[2018-06-02 13:51:12] <HomelessHeterotroph> Hi, quick question for any staff that have authority on the Sandbox.

[2018-06-02 13:52:00] <HomelessHeterotroph> I created a page for making Black-Queen GOI articles, and i named it "Charles are you afraid of god?" "No but i'm afraid of 682" if you catch my reference.

[2018-06-02 13:52:26] <HomelessHeterotroph> Does the fact that it ends in 682 violate the Do NOT create a sandbox title or URL with an SCP number.

[2018-06-02 13:53:04] <Tuomey> the idea is just to not end up with, like, a thousand forgotten SCP number sandboxes

[2018-06-02 13:53:07] <Tuomey> you're probably fine

[2018-06-02 13:53:19] <Tuomey> I don't actually have authority on the sandbox though

[2018-06-03 01:58:15] <Modern_Erasmus> hello emmycat do you have a question for staff?
[2018-06-03 01:58:58] <emmycat> are you guys familiar with cicada 3301 and would you allow an SCP that ties into a realworld game?
[2018-06-03 01:59:12] <emmycat> also, how do you i join the regular chat room?
[2018-06-03 02:00:31] <minmin> ARG would be interestin
[2018-06-03 02:00:44] <minmin> unless you want to write something about Cicada 3301
[2018-06-03 02:00:53] <minmin> in which case sure, why not, but also why not write your own lol
[2018-06-03 02:01:17] <minmin> go spin that "plausibly real but maybe not???" vibe
[2018-06-03 02:01:22] <emmycat> im gonna be recruiting for a red team and i have a bunch of cryptographic puzzles and basic pentesting things as part of the game
[2018-06-03 02:01:34] <emmycat> but i figured it wouldnt hurt to use SCP for part of it
[2018-06-03 02:01:34] <minmin> sounds dope I guess
[2018-06-03 02:01:37] <minmin> hugely out of my league
[2018-06-03 02:01:47] <emmycat> its a fun way to recruit good talent :3

[2018-06-03 02:01:51] <minmin> as for the chat

[2018-06-03 02:01:59] <minmin> there's a section there that says Connecting
[2018-06-03 02:02:13] <minmin> it tells you about registering with nickserv to get access to 19
[2018-06-03 02:02:42] <ZacharyMaxwell> emmycat: to help with the arg, Night Mind has a good long-form series on youtube.
[2018-06-03 02:03:02] <ZacharyMaxwell> But yeah, I don't get args myself, too much... smart brain needing have.
[2018-06-03 02:03:19] <minmin> if I do get them, I feel it'd be fun to run one at my college just for kicks
[2018-06-03 02:03:42] <emmycat> id rather work with people that could get through a difficult arg than a buncha cert hunters who barely know debian
[2018-06-03 02:03:56] <ZacharyMaxwell> I'd love to run one, but it would be something a four year old could do. I don't have the brain for cipher keys and such.
[2018-06-03 02:04:21] <emmycat> crypto is life these days
[2018-06-03 02:04:22] <ZacharyMaxwell> Night Mind is very good at predicting what a 'good' ARG is. Also, man has the voice of a go.

[2018-06-03 08:14:34] <WhiteFang> yeah
[2018-06-03 08:15:16] <WhiteFang> i'm trying to write a thread(for introduction),
tho it says 'permission error'
[2018-06-03 08:15:33] <ChaoSera> Have you applied and been accepted to the wiki?
[2018-06-03 08:15:50] <WhiteFang> yeah
[2018-06-03 08:16:14] * NightVolt → NineVolt
[2018-06-03 08:16:25] <ChaoSera> If your wikidot username is also whitefang then
no, you're not a member of the scp wiki
[2018-06-03 08:16:49] <WhiteFang> no my name on the wiki is white thief
[2018-06-03 08:17:26] <ChaoSera> Alright. Are you logged in?
[2018-06-03 08:17:32] <WhiteFang> yeah
[2018-06-03 08:17:44] <ChaoSera> What exactly happens when you click on new thread?
[2018-06-03 08:18:00] <WhiteFang> it says 'permission error'
[2018-06-03 08:18:36] <ChaoSera> Nothing more specific?
[2018-06-03 08:19:15] <ChaoSera> Also are you trying to create a new thread or post
in the existing introduction thread?
[2018-06-03 08:19:15] <WhiteFang> well there's a small text showing up below it
that says somehing
[2018-06-03 08:19:21] <WhiteFang> i forgot what
[2018-06-03 08:20:08] <ChaoSera> Are you trying to create a new thread or post in

the existing introduction thread?

[2018-06-03 08:20:31] <WhiteFang> im trying to create a new one

[2018-06-03 08:20:40] <WhiteFang> i remembered what it said

[2018-06-03 08:21:10] <ChaoSera> You can't create a new thread in that forum, you need to post in the introduction thread

[2018-06-03 08:21:15] <WhiteFang> it said only moderators are allowed to start a new thread

[2018-06-03 08:21:27] <ChaoSera> The June 2018 Intro thread

[2018-06-04 13:00:29] <ChaoSera> I'll point out that they might not have actually made 27 sockpuppets to downvote the article but rather counted the downvotes and adjusted the number in their post
[2018-06-04 13:00:36] <ChaoSera> It's still trolling
[2018-06-04 13:00:43] <ChaoSera> But I highly doubt that it's an actual sockpuppeting case

[2018-06-05 02:47:09] <weryllium> Hi! Got a question for staff?
[2018-06-05 02:52:31] <justafellowhumanbeing> Well, I'm not sure if this is the right place to ask this..kinda stupid question but I was reading about the MTFs and wondered if basically anyone at the Foundation could become a member? Sorry if I'm just wasting people's time here.
[2018-06-05 02:53:23] <tretter> Well, generally MTFs are made of people who specialize in one thing very well
[2018-06-05 02:53:33] <tretter> Think of them as the Special Forces for the Foundation.

[2018-06-05 02:54:43] <tretter> So concievable anyone in the foundation, if they were experts in a particular skill or field could be added to an MTF
[2018-06-05 02:54:56] <tretter> Ultimately, it's up to you and your headcanon

[2018-06-05 03:00:09] <trots> Technically, if you use that security level system (Same person here)
[2018-06-05 03:00:23] <trots> Hell, I myself have a task force that is made of D-Class

using a picture from a video game which i found perfect for my idea. Do i have to
somehow find the name of the author since it wasn't displayed, only the game's name
and the site where i found it.
[2018-06-05 19:03:55] <Jazstar> Amorigan: If you don't have permission, and it
isn't CC compliant, you can't use it I'm afraid
[2018-06-05 19:04:04] <MrAnakinSpecter> It really depends on if the creators are
okay with you using a screenshot/what the license is.

[2018-06-10 21:53:34] <trets> What's up?

[2018-06-10 21:54:29] <Davedvch> Would the title, "Guard." or "Officer" be considered a bad username? You're not really putting yourself in charge of the foundation...

[2018-06-10 21:54:43] <Davedvch> But at the same time you sort of are.

[2018-06-10 21:54:49] <Davedvch> I've been confused about this for a while.

[2018-06-10 21:55:29] <trets> I'd say Guard is fine, but officer implies a bit more authority.

[2018-06-10 21:55:51] * Sax|Blitz → Sax

[2018-06-10 21:55:58] <trets> Basically, we don't want people implying authority on the site, with names like Senior Researcher X or 05-x

[2018-06-10 21:56:17] <Davedvch> Ah, I see. So Guard is fine, referring to a Security Guard.

[2018-06-10 21:56:36] <trets> Yes

[2018-06-10 21:56:38] <Davedvch> Okay, thanks!

[2018-06-14 14:38:22] <BlackMagicFine_> Hey quick question, if you coldpost a tale will people automatically find it and downvote it, even if its hidden due to context?
[2018-06-14 14:38:53] <ARD> what do you mean hidden due to context
[2018-06-14 14:39:44] <BlackMagicFine_> As in, the tale is linked into another tale (which was reviewed prior to posting)
[2018-06-14 14:39:57] <Tuomey> New pages show up on the recently created page. Also, coldposting isn't automatic downvotes. Bad pages are what get downvoted. If you think soemthing is definitely going to get downvoted when people read, why are you posting it?
[2018-06-14 14:40:02] <ARD> the coldposted tale is still going to sink or swim on its own merits
[2018-06-14 14:40:08] <maxiboy24> uh
[2018-06-14 14:40:10] <maxiboy24> whats this code

[2018-06-14 14:40:25] <Tuomey> read all the tabs
[2018-06-14 14:40:28] <ARD> the reason people tend to downvote coldposted articles is because they tend to be of poor quality - which could have been fixed had they been reviewed prior to posting
[2018-06-14 14:40:56] <maxiboy24> do people tend to down vote certain classes more
[2018-06-14 14:41:00] <BlackMagicFine_> Well that's unfortunate. I coldposted a tale due it consisting of one word and an image. Due to artistic reasons, I don't want it to have anything else
[2018-06-14 14:41:13] <maxiboy24> i.e down voting a safe because keter may be their fav

[2018-06-14 16:32:57] <Illyrias> C/P'd from #site19, and posted on staff chat by absentmindednihilist

[2018-06-14 16:32:59] <Illyrias> i posted a doomcon entry for a teammate, and after speaking with ARD, I was asked to chat a mod so they would change the attribution so that it reads as posted by Nameless101

[2018-06-14 16:33:21] <Tuomey> BlackMagicFine_: I'm really not sure what's up let me grab another staffer

[2018-06-14 16:33:35] <Tuomey> Illyrias: who posted what page

[2018-06-14 16:33:38] <BlackMagicFine_> I think it's because the link is in an html block

[2018-06-14 16:33:53] <Illyrias> Tuomey I posted this page: http://www.scp-wiki.net/project-proposal-2024-258

[2018-06-14 16:34:09] <Illyrias> according to doomcon rules, it should be OP'd by Namless101

[2018-06-14 16:54:26] <BlackMagicFine_> I have one more question: For the purposes of the doomsday contest, does <http://www.scp-wiki.net/scp-2000-b-the-lonely-cowboy> count as a GoI format?
[2018-06-14 16:54:27] <jarvis> blackmagicfine_: #SCP-2000-B# (written 11 hours ago by BlackMagicFine; rating: +12) - <http://www.scp-wiki.net/scp-2000-b-the-lonely-cowboy>

[2018-06-14 16:57:56] <BlackMagicFine_> hmm... ok. I hope it's accepted as a GoI. Our team doesn't have any traditional GoI formats currently.
[2018-06-14 16:58:51] <Tuomey> according to the rules, if no previous format existed for the GoI, creating one should be accepted

[2018-06-14 17:05:18] <BlackMagicFine_> Yeah, I was more worried that it wouldn't count because technically the GoI in this case is an alternate Foundation (Beedation?)

