah, I knew about that one. I just didn't say anything cause it says delete not withdraw.

[2018-11-29 21:10:37] <MysticExarch> Sorry

[2018-11-29 21:10:41] <MysticExarch> So delete it then?

[2018-11-29 21:10:48] <Quikngruvn> Sure.

[2018-11-29 21:11:17] <MysticExarch> Awesome, the join text box opened up again.

[2018-11-29 21:11:20] <MysticExarch> Thanks.

[2018-11-29 21:12:15] <Quikngruvn> You're welcome, and good luck!

[2018-11-29 21:12:46] <MysticExarch> So what do I do now? It seemed pretty obvious to me what the passcode was. I'm sure you'll appreciate me not saying it here.

Would it be possible for me to PM you my guess so we can verify it wasn't a glitch?

[2018-11-29 21:13:03] <Quikngruvn> Yes, that's fine.

[2018-11-29 21:13:17] <Quikngruvn> The PM, I mean.

[2018-12-02 17:48:03] <Krydderi> I've yet to see this on-site so I wanted to ask; can a user feature videos on their art pages such as animatics, or would it be best to stick with images instead?
[2018-12-02 17:48:42] <Lazar> That's a better question for tech team
[2018-12-02 17:49:11] <DrMagnus> Wait, what?
[2018-12-02 17:49:26] <DrMagnus> There's no technical reason you can't include a video on the art.
[2018-12-02 17:49:31] <Rimple> Videos are fine on pages, yeah
[2018-12-02 17:49:34] <DrMagnus> Just don't overload the pages.
[2018-12-02 17:49:34] <Lazar> I wasn't sure if there were space concerns
[2018-12-02 17:49:35] <taylor_i0Stkin> ...why would that have to be a tech thing yeah
[2018-12-02 17:49:40] <Lazar> because hotlinking is bad.
[2018-12-02 17:49:45] <Lazar> and videos are large
[2018-12-02 17:50:53] <m1istmas> ...Hotlinking is bad when it's your own art?
[2018-12-02 17:51:05] <DrMagnus> Hotlinking can be bad.
[2018-12-02 17:51:17] <DrMagnus> In this case, I'm assuming you're hotlinking to your own content
[2018-12-02 17:51:27] <Krydderi> Yup.
[2018-12-02 17:51:54] <Lazar> I thought hotlinking was more about hosting?
[2018-12-02 17:52:26] <DrMagnus> It is, however, I would imagine you'd be either hosting it yourself, or using a host that doesn't care.
[2018-12-02 17:53:59] <Krydderi> Mhm- I remember seeing a video on a particular skip hosted off-site, and intended to check that site out to see it would be viable for hosting (considering it's being used presently, however, I can only assume it is)
[2018-12-02 17:56:25] <Krydderi> Assuming this is the end of this discussion- thank you guys for your help. I'm sorry I caused a bit of a stir with this question, but I hope y'all have a good afternoon.
[2018-12-02 17:57:01] <DrMagnus> I'd just use youtube, if I as you

[2018-12-02 17:57:06] <DrMagnus> And no problem, its our jobs
[2018-12-02 17:57:15] <CaptainKirby> Krydderi: There are 4 videos on the site that I know of. 2 of them are embeds from youtube that Lordstonefish did. 1 of them was on something I wrote that was hosted onsite (it was small enough it fit within the space). And the last one was hosted from vimeo
[2018-12-02 17:58:17] <Krydderi> Okay- yeah YouTube might be my best bet. Thank you!

[2018-12-03 12:17:58] <MobileMagnus> Its a static php page that takes a bunch of URL parameters. The result ends up in an iframe.

[2018-12-04 04:37:42] <Jazstar> Pratten: They're talking about the wiki, not the chat

[2018-12-04 04:37:51] <Pratten> Jazstar: Right, okay

[2018-12-04 04:38:28] <Pratten> sgekhsks: Then I would very much message an admin about this. If your account was comprised by a malicious user, they must know.

[2018-12-04 04:38:32] <Pratten> Which brings me to a question

[2018-12-04 04:38:39] <Pratten> What was the name of this account?

[2018-12-04 04:39:05] <sgekhsks> My previous account was HaveThyselvesQ (deleted).

[2018-12-04 04:39:30] <BoogeyMobile23> If the wiki account is deleted then.. so what?

[2018-12-04 04:39:50] <sgekhsks> Check out <http://www.scp-wiki.net/forum/t-8483219/experiment-log-914-3>

[2018-12-04 04:40:08] <Pratten> BoogeyMobile23: But if they made another account and joined, wouldn't that be sockpuppeting?

[2018-12-04 04:41:12] <Jazstar> Pratten: No?

[2018-12-04 04:41:32] <Jazstar> I mean, Hippo deleted their account at one point and then created a new one a month later.

[2018-12-04 04:41:53] <Jazstar> Realistically, even if a user is a troll, there's nothing stopping them from creating multiple accounts, unfortunately.

[2018-12-04 04:42:26] <sgekhsks> Zyn commented, "I have reverted the changes made. I believe that the issue here comes from a misunderstanding (it seems like the user in question does not speak English as their first language?) rather than outright malice. Feel free to send me a wikidot PM if you notice any additional problematic behavior from this user or any other users."

[2018-12-04 04:43:08] <BoogeyMobile23> sgekhsks: here is your disc thread <http://05command.wikidot.com/forum/t-9080529/disciplinary-havethyselvesq>

[2018-12-04 04:45:07] <BoogeyMobile23> Ah. Well... i suppose you'll have to make a new account, start over, and learn a lesson about sharing passwords with your friends or whatev

[2018-12-04 04:45:33] <Pratten> Yeah, that seems like the best thing to do

[2018-12-04 04:45:44] <Pratten> Though your friend was a weird way of trolling

[2018-12-04 04:47:21] * Jazstar → JazSleep

[2018-12-04 04:47:36] <Pratten> Why place a test log that violates all of rules and say it's to make sure it's pruned?

[2018-12-04 04:49:40] <sgekhsks> Sorry for delayed comments My friend added that to test

[2018-12-04 04:50:42] <sgekhsks> He wondered, 'What happens if this entries could pruned'.

[2018-12-04 04:51:08] <Pratten> Hm

[2018-12-04 04:51:12] <Pratten> Seems strange

[2018-12-04 04:51:15] <BoogeyMobile23> ... is "your friend" actually you?

[2018-12-04 04:51:17] <sgekhsks> My friend stopped edit 914 logs. (now). I'll comment to comment apologies for sharing passwords to Zyn

[2018-12-04 04:52:08] <sgekhsks> Mostly, no.

[2018-12-04 04:53:21] <sgekhsks> There my new account: iykomgvsvt

[2018-12-04 04:54:16] <BoogeyMobile23> Like, this issue seems was just a minor thing than malicious vandalism so not such a big deal.

[2018-12-04 04:54:45] <BoogeyMobile23> Please keep your account secure in the future. Good advice to apply not just to wikidot

[2018-12-06 20:28:02] <Bounc1> Agent8: <http://www.scp-wiki.net/guide-for-newbies>

[2018-12-06 20:28:10] <Bounc1> read all of that
[2018-12-06 20:28:23] <Quikngruvn> Raphael, the function is "collaborative fiction
site".
[2018-12-06 20:28:53] <Raphael> So it is all make believe?
[2018-12-06 20:29:03] <Agent8> Weird things that can destroy humanity or help it
[2018-12-06 20:29:07] <Bounc1> that is one way to describe it, yes
[2018-12-06 20:29:40] <Raphael> What is the purpose?
[2018-12-06 20:29:43] <Quikngruvn> Yes, make-believe. Hence the "fiction".
[2018-12-06 20:29:47] <Agent8> Wait in the guide for newbies?
[2018-12-06 20:30:00] <Agent8> Is that where it is
[2018-12-06 20:30:38] <Quikngruvn> Raphael, do you mean the in-universe purpose of
the fictional organization, or the purpose of the out-of-universe wiki?
[2018-12-06 20:30:48] <Quikngruvn> Agent8, yes. It is in there.
[2018-12-06 20:32:14] <Raphael> The purpose of make believe. I am not fully aware
of why it is so intriguing.
[2018-12-06 20:32:26] <Agent8> Quikngruvn, Is the password dont be a dick?
[2018-12-06 20:32:30] <Agent8> I can't find it
[2018-12-06 20:33:24] <rounderhouse> Agent8: It's in the Guide for Newbies, labeled
and everything. You have to read all the way through it.

