[2018-07-06 17:57:37] <Soulless> And I would recommend no one else does either

[2018-07-06 17:57:40] <Soulless> Now,

[2018-07-06 17:57:55] <Soulless> Yes, in particular, as an administrator of another site created explicitly with the desire not to be involved with the SCP Foundation, linking to our articles with the explicit desire of showing some negative thing, to an official channel for which you have authority and social push, is a basic social dynamic that contextually encourages the people around you to also view something negatively.

[2018-07-06 17:58:06] <Soulless> I'm unaware if you are unaware of how people function in groups, so that is the explanation.

[2018-07-06 17:58:35] <Soulless> If you would like more clarification of how people function in groups, I can link you wikipedia on social dynamics.

[2018-07-06 17:58:52] <Levi> I downloaded it, it does describe the nature of their personal dislike for the article. I asked specifically for a review of it over wikidot PM out of genuine curiosity. Not sure if that's relevant or not, but thought it prudent to lay that down on the table.

[2018-07-06 18:05:08] <Soulless> CF0perator, a knowledge of social dynamics is absolutely necessary in the process of judging and assessing evidence that includes social interactions. Please let me know if there are other questions or concerns about social dynamics and how to evaluate social situations. Unfortunately, there is no circumstantial evidence here; that implies that the evidence produced could only have been related to you by circumstance. This makes
[2018-07-06 18:05:08] <Soulless> no sense, because the evidence has been produced /by/ you or other RPC Authority members.
[2018-07-06 18:05:12] <Soulless> I hope this clarifies.
[2018-07-06 18:05:22] <Soulless> Please let me know if there are other questions or concerns.
[2018-07-06 18:07:06] <CF0perator> Yes. One is a statement and the other is a statement of opinion. Additionally, that is not the definition of circumstantial evidence, this is: Circumstantial evidence is evidence that relies on an inference to connect it to a conclusion of fact—like a fingerprint at the scene of a crime. By contrast, direct evidence supports the truth of an assertion directly
[2018-07-06 18:07:21] <CF0perator> Here is a wikipedia article on the issue https://en.wikipedia.org/wiki/Circumstantial_evidence

[2018-07-06 18:30:40] <Quikngruvn> CFO, you seem to be under the mistaken impression that a downvote brigade has to explicitly say "go downvote this" when, in reality, it does not.

[2018-07-06 18:30:48] <Soulless> CFOperator, are you confused about anything else?

[2018-07-06 18:31:24] <CFOperator> You still have not shown me why I was banned. Was it for expressing an opinion?

[2018-07-06 18:31:32] <Soulless> I have linked you to why you were banned.

[2018-07-06 18:31:36] <Soulless> Are you confused about anything else?

[2018-07-06 18:31:39] <CFOperator> Nowhere in the site rules prevents me from sharing links to articles

[2018-07-06 18:31:49] <Soulless> I have cited the specific rule in question.

[2018-07-06 18:31:53] <Soulless> Is there anything else?

[2018-07-06 18:31:59] <CFOperator> Neither does it prevent me from sharing them off site with negative opinions

[2018-07-06 18:32:14] <Soulless> I have explained the situation based on fundamental group psychology.

[2018-07-06 18:32:17] <Soulless> Is there anything else?
[2018-07-06 18:32:25] <CFOperator> That is not in the rules.
[2018-07-06 18:32:31] <Soulless> I have explained the explicit rule.
[2018-07-06 18:32:34] <Soulless> Is there anything else?
[2018-07-06 18:32:41] <CFOperator> No you have not

[2018-07-06 18:39:30] <ChaoSera> CFOperator: We don't need to have a literal rule against every possible thing a user can do. That is both impossible and impractical, and we are not a court of law. At some point we rely on reasonable judgement and we have very clearly reached that point. Your attempt at getting out of the ban on the basis that you think we need everything written down will get you nowhere

[2018-07-07 01:32:52] <ghostpage> Crocket_Lawnchair: hi, do you mean on wikidot or irc?
[2018-07-07 01:33:47] <Crocket_Lawnchair> It an account for the SCP wiki, which I assume IRC means
[2018-07-07 01:34:10] <ghostpage> Nope, irc is what you're talking in right now, lol

[2018-07-07 01:35:02] <ghostpage> Wikidot and the site also have separate things; we're hosted by wikidot, and you make an account with them, then join the site; the application can take several days
[2018-07-07 01:35:09] <Crocket_Lawnchair> I already have a wikidot account
[2018-07-07 01:35:30] <ghostpage> Ops, probably sthn y'all can help with more
[2018-07-07 01:35:50] <Roget> hey what's the question?

[2018-07-07 13:19:14] <Bounc1> sometimes your gmail will incorrectly assume the
wikidot email is a spam email, so we usually advise people to check their spam
folder

[2018-07-08 16:17:38] <ARD> Macmillan: no
[2018-07-08 16:17:55] <ARD> though I will say that the longer an article is, the harder it is to get readers invested in it
[2018-07-08 16:17:55] <Dave> Isn't the definition of "too long" just "longer than the reader's interest"?

[2018-07-08 16:18:57] <Macmillan> I'm not some sort of "writing God with too much to say", but basically, my SCP is that the letter "Y" was never a real letter, and was just added to human language during a CK-Class scenario. There's a bit more than that, but anyways, I just compiled the top fifty words that have the letter Y in them, and showed how they were spelled before the incident.
[2018-07-08 16:19:27] <Tuomey> that's not, like, a ridiculously long list
[2018-07-08 16:19:45] <m1ister> I mean, that doesn't sound too terribly interesting, but someone got away with writing a fictional dictionary once.
[2018-07-08 16:19:47] <Macmillan> I'm thinking of doing the same thing for every word containing the letter Y. I'm not expecting someone to read through every single item, but I think it would be cool to do, and I think it's something an in-universe foundation would do.

[2018-07-08 16:19:55] <Tuomey> although I'd advise you to format it in columns, such that it's 25 lines long rather than full 50

[2018-07-08 16:19:57] <Macmillan> Except there are 1904 words containing the letter Y

[2018-07-08 16:20:05] <Macmillan> Tuomey That's the long list.

[2018-07-08 16:20:06] <Tuomey> that would be a bit much

[2018-07-08 16:20:16] <Tuomey> like, ridiculously so

[2018-07-08 16:20:22] <Macmillan> I figured.

[2018-07-08 16:20:31] <AbsentmindedNihilist> make that a supplement if you do it at all

[2018-07-08 16:20:35] <spookybee> Tuomey: do u mind if I speak in regards to the topic

[2018-07-08 16:20:48] <Tuomey> As a supplement, it'd be fine but short of there being something really REALLY cool about it it's not good for being in the main article imo

[2018-07-08 16:20:48] <Macmillan> It already is in a separate document.

[2018-07-08 16:20:51] <Tuomey> spookybee: go ahead

[2018-07-08 16:20:57] <spookybee> Macmillan: howdy doody

[2018-07-08 16:21:05] <Macmillan> Hey?

[2018-07-08 16:21:09] <spookybee> IRT a topic being too long, it's not really the length of the article you should worry about.

[2018-07-08 16:21:20] <spookybee> There's lots of really long articles that people love a lot

[2018-07-08 16:21:57] <spookybee> The important thing is to make sure that you can write an article that keeps peoples' attention without necessarily needing the additional logs and addendums etc. to still have a good article.

[2018-07-08 16:22:12] <Macmillan> Yeah, it wouldn't be included in the main article, just as a side document. I know it's a little crazy to list every single word with the letter Y in it, but I think it would be fun.

[2018-07-08 16:22:29] <Macmillan> And yeah, this wouldn't be a crutch to make the article seem like it took a long time to do.