[2018-06-15 15:59:21] <MaliceAF> there was a point when they were just made up, but they've become 'canon' through reuse

[2018-06-15 16:00:02] <MaliceAF> so you've got the basics like Safe, Euclid, and Keter (which are widely used and pretty much set in stone), but authors occasionally make new ones

[2018-06-15 16:00:13] <MaliceAF> Thaumiel was first used in SCP-2000, for example

[2018-06-16 11:17:05] <BUB> Yes I do
[2018-06-16 11:17:34] <BUB> I want to write an scp but I'm from Turkey and my english levels are not enough to write that complicated reports I believe
[2018-06-16 11:18:03] <BUB> I want to know if it will be ok to write it in Turkish and send it to you
[2018-06-16 11:20:36] <ARD> Sorry Hub
[2018-06-16 11:20:38] <ARD> Bub
[2018-06-16 11:20:50] <ARD> We don't have translators
[2018-06-16 11:20:55] <ARD> For turkish
[2018-06-16 11:21:03] <BUB> ok then thx for the help.
[2018-06-16 11:21:15] <ARD> Yup
[2018-06-16 11:21:40] <ARD> BUB: why not get a friend who knows English to help translate it?
[2018-06-16 11:21:40] <BUB> and btw this scp's you guys make is a very good progress have a good day
[2018-06-16 11:21:47] <BUB> I'll try tho

[2018-06-16 11:24:16] <Roget> so if people come in looking for language branches you can send them there
[2018-06-16 11:24:47] <ARD> Roget: huh. I meant more along the lines of "we don't have anyone on this site who could translate Turkish" but I will keep that in mind

[2018-06-16 15:49:45] <Rookie> Hello. Quick question: what is the Apollyon class?
[2018-06-16 15:49:58] <drblackbox> It's depends on who you ask.
[2018-06-16 15:50:13] <Rookie> How so?
[2018-06-16 15:50:14] <Lazar> Apollyon is a non-standard class name
[2018-06-16 15:50:17] <taylor_i0Stkin> Apollyon is basically "we can contain it but
it's still going to end the world some time" iirc
[2018-06-16 15:50:21] <drblackbox> That's better for #site19.
[2018-06-16 15:50:34] <Rookie> Oh. Sorry. I'm kind of new to the site.
[2018-06-16 15:51:02] <drblackbox> Rookie The one I go with is "this will cause the
end of the world so rather than attempting to contain it we will attempt to survive
when it gets out".
[2018-06-16 15:51:09] <Lazar> Sometimes authors with extremely grandiose or
elaborate projects will create a new class identification that conveys some nuance
that the others don't
[2018-06-16 15:51:20] <Lazar> But there's only a handful for them and they're few
and far in between
[2018-06-16 15:51:52] <Lazar> It's really hard to pull off correctly
[2018-06-16 15:51:54] <drblackbox> Weird thing about apollyon is scp-2317 doesn't
use it anymore.
[2018-06-16 15:52:25] <Lazar> Really they're just a little tidbit

eyes when we see them
[2018-06-16 15:52:51] <Rookie> Better to stick to S/E/K/T?
[2018-06-16 15:53:01] <Rookie> Safe, Euclid, Keter, Thaumiel.
[2018-06-16 15:53:09] <ProcyonLotor> Yes
[2018-06-16 15:53:15] <drblackbox> Well thaumiel /was/ a non-standard at one point
so...
[2018-06-16 15:53:15] <Lazar> Absolutely.
[2018-06-16 15:53:23] <Rookie> Oh.
[2018-06-16 15:53:33] <drblackbox> Very rarely going onto something else is a good
idea.
[2018-06-16 15:53:48] <Rookie> As a beginner, I should probably stick just to the
four accepted.
[2018-06-16 15:53:52] <drblackbox> Also sometimes the object class gets meme's by
the entity.

[2018-06-16 15:54:19] <Rookie> Yeah...
[2018-06-16 15:54:24] <Lazar> Thaumiels are fairly tricky.
[2018-06-16 15:54:39] <drblackbox> That is harder than most of the non-standards
imo.

[2018-06-16 22:38:46] <ARD> IndieDud: I recognize that you may be new to the site's culture. In light of that, I'm going to commute your ban to a week. This is because your behavior was also rather spammy, instead of just politely asking "Can someone review my draft" again.

[2018-06-16 22:40:05] <ARD> IndieDud: Return here in seven days, on June 24th. Your ban will be ended and you will be free to rejoin #site19.

[2018-06-17 16:57:10] <JigSawHarlequin> Hi. I'd like to ask about my application that is currently pending approval. It's been 3 days already. I mean, it's no pressure guys, I don't mean that, but I'd like to share some idead for articles :) Thanks in advance!

[2018-06-17 16:57:55] <Jazstar> JigSawHarlequin: Only admins can process applications, so unless one is active right now, waiting is unfortunately your only option.

[2018-06-17 16:59:34] <Modern_Erasmus> JigSawHarlequin: an admin should get to it fairly soon, in the meantime feel free to join #site19 to share your idea/sandbox draft

[2018-06-17 17:04:41] <JigSawHarlequin> Thanks guys, I've tried it on an official Foundation forum and failed missurably ;) I will certainly go there.

[2018-06-17 17:07:58] <Jazstar> alexalex: That's a fairly broad question. Do you want to learn more about the lore? The writing standards? The community expectations? Something else?

[2018-06-18 20:56:19] <minmin> I am making fun of their passionate hate

[2018-06-18 20:56:43] <minmin> because we are an inconsequential web forum that I have sarcastically described as a Latvian folk tale celebration BBS board

[2018-06-18 20:57:07] <Voct> I wonder how much latvian-themed content there is on the site

[2018-06-18 20:57:11] <minmin> the line "it's 2018" suggests that such displays of passionate emotion belong to an older age of the internet

[2018-06-18 20:57:53] <Voct> minmin, I've been online for, jesus christ, longer than some of the people here have been alive. It's always been like this.

[2018-06-19 17:14:38] <Magicman> Hi, I just wanted to ask, how and where do I go to write a foundation tale. (Not an SCP)

[2018-06-19 17:15:10] <Modern_Erasmus> Magicman: first, use our sandbox site to make a draft and get it reviewed in the drafts and critiques forum

[2018-06-19 17:15:31] <MrAnakinSpecter> And then you just post it like any article.

[2018-06-19 17:15:39] <Modern_Erasmus> Magicman: then, click the contribute button on the left sidebar and there's an option to input a tale title

[2018-06-19 17:16:03] <Magicman> Oh ok, you can make scps there too, correct. Because I have an idea for one.

[2018-06-19 17:16:06] <Modern_Erasmus> MrAnakinSpecter: the how to write an scp guide only tells people how to post things via clicking on open mainlist slots

[2018-06-19 17:16:43] <Modern_Erasmus> Magicman: you can, but it's easier to just scroll the scp mainlist for a slot that says access denied, click on the link, and there'll be an option to create the page

[2018-06-19 17:17:26] <MrAnakinSpecter> Magicman: Like with tales, you also need to make a draft on your sandbox and get critique.

[2018-06-19 17:17:54] <Magicman> I know

[2018-06-19 23:17:27] <taylor_itkin> if it isn't then you need to do what ducky says or contact the creator of the image and ask perms