[2018-12-09 00:37:39] <Dora> okay - basically the thing is that we, the SCP Foundation wiki, is a site currently hosted on the Wikidot platform
[2018-12-09 00:38:00] <Steven> Alright.
[2018-12-09 00:38:21] <Dora> so to join the wiki one needs to create a Wikidot account, then go apply for membership with the SCP Foundation site

[2018-12-09 00:59:30] <SunnyClockwork> Do we like, not do anything, or like put them on a different site, are the same staff allowed to manage that, something like that?
[2018-12-09 01:00:51] <ARD> that's up to individual sites, as far as I'm aware. the -EN wiki's policy is not to touch RPC work
[2018-12-09 01:02:14] <SunnyClockwork> Ah okay. But we are not like, forbid to do anything, right? Just checking. And thanks!
[2018-12-09 01:03:03] <ARD> I strongly advise against translating their works, but we cannot forbid the -CN site from translating them

[2018-12-09 15:17:19] <gingerbreadhouse> okay, so scroll down to the bottom of the page
[2018-12-09 15:17:52] <gingerbreadhouse> hit +options
[2018-12-09 15:18:07] <gingerbreadhouse> you should see the "rename" button
[2018-12-09 15:18:33] <SevvvHonda> okay
[2018-12-09 15:18:49] <gingerbreadhouse> type in "collab:yourwikidotname-and-yourcollaboratorsname"
[2018-12-09 15:18:59] <gingerbreadhouse> changing those names for your's of course
[2018-12-09 15:19:19] <gingerbreadhouse> so like, "collab:sevvvhonda-and-person"
[2018-12-09 15:19:34] <gingerbreadhouse> and then hit okay
[2018-12-09 15:19:39] <gingerbreadhouse> and then you're done
[2018-12-09 15:19:43] <SevvvHonda> How do I do usernames with spaces in them
[2018-12-09 15:19:52] <SevvvHonda> Is there any special criteria
[2018-12-09 15:20:35] <gingerbreadhouse> just put a dash for the space. the username is only really there to keep track of who owns the page, it doesn't like, limit who can type on it.

[2018-12-09 15:20:48] <gingerbreadhouse> idk what you mean by special criteria
[2018-12-09 15:23:36] <SevvyHonda> right
[2018-12-09 15:24:02] <SevvyHonda> How do I make it so they can type on it though?
[2018-12-09 15:24:06] <SevvyHonda> I'm confused again
[2018-12-09 15:24:30] <gingerbreadhouse> just do everything i typed above
[2018-12-09 15:24:43] <gingerbreadhouse> rename it to collab:sevvyhonda-and-whatever
[2018-12-09 15:27:16] <ARD> you have to simply rename your sandbox URL so that it has 'collab:' at the beginning
[2018-12-09 15:27:41] <ARD> like 'scpsandbox3.wikidot.com/collab:sevvyhondasandbox'

[2018-12-09 23:28:02] <ARD> I couldn't tell you why that's the case, it was before my time, but ostensibly it's because the canon had the most info on the GOC and as such became the de facto resource for the group

[2018-12-13 05:02:07] <ChaoSera> It will tell you what to write in your application

[2018-12-13 05:02:18] <Doctormarcus> I already have, including faqs

[2018-12-13 05:02:31] <ChaoSera> Then put in your application here <http://www.scp-wiki.net/system:join>

[2018-12-13 05:03:31] <Doctormarcus> Ok thank you, and one more

[2018-12-13 05:04:26] <Doctormarcus> Do i get to pick my researcher name?

[2018-12-13 05:04:57] <ChaoSera> You can make up a character in your writing, if that's what you mean

[2018-12-13 05:05:33] <Doctormarcus> Ok and where do i find the canon researchers?

[2018-12-13 05:06:03] <ChaoSera> There isn't a list

another person's author avatar without asking them first

[2018-12-14 17:01:32] <Njalson> It's not reliant on it so much as related...like by
blood
[2018-12-14 17:02:28] <Njalson> Like 682's half-sister
[2018-12-14 17:02:36] <bluesoul> i don't think i'd take it on as a first article
[2018-12-14 17:03:04] <bluesoul> by and large the community is sick of stuff that
tries to glom onto the more famous entries
[2018-12-14 17:03:24] <Nuke_Fury> See, your entire concept there relies on the
existence of 682
[2018-12-14 17:03:58] <Njalson> not really. that was an after-thought. the original
thing it relied on was the Scarlet King
[2018-12-14 17:04:24] <bluesoul> to be clear: including stuff like that will work
against you instead of for you
[2018-12-14 17:06:42] <Njalson> Seriously? Urgh...
[2018-12-14 17:07:04] <bluesoul> a lot of people are going to call it riding on
coattails
[2018-12-14 17:07:06] <Njalson> Why?I'm gonna try and work on it, refine it, etc.
[2018-12-14 17:07:15] <Njalson> oh...it do be like that sometimes
[2018-12-14 17:09:45] <Njalson> ah well. I've got another proposal to work on rn
anyways
[2018-12-14 17:10:44] <Njalson> I'm currently working on my proposal for 4092
[2018-12-14 17:10:45] <bluesoul> i'm not trying to tell you what to do, just what
i've seen over the years
[2018-12-14 17:12:15] <Njalson> understandable thank you for your feedback
[2018-12-14 17:12:34] <Njalson> Speaking of which, can i get some on my other idea?

[2018-12-15 02:06:47] <ARD> TSATPWTCTTTADC: locked the new thread, linked to the old one

[2018-12-15 02:07:04] <TSATPWTCTTTADC> Nice.

[2018-12-15 02:07:28] <Mordus> Hi, been following the foundation for about a month now, and want to try my hand at writing an SCP, my question is, does an SCP have to be anomolous, or can it be non-anomolous, but extremely dangerous?

[2018-12-15 02:08:03] <ARD> Mordus: i mean

[2018-12-15 02:08:13] <ARD> the foundation's thing is containing /anomalies/

[2018-12-15 02:08:27] <ARD> there are Neutralized and -EX skips, but those were formerly considered anomalous to begin with

[2018-12-15 02:08:30] <Mordus> Seems like some entries are non-anomolous, like SCP-079

[2018-12-15 02:08:39] <ARD> scp-079 is very much anomalous

[2018-12-15 02:08:40] <Secretary_Helen> ARD: #SCP-079: Old AI# (Rating: +730. Written 10 years ago By: far2) - <http://scp-wiki.net/scp-079>

[2018-12-15 02:08:54] <ARD> it's a full-blown artificial intelligence that can think, learn, and speak that's contained on a floppy disk

[2018-12-15 02:09:10] <ARD> "It is not known when SCP-079 gained sentience, but it is known that the software has evolved to a point that its hardware should not be able to handle it, even in the realm of fantasy."

[2018-12-15 02:09:18] <Mordus> Its an AI isn't it? I mean its extraordinary in that its on bad hardware, but there are lots of real world intelligent beings.