[2018-07-08 16:22:37] <Macmillan> This is strictly a side-thing.

[2018-07-08 16:22:41] <spookybee> I'm a bit bias here but 093 is possibly our best example of a really long article. It's got numerous additional logs and tests but you really don't need to read any of them to get the gist, they're just extra sprinkled on flavor that makes the meal even better than it already is

[2018-07-08 16:23:21] <Macmillan> So is that a yay or nay to this 1'904 chart in the side document?

[2018-07-08 16:24:07] <spookybee> Hmm

[2018-07-08 16:24:12] <spookybee> I'm honestly not sure

[2018-07-08 16:24:29] <spookybee> that sounds like One Hell Of An Experiment but honestly there's literally no harm in trying

[2018-07-08 16:24:40] <Macmillan> I'll put it like this; If I were to do this, would it take away more than it would add?

[2018-07-08 16:24:47] <ARD> Macmillan: I think it would

[2018-07-08 16:24:48] <ARD> here's why

[2018-07-08 16:25:03] <ARD> What on earth am I going to get from this page that I wouldn't get from a dictionary?

[2018-07-08 16:25:09] <spookybee> If the article manages to pull off what you want then Awesome and keep doing what worked, and if it fails then you at least will probably get criticism and know what you did wrong for your next attempt

[2018-07-08 16:25:45] <ARD> Now I wanna read this supplement

[2018-07-08 16:25:48] <ARD> Oh boy it's

[2018-07-08 16:27:37] <Macmillan> One of the plot points I'm playing off of, is that many Foundation Personnel don't want to use an anomaly in their day to day communication.

[2018-07-08 17:04:05] <MaliceAF> it might just be a sandbox issue

[2018-07-08 17:04:07] <stormbreath> fwiw, the size it is currently at still looks good

[2018-07-08 17:04:45] <MaliceAF> oh yeah, but I'd rather find out what the issue is

[2018-07-08 17:05:35] <Veiedhimaedhr> That's good. It's not the most important part of the article but iz pretty

I was going to continue the series the tale was a part of, but I have no idea how to go about claiming it. I sent a PM to Dexanote a few days ago but, never got a reply. So.. Here I am :/

[2018-07-08 22:44:45] <Mendelssohn> the user in question is being weird in the
discussion thread
[2018-07-08 22:44:51] <Mendelssohn> i'm not sure if this is worth keeping an eye on

[2018-07-09 22:54:49] <joshdaboss> Yes, I know that. The main problem is that I've been looking everywhere on this website and can't find anything that says 'Registration'
[2018-07-09 22:54:57] <joshdaboss> I have the Chat Guide open in another tab

[2018-07-09 22:55:05] <tretter> In the second tab of the guide I just linked
[2018-07-09 22:55:13] <tretter> It goes over how to register your nick
[2018-07-09 22:55:14] <joshdaboss> Yes.

already
[2018-07-09 22:55:48] <tretter> Ah, in that case, type the commands from the guide
here, where you're typing now
[2018-07-09 22:56:10] <joshdaboss> just, Registration?

[2018-07-10 12:05:34] <IAmTheOoga> thanks
[2018-07-10 12:05:54] <IAmTheOoga> I've been looking on the wikidot syntax, so in the meantime I'll try to reverse-engineer it.
[2018-07-10 12:06:30] <Mortos> I dont believe there is wikidot syntax for it
[2018-07-10 12:06:33] <Mortos> I think its javascript
[2018-07-10 12:06:49] <IAmTheOoga> hmm. Time to search that then.
[2018-07-10 12:06:54] <Mortos> <http://community.wdfiles.com/local--code/howto%3Adate-how-long-ago/1>
[2018-07-10 12:07:11] <Mortos> this is from that date syntax page, notice how the selection boxes have the current date in them
[2018-07-10 12:07:19] <Tuomey> JS would certainly do it
[2018-07-10 12:07:33] <Mortos> you can check the source code of that page but if you don't understand javascript it'll be a chore
[2018-07-10 12:08:06] <IAmTheOoga> alright. Thanks guys.
[2018-07-10 12:09:44] <Tuomey> honestly the fact that wikidot doesn't do it? KIND OF SHIT
[2018-07-10 12:09:56] <mlistser> Tuomey Would you be around to delete a failed self-delete?
[2018-07-10 12:11:47] <Mortos> IAmTheOoga: if you have any knowledge of javascript, the best way to do it would probably just be to get the system time using JS and then print it into that wikidot date syntax
[2018-07-10 12:11:56] <Tuomey> mlistser: sure
[2018-07-10 12:11:58] <Mortos> Should be fairly minimal that way

[2018-07-10 21:48:42] <ProcyonLotor> Hi.
[2018-07-10 21:48:50] <ProcyonLotor> STAY IN YOUR LANE QUIK
[2018-07-10 21:49:21] <Quikngruvn> THAT'S THE SECOND TIME I'VE BEEN TOLD THAT
TODAY!
[2018-07-10 21:49:22] <ProcyonLotor> What's up, Dave?
[2018-07-10 21:49:31] <Jazstar> This week on Dash Cam Crashes
[2018-07-10 21:49:34] – Quikngruvn disappears.
[2018-07-10 21:49:45] <Dave> Two part question, I guess, depending on the answer to
the first one. Would it be...gauche, I guess, if I asked people to /not/ pick one
Series V SCP slot in particular?
[2018-07-10 21:49:54] <Dave> Like, I don't want it /formally/ reserved or anything
[2018-07-10 21:50:13] <Dave> but I don't want to write a 4K entry, since I don't
have an idea that I actually want to /win/
[2018-07-10 21:50:19] <Dave> but I do want one particular slot
[2018-07-10 21:50:22] <ARD> ProcyonLotor: my lord is this legal?

[2018-07-10 21:50:24] <Dave> for an unrelated SCP
[2018-07-10 21:50:29] * Dexanote → Dexandroid
[2018-07-10 21:50:41] * Dexandroid → Dexanote
[2018-07-10 21:50:50] <ProcyonLotor> Well, you can //ask// whatever you like of other users. They are free to ignore you or obey you as they so choose.
[2018-07-10 21:50:59] <ARD> He will make it legal
[2018-07-10 21:51:01] <ProcyonLotor> If you're asking how it would be received...
[2018-07-10 21:51:12] <Dave> Yeah, mostly that.
[2018-07-10 21:51:27] <Dave> Like, do you anticipate that someone would just say "fuck you dummy, that's mine now"?
[2018-07-10 21:51:41] <ProcyonLotor> I can see it on one hand as a reasonable request, I can see it on the other as a fairly presumptive act. I can't really decide how people react as a staff member. User mind control is scheduled for q2 2019.
[2018-07-10 21:51:51] <ProcyonLotor> I personally doubt that anyone will do that, but can grant you no assurances.
[2018-07-10 21:52:24] <Dave> Okay, so question 2, then. /Would/ it be a violation of the 4K contest rules if I just added an entry into the contest just to float through and get me a guaranteed Series V slot?
[2018-07-10 21:52:31] <Dave> With no intention of winning?
[2018-07-10 21:52:39] <Quikngruvn> Oh, hell no.
[2018-07-10 21:52:48] <rumetzen> > does that
[2018-07-10 21:52:52] <rumetzen> >wins anyway
[2018-07-10 21:52:54] <Dave> That's...difficult to parse as an answer
[2018-07-10 21:53:01] <ProcyonLotor> I mean, it's kinda against the spirit of the thing, and it has to meet the theme.
[2018-07-10 21:53:06] <ProcyonLotor> But can we stop you? No.
[2018-07-10 21:53:20] <Dave> I mean, you /can/ do anything you like. Hence my asking to be sure.
[2018-07-10 21:53:28] <Quikngruvn> It would say it's definitely not a violation.
[2018-07-10 21:53:36] <Quikngruvn> ...since I've done that in previous contests.
[2018-07-10 21:53:39] <ProcyonLotor> I do follow my own rules :P
[2018-07-10 21:53:50] <ProcyonLotor> I would describe it as "acceptable but lame"
[2018-07-10 21:54:47] <Dave> I think the Latin for that is on my family coat of arms.