[2018-06-20 03:03:06] <Pugio> Greetings! I've been lurking around the site for
something like 5 years, reading articles and the comments on them, and I've finally
decided to join up. However, I've immediately run into a problem: where it would
typically say to join, there is instead a message reading: "You cannot apply.

```

Membership via application is disabled".

[2018-06-20 03:03:54] <ghostchibi> Membership is closed for the time being due to an influx of trolls

[2018-06-20 03:03:58] <ghostchibi> they'll open again soon

[2018-06-20 03:04:09] <ghostchibi> sorry about that

[2018-06-20 03:05:54] <Pugio> Alright, thanks. Kudos for responding so promptly.

[2018-06-20 03:06:06] <Pugio> I'll wait a day and try again.

[2018-06-20 03:07:39] <ChaoBusy> Jazstar: Please don't give estimates, we haven't decided yet when apps will reopen

[2018-06-20 03:07:59] <Jazstar> ChaoBusy: Ah, I'm sorry, I was going off of what ttreter said. Will refrain from now on!

[2018-06-20 03:17:13] <Pugio> I'm struggling to come to terms with the whole troll thing. Not in a "i don't believe they exist" way, more in a "I can't understand why they would do this" way. Like, I've done quite a bit of nasty stuff that I cringe to look back on. But typically those things are in support of some self-serving cause, that seems greater, at least at the time.

[2018-06-20 03:19:58] <Pugio> Trolling seems to be somehow, er, futile. You gain nothing from it. You don't really do any real harm to anyone. So why? Is it an expression of anger? Some misdirected negative emotion?

[2018-06-20 03:22:21] <Pugio> Like, why attack a random collaborative fiction site that will repair any damage you do within hours? Why mock a mentally-challenged individual on a forum site, in a place where they will never even hear it? Why petition to make the name of a highway a racist slur? Why?

[2018-06-20 03:22:58] <weryllium> Well, they're not in here so it's moot. Trying to understand them is a waste of time.

[2018-06-20 03:23:18] <weryllium> Do you have any other questions? This room is intended for that, mainly.

[2018-06-20 03:25:38] <Pugio> No, i'll be fine. Sorry for rambling on in the help chat.

[2018-06-20 14:33:14] <SeraDomiCher> MobileMagnus: Does your "Staff Lock" on 2721 mean that only staff can reply to that one particular comment, or that only staff can make any more comments on 2721?

[2018-06-20 14:33:18] <Hippo> like, they pointed out a couple of images on my articles they were translating that are cc 4.0 and mentioned that these images need cc 3.0 alternatives (they were super-nice about it and even took the time to find alternatives)

[2018-06-20 14:33:41] <Hippo> (but i did not know this was a Thing and I'm looking for confirmation that this actually a Thing)

[2018-06-20 15:05:17] <rYtro> How can I create a new class?
[2018-06-20 15:05:40] <trots> You write an SCP that includes the class.
[2018-06-20 15:05:45] <DrBleep> A new obj-
[2018-06-20 15:05:49] <DrBleep> what trots said
[2018-06-20 15:05:50] <trots> If people like the SCP and it stays up, you have a new object class
[2018-06-20 15:06:58] <rYtro> so if I write about an scp, and its class is (for example) kyrie, this class is going to be automatically canon?
[2018-06-20 15:07:30] <bluesoul> you can certainly try
[2018-06-20 15:07:40] <trots> There is no canon, but if people like the class, they can add it to their own headcanon.
[2018-06-20 15:07:48] <trots> Which means they might right more SCPs with that class
[2018-06-20 15:07:48] <rYtro> thx
[2018-06-20 15:07:53] <bluesoul> i'd say the larger adoption of it would make it 'canon' but there will always be people that will hate it simply for not being safe/euclid/keter
[2018-06-20 15:08:06] <trots> SNEKT all the way
[2018-06-20 15:08:40] <bluesoul> you should also be prepared to defend what makes it a class distinct from the existing ones

[2018-06-20 16:10:31] <Informal> Hi, I keep seeing things about RCP
[2018-06-20 16:10:37] <Informal> No wait, RPC
[2018-06-20 16:10:48] <Informal> What is RPC and why is it such a big staff issue. Can anyone provide context
[2018-06-20 16:10:57] <DrBleep> Its not really a staff issue
[2018-06-20 16:11:03] <DrBleep> Its a split off wiki
[2018-06-20 16:11:06] <Quikngruvn> It is a splinter site, and it's not a staff issue.
[2018-06-20 16:11:37] <Informal> What is making people put staff and RPC in the same statements, then, I guess?
[2018-06-20 16:11:41] <DrBleep> Users who were unhappy with how things were being run on the current site have made another wiki. This happens frequently
[2018-06-20 16:12:10] <Quikngruvn> I dunno, Informal. D'ya have context, or a specific statement?
[2018-06-20 16:13:10] <Informal> I'm sure you're familiar with Volgun, a fairly well known member of the community. Lots of talk about it in his most recent work's comments section.
[2018-06-20 16:13:28] <Informal> I saw a thread about it where staff ended up locking the entire thing.
[2018-06-20 16:13:43] <Informal> So my instinct was to come and ask about it.
[2018-06-20 16:13:47] <Quikngruvn> Locking what entire thing?
[2018-06-20 16:13:52] <Informal> The thread.
[2018-06-20 16:13:56] <bluesoul> yeah i missed that thread

[2018-06-20 16:14:06] <Quikngruvn> Which thread, specifically?

[2018-06-20 16:14:12] <Tuomey> the thread you're referring to was locked not because of it being about RPC but because people were insulting and arguing with each other

[2018-06-20 16:14:13] <Informal> Here, let me check my history.

[2018-06-20 16:14:13] <DrBleep> There was an RPC thread

[2018-06-20 16:14:27] <DrBleep> What Tuomey said

[2018-06-20 16:14:58] <Informal> Here it is.

[2018-06-20 16:14:59] <Informal> <http://www.scp-wiki.net/forum/t-6179567/rpc-authority-website>

[2018-06-20 16:15:28] <Informal> The statement that prompted me to come here was one by Lilyflower.

[2018-06-20 16:15:30] <Informal> Staff are aware of this whole situation, are aware of mistakes we have made, and are currently discussing our next steps. Please bear with us for now.

[2018-06-20 16:15:42] <Tuomey> after several stop orders on specific parts of the thread failed to stop people from arguing with each other, it was determined that the people arguing with each other was overtaking the thread's good discussion

[2018-06-20 16:15:44] * SeraDomiCher → SeraWorkCher

[2018-06-20 16:16:08] <Lily> aye

[2018-06-20 16:16:15] <Quikngruvn> Informal, note also Lily's prior statement: "I'm locking this thread because it's devolving into messy arguments outwith its context."

[2018-06-20 16:16:21] <Lily> is there a problem w/ my statement or?

[2018-06-20 16:16:24] <Informal> Yes, but that isn't what I was asking about

[2018-06-20 16:16:37] <bluesoul> truth be told, i don't think anyone on the staff has any real beef with the RPC wiki, i mean nobody is loudly yelling about burning the thing to the ground

[2018-06-20 16:16:50] <DrBleep> splinter sites happen all the time

[2018-06-20 16:16:51] <bluesoul> their admins have instructed users not to raid the scp wiki which is nice of them

[2018-06-20 16:16:52] <Tuomey> The mistakes Lily mentions are to do with problems we had with moderating our social media accounts and presences

[2018-06-20 16:16:58] <Lily> ^

[2018-06-20 16:17:01] <Tuomey> Not to do with the RPC wiki itself

[2018-06-20 16:17:03] <bluesoul> and yeah we get new wikis pretty consistently

[2018-06-20 16:17:09] <Informal> Guys I'm just asking about what happened with the whole staff mistakes thing. I'm looking for context on that.

[2018-06-20 16:17:13] <Quikngruvn> Not the first splinter site, neither the last, and the world keeps on spinning.

[2018-06-20 16:17:16] <Informal> I don't have any issues with the thread locking or anything

[2018-06-20 16:18:16] <Tuomey> Like I said, we had some problems with moderating our social media accounts. Specifically, we reacted badly to people we mistook for trolls among the many, many, posts we got about the pride logo.

[2018-06-20 16:18:48] <Informal> What platform was the social media account on

[2018-06-20 16:18:57] <DrBleep> twitter and reddit

[2018-06-20 16:19:01] <Tuomey> This was on various platforms.

[2018-06-20 16:19:27] <Informal> And, I guess, what were the people mistaken for trolls saying?

[2018-06-20 16:21:09] <Tuomey> There were a lot of posts man. I don't have access to every single thing every one said. The sheer number of posts is really a large part of the issue, as it became difficult for the social media team to process all of them with any reasonable speed.

[2018-06-20 16:21:52] <Informal> Alright, sure. In that case, what was the tone of the "trolls", and what was said that caused a stir?

[2018-06-20 16:22:17] <Informal> I understand you're just one person and you can't just take time to find every post. I hope you don't think I was trying to ask that of you.

[2018-06-20 16:22:22] <Tuomey> There were various posts of many stances, the majority of them loud and angry.

[2018-06-20 16:23:49] <Informal> Alright... Is there a general theme or aspect that these posts were angry about?

[2018-06-20 16:23:59] <Tuomey> Realistically, to give any example would be inaccurate because there were so many posts that to give an accurate sampling would take all day - especially since I'm not aware of which posts got people in trouble and which ones were later undone.

[2018-06-20 16:25:18] <Informal> To give an example would be inaccurate how??

[2018-06-20 16:25:36] <Informal> I guess let me clear my question up

[2018-06-20 16:25:53] <Tuomey> > because there were so many posts that to give an accurate sampling would take all day - especially since I'm not aware of which posts got people in trouble and which ones were later undone.

[2018-06-20 16:26:08] <Informal> I do not want a statistically accurate representation. I'm asking about what anyone in general would tell me people were angry about

[2018-06-20 16:26:41] <Informal> Generally it is the vocal minorities that make the most noise and get the most attention, for example. So, what was the most vocalized aspect?

[2018-06-20 16:26:43] <Tuomey> Anyone in general might say the pride logo, or site staff, or antiSJWs, or SJWs, or writing, or a lot of things.