[2018-12-15 02:09:40] <Mordus> Ah, fair point ARD

[2018-12-15 02:09:47] <ARD> an artificial intelligence of scp-079's caliber is still far and away in the realm of science fiction

[2018-12-15 02:10:46] <ARD> the two key takeaways here are that one) it's much too big for its britches, and 3) it was programmed in 1981. there was nothing even /close/ to artificial intelligence back then. the most powerful computers were orders of magnitude slower than smartphones

[2018-12-15 02:11:16] <Mordus> Maybe my idea qualifies as science fiction as well, I probalby should have just led with it. I want to write an SCP about a really simple recipe for a thermonuclear bomb. Something that anyone could do with easily acquireable tools and ingrediants.

[2018-12-15 02:11:58] <gingerbreadhouse> > one)

[2018-12-15 02:11:59] <gingerbreadhouse> >and 3)

[2018-12-15 02:12:02] <gingerbreadhouse> impressive

[2018-12-15 02:12:10] <ARD> gingerbreadhouse: 2 is for chumps

[2018-12-15 02:12:23] <ARD> Mordus: it could potentially be anomalous if the recipe calls for ingredients that by themselves could in no way shape or form result in a nuclear bomb

[2018-12-15 02:13:28] <Mordus> If I had to add that for it to be something that could be added, I would, but I feel like adding anomolous properties just to check a box is a bad idea. I think the story is better without it.

[2018-12-15 02:14:30] <minmin> naw thats doable
[2018-12-15 02:14:36] <minmin> maybe throw in some for flavouring
[2018-12-15 02:14:57] <minmin> like if you want cold war flavour then add some stuff about minerals only obtainable in northwestern china or some shit
[2018-12-15 02:15:16] <minmin> if you want kooky classic conspiracy flavour then add some stuff about cold fusion
[2018-12-15 02:15:32] <Mordus> I've got a draft

[2018-12-15 02:16:37] <Mordus> I know that's not how drafts are done, I just wanted to check viability before going any further with it

[2018-12-15 02:17:00] <Mordus> Make sure it hasn't already been done and doesn't violate any rules. It certainly needs a lot more work
[2018-12-15 02:17:30] <Mordus> And a lot of what is there will be changed, particularly the addendums, which are kind of terrible.
[2018-12-15 02:17:34] <minmin> haha
[2018-12-15 02:17:41] <minmin> i could see this working as standalone fiction
[2018-12-15 02:17:46] <minmin> you have a certain adaptable tone
[2018-12-15 02:17:53] <minmin> like a gentler chuck palahniuk

[2018-12-15 02:18:46] <minmin> i think you can put a better spin on it than your current addenda though
[2018-12-15 02:19:02] <minmin> and shorten your description to like. 400 words max.
[2018-12-15 02:19:06] <minmin> 500 if we're pushing it.
[2018-12-15 02:19:25] <Mordus> Will do
[2018-12-15 02:19:32] <minmin> the rest of the article really should explore the ubiquity of this - who discovered this? has someone discovered this independently? what happened, why
[2018-12-15 02:19:36] <minmin> how the fuck did they figure it out
[2018-12-15 02:19:46] <minmin> or maybe thats the mystery
[2018-12-15 02:19:56] <minmin> its not a mystery that can carry an article but it's a start
[2018-12-15 02:20:01] <Mordus> Yeah, I have a vague idea for that in my head, but wanted to sanity check it before going further
[2018-12-15 02:20:03] <minmin> who keeps finding this recipe?
[2018-12-15 02:20:09] <minmin> why does it keep popping up?
[2018-12-15 02:20:24] <minmin> the obvious answer would be "someone wrote a guide somewhere"
[2018-12-15 02:20:27] <minmin> so don't go with that obvious answer
[2018-12-15 02:20:56] <minmin> i do like the idea of writing the instructions in laymans language though
[2018-12-15 02:21:01] <minmin> not sure how you could weave it in
[2018-12-15 02:21:20] <minmin> but the fragments of random how-to steps with the mcgyver ingredients is entertaining and would be much less so if clinicalised
[2018-12-15 02:25:16] <Mordus> That's what I was planning on naming it, something like "The Mcgyver bomb"

[2018-12-16 12:05:47] <taylor_i0Stkin> You should have at least 3 SCP related works to post on your art page before creating it.

[2018-12-16 12:08:51] <Vizlox> I'll dig through and see how much scp art I have. If I have more than just a few, I'll make the page but otherwise I'll just make a thread like you suggest

[2018-12-17 14:06:39] <LordStonefish> Hey SantaCaws I have an odd licensing
question
[2018-12-17 14:07:19] <LordStonefish> I am planning to write a skip involving two
celebrity based audio logs
[2018-12-17 14:07:49] <SantaCaws> Go on
[2018-12-17 14:08:23] <LordStonefish> I am seeking these through a service called
Cameo, where people can book short video messages from minor famous people
[2018-12-17 14:09:22] <LordStonefish> They record the message, and it is mailed to
me. The site's terms of service basically say I own the video and so long as the
famous person is not saying something obscene or promoting something, I can use it
however I wish
[2018-12-17 14:09:41] <LordStonefish> Could I release the videos sent to me as
audio logs under CC?

relicence it under CC
[2018-12-17 14:13:54] <LordStonefish> I have no intention of selling it
[2018-12-17 14:14:20] <Jazstar> I mean, if you have the licence, you don't even
need to relicence it, right? You just have to give your permission?
[2018-12-17 14:16:23] <LordStonefish> I suppose that makes sense
[2018-12-17 14:16:37] <LordStonefish> I'm not sure I would need to give permission
though
[2018-12-17 14:16:50] <Jazstar> Don't quote me on that though. I'd still check with
licensing.

[2018-12-17 14:17:05] <Tombstone> not licensing but it would probably be helpful to see the site's TOS

[2018-12-17 14:18:25] <LordStonefish> <https://www.cameo.com/user-terms>

[2018-12-17 14:21:01] <LordStonefish> To clarify, the plan would not be to directly use the videos unaltered, I would download them, convert to an audio file, and edit. The resulting file(s) would be included in an article

[2018-12-17 14:21:45] <Tombstone> > Upon receipt of full payment for your Cameo Video, you are granted a non-exclusive, worldwide license to use the Cameo Video for your own personal, non-commercial, and non-promotional purposes. [2018-12-17 14:23:31] <SantaCaws> Either is acceptable for our purposes

[2018-12-17 14:23:54] <SantaCaws> If/when you post the article please clarify in the comment that you are the rightsholder of the clips.

[2018-12-17 14:24:04] <Tombstone> it looks like it would have to be -NC though

[2018-12-17 21:27:57] <deku_link> Because it feels a bit to me like this has less to do with the content of the article (the normal rule for reposting) and more to do with the behaviour of the author

I kinda feel like it might be done, but i'm nervous im overestimating it. Should i just publish it now and see what happens?

[2018-12-18 21:13:20] <Lily> Hi do u need help

[2018-12-18 21:13:38] <Cat> Yes

[2018-12-18 21:13:58] <Lily> ...with?

[2018-12-18 21:15:57] <Cat> I was wondering if I could have some answers about scp-343
[2018-12-18 21:16:12] <ARD> well you gotta have questions for us to answer
[2018-12-18 21:19:03] <Cat> I was wondering why you locked scp-343 up? when in reality he said on a recording I heard that he never wanted to hurt humanity
[2018-12-18 21:19:59] <Cat> Did you guys feel at the time he would? Or....was it something he did?