some Dead Kennedys blaring in the background

[2018-07-12 19:43:30] <pwasmadwagon> :)

[2018-07-12 19:43:45] <trets> Either just use line breaks. Where you hit enter two or three times between paragraphs

[2018-07-12 19:43:51] <trets> Or if you mean in quote blocks

[2018-07-12 19:44:02] <trets> Just use an empty >

[2018-07-12 19:44:08] <pwasmadwagon> no quote blocks, just standard text

[2018-07-12 19:44:18] <trets> Yeah, just hit enter a few times then

[2018-07-12 19:44:44] <pwasmadwagon> I press enter several times but I dont see more than one space between paragraphs

[2018-07-12 19:44:46] <pwasmadwagon> :(

[2018-07-12 19:46:17] <trets> Ohhhhhh

[2018-07-12 19:46:33] <trets> Yeah, with wikidot you can only have a single empty line between apragraphs

[2018-07-12 19:47:00] <trets> Using two or three of those should give you a few line breaks.

[2018-07-14 18:52:45] <FanimationDomination> I dont quite understand the instructions
[2018-07-14 18:54:02] <FanimationDomination> For the sandbox site
[2018-07-14 18:55:12] <Tuomey> what are you trying to do
[2018-07-14 18:55:48] <FanimationDomination> Create a new tab for my sandbox.
[2018-07-14 18:55:57] <Tuomey> [[tabview]] [[tab title goes here]] first tab content goes here [[/tab]] [[tab second title]] second tab content [[/tab]] [[/tabview]]
[2018-07-14 18:56:32] <Tuomey> just replace "title goes here" and "first tab content goes here" with the relevant stuff
[2018-07-14 18:56:51] <FanimationDomination> Thank you! I've copy pasted the code and put in the info
[2018-07-14 18:57:10] <Tuomey> it still needs to have a tab in the the title box so your code will be like [[tabview]] [[tab BUTTS LOL]] words [[/tab]] and so on
[2018-07-14 18:57:45] <FanimationDomination> Haha. Alright

[2018-07-15 17:59:22] <ihp> Now that Old!2722 is rewritten as !SCP-2117, what's going to happen to crosslinks that originally linked to Old!2722?
[2018-07-15 17:59:23] <jarvis> ihp: #SCP-2117: Solidarity, Stolen# (written 5 hours ago by Ihp; rating: +21) - <http://www.scp-wiki.net/scp-2117>
[2018-07-15 17:59:47] <ihp> Like, off of the top of my head, there's that one Corbenic skip that has the Solidarity nuking Laugh Is Fun in one of the collab logs.
[2018-07-15 17:59:51] <Decibelle> we just update them as necessary if they fit in with the new solidarity
[2018-07-15 18:00:08] <ihp> Fair enough.
[2018-07-15 18:00:10] <Decibelle> did djoric delete his rewrite?
[2018-07-15 18:00:15] <Modern_Erasmus> ihp: I'll replace it in the Heimdall hub if that's cool
[2018-07-15 18:00:26] <ihp> Modern_Erasmus: Yeah.
[2018-07-15 18:00:36] <ihp> Decibelle: His is still up.

[2018-07-15 18:01:17] * taylor_zzz → taylor_i0Stkin
[2018-07-15 18:01:45] <Decibelle> anyway, if theres crosslinks to the old solidarity that dont fit your rewrite, and you dont want to incorporate them into your rewrite to make it fit, then... i mean, honestly, those crosslinks arent really invalid because no canon/different interpretations etc
[2018-07-15 18:01:50] <Decibelle> but its your call if you want them to stick
[2018-07-15 18:02:22] <ihp> Aye, just wondering.
[2018-07-15 18:02:29] <ihp> First time I've done a rewrite of this magnitude before.
[2018-07-15 18:02:51] <mlister> First time anyone has, no?
[2018-07-15 18:02:54] <Decibelle> did you get added to the attribution metadata page for the rewrite?
[2018-07-15 18:02:58] <mlister> (049 doesn't count <_<)
[2018-07-15 18:04:08] <Modern_Erasmus> ihp: I replaced the Heimdall hub link
[2018-07-15 18:04:27] <ihp> Decibelle: I'm not sure how that'd work? Like, this is a rewrite of 2722, but it's not in the same slot.
[2018-07-15 18:04:37] <ihp> To my knowledge, I haven't.
[2018-07-15 18:04:49] <Decibelle> pincier still wrote the original, so we'd still have to put in said attribution even if its for a different slot
[2018-07-15 18:05:02] <ihp> all right.

[2018-07-15 18:05:13] <Decibelle> ill add it to that page
[2018-07-15 18:05:19] <ihp> Don't terribly like their name alongside mine, but...
[2018-07-15 18:05:20] <ihp> *shrug*
[2018-07-15 18:05:27] <ihp> It's policy, so I'll go with it.
[2018-07-15 18:05:42] <ihp> One other thing, Decibelle: if I want to make a page collaborative, I just have to add the "collaboration" tag, yeah?
[2018-07-15 18:05:46] <Decibelle> i can understand, itd just be very disingenuous ya know?
[2018-07-15 18:05:47] <Decibelle> yeah
[2018-07-15 18:05:58] <ihp> Yeah, I get ya.
[2018-07-15 18:06:15] <ihp> and is it "supplement" or "supplemental"?

[2018-07-15 18:06:41] <Decibelle> supplement, collaboration

[2018-07-17 16:55:51] <taylor_itkin> that could be true yeah
[2018-07-17 16:56:22] <Jazstar> Sometimes you get lucky and someone's immediately
available. Sometimes you don't. The drafts forums guarantees feedback within
several days, but membership is required.

[2018-07-17 18:28:49] <Decibelle> also, as a tip: while youre not required to get feedback and critique before posting your article
[2018-07-17 18:28:56] <Decibelle> id strongly recommend doing so
[2018-07-17 18:29:02] <Decibelle> all authors benefit from it, especially new ones
[2018-07-17 18:29:29] <kwulo> ah i see. I made a rough plan already on the SCP i made and its as a Word document
[2018-07-17 18:29:37] <kwulo> Is there anyway i can import that in
[2018-07-17 18:29:44] <kwulo> eiht the images i have
[2018-07-17 18:30:39] <Decibelle> put the article in your sandbox (you can embed images in articles; this is also explained in the how to write an scp guide) and make a new thread in this forum linking to your sandbox:
<http://www.scp-wiki.net/forum/c-50864/help:drafts-and-critiques>
[2018-07-17 18:30:41] <Decibelle> be sure to read the sticky!
[2018-07-17 18:31:27] <Bounc1> the upside of doing the work of putting it on the sandbox is that if you want to post the article, you'll have to format it for wikidot anyway.
[2018-07-17 18:31:41] <kwulo> i already put the text into the site however as I made the images myself in photoshop they are not a url so i can not import them, do you know a way around this
[2018-07-17 18:32:12] <Bounc1> you should be able to upload images
[2018-07-17 18:32:18] <Decibelle> upload the picture to the wikidot page (which you can do by going to the bottom of the sandbox page, going to files, then following the steps to upload your images)
[2018-07-17 18:32:31] <Decibelle> there is code to then put the image in your article in the how to write an scp guide
[2018-07-17 18:32:36] <kwulo> okay ill try