[2018-06-20 16:26:50] <Informal> In other words, what caused the shitstorm.

[2018-06-20 16:26:59] <Tuomey> It really was a clusterfuck.

[2018-06-20 16:27:06] <Quikngruvn> There was no single cause.

[2018-06-20 16:28:34] <Informal> Alright, well, this looks more important. I can head off. I'll just continue to check it out on my own and learn more about it.

[2018-06-20 16:28:35] <Tuomey> You could say that us putting up the pride logo caused it or you could say that the negative response to us doing that caused it, or you could say we didn't handle that response very well... or you could just say that there are a lot of angry people who want to be angry loudly and just need an excuse.

[2018-06-20 16:28:57] <Tuomey> Go ahead, taylor_itkin.

[2018-06-20 19:05:55] <Jazstar> Tuomey: You really do sound like a help desk here~
[2018-06-20 19:05:57] <ARD> So it looks like we're okay
[2018-06-20 19:06:13] <ARD> Veiedhimaedhr: pick an unused slot and just change the

URL of 3220 to scp-slot

[2018-06-20 19:06:17] <ARD> where slot is the unused numbers
[2018-06-20 19:07:20] <ARD> Veiedhimaedhr: let me know when you're done
[2018-06-20 19:07:23] <Veiedhimaedhr> my question was actually about 3660, which might be more palpable since it's a rewrite
[2018-06-20 19:07:29] <ARD> Oh
[2018-06-20 19:07:32] <ARD> What's the question
[2018-06-20 19:07:46] <Veiedhimaedhr> just same thing. Would you be averse to having 3660 instead of 3220?
[2018-06-20 19:07:53] <ARD> Nope
[2018-06-20 19:08:10] <ARD> I mean I'd prefer 3220 cause I have nothing in 3200s
[2018-06-20 19:08:14] <ARD> But 3660 is fine
[2018-06-20 19:08:26] <Veiedhimaedhr> It's just a URL change right? Not a repost?
[2018-06-20 19:08:29] <ARD> Yes
[2018-06-20 19:08:43] <ARD> I can change the URL for you if you want
[2018-06-20 19:08:52] <Veiedhimaedhr> awesome. Standby for open slot
[2018-06-20 19:08:56] <ARD> Thankee
[2018-06-20 19:09:14] * Soulless|Dreamin → Soulless
[2018-06-20 19:10:28] <Veiedhimaedhr> Actually, I think I trust you with this technical stuff more than I trust myself. Could you change 3220 to 3810?
[2018-06-20 19:10:33] <ARD> Sure
[2018-06-20 19:10:39] <ARD> Actually
[2018-06-20 19:10:42] <ARD> 3810 is taken
[2018-06-20 19:10:45] <ARD> but the author NEVER CHANGED THE NAME
[2018-06-20 19:11:02] <Veiedhimaedhr> Oh whup.
[2018-06-20 19:11:03] <ARD> it's a pain but you'll have to find another slot unfortunately
[2018-06-20 19:11:07] <ARD> Yeah haha
[2018-06-20 19:11:12] <ARD> I saw that too and was like "Excellent"
[2018-06-20 19:11:16] <Veiedhimaedhr> 3832?
[2018-06-20 19:11:21] <ARD> scp-3832
[2018-06-20 19:11:22] <jarvis> ard: Page not found.
[2018-06-20 19:11:24] <ARD> Excellent
[2018-06-20 19:11:30] <ARD> Change 3660 to 3832?
[2018-06-20 19:11:44] <Veiedhimaedhr> 3220 to 3832. I'm a flip-flopper
[2018-06-20 19:11:47] <ARD> Word
[2018-06-20 19:12:17] <Veiedhimaedhr> I can do all the in-text number replacements
[2018-06-20 19:12:38] <ARD> Done!
[2018-06-20 19:13:02] <ARD> Thank you Veiedhimaedhr
[2018-06-20 19:13:33] <Veiedhimaedhr> ARD: No problem! Enjoy the 3220 slot!

[2018-06-21 01:29:11] <ihp> and I have no idea why
[2018-06-21 01:29:50] <tretter> Link?

[2018-06-21 01:32:01] <Modern_Erasmus> ihp: are they all closed properly and in order?

[2018-06-21 09:45:59] <djKaktus> So I think wikidot can disable voting on some
pages. Asking them to revert the votes back to before the 70 point dip and then
just disabling voting on that page until this blows over might be the best bet.
[2018-06-21 09:47:28] <djKaktus> In fact
[2018-06-21 09:47:45] <Lily> well, staff have been talking to wikidot and iirc have
some stuff planned already

just for that page, and then change the permissions of it to prevent voting on it
entirely.

[2018-06-21 17:36:01] <Decibelle> hi
[2018-06-21 17:36:04] <Decibelle> what is your question
[2018-06-21 17:36:28] <kemikal> ok
[2018-06-21 17:37:09] <kemikal> a lot of people noticed that article was changed a lot the other day and that shouldn't be allowed. let me explain why
[2018-06-21 17:37:21] <Decibelle> do you have a question?
[2018-06-21 17:37:36] <Lily> authors can always edit their own articles if they want
[2018-06-21 17:37:43] <kemikal> that article had 250 upvotes, but none of those upvotes were for this article. so isn't that like stealing upvotes?
[2018-06-21 17:37:50] <Decibelle> it is not
[2018-06-21 17:37:54] <Decibelle> authors can do whatever they want with their own articles
[2018-06-21 17:37:56] <kemikal> especially when we all know why it happened
[2018-06-21 17:38:01] <Lily> we don't dissalow it bc we dislike censoring creative content
[2018-06-21 17:38:20] <Decibelle> if you dont like it, downvote it. do you have another question for staff?
[2018-06-21 17:38:24] <kemikal> but it was censored when it was changed
[2018-06-21 17:38:32] <kemikal> no hang on
[2018-06-21 17:38:46] <Decibelle> it would be censoring if lily edited the article against kaktus's permission and refused to let him edit it back
[2018-06-21 17:38:58] <Decibelle> an author editing their own work is not censorship, its exercising their right to creative control over their works
[2018-06-21 17:39:11] <Decibelle> this should cover your questions and concerns in a thorough manner
[2018-06-21 17:39:38] <kemikal> so the author of 173 could come back and change it to be something about nazis or whatever you don't like and that would be ok?
[2018-06-21 17:39:45] <Decibelle> sure, that would be moto's decision
[2018-06-21 17:40:00] <kemikal> it just seems like this decision is pandering to the sjws
[2018-06-21 17:40:05] <Decibelle> do you have a question for staff?:
[2018-06-21 17:40:16] <Lily> well, take it up with kaktus
[2018-06-21 17:40:21] <Lily> it's nothing to do with staff
[2018-06-21 17:40:23] <kemikal> is he here?
[2018-06-21 17:40:37] <Decibelle> this is a help channel. if you dont have a

question, and instead wish to stay here continuing to ask statements and stoke heated arguments, i am afraid i'll have to ask you to leave

[2018-06-21 17:40:48] <Tuomey> This isn't the place for users to take things up with authors - like Deci said, it's a help channel

[2018-06-21 17:41:06] <kemikal> I think you're censoring a legitimate complaint that a lot of people have

[2018-06-21 17:41:10] <kemikal> this shouldn't be ok

[2018-06-21 17:41:14] <Decibelle> .w censorship

[2018-06-21 17:41:15] <jarvis> decibelle: #Censorship# - <https://en.wikipedia.org/wiki/Censorship> - Censorship is the suppression of speech, public communication, or other information, on the basis that such material is considered objectionable, harmful, sensitive, or "inconvenient" as [...]

[2018-06-22 16:51:22] <Tuomey> ?
[2018-06-22 16:51:22] <Jazstar> Instead of the list of websites in other languages, it simply says "404 Not Found nginx/1.14.0 (Ubuntu)"
[2018-06-22 16:51:47] <Decibelle> ill have to talk to resure about that
[2018-06-22 16:52:02] <Jazstar> And on a different page, the language section is completely gone.
[2018-06-22 16:52:15] <Tuomey> oh yeah we can't actually do much about that
[2018-06-22 16:52:20] <Tuomey> it's a problem on resure's end
[2018-06-22 16:52:25] <Jazstar> Resure?
[2018-06-22 16:52:38] <Tuomey> -RU admin what made the translations module

[2018-06-22 16:52:52] <Tuomey> thanks
[2018-06-22 16:54:03] <Decibelle> that said, i dont think resure is awake at this time of day because russia time, so it may be a bit before it gets fixed
[2018-06-22 16:55:08] <Jazstar> There's still a list of them on the main page, so there's no great rush.
[2018-06-22 16:55:37] <Jazstar> Oh wait it's working again?
[2018-06-22 16:56:08] <Jazstar> Or not? Perhaps some stability issues going on. It's taking a while to load, and I did get that error earlier.

[2018-06-23 13:19:23] <Brendon> Dang
[2018-06-23 13:19:41] <Brendon> I was hoping there was actually an app

[2018-06-23 13:20:14] <Brendon> It's perfectly fine
[2018-06-23 13:20:16] <Athenodora> we do have apps as in "applications to join the wiki" (or at least we normally do; as ProcyonLotor said apps are currently temporarily closed)
[2018-06-23 13:20:21] <Mistbourne> It'd be a glorified browser anyway. Related, I want a self-driving car.
[2018-06-23 13:20:35] <ProcyonLotor> Oh, yes. Perhaps that was the confusion.

[2018-06-23 13:20:41] <Athenodora> we don't have apps in the sense of "programmes run by your mobile device"

[2018-06-23 13:20:56] <ProcyonLotor> Applications to join the site are temporarily closed. We do not have a mobile application program.

[2018-06-23 17:03:25] <Macmillan> <http://scp-sandbox-3.wikidot.com/jhacker-scp-xxxa-5-2>
[2018-06-23 17:04:04] <Macmillan> This is a little thing I'm working on. It's nowhere near done, but essentially, two people are having a conversation in the second box. I like the way it looks, but the spacing in between their lines is atrocious.
[2018-06-23 17:04:19] <MrAnakinSpecter> ohhh i see
[2018-06-23 17:04:42] <MrAnakinSpecter> And double spacing just leaves you with the single spaced after saving, right?
[2018-06-23 17:04:50] <Macmillan> Yup. No change.
[2018-06-23 17:05:32] <Macmillan> Hell, if you look in the space between the box, it's not even an actual space. It's just a few periods coloured white.
[2018-06-23 17:05:51] <MrAnakinSpecter> I had the same problem once, but I can't remember how I fixed it. Here let me check a tale of mine.
[2018-06-23 17:07:11] <MrAnakinSpecter> Okay I added a bunch of ">" in the spaces between the dialogue.
[2018-06-23 17:07:32] <MrAnakinSpecter> I don't know if that would work because your text has different justification, but it wouldn't hurt to try.
[2018-06-23 17:07:41] <Macmillan> I think I tried that before. Let me get back to you.
[2018-06-23 17:07:51] <MrAnakinSpecter> Okay!
[2018-06-23 17:08:38] <Macmillan> Yeah, it's not working. Since it's not a normal

"> " box, that won't work for it.
[2018-06-23 17:09:11] <MrAnakinSpecter> ooohhhh it's a divider
[2018-06-23 17:09:30] <Macmillan> I can give you the actual code for the page if it helps
[2018-06-23 17:09:56] <MrAnakinSpecter> Maybe you could try adding little single quote boxes in between the dialogue? Like just with spaces to fill the content?