[2018-12-18 21:21:36] <Cat> Hello?....
[2018-12-18 21:22:03] <Quikngruvn> OK, for one, you do realize this is all fiction, yes?
[2018-12-18 21:22:21] <Cat> Yes....i I' aware
[2018-12-18 21:22:33] <Cat> *I'm
[2018-12-18 21:23:08] <Cat> I'm just curious
[2018-12-18 21:23:09] <Quikngruvn> Just making sure, since he cannot actually say anything on a recording, since he doesn't actually exist.
[2018-12-18 21:23:25] <gumbal1> uh
[2018-12-18 21:23:30] <gumbal1> you'll have to ask the author
[2018-12-18 21:23:44] <gumbal1> aside from that
[2018-12-18 21:23:47] <gumbal1> there's no canon
[2018-12-18 21:23:52] <gumbal1> don't worry about having to adhere to one!
[2018-12-18 21:24:19] <Cat> Sorry...I know... I'll leave
[2018-12-18 21:24:35] <Cat> Thank you though :)

[2018-12-19 03:16:41] <ChaoSera> Hi

[2018-12-19 03:16:43] <ChaoSera> Do you have a question for staff?

[2018-12-19 03:16:49] <FairlyNew-ish> Indeed

[2018-12-19 03:17:28] <FairlyNew-ish> So, I'm kinda new to the whole SCP thing (well the wiki anyways), I've watched numerous videos by Volgun

[2018-12-19 03:17:45] <FairlyNew-ish> So, after reading the rules and such, where do I get started.

[2018-12-19 03:18:09] <FairlyNew-ish> Writing wise that is.

[2018-12-19 03:19:26] <ChaoSera> Join the wiki, Make a sandbox and start writing your draft there, then show it around in the forums or chat for feedback

[2018-12-19 03:19:29] <ChaoSera> That's basically it
[2018-12-19 03:20:27] <FairlyNew-ish> As for Canon... That confuses me the most
[2018-12-19 03:20:51] <ScroogeMan23> <http://www.scp-wiki.net/guide-hub> there are plenty of guides and essays as well, if you care to read up on those

[2018-12-19 03:21:13] <ChaoSera> FairlyNew-ish: The general rule is "There is no canon"
[2018-12-19 03:22:04] <FairlyNew-ish> So just go ahead and write? Just as long as it doesn't affect anyone else or cross into stories.

[2018-12-19 03:24:15] <FairlyNew-ish> Ok thank you so much!
[2018-12-19 03:25:10] <ChaoSera> No problem! Just remember to get feedback before you post to the mainlist

[2018-12-22 08:44:00] <JetpackAwaay> Hi. I'm currently making an SCP ARG (alternate reality game). It will be launched (hopefully) from a mainlist article (once it has gone through the normal feedback and checks, and assuming it is not downvoted off). I have two questions for this: 1) Would such a thing be OK with the site staff and 2) Would it please be possible for me to make 2 pages...
[2018-12-22 08:44:19] <JetpackAwaay> ... on the wiki that are [scp-wiki.net/\[sequence of numbers\]](http://scp-wiki.net/[sequence of numbers])?
[2018-12-22 08:44:23] <JetpackAwaay> thanks for any help

[2018-12-22 08:52:52] <taylor_work> Why would you do that lol
[2018-12-22 08:53:04] <JetpackAwaay> it would be an answer to one of the ARG puzzles
[2018-12-22 08:53:35] <taylor_work> If the page is only being used for offsite

content and doesn't contribute to any onsite project then it'll probably be removed
[2018-12-22 08:54:55] <JetpackAwaay> well it'll be related to an on-site puzzle
that is part of a mainlist article
[2018-12-22 08:55:30] <taylor_work> As long as it's part of an on-site project then
it should be fine
[2018-12-22 08:55:40] <taylor_work> However it'll still be subject to the usual
deletion process
[2018-12-22 08:55:47] <JetpackAwaay> of course