[2018-07-18 13:27:28] <Roget> We believed that your behavior indicated you were not interested in being a civil or respectful member of the community

[2018-07-18 13:27:38] <ChaoSera> You haven't been banned simply because you misgendered a user. You have been banned because you misgendered a user on purpose, with malicious intent and, with the quite literal explanation that they "Don't deserve the respect of being called by their preferred pronouns"

[2018-07-18 13:28:05] <JerryJohn> I misgendered them due to the fact that I believe that a person does not deserve respect as long as they disrespect other users

[2018-07-18 13:28:15] <JerryJohn> kinch has a history of disrespecting other members of the scp wiki

[2018-07-18 13:29:04] <ChaoSera> If anything kinch has a history of reacting badly with people harassing her, which she can hardly be blamed for. And even if she /did/ disrespect other users, that does in no way give you the right to insult and attack her like that

[2018-07-18 13:29:23] <JerryJohn> if you wish to see evidence, I've made a pastebin:<https://pastebin.com/s5Fj5DMh>

[2018-07-18 13:29:46] <ChaoSera> I'm aware of her posts. They are in no way comparable to yours.

[2018-07-18 13:29:55] <JerryJohn> The problem is, is that the vast majority of kinch's replies have been to users who have in now way harassed him

[2018-07-18 13:30:11] <JerryJohn> How are they not comparable to mine?

[2018-07-18 13:30:12] <ChaoSera> Her. And if you continue to purposefully misgender her this appeal is over and denied right now.

[2018-07-18 13:30:22] <JerryJohn> Understood

[2018-07-18 13:31:02] <JerryJohn> Kinch has a much longer history of disrespecting other users

[2018-07-18 13:31:17] <JerryJohn> Can you explain how my comments are somehow worse?

[2018-07-18 13:32:53] <ChaoSera> Sure. Kinch was reacting in a situation where she was constantly been harassed, had slurs and literal death threats sent to her, and her article being downvote brigaded. You, on the other hand, felt the need to attack her because in that situation she apparently didn't react relaxed or positive enough for your taste

[2018-07-18 13:34:19] <JerryJohn> But i've already said that a good number of her replies have been to users who have not harassed her. In fact i've been harassed by kinch myself

[2018-07-18 13:34:42] <JerryJohn> in a discussion form on an article that had nothing to do with her

[2018-07-18 13:35:27] <JerryJohn> the things that she has said to other users should be inexcusable, even if she is supposedly being pressured and harassed by other users

[2018-07-18 13:35:45] <ChaoSera> Are you familiar with the concept of victim blaming?

[2018-07-18 13:35:52] <JerryJohn> Yes

[2018-07-18 13:35:54] <ChaoSera> Because that is literally what you're doing right now

[2018-07-18 13:36:18] <ChaoSera> That's not the definition of victim blaming

[2018-07-18 13:36:41] <ChaoSera> You're saying your attack on her is her fault because she reacted badly when she was being victimized by a massive amount of users

[2018-07-18 13:36:51] <JerryJohn> then i must not know the defenition of victum

blaming, please explain what it is to me

[2018-07-18 13:37:43] <ChaoSera> The - tragically - most common example would be someone saying "It's her own fault she got raped, look how revealing her clothes are"

[2018-07-18 13:37:53] <ChaoSera> Your reason is along the same lines

[2018-07-18 13:39:18] <ChaoSera> That being said, if your only grounds for appeal is that kinch did, in your opinion, something bad too, then you don't have much to stand on

[2018-07-18 13:39:50] <JerryJohn> i've made this appeal because the grounds for my ban have been sparked by this debacle with kinch

[2018-07-18 13:40:30] <ChaoSera> No, the grounds for your ban are your blatant attack on her and her gender identity, which we do not tolerate

[2018-07-18 13:40:56] → Prior joined (laughing@ur.dum.faic)

[2018-07-18 13:40:58] <JerryJohn> just because someone is mistreated, it does not justify their lashing out against other users

[2018-07-18 13:41:13] <JerryJohn> I am not trying to attack kinch

[2018-07-18 13:41:15] <ChaoSera> You mean like you lashed out against kinch just today?

[2018-07-18 13:42:12] <JerryJohn> I didn't lash out. I stated to other users that I would not respect her if she didn't respect other people

[2018-07-18 13:43:08] <JerryJohn> if kinch is that hurt by the actions of other users in the fact that it causes her to insult site members who have done nothing wrong then wouldn't it make sense to not have kinch comment at all?

[2018-07-18 13:43:37] <JerryJohn> prior mistreatment does not justify wrongdoing

[2018-07-18 13:43:42] <ChaoSera> This appeal is about you, not about kinch

[2018-07-18 13:43:50] <JerryJohn> my bad

[2018-07-18 13:43:51] <Lily> interjecting as a trans woman: to misgender a trans person is pretty much an act of violence. There are plenty trans people I #hate #but I wouldn't misgender them; that's too far. It's important to realise this isn't some sjw nonsense or whatever but an integral part of someone's identity. Good to keep in mind.

[2018-07-18 13:44:25] <ChaoSera> As I said before, if your only argument is about kinch's behaviour then you don't have much of a case. Do you have anything else you'd like to say?

[2018-07-18 13:45:15] <stormfallen> Could I make a quick interjection Chao?

[2018-07-18 13:45:20] <ChaoSera> No

[2018-07-18 21:42:24] <VedCrits> So take a look at this thing I'm critting atm:
<http://scp-sandbox-3.wikidot.com/exogaming>
[2018-07-18 21:42:43] <VedCrits> And then take a look at this thing that I
discovered while critting it: <http://www.scp-wiki.net/scp-113>
[2018-07-18 21:42:44] <jarvis> vedcrits: #SCP-113: The Gender-Switcher# (written 9
years ago by Unknown Author, rewritten 8 years ago by kabu, rewritten 4 years ago
by thedeadlymoose; rating: +213) - <http://www.scp-wiki.net/scp-113>
[2018-07-18 21:44:26] <VedCrits> It's obviously not plagiarism (no lines are ripped
or anything) but I was wondering just how hard I should stress the similarity of
style/object and the problems associated thereof

[2018-07-18 21:44:52] <Jazstar> Wowee. This looks like plagiarism of the idea to me. At some points it's almost word for word, actually, which is academically considered plagiarism. But, I would definitely get a second opinion of someone higher than us before throwing around that accusation.

[2018-07-18 21:44:57] <VedCrits> (or maybe it is plagiarism idk)

[2018-07-18 21:46:07] <Quikngruvn> OK, first thing: we don't care about academic plagiarism.

[2018-07-18 21:46:23] <Quikngruvn> We are literary, not an academic environment.

[2018-07-18 21:46:27] <Jazstar> I know, but it's almost word for word at some points, which I was under the impression was not okay

[2018-07-18 21:46:41] <Quikngruvn> Yeah, that would be not-okay.

[2018-07-18 21:46:43] <Jazstar> And I only know academic plagiarism, not literary, which is why I'm bopping you :P

[2018-07-18 21:46:58] <Jazstar> But check them side-by-side for yourself.

[2018-07-18 21:47:08] <subtletea> With all the people we have to educate about 'no SCP's are not real' we should be considered a school.

[2018-07-18 21:47:09] <Clef> Also

[2018-07-18 21:47:11] <VedCrits> There are similar elements but I couldn't find any straight pirate rips during my first scan. If i missed something idk but so far the similarities are in the style and object

[2018-07-18 21:47:13] <Clef> bleh

[2018-07-18 21:47:33] <VedCrits> Hiya klef

[2018-07-18 21:47:45] <Jazstar> Here's an example of the word for word

[2018-07-18 21:48:12] <Jazstar> SCP: SCP-113 may be handled with laboratory gloves. No organism may be exposed to SCP-113 without prior approval.