[2018-06-23 17:10:07] <MrAnakinSpecter> nah i'm looking at it on your sandbox
[2018-06-23 17:10:24] <Macmillan> Let me try that.

[2018-06-23 17:12:09] <Macmillan> I think that should work for it. I just added a bunch of white periods like I did for the spacing above. I'll need to match the grey colour, but it should work.

[2018-06-24 00:21:42] <valiumvoice> hi all. quick question - how does one go about
borrowing from another author's premise? if i want to build off a concept someone
else started, is there a FAQ or other page that goes through the right way to get
permission, etc?
[2018-06-24 00:21:59] <stormbreath> go ahead and do whatever you want

situation in mind?
[2018-06-24 00:23:04] <Wogglebug> If you want to use something specific another
author did, like part of a series, it's generally polite to ask about it
[2018-06-24 00:23:24] <Modern_Erasmus> If you mean writing a tale or skip that
references/uses other peoples skips or characters that's encouraged
[2018-06-24 00:24:05] <Modern_Erasmus> valiumvoice: but if you mean like, taking a

 [2018-06-24 01:56:04] <cjohnson> yep
 [2018-06-24 01:56:37] <BoogeyMan23> ok. go ahead, we'll see if I can give an answer
 [2018-06-24 01:57:56] <Wogglebug> BoogeyMan23, if you are not staff you shouldn't
 be answering questions intended for staff.
 [2018-06-24 01:58:17] <Wogglebug> It causes confusion.
 [2018-06-24 01:58:33] <cjohnson> i registered and got accepted, but i cannot access

 [2018-06-24 01:58:46] <BoogeyMan23> I am junior staff for C0... was prepared to

pass it up the chain if it wasn't simple enough for me to answer

[2018-06-24 01:59:14] <Wogglebug> Ahh my bad. Didn't see your name on the list.

[2018-06-24 01:59:18] <BoogeyMan23> and this might not be. so, Wogglebug, if you're here and up to take over?

[2018-06-24 01:59:18] <Jazstar> BoogeyMan23: I've been told that JS don't count?

[2018-06-24 01:59:30] <Jazstar> For the purposes of staff re:17

[2018-06-24 02:00:04] <BoogeyMan23> Jazstar: huh.. is that so? well then

[2018-06-24 02:00:13] <Wogglebug> BoogeyMan23, I don't know either way

[2018-06-24 02:01:36] <cjohnson> nuka_doctorG

[2018-06-24 02:02:01] <Wogglebug> So it looks like you're not currently a member

[2018-06-24 02:02:14] <Wogglebug> If you applied recently, then it's likely the app hasn't actually been processed

[2018-06-24 02:02:25] <Wogglebug> There's a hold on all apps atm due to some brigading in the last week

[2018-06-24 02:02:36] <Wogglebug> I'd check back next week

[2018-06-24 02:02:46] <cjohnson> i got the message thouth

[2018-06-24 02:02:51] <Wogglebug> What'd it say?

[2018-06-24 02:03:12] <Wogglebug> I believe there's a message that gets sent to you once your app is submitted

[2018-06-24 02:03:21] <Wogglebug> Which is separate from acceptance

[2018-06-24 02:03:26] <Wogglebug> Though it has been a while since I applied

[2018-06-24 02:03:27] <Wogglebug> lol

[2018-06-24 02:03:54] <Zyn> > <cjohnson>: i registered and got accepted, but i cannot access member stuff

[2018-06-24 02:04:08] <Zyn> Wikidot account creation is different from mainsite membership

[2018-06-24 02:05:01] <cjohnson> stuff like "welcome to the foundation it is classified etc."

[2018-06-24 02:05:51] <Zyn> cjohnson: I don't think there are any acceptance notifications that have "classified" in the name

[2018-06-24 02:05:59] <Zyn> the front page says that, but the front page can be accessed by anyone

[2018-06-24 02:07:29] <cjohnson> in the message it says something like what i said.

[2018-06-24 02:08:48] <cjohnson> it was inside the inbox

[2018-06-24 12:51:27] <kingpogan> I have a right to disagree with people without being uncivil towards them. I was not being uncivil. Telling me to go fuck myself is uncalled for and lowers the bar to aggression and insults

[2018-06-24 13:00:51] <Dora> no, they don't have the right to force a topic change
[2018-06-24 13:01:04] <Dora> but if we're talking about what is "civil" or "uncivil" behaviours
[2018-06-24 13:01:17] <kingpogan> I think "go fuck yourself" is significantly more uncivil than anything I said or did, frankly
[2018-06-24 13:01:26] <kingpogan> And I think arguing otherwise is a stretch
[2018-06-24 13:01:32] <Dora> then we do also need to take into account that

[2018-06-24 13:01:42] <Vezaz> I don't think persisting in an unpleasant topic is the same as telling somebody to fuck off, Dora

[2018-06-24 13:02:17] <kingpogan> Being uncomfortable is nowhere near the same as direct aggression
[2018-06-24 13:02:18] <Dora> as part of social interactions it is acceptable for a person to go "well, I'd like to change the topic of conversation"
[2018-06-24 13:02:35] <Vezaz> Wait i wasn't questioning kinch, i just didn't know who they were
[2018-06-24 13:02:42] <kinch> yeah
[2018-06-24 13:02:43] <kingpogan> You're correct, and that's a perfectly reasonable request to make - but it doesn't mean other users have to heed it unless it was issued as an OP order

[2018-06-24 13:02:58] <Dora> and there are different ways to respond to that. some considered "civil", some aren't
[2018-06-24 13:03:03] <kingpogan> This honestly sounds like skirting the point

[2018-06-24 13:03:18] <kingpogan> You're trying to justify kinch's response by weighing what I said against it
[2018-06-24 13:03:22] <Dora> kingpogan no. but if the substance of the complaint is about what is "civil" and what is "uncivil"
[2018-06-24 13:03:35] <kingpogan> Are you arguing that "go fuck yourself" is not uncivil?

[2018-06-24 13:04:51] <Dora> no, what kinch or spookybee said was not an OP order

[2018-06-24 13:08:58] <kingpogan> No
[2018-06-24 13:09:07] <kingpogan> I am simply arguing that kinch's response was uncivil

[2018-06-24 13:29:24] <kingpogan> Is disagreeing with a popular opinion really all it takes to be labelled a troll in spite of zero chat infractions and 8 site contributions?

[2018-06-24 15:15:37] <Jazstar> Just keep checking the page where you apply to join the site.

[2018-06-24 15:16:19] <Tuomey> Alacom: we'll probably post about it in here and

I'll see if I can swing a front page announcement but it's going to be up to the admins

[2018-06-24 15:17:18] <StalinIII> Excuse me! First of all, greetings. I am a new member, well, not exactly new, I have read the wiki for a while now, but just now I have decided to create an account because of an SCP idea I had. However when I have tried to apply, it says that membership by application is not available for this site. Can someone explain what happened and why? Thanks in advance!

[2018-06-24 15:17:18] <Jazstar> Tuomey: It might not be a great idea to broadcast it, given the reason why applications were closed in the first place.

[2018-06-24 15:18:05] <Alacom> Yeah

[2018-06-24 15:18:12] <Jazstar> Applications are temporarily closed. In the meantime, you can still use the sandbox for drafts, chat on #site19 and get feedback on #thecritters.

[2018-06-24 22:32:28] <ihp> <http://www.scp-wiki.net/scp-3943> this article has audio on it that can best be described as "deafeningly loud and annoying" on an embedded video.

[2018-06-24 22:32:29] <jarvis> ihp: #Scp 3943# (written 36 minutes ago by Gunthar Horsehammer; rating: -5) - <http://www.scp-wiki.net/scp-3943>

[2018-06-24 22:32:31] <Clef> Understandable.

[2018-06-24 22:33:37] <MissingUser_07> so what is your take on it? i saw one video about it but he seemed like an outsider, so im asking here for your side if you have one

[2018-06-24 22:33:55] <Clef> MU_07: Officially, the position is this: SCP Foundation administration wanted to celebrate pride month by changing the site logo to pride. Whatever the reasons behind this, the change was not implemented well, and there were attacks coming in, both from homophobes and from others. Some of the others had legit concerns, such as LGBT persons who didn't want the site to be targeted by homophobes.

[2018-06-24 22:34:47] <Clef> The site then became targeted by homophobes, and several site staff overreacted. In an attempt to act against a raid originating off-site, at least one administrator ended up targeting several persons who could be said to have legit complaints.

[2018-06-24 22:35:22] <Clef> that administrator has stepped down, and the Foundation is considering how they'll handle this sort of thing in the future. We've also issued an apology to those folks who got caught up in the crossfire.

[2018-06-24 22:36:11] <Clef> Given that we're now getting hate both from people who

think we're being SJWs for even having the pride banner up in the first place, and people who think we're enabling homophobes by apologizing to those people who were wronged, I figure it was the correct response.

[2018-06-24 22:36:47] <Clef> Do you have any further questions?

[2018-06-24 22:37:11] <MissingUser_07> alright. and there were some concerned about the over all tone and aesthetics of the site too, right? how were those people handled? and is there still any arguments or bans happening as of now because of this? and was the targeted admin brought back? that should be it

[2018-06-24 22:39:28] <Clef> Basically, when it comes to "overall tone and aesthetics" . . . yeah, that's a suggestion that's being taken seriously. I can't talk too much about it, but one suggestion that's come up is to play around with the CSS of the site: allow certain users to apply a CSS theme if they wish. Basically an "opt-in" rather than a "default."

[2018-06-24 22:41:00] <Clef> Arguments or bans. . . things have quieted down for now. As far as I can tell, we're taking a look at the banlist and determining if the bans were part of a brigade or a legit user with concerns. Obviously, one of the criteria will be that we're going to fall more on the side of "brigader" if the account was newly created.

[2018-06-24 22:41:14] <Clef> I'm not sure what you mean by targeted admin

[2018-06-24 22:41:19] <Clef> do you mean the admin who went overboard?

[2018-06-24 22:42:33] <MissingUser_07> one of the staff was issued a ban or some sort of punishment from other staff i believe, what is there status. is what i meant.

[2018-06-24 22:43:15] <Dexanote> Certain staff members have stepped down from positions. One was removed from social media presence.

[2018-06-24 22:43:16] <MissingUser_07> their*