[2018-12-23 05:28:14] <Modern_Erasmus> alright, so what is the problem exactly?
[2018-12-23 05:28:29] <Ronald> i got 2 problems exactly
[2018-12-23 05:29:05] <Ronald> first one is that on the page of series 4 to me its
shows the scp i made with name [ACCES DENIED] but i renamed the page
[2018-12-23 05:29:53] <Modern_Erasmus> That's because you're not supposed to rename
```

the page, you're supposed to edit the access denied into the title. Exact opposite.

[2018-12-23 05:30:39] <Ronald> And how do i do that exactly?

[2018-12-23 05:31:09] <Modern_Erasmus> Ronald: you edit the series 4 page, replacing the access denied next to your slot with the desired title.

[2018-12-23 05:31:17] <Modern_Erasmus> Ronald: what is your other issue?

[2018-12-23 05:32:19] <Ronald> How exactly i replace the acces denied text?

[2018-12-23 05:32:34] <Ronald> second one its about photo caption but we will get to that

[2018-12-23 05:33:15] <Ronald> oh found it

[2018-12-23 05:33:18] <Ronald> so second problem

[2018-12-23 05:33:30] <Ronald> about caption of my photo, it doesn't work

[2018-12-23 05:33:32] <Modern_Erasmus> The same way you make any edit. You delete the text that says access denied and you write whatever you want the title to be. You also need to change the title of the page back to SCP-3583

[2018-12-23 05:34:50] <Modern_Erasmus> Ronald: you need a | at the end of the line with the name

[2018-12-23 05:35:52] <Ronald> [[include component:image-block name=12345 caption=SCP-3583 Containment Chamber|]]

[2018-12-23 05:35:56] <Ronald> is the code correct?

[2018-12-23 05:36:03] <Ronald> and did i do it ok?

[2018-12-23 05:36:03] <Modern_Erasmus> no

[2018-12-23 05:36:11] <Modern_Erasmus> the line with the name, not the caption

[2018-12-23 05:36:39] <Ronald> oh

[2018-12-23 05:37:12] <Ronald> Thanks for the help Modern

[2018-12-23 05:37:21] <Modern_Erasmus> In the future I recommend copy pasting the code template on our how to write an scp guide

[2018-12-23 05:37:33] <Ronald> Also can you check it out and tell me if you like ithe scp i made

[2018-12-23 05:37:34] <Ronald> i did

[2018-12-23 05:37:46] <Modern_Erasmus> It also had directions for the naming issue, as well as other issues you may encounter

[2018-12-24 10:30:43] <SantaCaws> And given your ban evasion and lying, your 19 ban will not necessarily expire upon your turning 15.

[2018-12-24 10:34:16] <IrishTnT> I just want to start writing SCPs again and helping with crit. and such. Due to my history there isn't really a reason you should.

[2018-12-24 10:34:57] <IrishTnT> My bans were for me being underage, that's passed but the alt thing with just kind wrong.

got so much bad ratings
[2018-12-25 10:46:57] <CSBGenesis> I think that's because people read the uglier
one, and one of them told me to delete the unfinished one but I don't know how!
[2018-12-25 10:48:25] <CSBGenesis> because before i posted the finished one, I
accidentally changed the unfinished one's name into something that doesn't start
with "SCP", and now I can't see it.

[2018-12-25 10:50:02] <Krydderi> Scroll to the bottom of the page. Click the
options button, click delete (be sure that "delete completely" is selected, not
"just rename"), and hit delete. If you need to find the old page, go into your
wikidot profile and check under " Recent Contributions" it'll be there.
[2018-12-25 10:51:01] <CSBGenesis> holy moly, thanks
[2018-12-25 10:51:44] <Krydderi> If you want to avoid bad ratings in the future
btw, you should be sure to stop by the draft forums for critique. We don't bite-
honest.
[2018-12-25 10:51:53] <Krydderi> Or #thecritters
[2018-12-25 10:52:37] <SantaCaws> And CSBGenesis, no offense, but they were both
bad
[2018-12-25 10:52:59] <CSBGenesis> Phewh! You might have just saved my ratings
[2018-12-25 10:52:59] <SantaCaws> It's just that one was bad, the other was bad and
also unfinished

[2018-12-25 17:43:07] <Sahizzle> Hi! Anyone on? I have a quick question about formatting

[2018-12-25 17:43:36] <Tuomey> What's up

[2018-12-25 17:43:56] <Sahizzle> In the "click to display image" collapsible, the text from the addendum isn't shifted down. Instead, it is right next to the image

[2018-12-25 17:43:57] <Sahizzle> <http://scp-sandbox-3.wikidot.com/sahizzle>

[2018-12-25 17:44:39] <Sahizzle> How would I fix it so that the addendum stays

below the collapsible, even after opening it?

[2018-12-25 17:44:51] <Tuomey> I believe that's part of how the standard image block we use on the site works

[2018-12-25 17:44:58] <Tuomey> I imagine you'd want to use a more generic one

[2018-12-25 17:45:01] <Tuomey> let me look up some things

[2018-12-25 17:45:08] <Sahizzle> ok

[2018-12-25 17:47:50] <Tuomey> In this case you might want to just do `[[image SCP_Camera.jpg]]`

[2018-12-25 17:47:51] <Tuomey> I think

[2018-12-25 17:47:59] <Tuomey> try that and see what it turns out like

[2018-12-25 17:48:17] <Sahizzle> ok I'll try it out real quick

[2018-12-25 17:49:56] <Sahizzle> it looks a lot better, but the caption isn't showing up

[2018-12-25 17:50:30] <Tuomey> oh yeah I'm not sure how to do the caption with a generic image block

[2018-12-25 17:50:34] <Tuomey> that could be an issue

[2018-12-25 17:51:07] <Tuomey> I don't really know how to overcome the text wrapping on the standard block either

[2018-12-25 17:51:14] <Tuomey> and everyone else is probably off doing shitmas things

[2018-12-25 17:51:29] <Sahizzle> When I submitted my draft for a peer review, some said "add a few @/@ @@ lines to bump it down"

[2018-12-25 17:51:43] <Sahizzle> not sure what that means though

[2018-12-25 17:52:08] <Tuomey> @@ @@ is the code for "escaping" wikidot parsing

[2018-12-25 17:52:23] <Tuomey> so @@ @@ on a line doesn't show up in the finished document

[2018-12-25 17:53:02] <Sahizzle> ok I'll try it out real quick

[2018-12-25 17:55:03] <Sahizzle> it's not working, it's leaving big unnatural gaps everywhere :/

[2018-12-25 17:56:39] <Tuomey> I can link you to the wikidot syntax page on images that'll let you mess with the size and stuff but I'm not really sure how to do the caption in this case <https://www.wikidot.com/doc-wiki-syntax:images>

[2018-12-25 17:56:53] <Sahizzle> ok, thanks for the help

[2018-12-25 17:56:56] <Tuomey> you might be stuck with the standard scp imagebox until someone else is about, which probably won't be tonight

[2018-12-25 17:56:57] <Sahizzle> have a merry "shitmas"

[2018-12-25 17:57:09] <Tuomey> I'll do my best! you too!

[2018-12-26 14:50:00] <jackie48th> otherwise it says theres no one even after i get
identified

[2018-12-26 14:50:22] <jackie48th> is that something i can fix?
[2018-12-26 14:51:00] <taylor_i0Stkin> What exactly happens when you try to connect
from the regular widget on the main wiki?
[2018-12-26 14:51:05] <trets> After you've identified, jackie48th, you have to re-
type /join #site19
[2018-12-26 14:51:34] <jackie48th> oh okay
[2018-12-26 14:51:38] <jackie48th> but not here?
[2018-12-26 14:51:47] <taylor_i0Stkin> You can do it here
[2018-12-26 14:51:49] <bluesoul> should work in either window
[2018-12-26 14:52:11] <jackie48th> oh yeah i have no problem accessing site19 from
this window
[2018-12-26 14:52:22] <bluesoul> using a dedicated IRC client like hexchat or
colloquy for mobile is honestly the way to go
[2018-12-26 14:52:33] <bluesoul> mibbit is...better than nothing
[2018-12-26 14:52:35] <bluesoul> debatably
[2018-12-26 14:52:56] <jackie48th> well theres quite a bunch of people here and i
dont know if there is on other clients
[2018-12-26 14:53:08] <bluesoul> the clients all take you to the same place so yes