[2018-07-18 21:48:20] <Jazstar> :/ woops

[2018-07-18 21:48:27] <Jazstar> Scp: SCP-113 resembles a small, polished piece of red jasper. Analysis shows that SCP-113 is not composed of jasper, but [REDACTED] composition similar to that of other recovered objects.

[2018-07-18 21:48:36] <Jazstar> Draft: At first glance Scp-XXXX looks like Marble, but analysis show that it's not composed of calcite, but [REDACTED] which is very similar to SCP-113.

[2018-07-18 21:48:38] <Jazstar> ...

[2018-07-18 21:48:39] <Jazstar> Ok

[2018-07-18 21:48:44] <Jazstar> I missed that scp-113

[2018-07-18 21:48:49] <Jazstar> This is a copy paste hack job.

[2018-07-18 21:49:59] <VedCrits> I mean, they also linked this straight to the SCP they got inspired by too. So this might be a distorted 'homage.' I wouldn't have caught the similarity without it (I don't read much)

[2018-07-18 21:51:08] <Clef> By the way

[2018-07-18 21:51:24] <Jazstar> I dunno. The fact that they literally linked to 113 while mirroring the content and order of content seems like it's not okay to me. If 113 was my work, I would be annoyed if another author came along and essentially just replaced some bits and reworded it poorly.

[2018-07-18 21:51:34] <Quikngruvn> It... looks more homage than straight rip-off. But I'd still strongly recommend distinguishing it further from SCP-113.

[2018-07-18 21:52:28] <AbsentmindedNihilist> we had a case like this with 2547

[2018-07-18 21:52:36] <AbsentmindedNihilist> where the author ripped parts of it to allude to it

[2018-07-18 21:52:42] <Quikngruvn> There doesn't appear to be malice involved. Just cluelessness.

[2018-07-18 21:52:47] <AbsentmindedNihilist> yeah

[2018-07-18 21:52:49] <AbsentmindedNihilist> drop a warning, perhaps

[2018-07-18 21:53:17] <VedCrits> I have the critique halfway written right now, I could drop a "yo, by the way" in it
[2018-07-18 21:53:25] <Jazstar> Imo, this author should go back to the drawing board, probably with a whole new idea, since they don't seem to possess the skills to do a homage without coming off as piggybacking off of 113
[2018-07-18 21:53:33] <Jazstar> But I'm merely JS~
[2018-07-18 21:55:23] <VedCrits> I'll throw a thing into the critique, same time as I kick them back to Ideas and Brainstorming. Thanks for the assistance 17ers

[2018-07-19 12:18:27] <Tuomey> while you wait for your app to be approved you can still use the sandboxes and chatrooms
[2018-07-19 12:18:54] <Tuomey> So if you're planning on writing it may be an idea to put something up on your sandbox and hit up #site19 and #thecritters for critique
[2018-07-19 12:19:21] <torrenz> I don't understand the approval process and I didn't make any assumptions so I just asked
[2018-07-19 12:20:07] <torrenz> I'm not looking to rush out an article or anything, just some details I found interesting about a recent "unsolved" SCP
[2018-07-19 12:20:25] <torrenz> if I'm in a hurry it's because it feels like I'm not years late to the party for once

[2018-07-19 17:47:55] <ChaoSera> And you needed to ping ops for that?
[2018-07-19 17:48:00] <Prototype_Toaster> My character has appeared in three articles but I haven't established a back story for him yet, can he still be added?

<http://www.scp-wiki.net/forum/t-6486314/suggestions-on-my-draft#post-3879474>

[2018-07-19 22:19:13] <Jazstar> This is low-content feedback, only commenting on one specific thing while ignoring the rest. Doing this gives the author misleading feedback

[2018-07-19 22:19:21] <Veiedhimaedhr> It's vague and unhelpful certainly, but I'm having trouble wording exactly how to tell this bloke that their feedback is vague and unhelpful. Should I just say "increasing the danger doesn't help"

[2018-07-19 22:20:32] <Jazstar> If you only comment on one small detail, it may give the author the incorrect impression that everything else in the draft is fine and not in need of fixing. If you're not inclined to write more of a substantial review, please hold off on making the first post so a more experienced reviewer can address the thread first. As staff reviewers prioritize threads with no replies, someone posting a low-content critique actually can make it harder for the author [2018-07-19 22:20:33] <Jazstar> to get a more thorough review.

[2018-07-19 22:21:01] <Veiedhimaedhr> I'll use that, sharpen it a bit and then post it. Thanks!

[2018-07-19 22:21:04] <Jazstar> Maybe with a few suggestions on how to expand, if you can think of any

[2018-07-19 22:21:33] <Jazstar> For example, Daddi's only focused on conceptual feedback. What about the actual technical execution, e.g. clinical tone?

[2018-07-19 22:21:54] <Jazstar> (which a quick glance at the SCP tells me needs work)

[2018-07-19 22:22:28] <TL333s> how not to phrase the comment: "Crit me harder, Daddi."

[2018-07-19 22:23:04] <Veiedhimaedhr> Staffposted.

[2018-07-19 22:23:26] <Jazstar> Looks good!

[2018-07-19 22:23:51] <Veiedhimaedhr> And now to staffpost Daddi's second unhelpful critique of the hour

[2018-07-19 22:24:04] <Jazstar> If you ever have a question of that sort, Veiedhimaedhr, I'm online most of the time lol

[2018-07-19 22:24:59] <Veiedhimaedhr> Jazstar: actually, if you don't mind, take a look at this one. It's more unhelpful stuff but it could also be defended as just piggybacking (somehow) off another comment. <http://www.scp-wiki.net/forum/t-6440002/scp-4001#post-3879440>

[2018-07-19 22:25:27] <Veiedhimaedhr> Staffpost worthy?

[2018-07-19 22:25:28] <Jazstar> Veiedhimaedhr: Also, if Daddi has four or five low-content crits, that's usually a non-disc record

[2018-07-19 22:26:30] <Veiedhimaedhr> Jazstar: As I said, I'm consolidating Daddi's stuff while I'm staffposting. Right now, we have this, the two critiques on Auberachs and a bogus plagiarism accusation that they admitted later to be based

off a skim read

[2018-07-19 22:26:48] <Jazstar> Imo, I'd on Daddi, but call out the whole line, Plaierwon, humid hermit and Daddi

[2018-07-19 22:26:59] <Jazstar> *id post on

[2018-07-19 22:27:19] <Jazstar> Since it's not a discussion to have on a draft thread, someone else draft thread no less

[2018-07-19 22:27:39] <Veiedhimaedhr> Staffpost all three of em?

[2018-07-19 22:28:04] <Jazstar> As in, staff post by replying to daddi, but addressing the nature of all three comments

[2018-07-19 22:28:29] <Veiedhimaedhr> o7

[2018-07-19 22:28:29] <Jazstar> Does that make sense?

[2018-07-19 22:28:38] <Veiedhimaedhr> writing stuff now

[2018-07-19 22:29:18] <ProcyonLotor> Now js kiss.

[2018-07-19 22:29:29] <ProcyonLotor> Do it or you'll never be promoted.