[2018-06-24 22:46:03] <Clef> SCP Foundation has been around for ten years now, and a lot of things have changed since then. Ten years and a ton of users later, not everyone has the same idea for the site as everyone else. And that's fine, that's what keeps things fun.

[2018-06-24 22:52:11] <Clef> yeah

[2018-06-24 22:52:16] <Clef> but there were a lot fewer of us back then.

[2018-06-24 22:52:18] <Dexanote> Yeah

[2018-06-24 22:52:31] <Clef> HAGGAR vandalized the entire site, and we had to go one by one and revert all of their goatse and blue waffle postings

[2018-06-24 22:52:36] <Dexanote> Hope you stick around MissingUser_07! We're generally pretty chill.

[2018-06-24 22:52:53] <Dexanote> Clef the "Entire Site" was like, 60 articles

[2018-06-24 22:53:01] <Clef> it was at least a hundred!

[2018-06-24 22:53:24] <trets> There were dozens of pages! Dozens!

[2018-06-24 22:53:32] <Clef> Basically, MU7, if I were to give a word of advice to any newcomer?

[2018-06-24 22:53:49] <Dexanote> yes, listen to Clef, minmin

[2018-06-24 22:53:53] <Dexanote> MissingUser_07, sorry

[2018-06-24 22:53:58] <ProcyonLotor> yeah minmin

[2018-06-24 22:54:07] <MissingUser_07> alright, thank you. i may be back for the next controversy, that i hope wont happen, im glad it took this path AFTER its cooled down, and i may be back to write a few pages or maybe even a comic. so long.

[2018-06-24 22:54:14] <Clef> Be ready to accept advice if needed, but stand your ground if you feel it's important enough. There are going to be a lot of people who give you advice based on what has worked in the past, but that's not always the best way to do things.

[2018-06-24 22:54:25] <Clef> that's true wherever you go. Peace

[2018-06-25 12:57:35] <Tuomey> hello, Hanada, do you have a question for staff?
[2018-06-25 12:57:35] <trets> Hello, Hanada.
[2018-06-25 12:58:52] <Hanada> Yes, I wanted to write an SCP of a monster/villain that I wanted to use on a original novel, and I wanted to write it as an SCP because it fits, first of all, and also to get some feedback and get the bearings before writing the whole thing
[2018-06-25 12:58:57] <Hanada> can I do that?
[2018-06-25 12:59:06] <Hanada> also, english is not my native language, sorry about that
[2018-06-25 12:59:28] <KillerZavatar> pretty sure SCPs can't be used commercially
[2018-06-25 12:59:46] <Tuomey> SCPs can be used commercially, so long as the license is followed
[2018-06-25 12:59:49] <Tuomey> .see licensing guide
[2018-06-25 12:59:49] <jarvis> tuomey: #Licensing Guide# (written 5 years ago by DrClef; rating: +42) - <http://www.scp-wiki.net/licensing-guide>
[2018-06-25 12:59:57] <Hanada> I don't want to refer it as an SCP or anything about the foundation, just the creative writing
[2018-06-25 13:00:42] <Hanada> Yeah, I read that but what I understood was about the name SCP and the foundationverse, etc
[2018-06-25 13:00:50] <Tuomey> For feedback you're going to want to head to #site19 or #thecritters but I'm not sure how many people will want to review something that won't be on our site
[2018-06-25 13:01:22] <Hanada> Sorry, I will try to explain it in another way
[2018-06-25 13:01:39] <Dora> I'd advice against you writing something up as a SCP and post it on the wiki if you want to use it in an original novel
[2018-06-25 13:02:29] <Dora> as the SCP Foundation uses a specific Creative Commons license, one that allows for other people to share and reuse your SCP without having to ask your permission or pay you any royalty
[2018-06-25 13:02:39] <Hanada> lets say I had the idea of slenderman... I would write an SCP-1234 with the concept of the monster, containment and everything, and leave it there, as an ordinary scp, and then after use it as slenderman, with this name and nothing to do with the foundation, just the same idea
[2018-06-25 13:02:54] <Dora> you're free to write up a piece of creative writing in the SCP document format as a writing exercise, of course
[2018-06-25 13:03:12] <Dora> you can do that
[2018-06-25 13:04:04] <Hanada> nice, that was my question.
[2018-06-25 13:04:07] <Hanada> thank you
[2018-06-25 13:04:17] <Dora> "scrubbling" off the details that connect your piece to an established franchise in order to publish it as a standalone is a legitimate procedure
[2018-06-25 13:04:20] <Dora> that has been done before
[2018-06-25 13:04:40] <Dora> outside of a SCP context, even
[2018-06-25 13:04:56] <Dora> just be careful when doing the "scrubbing-off"
[2018-06-25 13:05:23] <Dora> to not miss any details and all that
[2018-06-25 13:05:29] <Hanada> The idea is to have like, a bunch of specimens in one place and the foundation caught one somewhere else without knowledge of the others
[2018-06-25 13:05:43] <Hanada> so they have separate stories
[2018-06-25 13:05:47] <Hanada> but the same species

[2018-06-25 16:25:24] <djKaktus> I'd argue that venting is absolutely productive, especially since kinch is seeing activity on an article that is unprecedented and without response.

[2018-06-25 23:30:13] <Modern_Erasmus> Waterfire: what's up?
[2018-06-25 23:30:30] <Waterfire> OK so
[2018-06-25 23:30:58] <Waterfire> I mentioned before about my friend who made a wikidot account and hadn't applied yet because they forgot to
[2018-06-25 23:30:59] → weryllium joined (our@n.high.school.host.mask)
[2018-06-25 23:31:24] <Modern_Erasmus> Yep
[2018-06-25 23:31:31] <Waterfire> We want to collab on 4000, but obviously they are not a member of the site yet
[2018-06-25 23:31:36] <Modern_Erasmus> Waterfire: is this re: apps opening?
[2018-06-25 23:31:40] <Waterfire> Though they popped into the chat
[2018-06-25 23:31:53] <Waterfire> I mean it's kinda but not directly that
[2018-06-25 23:32:15] <Waterfire> Like, let's say we collaborate on an entry, but don't post until they officially join
[2018-06-25 23:32:16] <Modern_Erasmus> Waterfire: they'll definitely open prior to 4k's posting window, and in the meantime chat and sandbox are open
[2018-06-25 23:32:22] <Modern_Erasmus> Yep
[2018-06-25 23:32:25] <Waterfire> Would that be alright?
[2018-06-25 23:32:32] <Modern_Erasmus> Perfectly fine
[2018-06-25 23:32:53] <Modern_Erasmus> You can always add them to the metadata once their app is processed
[2018-06-25 23:36:48] <Waterfire> TYVM
[2018-06-25 23:39:16] <LordStonefish> Similar question, may an off-site writer receive a co-credit
[2018-06-25 23:47:13] <Modern_Erasmus> LordStonefish: I don't see why not, if they did help to make it. Though that one might be something ProcyonLotor would need to weigh in on..
[2018-06-25 23:47:28] <ProcyonLotor> Oh, totally.
[2018-06-25 23:47:55] <ProcyonLotor> Not sure if that'll work with the metadata but in an "is this allowed", absolutely
[2018-06-25 23:48:12] <Modern_Erasmus> LordStonefish: and there you go

[2018-06-26 07:42:00] <djKaktus> The first is that you can create a specific category to put these sort of pages in, call it "protected" or some such, and then do one of two things to them. Either disable voting entirely (which you can do for categories) or change the voting type to + only
[2018-06-26 07:42:50] <djKaktus> Both options disables the ability to downvote an article. This does override the authority of the +/- system, but it's something that could be doled out in the event of this sort of malicious downvoting.
[2018-06-26 07:43:28] <djKaktus> DrMagnus: looping you in on this as well
[2018-06-26 07:44:06] <djKaktus> Tbh the better option is to just disable voting entirely to create a sense of impartiality to it. All you're doing is remove people's ability to vote on a page.
[2018-06-26 07:44:11] <djKaktus> Or rather, pages in a category.
[2018-06-26 07:44:27] <djKaktus> Until such time that it's decided the brigade has dispersed or whatever.

[2018-06-26 16:40:09] <Levi> Rodzilla: scp file follows a format.
[2018-06-26 16:40:19] <Levi> Tale follows any type of format, mostly normal prose
[2018-06-26 16:40:27] <Levi> *scp files notwithstanding format screws
[2018-06-26 16:41:31] <Rodzilla> so, a tale is a narrative piece while an SCP is more formal and to the point?
[2018-06-26 16:42:15] <Levi> Rodzilla both are narrative pieces. However, tales tend to be more prose related and don't really follow a strict format. Also, they're not something you'd post on the mainlist.
[2018-06-26 16:42:34] <Levi> I think Scantron posted something describing the SCP format how in many ways it is a dissection.

[2018-06-26 19:57:26] <Bluedanoob> hey! i was wondering how to streamline the
process of getting feedback from a staff member (or someone with substantial
experience), because I notice that some articles have feedback from multiple
operational and junior staff. is there a faster way to get that than just lurking
in chat? is it acceptable to just PM someone on the forum critique team?
[2018-06-26 19:58:08] <ARD> Bluedanoob: That's fine but in many cases the people
who have gotten feedback from said staff tend to be established authors
[2018-06-26 19:58:18] <DrMagnus> Easiest way is to either pm a forum crit member
(for the love of god, not magnus)
[2018-06-26 19:58:25] <DrMagnus> Or, hang around, become friends with people, and
bug them
[2018-06-26 19:58:28] <ARD> This is because they have proven that they have the
chops to both accept feedback, incorporate it, and finish an article using it
[2018-06-26 19:58:48] <Bluedanoob> yeah, i'm getting back into the game after 4 and
a half years, so it makes sense that i'd need to cultivate some sort of presence,
[2018-06-26 19:58:54] <ARD> Which makes said staff- who generally have a lot of
other stuff to deal with - more willing to put in the effort
[2018-06-26 19:59:31] <Bluedanoob> that makes total sense. you dont wanna waste
your time, especially if you're being asked because of your specialized skills
[2018-06-26 19:59:37] <DrMagnus> You can always pull a hippo or captain kirby and
show up, kick down a door, and present insanely good writing.
[2018-06-26 19:59:45] <DrMagnus> (BUT that's kind of a rarity)

[2018-06-26 20:00:22] <DrMagnus> which ones?

[2018-06-27 03:41:15] <tia> i've been looking to join this site for a while now, to write SCPs and such, but i'm not too sure how. this probably sounds idiotic, but when i click on the join tab, i take it where you'd usually write an application, it says 'You can not apply. Membership via application is not enabled for this site.' i'm kinda confused here...