[2018-12-26 14:54:47] <jackie48th> oh okay
[2018-12-26 14:54:59] <jackie48th> although i dont chat on mobile really
[2018-12-26 14:55:24] <bluesoul> that's fair enough, i just like people to know
there are superior options to mibbit particularly if you want to be on for any
length of time
[2018-12-26 14:56:02] <jackie48th> it works on pc though right?
[2018-12-26 14:56:57] <bluesoul> for PC i use mIRC, plenty of others use pidgin or
hexchat

[2018-12-27 04:06:53] <rounderhouse> If you're looking to discuss SCPs and Tales, you're gonna want #site19, our general chatroom. You'll have to register your nick before entering.

[2018-12-27 04:07:11] <rounderhouse> Unless, of course, you need help with something?

[2018-12-27 11:58:02] <andr_ew2> hi am new to the site and im having trouble finding the site passcode. i have looked on the guide for newbies and the join this site page and i could not find anything related to a passcode. please help
[2018-12-27 11:58:22] <Nuke_Fury> teethy: If you can paste the text of your app in here and tell me your wikidot account name I can likely tell you why you were denied
[2018-12-27 11:58:52] <Nuke_Fury> andr_ew2: you need to read the guide for newbies page closely. It's not hidden but it's not in big bright letters either.
[2018-12-27 11:59:17] <andr_ew2> ok thank you!
[2018-12-27 11:59:25] <teethy> I will follow the required reading, and respect other members of the SCP Foundation wiki.

[2018-12-27 12:01:51] <Nuke_Fury> In any event you should be able to delete your denied application and apply again, with the same text
[2018-12-27 12:01:59] <Nuke_Fury> Tufto: no, "researcher" is fine
[2018-12-27 12:02:05] <Tufto> oh, ok then.

[2018-12-27 23:38:43] <ihp> Quikngruvn: I'm having issues with the `[[span]]` tag, the `[[=]]` tag, and quote blocks

[2018-12-27 23:39:39] <Quikngruvn> Lessee.
[2018-12-27 23:39:44] <ihp> these tags combined don't play nicely with tabviews
[2018-12-27 23:40:11] <Quikngruvn> Oh. Hmm.
[2018-12-27 23:40:25] <ihp> I'm trying to get the whole page (or most of it) To be a not-default font.
[2018-12-27 23:40:37] <ihp> instead, <http://scpsandbox2.wikidot.com/ihpkmn-s-talebox-2> it takes each individual span tag and splits them up among *every other tab I have*
[2018-12-27 23:41:33] <ihp> If I just make it one big `[[span]]` then only one section gets made into that not-default font
[2018-12-27 23:41:39] <ihp> if I do it for every section, *this shit happens*
[2018-12-27 23:41:51] <ihp> and even then, some of them are the default font anyway
[2018-12-27 23:42:32] <ihp> I think it's because size tags are also `[[span]]` by default
[2018-12-27 23:42:40] <Quikngruvn> I think you're missing a `[[/span]]`.
[2018-12-27 23:43:09] <Quikngruvn> Where's supposed to be the end of the first `[[span]]`?
[2018-12-27 23:45:48] <ihp> Quikngruvn: literally at the end of the second thing
[2018-12-27 23:51:53] <Quikngruvn> I see the span and the `/span`. But I don't see any different font on the page.

[2018-12-28 09:07:51] <smnw> Hi, I was banned from site 19 and I feel like it was a bit unfair
[2018-12-28 09:08:51] <CorvusCaurinus> Would you like to appeal your ban?
[2018-12-28 09:09:03] <smnw> I guess so
[2018-12-28 09:09:10] <smnw> I'm pretty new to this
[2018-12-28 09:09:15] <CorvusCaurinus> It is currently permanent.
[2018-12-28 09:09:24] <smnw> Yeah
[2018-12-28 09:09:30] <CorvusCaurinus> So, tell us, why you think the ban was unfair
[2018-12-28 09:09:37] <CorvusCaurinus> Because I saw what you said, dude, and
[2018-12-28 09:09:40] <CorvusCaurinus> Fucking yikes.
[2018-12-28 09:09:46] <smnw> I know
[2018-12-28 09:09:51] <smnw> But
[2018-12-28 09:10:00] <smnw> I hate Hitler and Nazis
[2018-12-28 09:10:24] <CorvusCaurinus> Yeah, maybe you do maybe you don't but let's talk about what you actually said and were banned for
[2018-12-28 09:11:10] <smnw> The reason I said that is to see the whole picture because to believe that the ideas hitler talked about were completely created from thin air is incredibly narrow minded
[2018-12-28 09:11:30] <CorvusCaurinus> Which is, of course, an antisemitic dog whistle.
[2018-12-28 09:11:39] <CorvusCaurinus> And was correctly perceived as such.
[2018-12-28 09:11:45] <smnw> I don't follow
[2018-12-28 09:12:10] <CorvusCaurinus> Coded language for "lol the holocaust was

kinda understandable"

[2018-12-28 09:12:24] <smnw> But that isn't what I meant

[2018-12-28 09:12:40] <CorvusCaurinus> I'm going to be pretty direct: I don't see this ban being overturned basically ever

[2018-12-28 09:13:03] <CorvusCaurinus> And I'll be honest: I do not believe you there

[2018-12-28 09:14:28] <smnw> I'm very sorry that it was misinterperated

[2018-12-28 09:14:49] <smnw> And I'll be certain to keep away from that topic

[2018-12-28 09:14:51] <CorvusCaurinus> David Irving styled himself a historian too.

[2018-12-28 09:15:02] <CorvusCaurinus> Far too little, far too late. Ban upheld.

[2018-12-28 09:15:16] <smnw> But I feel that not being given any warning before being banned isn't very fair

[2018-12-28 09:15:22] <smnw> There was 0 warning

[2018-12-28 09:15:32] <CorvusCaurinus> We are in no way obligated to give warnings

[2018-12-28 09:15:43] <CorvusCaurinus> We can and generally do

[2018-12-28 09:16:06] <CorvusCaurinus> But the fact that every op present felt we were okay to skip warning you should be very telling.

[2018-12-28 09:16:06] <smnw> I'm not say its the rules. I'm saying I don't think its fair

[2018-12-28 09:16:16] <CorvusCaurinus> Life ain't fair.

[2018-12-28 09:16:24] <CorvusCaurinus> Or, more proverbially

[2018-12-28 09:16:37] <smnw> I mean, can it be like a 1 week ban instead?

[2018-12-28 09:16:40] <CorvusCaurinus> No.

[2018-12-28 09:17:06] <smnw> Because, if given a warning, I would have stopped immediately

[2018-12-28 09:17:47] <CorvusCaurinus> The fact that you felt it was okay to say in our chatroom at all proves by its very happening you're not someone we're interested in continuing to have here.

[2018-12-28 13:13:02] <SusanM> I'm not certain. I think she usually goes by
something along the lines of "squidgirl" online.
[2018-12-28 13:14:08] <Quikngruvn> Pretty certain any descriptions of bullying
against her are exaggerated.

[2018-12-28 13:14:16] <SusanM> My daughter and I use the same computer. Would I be able to see them without having her log on?

[2018-12-28 13:14:51] <Quikngruvn> That would depend on the chat client she was using. There may not be any logs automatically generated.

[2018-12-28 13:15:41] <SusanM> I'm afraid I don't know. I followed the guide on your website to get here. I think she might have used Mibbit as well.

[2018-12-28 13:15:58] <Quikngruvn> However, for this IP address specifically, a user was banned initially because of inappropriate sexualized comments toward a minor, and then a permanent ban was instituted since that user attempted to evade their ban.

[2018-12-28 13:16:24] <Quikngruvn> One moment, there is a log of the whole incident.

[2018-12-28 13:16:46] <Elisabot> Quikngruvn: I have them preemptively opened.

[2018-12-28 13:17:27] <Elisabot>
<http://05command.wikidot.com/forum/t-9755525/viridilucens>

[2018-12-28 13:17:32] <SusanM> The IP address was banned? Our landlord runs the internet for the whole building, so everyone shares the same address.

[2018-12-28 13:17:40] <Quikngruvn> Ah, thank you, Elisa.

[2018-12-28 13:17:47] <Elisabot> Of course.

[2018-12-28 13:18:12] <ChaoSera> That's not how IPs work

[2018-12-28 13:18:30] <SusanM> I'm sorry. I really don't know all that much about computers.