[2018-07-19 22:29:36] - Jazstar makes out with Veiedhimaedhr

[2018-07-19 22:30:12] <Dave> you had the power to make them interact like this and all you had them do was kiss

[2018-07-19 22:30:16] <Dave> coward

[2018-07-19 22:30:33] - Dave kicks rocks down the road and looks for the city of courage

[2018-07-19 22:31:09] - Veiedhimaedhr reciprocates

[2018-07-19 22:31:22] <ProcyonLotor> I'm making my wildest dreams come true dave

[2018-07-19 22:31:23] <Jazstar> ProcyonLotor: Now. Where's that promotion?

[2018-07-19 22:31:29] <ProcyonLotor> Hot. JS. Smooching action.

[2018-07-19 22:31:42] <Jazstar> Wait procyr hang on

[2018-07-19 22:31:46] <Jazstar> I have something for you

[2018-07-19 22:31:49] <ProcyonLotor> I never said you'd be promoted. Just that you would never be if you didn't smooch.

[2018-07-19 22:31:53] - Jazstar makes out with tay and then kirby too

[2018-07-19 22:32:06] <CaptainKirby> ?!

[2018-07-19 22:32:07] <ProcyonLotor> Yes. Good.

[2018-07-19 22:32:08] <ARD> Hoes

[2018-07-19 22:32:23] <CaptainKirby> ARD: I suck at gardening

[2018-07-19 22:32:29] <ProcyonLotor> Debase yourself for me, members of junior staff!

[2018-07-19 22:32:40] <Jazstar> ProcyonLotor: I have pleased the great CoonGod?

[2018-07-19 22:32:46] <ProcyonLotor> Yes

[2018-07-19 22:33:03] <Jazstar> Good. Because none of those kisses meant anything since I'm gay and they're all guys.

[2018-07-19 22:33:18] - CaptainKirby continues to be confused

[2018-07-19 22:33:27] <Jazstar> Need more female JS to make out with.

[2018-07-19 22:33:29] <Veiedhimaedhr> Staffposted. And also happy to be part of this strange dream sequence in 17

[2018-07-19 22:33:38] <ProcyonLotor> Well you can't be staff unless you're gay

[2018-07-19 22:33:48] <ARD> I'm the exception to the rule

[2018-07-19 22:33:49] <ProcyonLotor> You hear that, 4chan? It's true!

[2018-07-19 22:34:00] <Jazstar> Woot! Already 3/4 of the way to staff then!

[2018-07-19 22:34:04] <taylor_itkin> - Jazstar makes out with tay and then kirby too

[2018-07-19 22:34:05] <taylor_itkin> I

[2018-07-19 22:34:06] <taylor_itkin> I feel

[2018-07-19 22:34:10] <ProcyonLotor> Poor ARD, the only one not to know ARD is gay

[2018-07-19 22:34:11] <taylor_itkin> I need a shower

[2018-07-19 22:34:19] <Jazstar> taylor_itkin: Wow r00d.

[2018-07-19 22:34:22] <Klurg> Damn, guess I'll never be staff

[2018-07-19 22:34:23] <ProcyonLotor> Including the guys he's slept with

[2018-07-19 22:34:31] <taylor_itkin> Jazstar: YOU'RE A LESBIAN AND IM NOT A MAN OR A WOMAN

[2018-07-19 22:34:38] <Veiedhimaedhr> Proccy if you demote yourself you can get in on this

[2018-07-19 22:34:39] <Jazstar> taylor_itkin: OH SHIT

[2018-07-19 22:34:51] <ProcyonLotor> Why would I kiss a JSee

[2018-07-19 22:34:59] <ProcyonLotor> You guys are dirt! DIRT!

[2018-07-19 22:35:06] <taylor_itkin> ProcyonLotor: I have raccoon treats

[2018-07-19 22:35:06] <Jazstar> Exactly. You have to promote us for kisses.

[2018-07-19 22:35:23] <ProcyonLotor> So do I it's called alcohooooo!

[2018-07-19 22:35:32] <taylor_itkin> lmao

[2018-07-19 22:35:46] <mlistner> Can I be JS

[2018-07-19 22:35:49] <Jazstar> ProcyonLotor: You have destroyed the sanctity and responsibility of 17.

[2018-07-19 22:35:50] <mlistner> Pls and ty

[2018-07-19 22:35:51] <Jazstar> Well done.

[2018-07-19 22:35:57] <taylor_itkin> yeah that doesn't even slightly surprise me given how this is 17

[2018-07-19 22:36:24] <trets> I could do with a minion or two, ProcyonLotor.

[2018-07-19 22:36:25] <ProcyonLotor> Depends on how many of these fuckers you kiss and also your general site performance and a team captain's willingness to take you om

[2018-07-19 22:36:38] <trets> For my guide rewrites.

[2018-07-19 22:36:51] <ProcyonLotor> Do our idle masses not suffice trets

[2018-07-19 22:36:52] <taylor_itkin> trets: I have, multiple times, volunteered myself for your causes you fool

[2018-07-19 22:36:57] <Jazstar> lol

[2018-07-19 22:37:04] <mlistner> ProcyonLotor I'm desperate for physical affection, even said affection is someone using me as a rung on the corporate ladder

[2018-07-19 22:37:07] * minmin → Dio

[2018-07-19 22:37:17] * Dio → minmin

[2018-07-19 22:37:37] <ProcyonLotor> Do I hear NO ONE?

[2018-07-19 22:37:40] <taylor_itkin> ProcyonLotor: will there be rewards

[2018-07-19 22:37:44] – Jazstar lesbian kisses mlistner

[2018-07-19 22:37:47] <ProcyonLotor> That's right get dunked

[2018-07-19 22:37:47] <spookybee> I'm going to sit on all of u if u dont cool ur briches

[2018-07-19 22:38:16] <mlistner> spookybee Is that a threat

[2018-07-19 22:38:19] <Veiedhimaedhr> ProcyonLotor: I'll do all the kissing if you give me permission to make a non-disc post for this Daddi character

[2018-07-19 22:38:36] <ProcyonLotor> Yeah and please don't mention the kissing on 05

[2018-07-19 22:38:43] <taylor_itkin> ...I hate to do this but we're in 17

[2018-07-19 22:38:46] <Dave> Is this the thing where when 19 fills up, the trolls will walk the 17

[2018-07-19 22:38:48] <Jazstar> Booo

[2018-07-19 22:38:50] <Jazstar> Party killer

[2018-07-19 22:39:01] <taylor_itkin> I'm not even OS but yeah we're in 17

[2018-07-19 22:39:01] <ProcyonLotor> I know it's 17 but I also like

[2018-07-19 22:39:09] <ProcyonLotor> Don't give a shit?

[2018-07-19 22:39:10] <spookybee> Dave: if trolls try to raid 17 during a night like this, I feel pity for them.

[2018-07-19 22:39:11] <Veiedhimaedhr> ProcyonLotor: Sure (~ ㇿ ~)

[2018-07-19 22:39:16] <taylor_itkin> ProcyonLotor: I was talking to all the gay kissing :P

[2018-07-19 22:39:40] <trets> 17's been getting into a lot of casual convos lately.