[2018-06-27 03:41:37] <tia> if i'm completely wrong about this whole thing, please would you tell me how to join?

[2018-06-28 07:51:55] <minmin> you might have to wait for it to be declined before you can reapply again

[2018-06-28 07:51:55] <minmin> sorz

[2018-06-28 07:52:10] <Nuqhudirg> it has been declined which is why i am here

[2018-06-28 07:52:40] <minmin> oof

[2018-06-28 07:52:45] <minmin> I've forgotten how applications work

[2018-06-28 07:53:06] <Nuqhudirg> ok i am looking on my mobile now again too and there the passcode is different now too and i am even more confused

[2018-06-28 07:53:48] <minmin> where are you finding this passcode

[2018-06-28 07:54:02] <Nuqhudirg> that is weird because i copied and pasted the code as i am prone to mistyping a lot on mobile

[2018-06-28 07:54:25] <Nuqhudirg> on the Guide for Newbies site in the Site Behaviour tab

[2018-06-28 07:55:10] <minmin> ;_;

[2018-06-28 07:55:16] <Nuqhudirg> ok so then if the reason was not the wrong passcode what could be the reason for being declined?

[2018-06-28 07:55:51] <Lily> Multiple times

[2018-06-28 07:56:01] <Nuqhudirg> ?

[2018-06-29 00:47:38] <Dharmic> What am I looking for? Basically less strict and
more informal application of community standards. It feels (because something like
this would be hard to quantify) by trying to be inclusive the type and amount of
people who can participate within the community has been reduced. Reading the user
notes and discipline logs on O5 command lead me to feel that some of the drama is
caused by seeing malice where there probably wasn't. Then the
[2018-06-29 00:47:38] <Dharmic> other party has a negative response in return
because they feel attacked. Sometimes the mods may even describe something as
"immature" without any acknowledgement of differing sociocultural perspectives or
registers . That kind of Manichean thinking causes more problems than it solves. I
know this will probably be seen as some dude bro bullshit; but, that's what I see
as potential problems that will still exist in the future. Just had to
[2018-06-29 00:47:41] <Dharmic> get that off my chest. <ProcyonLotor>
[2018-06-29 00:48:08] <Roget> ???
[2018-06-29 00:48:20] <Roget> do you have questions for staff or
[2018-06-29 00:48:50] <ProcyonLotor> That will not be changing, Dharmic.
[2018-06-29 00:49:02] <ProcyonLotor> We have high standards for our community, and
have no plans to lessen them.
[2018-06-29 00:49:18] <Dharmic> I was asked, "What exactly are you looking for?" So
I just wanted to make a comment on that.
[2018-06-29 00:49:37] <ProcyonLotor> You came in in the middle of something, Roget.
[2018-06-29 00:49:48] <Roget> oh okay

your post?
[2018-06-29 00:51:35] <ProcyonLotor> I mean, I largely disagree with your
interpretation besides the occasional mishap, which, well, we're only human.
[2018-06-29 00:51:41] <Roget> An O5 post you feel we handled incorrectly and how we
might do it better?

[2018-06-29 16:28:08] <Modern_Erasmus> LordStonefish: what's up?
[2018-06-29 16:28:23] <Modern_Erasmus> Jazstar: also I can help if you still need it
[2018-06-29 16:28:42] <LordStonefish> A couple of months ago I was junior staff on wikiwalk, but I was busy with school and work and could not do my duties. In addition, I found the work somewhat unrewarding.

[2018-06-29 16:30:26] <LordStonefish> I was wondering if there are any staff positions open at the current time, as I am finally free and willing to step in where there are holes
[2018-06-29 16:30:58] <Modern_Erasmus> LordStonefish: I'll put the word out. Is there any teams you're particularly interested in or qualified for?
[2018-06-29 16:31:17] <LordStonefish> I think I can be of help on Internet Outreach
[2018-06-29 16:31:17] <subtletea> I could see if you can help me with the dA, if you'd like.
[2018-06-29 16:31:21] <subtletea> Trying to get someone to support me is like herding cats.
[2018-06-29 16:31:23] <Jazstar> LordStonefish: I thought you just said that you were done with the wiki last week?
[2018-06-29 16:31:41] <Modern_Erasmus> LordStonefish: speaking as someone on IO, we could use it
[2018-06-29 16:31:47] <LordStonefish> Jazstar: yes but I want to try and do something so I don't completely burn out
[2018-06-29 16:31:51] <Modern_Erasmus> LordStonefish: I'll talk to roget about it today
[2018-06-29 16:31:54] <Jazstar> Fair enough.
[2018-06-29 16:32:12] <LordStonefish> I'd like to be able to run the twitter, tumblr, deviantart, subreddit, whatever
[2018-06-29 16:32:19] <Jazstar> Modern_Erasmus: Ok. So, Zyn has given me permission to create new 05command threads, but since I've never done so before, I'd like some guidance. Should I create a (non-disc) thread for a user with zero draft forum posts, no sandbox, and three coldposts within 24 hours?
[2018-06-29 16:32:38] <subtletea> LordStonefish: You can probably get on with me running the dA, I'll speak to Rog.

[2018-06-29 16:37:56] <Modern_Erasmus> Jazstar: coldpost spam is more the domain of disc or site crit than forum crit

[2018-06-29 16:38:13] <Jazstar> Aaaaah, yeah, that makes sense. In that case, any site crit around?

it.
[2018-06-30 01:42:39] <weryllium> The author can do whatever they want to their
works.

can do about it.
[2018-06-30 01:45:08] <ChaoSera> You realize there was no collective decision to
change it, right? The author decided he wants something different so he changed it

 [2018-06-30 19:23:52] <PeppersGhost> oop, just saw that the forum is locked, which seems to deconfirm that this is the case :p
 [2018-06-30 19:24:31] <Modern_Erasmus> PeppersGhost: in the past people have mostly done fan contests/challenges in I and B
 [2018-06-30 19:24:59] <Modern_Erasmus> Ie the no tag challenge, the randomized challenge, the empty country challenge, etc
 [2018-06-30 19:25:48] <PeppersGhost> Modern_Erasmus: This is a very different kind of contest, though, and I don't think it fits I&B

[2018-07-01 05:56:48] <Jazstar> Uuh... Is it just me or is the "Event Feature: fire
monthly feature #1" extremely weirdly spaced on the main page?
[2018-07-01 05:57:16] <Jazstar>
<https://usercontent.ircccloud-cdn.com/file/2uwamFzT/Screen%20Shot%202018-07-01%20at%207.56.49%20pm.png>
[2018-07-01 05:57:36] <Taffeta> It works fine on mine
[2018-07-01 05:57:38] <Taffeta> what browser?
[2018-07-01 05:57:49] <Jazstar> Safari. Never had this issue before.
[2018-07-01 05:57:53] <Jazstar> Let me check chrome.
[2018-07-01 05:57:56] <Taffeta> Interesting
[2018-07-01 05:58:00] <Taffeta> I can check Safari on my computer
[2018-07-01 05:58:19] <Taffeta> Okay, yeah, this is a Safari issue
[2018-07-01 05:58:19] <Jazstar> Please do
[2018-07-01 05:58:28] <Jazstar> Yeah, chrome's working fine.
[2018-07-01 05:58:31] <Taffeta> It works fine on Firefox? But I'm getting that on
Safari too
[2018-07-01 05:58:41] <Jazstar> That's really odd. It's never looked like this up
until now.
[2018-07-01 05:58:50] <Taffeta> Yeah
[2018-07-01 05:59:00] <Taffeta> I don't *think* there's anything about the site
theme that would make something like this bodge up
[2018-07-01 05:59:16] <Jazstar> I mean, look - even the text in the news section
below is spaced around the thing lol
[2018-07-01 06:02:19] <Jazstar> Who's responsible for updating the front page?
Might be a good idea just to give them a heads up about this issue, see if they did
anything different this time around.
[2018-07-01 06:02:43] <Jazstar> ... Looks like Zyn broked it lol
[2018-07-01 06:03:44] <Jazstar> .tell Zyn Not sure what you did, but after your
latest edit on the main page, it looks like this <https://usercontent.ircccloud-cdn.com/file/2uwamFzT/Screen%20Shot%202018-07-01%20at%207.56.49%20pm.png> on Safari,

[2018-07-01 18:38:20] <Decibelle> people have made listpage modules on their author pages or on-site sandboxes before
[2018-07-01 18:38:23] <Decibelle> but thats about it
[2018-07-01 18:39:07] <scpcrnp> I made one for myself so I can have a holistic picture of what's happening. I thought it may be useful so posted it but was told I should get approval first.
[2018-07-01 18:39:08] <ARD> CO doesn't want to provide this page because we are worried about a snowball effect - users see pages that came early and racked up votes and then flock to those pages, ignoring the other entries
[2018-07-01 18:40:04] <scpcrnp> That would explain why there hasn't been one then.
[2018-07-01 18:41:58] <ARD> We don't have an issue with people having such modules on their personal author pages - that's their prerogative and we can't do anything about author pages.

 [2018-07-02 19:26:25] <MrAnakinSpecter> what's up?
 [2018-07-02 19:26:41] <PeppersGhost> So, between botnik-J and 001-ex, if I post one
 more article using skipnik, would it be okay if I made an author page for it?

[2018-07-02 19:27:16] <Decibelle> an author page for a character?
[2018-07-02 19:27:17] <Taffeta> wow, this just got really existential all of a sudden
[2018-07-02 19:27:30] <Taffeta> does the site recognise the personhood of a predictive text neural network
[2018-07-02 19:27:31] <Decibelle> i mean, you can make it a tale
[2018-07-02 19:27:39] <Decibelle> even if you wanna frame it as an author page
[2018-07-02 19:27:47] <Decibelle> but it couldnt be tagged as an author page
[2018-07-02 19:28:05] <MrAnakinSpecter> damn that's some legal precedent

[2018-07-02 19:29:06] <Decibelle> PeppersGhost: i mean, neural network articles are not that new. themadstork posted a 3000 entry that was at least half done by a neural network
[2018-07-02 19:29:11] <PeppersGhost> (we already have a tale listed on the author list, soon....)

[2018-07-02 19:29:59] <Tuomey> an argument could be made for a hub/series page

[2018-07-03 15:19:22] <ihp> I've been using the tag search page (

wiki.net/tag-search) to keep up with the running of the 4000 contest, by looking at the "4000" tag, and while most of the ratings are accurate, there are a couple with big discrepancies. Specifically, Kirby's has a two-point difference Mine has a seven-point difference, and Clef's has over a 20-point difference, but the rest are up to date. Any idea how to force an update on this?