[2018-12-28 13:19:27] <Quikngruvn> SusanM, in the link Elisabot posted, in the post I posted, there is a link that says "Show those logs!" If you click that, you will see the entire circumstances that brought about the ban against the user in question.

[2018-12-28 13:19:34] <ChaoSera> Either way, the logs are in the link Elisabot provided. To be blunt, I doubt there's anything you can say that would get us to reverse the ban

[2018-12-28 13:20:58] <Tuomey> As a parent I'm sure you can appreciate how seriously we take inappropriate comments towards minors, and how we can't unban an IP from which such comments were made.

[2018-12-28 13:22:49] <SusanM> I'm shocked. This doesn't seem like her at all. I'm going to have to talk with her about this.

[2018-12-28 13:23:49] <Quikngruvn> Probably for the best. Was there anything else we can help you with, SusanM?

[2018-12-28 13:24:04] <SusanM> I don't think so. Thank you for your time.

[2018-12-28 23:58:53] <Quikngruvn> Mann was in the second/third.

[2018-12-28 23:59:01] <Quikngruvn> Bright in the first/second.

[2018-12-28 23:59:05] <Quikngruvn> Gears in the first.

[2018-12-28 23:59:09] <rounderhouse> Wait, Waxx is older than Mann?

[2018-12-28 23:59:15] <rounderhouse> That can't be right.

[2018-12-29 00:56:19] <Quikngruvn> Ayup.
[2018-12-29 00:56:52] <rounderhouse> Shit, dude. A million people.
[2018-12-29 00:57:07] <rounderhouse> How does that happen?
[2018-12-29 00:57:38] <Quikngruvn> Gods, if I knew, I'd be in a different line of work.
[2018-12-29 00:58:03] <Quikngruvn> I mean, I was an admin when we broke a million unique in a month, and I have *no fucking clue* how it happened.
[2018-12-29 00:58:17] <rounderhouse> wait no
[2018-12-29 00:58:20] <rounderhouse> 2 million people.
[2018-12-29 00:58:22] <rounderhouse> Daaaamn.
[2018-12-29 00:58:30] <Quikngruvn> Almost.
[2018-12-29 00:58:45] <Quikngruvn> We'll hit it some month early next year, I imagine.
[2018-12-29 00:59:11] <rounderhouse> Hopefully?
[2018-12-29 00:59:21] <rounderhouse> Growth is good, right?
[2018-12-29 00:59:43] <Quikngruvn> Generally yes.
[2018-12-29 01:00:28] <Quikngruvn> Although there is the whole existential threat that at some point, Wikidot will just suddenly implode from the strain.
[2018-12-29 01:00:28] <aismallard> holy cow
[2018-12-29 01:00:32] <rounderhouse> Makes me wonder how many of those people read my work and liked it.
[2018-12-29 01:00:32] <aismallard> those numbers are crazy
[2018-12-29 01:00:51] <rounderhouse> Quikngruvn: I feel like if it was going to happen, it would've happened by now.
[2018-12-29 01:00:57] <aismallard> rounderhouse: isn't there some approximation for views based on votes cast?
[2018-12-29 01:01:05] <aismallard> like votes are 60% of viewership of something
[2018-12-29 01:01:14] <rounderhouse> aismallard: probably, though I'm not gonna be the one to work out the mat.
[2018-12-29 01:01:19] <rounderhouse> math*
[2018-12-29 01:01:22] <aismallard> Quikngruvn: SCP has to pay wikidot for all the bandwidth and stuff, right?
[2018-12-29 01:01:33] <rounderhouse> If i was any good with numbers, I wouldn't be writing for fun.
[2018-12-29 01:01:37] <aismallard> if you're paying then aren't they somewhat obligated to keep things going ok?
[2018-12-29 01:01:44] <rounderhouse> aismallard: We have to pay using Pro accounts
[2018-12-29 01:01:47] <Quikngruvn> ais, nuh uh. The only thing we've paid Wikidot that I'm aware of is the Pro account that Mann's got.
[2018-12-29 01:01:58] <aismallard> lol
[2018-12-29 01:02:00] <rounderhouse> We have Pro plus, yeah
[2018-12-29 01:02:01] <rounderhouse> ?
[2018-12-29 01:02:06] <Quikngruvn> Wikidot's making its money off ads.
[2018-12-29 01:02:18] <aismallard> ah yes
[2018-12-29 01:02:26] <aismallard> I've bought many a security camera from ads on wikidot
[2018-12-29 01:02:27] <rounderhouse> Wait, is Mann also Master Admin for the Sandboxes then?
[2018-12-29 01:02:39] <Quikngruvn> rounder, we have Pro Lite.
[2018-12-29 01:03:06] <rounderhouse> Wait, really? I thought Pro Lite was less than our current storage needs.
[2018-12-29 01:03:07] <Quikngruvn> rounder, no idea. I... really don't do anything administratively with the sandboxes.
[2018-12-29 01:03:14] <rounderhouse> Fair.
[2018-12-29 01:03:18] <Quikngruvn> Total storage: 10 GB
[2018-12-29 01:03:26] <Quikngruvn> Used storage: 3.14 GB
[2018-12-29 01:03:34] <Quikngruvn> Oh hey, pi GB used.
[2018-12-29 01:03:48] <rounderhouse> I was under the impression that Pro Lite was 5

gigs.

[2018-12-29 01:03:51] <rounderhouse> Apparently not.

[2018-12-29 01:04:17] <mlister> rounderhouse Mann is indeed admin of Sandboxes II and III

[2018-12-29 01:04:22] <aismallard> Well I guess text is light, even if there's a lot of it

[2018-12-29 01:04:31] <mlister> I've already mentioned the master admin of I

[2018-12-29 01:04:52] <Quikngruvn> ais, yeah, the biggest space consumers are images and sound files.

[2018-12-29 01:04:57] <mlister> rounderhouse Actually, wikidot doubled the wiki's capacity without asking

[2018-12-29 01:05:01] <aismallard> yeah

[2018-12-29 01:05:06] <rounderhouse> mlister: chaotic good, i guess

[2018-12-29 01:05:10] <bluesoul> which indicates they're presumably making money hand over fist

[2018-12-29 01:05:10] <aismallard> and images are usually limited in size

[2018-12-29 01:05:12] <bluesoul> on us

[2018-12-29 01:05:15] <bluesoul> which is reassuring

[2018-12-29 01:05:22] <aismallard> lol

[2018-12-29 01:05:30] <aismallard> wait we pay for just one pro lite account

[2018-12-29 01:05:32] <rounderhouse> bluesoul: the 3 hamsters and 2 employees will be swimming in cash

[2018-12-29 01:05:38] <aismallard> do those shitty ads really make that much??

[2018-12-29 01:05:38] <Quikngruvn> ais, yep.

[2018-12-29 01:05:50] <bluesoul> aismallard presumably. we don't get the numbers

[2018-12-29 01:05:50] <rounderhouse> aismallard: when you have that many people see em, yeah

[2018-12-29 01:06:13] <rounderhouse> I'm genuinely surprised Wikidot removes ads if you login

[2018-12-29 01:06:36] <rounderhouse> Would've expected them to reserve that for pro accounts

[2018-12-29 01:06:45] <aismallard> lol wow

[2018-12-29 01:07:27] <aismallard> I guess then running ads in PF might make sense

[2018-12-29 01:07:45] <aismallard> also I got the impression some kind of merch store is going to happen?

[2018-12-29 01:07:55] <rounderhouse> I don't think Licensing allows for that.

[2018-12-29 01:08:02] <mlister> rounderhouse Ofc it does

[2018-12-29 01:08:09] <rounderhouse> wait no

[2018-12-29 01:08:10] <mlister> aismallard I don't know why you have that impression

[2018-12-29 01:08:16] <rounderhouse> im a dumb

[2018-12-29 01:08:20] <aismallard> what

[2018-12-29 01:08:25] <aismallard> commercial is totally allowed

[2018-12-29 01:08:32] <rounderhouse> yeah, brain fart

[2018-12-29 01:08:38] <aismallard> minus the special cases like 173

[2018-12-29 01:09:11] <aismallard> I mean, just imagine how well SCP-049 plushies would sell

[2018-12-29 01:09:19] <mlister> And whatever given unsourced images that are similarly illegal

[2018-12-29 01:09:35] <aismallard> mlister: we catch those nowadays though

[2018-12-29 01:09:39] <Quikngruvn> Anytime there is talk of monetizing the wiki, even if just for site upkeep, there is so much wailing and gnashing of teeth. Much of it warranted.

[2018-12-29 01:09:49] <mlister> Which for all we know includes 049

[2018-12-29 01:09:53] <mlister> aismallard Not the new ones

[2018-12-29 01:09:59] <mlister> The ones grandfathered in

[2018-12-29 01:10:04] <aismallard> ah rip