[2018-07-19 22:40:05] <Jazstar> Oh, it is?
[2018-07-19 22:40:08] <ProcyonLotor> Like allow me to be serious but still drunk
[2018-07-19 22:40:25] <trets> no u
[2018-07-19 22:40:27] <ProcyonLotor> 17 is to make people able to bring concerns and questions to staff, yes
[2018-07-19 22:40:33] <Jazstar> I like seeing staff have a casual chat on 17 now and them. It makes then approachable
[2018-07-19 22:40:37] <Jazstar> *them

[2018-07-19 22:40:56] <ProcyonLotor> But it is also to make staff like, approachable and seem less like a bunch of killjoy elitist fucks like most of the site thought we were back when we made 17

[2018-07-20 19:08:14] <CaptainKirby> ProcyonLotor: I just have a question about contest entries. Specifically, to remove an entry do you need to delete it? Or are you allowed to move it simply into a mainlist slot? (I ask because, while I like the SCP I have as my entry just like, in general, I feel like I have an idea/draft that would better suit the contest, so I don't want to delete my current entry)
[2018-07-20 19:09:17] <ProcyonLotor> Uhhh, while you can remove it you've also used your one entry.
[2018-07-20 19:09:30] <ProcyonLotor> So you're free to move it and have no entry in the contest
[2018-07-20 19:09:37] <ProcyonLotor> Otherwise, sol v

[2018-07-20 19:10:23] <stormfallen> You can't delete your entry and make a new one?
[2018-07-20 19:11:10] <ProcyonLotor> I've allowed deletion for rewrites but no second entries, no.
[2018-07-20 19:12:00] <stormfallen> That feels a little odd, since by deleting your old entry and losing all it's votes you've pretty much guaranteed you won't win

[2018-07-20 19:12:40] <ProcyonLotor> It's the way I wrote the rules and I plan on having them stay both for the remainder of this contest and all x000s going forward under my tenure

[2018-07-20 19:13:07] <ProcyonLotor> Before you post you should be sure you've committed to an article. I feel that is in no way unreasonable.

[2018-07-20 19:13:49] <stormfallen> What about entries that are deleted by low rating? Would the author need to rewrite it to enter again?

[2018-07-20 19:14:12] <ProcyonLotor> Yes, same as any article deleted for low ratings?

[2018-07-20 19:14:18] <ProcyonLotor> Basic site rules

[2018-07-20 19:14:30] <stormfallen> As opposed to entering something completely different after the deletion

[2018-07-20 19:14:35] <ProcyonLotor> Not allowed.

[2018-07-20 19:15:15] <ProcyonLotor> If someone does not get the required critique or properly judge the likely response to their work, the fault lies exclusively with them and I have little sympathy.

[2018-07-20 19:15:17] <stormfallen> That feels rather constricting, but I guess it prevents people from spamming entries until one sticks

[2018-07-20 19:15:59] <ProcyonLotor> You're free to feel however you like about it, but the rule stands

 [2018-07-21 10:13:25] <Dr-Maldrix> i wanted to ask about a classification
 [2018-07-21 10:13:52] <ARD> Ask away
 [2018-07-21 10:14:04] <Dr-Maldrix> What is apollyon??
 [2018-07-21 10:14:49] <ARD> Apollyon is a fancy, unofficial class
 [2018-07-21 10:15:01] <ARD> As of writing this it has only seen use in three
 articles
 [2018-07-21 10:17:11] <ARD> Dr-Maldrix: apollyon is widely considered to be a class
 superseding Keter in terms of danger slash containment difficulty: while Keter SCPs
 are inordinately difficult to contain and/or pose an actively significant threat to
 humanity, normalcy, etc., Apollyon simply posits that the Foundation failed - they
 are utterly incapable of containing the anomaly, usually because it's already won
 [2018-07-21 10:17:58] <Dr-Maldrix> oh ok because i have a great idea for an scp

that i want to write

[2018-07-21 10:18:15] <ARD> Dr-Maldrix: I strongly, strongly advise you to avoid using the Apollyon class. In almost all cases, Keter is more than sufficient. It's worth noting that despite the class having existed for almost five years on the wiki, only four articles in that time have ever used it successfully

[2018-07-21 10:18:16] <Dr-Maldrix> and i wanted to just know that i don't miss any classification

[2018-07-21 10:19:00] <Dr-Maldrix> is there a Classification of an SCP that is keter but does not want any harm??

[2018-07-21 10:19:19] <ARD> Dr-Maldrix: bear in mind that Keter can be either danger OR containment difficulty

[2018-07-21 10:19:20] <ARD> For example

[2018-07-21 10:19:23] <ARD> !scp-947

[2018-07-21 10:19:24] <jarvis> ard: #SCP-947: Son of a [EXPLETIVE REDACTED]# (written a year ago by A Random Day; rating: +124) - <http://www.scp-wiki.net/scp-947>

[2018-07-21 10:19:29] <ARD> Is an article about a Keter swear word

[2018-07-21 10:20:06] ← not_a_seagull quit (very.l@rge.birb.of.unusual.size): Quit: SynIRC for Wii U

[2018-07-21 10:20:14] <ARD> The anomaly poses absolutely zero danger to mankind itself - it is classified Keter because if you so much as read it, you'll learn what it means and start using it in place of other swear words

[2018-07-21 10:21:11] <ARD> That's it. It's just a curse word that you use instead of other curse words - but because just looking at it makes you unconsciously start using it and because it has managed to infect something like a quarter of all English speakers worldwide, it's Keter

[2018-07-21 10:21:45] <Dr-Maldrix> okay

[2018-07-21 10:24:37] <ARD> Dr-Maldrix: that's tricky. When you say "protecting humanity" how does it do that

[2018-07-21 10:25:01] <ARD> Dr-Maldrix: are you aware of the Thaumiel object class

[2018-07-21 10:25:12] <Dr-Maldrix> no?

[2018-07-21 10:25:21] <Dr-Maldrix> i just know safe euclid and Keter

[2018-07-21 10:25:33] <ARD> Thaumiel objects are anomalies that the Foundation actually uses to assist them in containing other anomalies

[2018-07-21 10:25:47] <ARD> In most cases you can think of them as helpful anomalies

[2018-07-21 10:26:05] <ARD> !scp-179, !scp-2932, and !scp-3000 are all examples of Thaumiel anomalies

[2018-07-21 10:27:09] <ARD> 2932 is about a prison for anomalies that was created by a race of beings preceding humanity

[2018-07-21 10:27:26] <ARD> 3000 is about a giant eel at the bottom of the Ocean that produces all of the foundation's amnestics

[2018-07-21 10:28:02] <Dr-Maldrix> do they hate humanity or are they neutral?

[2018-07-21 10:28:16] <ARD> 179 cares for humans
[2018-07-21 10:28:23] <ARD> 2932 and 3000 are indifferent
[2018-07-21 10:28:45] <ARD> Thaumiel is a relatively new object class compared to Safe Euclid Keter - it only really started coming into vogue after 2013

[2018-07-21 10:37:57] <Dr-Maldrix> oh thanks so when is the Right time to submit scp 4001??

[2018-07-21 10:39:02] <ARD> Dr-Maldrix: in all likelihood you won't be able to secure scp-4001 either, since 4000 contest entrants get first dibs on the 4000+ slots
[2018-07-21 10:39:25] <ARD> But Series V slots in general should be opening up sometime in late august

 [2018-07-21 20:37:39] <phoenix> hello, i sent a request to become a member 3 days ago and have heard nothing in return

[2018-07-21 20:37:56] <phoenix> is there anything i can do?
[2018-07-21 20:38:50] <Tuomey> the first thing would be to check your application status on this page - <https://www.wikidot.com/account/messages#/applications> - as sometimes the message to notify you that you've been accepted/denied does not send or show an alert
[2018-07-21 20:39:34] <Tuomey> If you have not yet been accepted or denied, most likely an admin will be doing apps within the next day or so - sometimes people just aren't available certain days
[2018-07-21 20:39:55] <Tuomey> If you have been denied, paste the text of your app here and I can likely tell you why
[2018-07-21 20:40:43] <phoenix> it just says i've already applied so i'm assuming no one accepted it or something
[2018-07-21 20:41:14] <phoenix> pending**
[2018-07-21 20:41:37] <phoenix> thank you for the link however

[2018-07-21 20:42:08] <Tuomey> oh for the love of /fuck/

[2018-07-21 22:08:28] <Jazstar> copyright certified, I believe? for images that have been confirmed okay. Don't quote me on that though.
[2018-07-21 22:09:04] <Tuomey> it's some form of licensing thing I think -

[2018-07-21 22:09:29] <taylor_itkin> I believe it's _creativecommons

 [2018-07-22 05:31:35] <Jazstar> Daddi: What's up?
 [2018-07-22 05:32:09] <Daddi> I'm just coming here looking for someone to give me some critisim on the SCP I'm writing
 [2018-07-22 05:32:28] <Daddi> No one has given any feedback and all my friends are

telling me to just post it

[2018-07-22 05:33:04] <Jazstar> Do you have a draft thread on the forums?