 [2018-07-04 03:16:12] <Mylor> Hello
 [2018-07-04 03:16:37] <ChaoSera> Hi
 [2018-07-04 03:16:41] <ChaoSera> Do you have a question for staff?
 [2018-07-04 03:16:58] <Mylor> I think I do but Im not sure if I should ask here
 [2018-07-04 03:17:29] <ChaoSera> This is the channel for staff questions, so if not here then I don't know where
 [2018-07-04 03:17:40] <Mylor> Okay
 [2018-07-04 03:18:18] <Mylor> My question is: What happened to SCP-1822?
 [2018-07-04 03:18:31] <Mylor> Does it not exist anymore is what I mean
 [2018-07-04 03:18:36] <ChaoSera> SCP-1822
 [2018-07-04 03:18:36] <jarvis> chaosera: Page not found.
 [2018-07-04 03:18:43] <ChaoSera> Yes, looks like it got deleted
 [2018-07-04 03:19:08] <Mylor> Ah
 [2018-07-04 03:20:01] <Mylor> It was bothering me since even the forums regarding it were deleted
 [2018-07-04 03:20:15] <ChaoSera> You mean the comment thread?
 [2018-07-04 03:20:38] <ChaoSera> Unfortunately there's no way around that with the way wikidot works
 [2018-07-04 03:21:03] <Mylor> Meaning.... 1822 will never be replaced? :?
 [2018-07-04 03:21:54] <ChaoSera> No, someone will eventually put a new article in the slot
 [2018-07-04 03:22:07] <ChaoSera> Probably won't even take long, series 2 spots are in high demand
 [2018-07-04 03:22:44] <Mylor> Ah. Got it
 [2018-07-04 03:22:58] <Mylor> I guess my last question would be

 [2018-07-04 03:25:59] <Mylor> I mean is it just the name of the previous skip or something?
 [2018-07-04 03:26:24] <ChaoSera> Yeah, it wasn't deleted along with the scip
 [2018-07-04 03:27:44] <Mylor> Ah
 [2018-07-04 03:27:50] <Mylor> Okay then. Thank you
 [2018-07-04 03:27:59] <Mylor> It was bothering me so much
 [2018-07-04 03:28:03] <ChaoSera> No problem
 [2018-07-04 03:28:23] <Taffeta> Oh uh
 [2018-07-04 03:28:30] <Taffeta> That was because someone changed their SCP to that slot
 [2018-07-04 03:28:33] <Taffeta> Then changed it back

[2018-07-04 21:56:44] <Zyn> It seems like the issue was with the feedback you gave

[2018-07-04 21:57:25] <Zyn> Jazstar: by all means.

[2018-07-04 21:57:25] <HomelessHeterotroph> Kirby can attest to that,

[2018-07-04 21:57:27] <TyGently> this complaint is outside of my jurisdiction but I will say while I'm here that there is no hard and fast rule of what pings operators. I am personally pinged by both singular and plural forms of the shortening.

[2018-07-04 21:57:41] <Zyn> Jazstar: er, that is, put in your cents.

[2018-07-04 21:58:03] <mlister> TyGently I stand corrected.

[2018-07-04 21:58:44] <Jazstar> HomelessHeterotroph: I've personally noticed you giving less than stellar crit in the chat myself. I think the concern is that, because it's in chat, it doesn't get seen by forum criticism members

[2018-07-04 21:59:03] <Jazstar> The problem with that is that new members walk away with the wrong impression, and we aren't around to correct that

[2018-07-04 21:59:42] <HomelessHeterotroph> Right, so i can curb that, kind of disapointing that it had to go to and 05-Thread from someone to voice that to me, but i can correct it none-the-less.

[2018-07-04 21:59:43] <Jazstar> The non-disc thread in question appears to have been entirely concerned with the feedback you've been giving, not you as a person.

[2018-07-04 22:00:05] <Jazstar> But here's the thing - you have been told that your crit isn't good in the past.

[2018-07-04 22:00:09] <HomelessHeterotroph> Alright, thanks, sorry for taking time out of your 4th of July, or day in general.

[2018-07-04 22:00:23] <Jazstar> I'm an Aussie so no 4th of July for me~

[2018-07-04 22:00:29] <Zyn> Hmm.

[2018-07-04 22:00:33] <Zyn> At any rate, this belongs in the chat threads

[2018-07-04 22:00:35] <Zyn> not non-disc

[2018-07-04 22:00:57] <HomelessHeterotroph> I had "my article isn't good" in the past, but not a "stop critting like that" that i can remember,

[2018-07-04 22:01:24] <Jazstar> I mean, the google doc thing was a prime example of people telling you "this crit is not acceptable", iirc

[2018-07-04 22:02:15] <HomelessHeterotroph> And that i changed, i think the issue of how blunt i am with skips that i see as plausibly failing is a separate matter, but i digress i see your point none-the-less.

[2018-07-04 22:03:10] <Zyn> HomelessHeterotroph: also, for the record

[2018-07-04 22:03:32] <Zyn> while I'm flattered at being given the title "crit goddess"

[2018-07-04 22:03:48] <Zyn> I feel like it merits mentioning that my downvote

moment threshold is admittedly pretty high.

[2018-07-04 22:03:50] <Jazstar> I do agree with Zyn that this is a chat thing, not a non-disc thing, but either way it was not a personal attack by any means. I know that sometimes it can feel that way.

[2018-07-04 22:03:54] <Zyn> I actually really, really don't like giving downvotes.

[2018-07-04 22:04:09] <HomelessHeterotroph> I hadn't considered that.

[2018-07-04 22:04:15] <Zyn> Most of the time if I don't like a draft, I'll novote it unless it's insanely bad.

[2018-07-04 22:04:32] <Zyn> I'll edit my usual blurb though; I can see how it'd be confusing.

[2018-07-04 22:04:49] <Zyn> Jazstar: I've moved the thread, at any rate. It may very well be buried in a month.

[2018-07-04 22:04:55] <taylor_iOStkin> Zyn: mind if I say something real quick?

[2018-07-04 22:05:06] <taylor_iOStkin> On a user-to-user basis

[2018-07-04 22:05:09] <Jazstar> If it's buried, that's great - it means that there's no more complaints :D

[2018-07-04 22:05:12] <taylor_iOStkin> Not as a forum crit member

[2018-07-04 22:05:17] <HomelessHeterotroph> Yeah i know its you :)

[2018-07-04 22:05:29] <HomelessHeterotroph> Your fine,

[2018-07-04 22:05:39] <HomelessHeterotroph> It was silly of me to bring this up in site-17

[2018-07-04 22:06:35] <taylor_iOStkin> Er

[2018-07-04 22:06:42] <taylor_iOStkin> You know what on second thought nah

[2018-07-04 22:07:04] <Jazstar> HomelessHeterotroph: Do feel free to bring any concerns to 17 - that's what it's here for!

[2018-07-04 22:07:11] <Zyn> ^

[2018-07-04 22:08:13] <Jazstar> Having said that, it might be a good idea for you to take the concerns which the anon forum crit member brought up and see if you need to change your crit style. Forum crit usually know what they're talking about better than the average Joe ;)

[2018-07-04 23:49:23] → Levi joined (let@your.scalp.breath)
[2018-07-04 23:50:41] <ProcyonLotor> I mean, an accusation of bias does not mean
there is actual bias.
[2018-07-04 23:50:42] <tretter> It depends on what you're asking. But if you have
specific questions about a specific staff member, it may be better to PM one of us,
instead of posting in a public chat.
[2018-07-04 23:50:54] <ProcyonLotor> If you are asking if you'll be treated fairly,
the answer is yes.
[2018-07-04 23:51:05] <Pratten> Yeah, being treated fairly

[2018-07-04 23:53:28] <Pratten> Well, the questions are about their behavior.
Recent behavior, not their behavior in early June with that stupid LGBT stuff.
[2018-07-04 23:54:32] <ProcyonLotor> Go on.
[2018-07-04 23:54:39] <ProcyonLotor> It would really help if you actually named the
person.
[2018-07-04 23:54:53] <Pratten> It's Kaktus...
[2018-07-04 23:55:08] <ProcyonLotor> Who is not a staff member and has not been for
a period of some time.
[2018-07-04 23:55:18] <Pratten> They actually stepped down now?
[2018-07-04 23:55:30] <Pratten> Didn't know that part, sorry about that
[2018-07-04 23:55:38] <ProcyonLotor> Long before June.
[2018-07-04 23:55:51] <tretter> They have not been staff for more than a year and a
half. And they stepped down from reddit moderation a few weeks ago.
[2018-07-04 23:56:02] <ProcyonLotor> And their position on the reddit did not
translate to a position of staff on the Internet Outreach team.
[2018-07-04 23:56:19] <ProcyonLotor> Until recently, the reddit was in a weird
position where everyone on it was not necessarily IO staff.
[2018-07-04 23:56:35] <Pratten> Okay
[2018-07-04 23:56:47] <ProcyonLotor> Would you like to bring a complaint about
kaktus as a user? Because you can't bring a staff complaint against someone who
isn't, uh, staff.
[2018-07-04 23:56:55] <Pratten> No no no
[2018-07-04 23:57:05] <Pratten> It's not a staff complaint
[2018-07-04 23:57:08] * BusyVolt → MobileVolt
[2018-07-04 23:57:26] <Pratten> It's more of concern that he's gonna snap and
fucking go ballistic with other rallying behind him
[2018-07-04 23:57:49] <ARD> Trust me
[2018-07-04 23:57:49] <Pratten> I know that sounds crazy, but from his posts, it
looks like he will go down that road.

[2018-07-04 23:57:53] <ProcyonLotor> I mean, with all due respect, we're not particularly interested in concerns about other's potential future behavior.
[2018-07-04 23:57:55] <ARD> If he did, nobody would rally behind him
[2018-07-04 23:57:57] <ProcyonLotor> At all.
[2018-07-04 23:58:15] <ProcyonLotor> Do you have any complaints that kaktus's //present behavior// is violating the rules?
[2018-07-04 23:58:52] <Pratten> Honestly I don't know if him taking my concerns about him in a weird light is being a dick or not. I don't even know anymore
[2018-07-04 23:59:29] <Pratten> Do I sound crazy to you?
[2018-07-04 23:59:52] <ProcyonLotor> You sound like someone who comes in with a complaint and then is very pointedly not making that complaint
[2018-07-04 23:59:53] <Taffeta> I would say weird doomsaying about people based on reactions to situations which would probably colour most people's judgement in ways that they normally wouldn't
[2018-07-05 00:00:02] <ProcyonLotor> Which is infinitely more frustrating than if you were legitimately crazy.
[2018-07-05 00:00:38] <minmin> it doesn't sound crazy but if I did the same suspecting about any rando of the week in a public chat, I'd be out of a position of authority
[2018-07-05 00:01:54] <Pratten> Give me a sec, I'm shifting through the chat
[2018-07-05 00:02:02] <ProcyonLotor> I'll ask you this one last time, Pratten: do you have a complaint that djkaktus has presently broken the rules of the site?
[2018-07-05 00:02:19] <ProcyonLotor> Take all the time you need, but whatever you're looking for better be along those lines.

in an article, but you aren't allowed to roleplay as a character in the forums or