[2018-12-29 01:10:06] <mlister> That still haven't been dealt with yet

[2018-12-29 01:10:17] <aismallard> >Much of it warranted.

[2018-12-29 01:10:20] <aismallard> sure
[2018-12-29 01:10:22] <mlister> And according to the grapevine, won't be dealt with until PF's launch
[2018-12-29 01:10:27] <aismallard> there is a serious discussion to be had
[2018-12-29 01:10:50] <mlister> aismallard You weren't there to see the Patreon discussion
[2018-12-29 01:10:56] <aismallard> oh
[2018-12-29 01:10:59] <rounderhouse> I spoke to a former staff member who said he heard talk of adding a team to deal with unsourced old images into WikiWalk
[2018-12-29 01:11:00] <mlister> keep in mind this was for individual authors, on their author pages
[2018-12-29 01:11:01] <aismallard> I apparently was not <_
[2018-12-29 01:11:06] <rounderhouse> Though I may be misremembering
[2018-12-29 01:11:13] <rounderhouse> so don't quote me on that
[2018-12-29 01:11:21] ← Mendelssohn quit (c@ct.us): Quit: syphilis
[2018-12-29 01:11:32] <rounderhouse> oh yeah what was the conclusion of that clusterfuck
[2018-12-29 01:11:34] <mlister> rounderhouse There was a voting thread that passed ages ago, about starting the work for removing old images
[2018-12-29 01:11:45] <mlister> To give you a sense of time, Cimmerian made that thread.
[2018-12-29 01:11:47] <Quikngruvn> rounder, which one?
[2018-12-29 01:11:56] <Quikngruvn> We have been through so many.
[2018-12-29 01:11:59] <rounderhouse> mlister: thats who i was talking to, lol
[2018-12-29 01:12:06] <rounderhouse> Quikngruvn: the patreon one
[2018-12-29 01:12:06] <Quikngruvn> (I myself have caused several.)
[2018-12-29 01:12:10] <rounderhouse> ofc
[2018-12-29 01:12:12] * mlister → mlrSleep
[2018-12-29 01:12:28] <Quikngruvn> rounder, peeps can put 'em on their author page, and like make one forum post.
[2018-12-29 01:12:43] <Quikngruvn> IIRC.
[2018-12-29 01:12:46] <rounderhouse> Hm. Cool.
[2018-12-29 01:13:10] <Quikngruvn> .s site rules
[2018-12-29 01:13:11] <Secretary_Helen> Quikngruvn: #Site Rules# (Rating: +31. Written 9 years ago By: Kain Pathos Crow) - <http://scp-wiki.net/site-rules>
[2018-12-29 01:13:18] <rounderhouse> Though, I'm like 90% sure that discussion was more for the principle of the thing than any real issue of that ever happening?
[2018-12-29 01:13:33] <rounderhouse> Mostly I see people's Ko-fi links, haha
[2018-12-29 01:13:50] <Quikngruvn> rounder, at least one person walked away from the site because that proposal passed.
[2018-12-29 01:14:00] <mlrSleep> rounderhouse Not to call anyone out or point fingers or anything, but Bleep and Niles were the biggest opponents to the addition
[2018-12-29 01:14:24] <rounderhouse> Quikngruvn: That seems like an... overreaction.
[2018-12-29 01:15:08] <Quikngruvn> rounder, they threatened to, and they followed through, and I'm sad they left, but I'm not about to change their mind.
[2018-12-29 01:15:24] <rounderhouse> Hrm.
[2018-12-29 01:15:51] <rounderhouse> That's a shame.
[2018-12-29 01:16:28] <Quikngruvn> It is, but eh, whatever we do we're gonna piss /someone/ off.
[2018-12-29 01:16:46] <rounderhouse> I can only assume revealing who they are isn't kosher.
[2018-12-29 01:17:10] <Quikngruvn> Yeah, falls under "speaking ill of people who aren't here to defend themselves".
[2018-12-29 01:17:14] <Quikngruvn> Also: <http://www.scp-wiki.net/donations-policy>
[2018-12-29 01:17:21] <Quikngruvn> I knew there was a page made for this.
[2018-12-29 01:17:49] <aismallard> >"speaking ill of people who aren't here to defend themselves"
[2018-12-29 01:17:51] <aismallard> wait what

[2018-12-29 01:17:57] <rounderhouse> We don't do that.
[2018-12-29 01:18:07] <rounderhouse> Ain't fair.
[2018-12-29 01:19:15] <aismallard> I don't understand
[2018-12-29 01:19:21] <rounderhouse> ?
[2018-12-29 01:19:25] <aismallard> so you need to like notify people when you make negative comments about them?
[2018-12-29 01:19:31] <rounderhouse> No, like
[2018-12-29 01:19:46] <aismallard> like I couldn't say that I don't like rounderhouse's SCP in a discussion page for a non-rounderhouse SCP?
[2018-12-29 01:19:49] <rounderhouse> Just don't talk shit about people behind their backs.
[2018-12-29 01:20:05] <aismallard> oh like gossip
[2018-12-29 01:20:17] <Quikngruvn> Yeah, or being judgmental.
[2018-12-29 01:20:44] <aismallard> but like civil criticism or dislike is fine
[2018-12-29 01:20:46] <Quikngruvn> For example: it would be okay to talk about what Kondracki did to get himself banned, as long as you keep to the facts.
[2018-12-29 01:21:10] <rounderhouse> Yeah.
[2018-12-29 01:21:11] <aismallard> oh so that's this kondracki avatar guy I see in old tales
[2018-12-29 01:21:25] <aismallard> I see
[2018-12-29 01:21:28] <rounderhouse> That's the Author Avatar of an old Staff member, Dr. Kondraki.
[2018-12-29 01:21:33] <rounderhouse> He got banned.
[2018-12-29 01:22:08] <Quikngruvn> It would not be okay to, like, speculate why, or try to pass judgement on him.
[2018-12-29 01:22:41] <aismallard> TIL
[2018-12-29 01:22:56] <Quikngruvn> Yeah, that's SOP in 19 as well.
[2018-12-29 01:23:14] <Quikngruvn> ...which I just realized holy shit this conversation's been going on a while here in 17.
[2018-12-29 01:23:20] <rounderhouse> ...fuck.
[2018-12-29 01:23:38] <aismallard> is that a problem? this is a place to chat with staff, no?
[2018-12-29 01:23:45] <aismallard> or should we be moving things more aggressively to 19
[2018-12-29 01:23:48] <Quikngruvn> Nah, just an observation.
[2018-12-29 01:23:58] <rounderhouse> I mean, yeah, this is all still site discussion.
[2018-12-29 01:24:03] <Quikngruvn> I mean, y'all had plenty of questions for staff, so.
[2018-12-29 01:24:03] <rounderhouse> About rules n stuff.
[2018-12-29 01:24:07] <Quikngruvn> Yep.
[2018-12-29 01:24:26] <Quikngruvn> It's all good.
[2018-12-29 01:24:41] <rounderhouse> You know what? Ais's has given me an interesting thought.
[2018-12-29 01:24:47] <Quikngruvn> ...except that it's almost 1:30 how the fuck did that happen?
[2018-12-29 01:24:53] <Quikngruvn> rounder, ?
[2018-12-29 01:24:53] <aismallard> lol
[2018-12-29 01:24:57] <rounderhouse> > like I couldn't say that I don't like rounderhouse's SCP in a discussion page for a non-rounderhouse SCP?
[2018-12-29 01:25:29] <rounderhouse> Would it count as shitcrit to say in SCP-B "This reminds me of SCP-A but /way/ better."
[2018-12-29 01:25:51] <Quikngruvn> Not if you explained why.
[2018-12-29 01:26:01] <Quikngruvn> As is, yes.
[2018-12-29 01:26:04] <rounderhouse> Fair.
[2018-12-29 01:26:19] <rounderhouse> But yeah, go to bed Quik.
[2018-12-29 01:26:44] <Quikngruvn> rounder, soon I won't have a choice, and I will have simply crashed.
[2018-12-29 01:27:18] <rounderhouse> You gonna ride it out until then?

[2018-12-29 01:27:22] <Quikngruvn> Y'all got any other questions before I fall over?

[2018-12-29 01:27:48] <Quikngruvn> Nah, Imma jump off, unless you need me right this second.

[2018-12-29 01:28:43] <aismallard> o/ Quikngruvn

[2018-12-29 01:28:45] <Quikngruvn> 'night, kids.

[2018-12-29 19:32:14] <Fringillidae> 1. This is the official site for SCP
foundation correct? 2. Are people allowed to submit ideas for SCP's?
[2018-12-29 19:32:29] <Tuomey> This is the SCP wiki, yes
[2018-12-29 19:32:40] <Tuomey> People are allowed to join and write their own SCPs
[2018-12-29 19:33:01] <Fringillidae> Where exactly can you write your own SCPs

[2018-12-29 19:33:48] <Tuomey> Generally speaking we recommend people start with
the sandbox <http://scp-sandbox-3.wikidot.com/> and get criticism on their article
before posting on the mainsite