[2018-07-22 05:33:09] <Daddi> Yes

[2018-07-22 05:33:12] <Jazstar> Link me?

[2018-07-22 05:33:18] <Daddi> sure

[2018-07-22 05:33:42] <Jazstar> Also, I thoroughly discourage posting without several rounds of (good) feedback from SCP members

[2018-07-22 05:34:16] <Daddi> yeah I've done that before and I always get negatives so this time I decided to get feedback

[2018-07-22 05:34:18] <Daddi> <http://www.scp-wiki.net/forum/t-6480355/scp-xxxx:the-long-raven>

[2018-07-22 05:34:51] <Jazstar> Ah, you shot yourself in the foot by bumping your thread unfortunately

[2018-07-22 05:34:56] <Daddi> yeah

[2018-07-22 05:35:20] <Jazstar> Well, you have several avenues open to you

[2018-07-22 05:35:44] <Jazstar> You can pop into #thecritters and/or #site19 and ask for feedback, but you really have to hope that someone's in a critting mood

[2018-07-22 05:36:03] <Jazstar> If they are, you're likely to get really in-depth feedback. If not, no feedback.

[2018-07-22 05:36:11] <Daddi> ok

[2018-07-22 05:36:14] <Jazstar> You could also PM a member of the forum crit team

[2018-07-22 05:36:38] <Jazstar> I'm a member, but on a bit of a break atm, unfortunately.

[2018-07-22 05:36:43] <Daddi> ok

[2018-07-22 05:37:04] <Jazstar> This link is a list of staff members on the forum crit team <http://www.scp-wiki.net/contact-staff#toc8>

[2018-07-22 05:37:05] <jarvis> jazstar: Page not found.

[2018-07-22 05:37:12] <Daddi> thanks for the help

[2018-07-22 05:37:26] <Jazstar> You can also look through the forums and ask someone who you've seen giving good crit.

[2018-07-22 05:37:51] <Daddi> ok

[2018-07-22 05:38:09] <Jazstar> Veied, the staff member who posted telling you not to bump, gives excellent crit. I'm sure if you politely ask him if he has some free time to look at your work, he'd be happy to either help out, or

[2018-07-22 05:38:34] <Jazstar> Ah well. I got most of the important parts through to him.

[2018-07-22 13:20:19] <Tuomey> ?
[2018-07-22 13:20:26] <gumbal1> 's a good avenue for asking an author if you can write something related to their work

[2018-07-22 13:23:31] <Tuomey> I mean, probably? But it's not strictly necessary to get an author's permission, particularly if they're not about so much that they're not responding to messages.

[2018-07-23 03:30:24] <shaggydredlocks_> It's an official part of two SCPs, technically. On the tag page, it states "other documents linked to by a scp page that do not make sense without context from their parent page" If it //really// is a must, I could probably rephrase a couple small bits so that it can be enjoyed as a standalone.

[2018-07-23 03:30:47] <shaggydredlocks_> I had a couple people who read it in beta that did not read the main file, and they managed just fine

At the time that I was posting various iterations of SCP-3455 I was in quite a rut with Scantron and you can find why on his disc or nondisc page. [2018-07-27 17:22:26] <Tuomey> that'd be my guess also

[2018-07-27 17:22:38] <gaффswrites> I might have to ask folks for some help with code later on, but that does help

[2018-07-27 17:22:40] <gaффswrites> thanks!

[2018-07-27 17:23:05] <bluesoul> esko's already done stuff with offsets in 2998

[2018-07-27 17:23:10] <bluesoul> he should be familiar with the process

[2018-07-27 19:21:43] <Taffeta> Uh, I've spent 20 minutes trying to wade through this guy's rhetorical quagmire about why the use of the word 'gay' is automatically hate speech when not used in a literal sense

[2018-07-27 19:26:02] <ProcyonLotor> But seriously what the fuck does he mean by non-literal
[2018-07-27 19:26:55] <taylor_i0Stkin> No clue
[2018-07-27 19:27:32] <Taffeta> 'that's gay' in any context other than referring to a homosexual person is hate speech

[2018-07-27 19:28:59] <ProcyonLotor> I mean perjorative maybe
[2018-07-27 19:29:19] <ProcyonLotor> But how few goddamn problems have you had to run into in your life for that to count as hate speech

[2018-07-28 00:59:11] <ProcyonLotor> I'm not familiar with the character offhand, but those dossiers are usually written by the person or people who most write the character

[2018-07-28 00:59:35] <ProcyonLotor> So most likely those people just haven't decided to do so

[2018-07-28 01:02:48] <ElDanteDelAnte> She's mentioned several times in the "Dr. Bright is Not Allowed..." list, and I believe I've seen her mentioned in a Tale or two. She's a known name, but so far mostly used for throwaway dirty jokes.

[2018-07-28 01:03:22] <ElDanteDelAnte> But I think she might have some potential to be written into an actual character.

[2018-07-28 01:04:18] <ProcyonLotor> That's probably not enough to justify a dossier.

[2018-07-28 01:05:21] <ElDanteDelAnte> That's understandable.

[2018-07-28 01:06:03] <ElDanteDelAnte> Though I would like to see her developed into something more substantial later.

[2018-07-28 09:43:14] <Modern_Erasmus> Warrior747s: you post it, and then it gets added to the list. If it doesn't get downvoted and deleted, it'll stay there.
[2018-07-28 09:43:43] <Warrior747s> yea but it says I need to contact site admin to remove the lock so i can click on edit and add mine into the list

[2018-07-28 09:44:12] <Modern_Erasmus> Warrior747s: you can post generic pages using the contribute button on the sidebar, though you shouldn't do that for any SCP (much less an 001 proposal) prior to getting a lot of critique from experienced authors

[2018-07-28 09:44:25] <Modern_Erasmus> Warrior747s: yeah we add it to the page after it is posted

[2018-07-28 09:44:30] <Warrior747s> oh ok

[2018-07-28 09:44:49] <Warrior747s> so do I announce the link to my proposal in the announcements thread and hope for the best? just to confirm

[2018-07-28 18:28:36] <DarkStuff> There we go
[2018-07-28 18:28:40] <DarkStuff> Okay! So
[2018-07-28 18:28:50] <DarkStuff> The Wondertainment CSS theme?
[2018-07-28 18:28:55] <DarkStuff> It makes some people unhappy
[2018-07-28 18:29:07] <DarkStuff> Because yellow and purple together apparently is a very controversial color scheme
[2018-07-28 18:29:07] <Tuomey> okay?

[2018-07-28 18:29:22] <DarkStuff> Is making a version of my tale series without the CSS
[2018-07-28 18:29:38] <DarkStuff> Fret not, these pages will not count towards my average, and also will not appear on the recently created pages list
[2018-07-28 18:30:07] <DarkStuff> They're ~*invisible*~ pages that I can link to so that some people can read the series without the CSS theme
[2018-07-28 18:30:10] <DarkStuff> However
[2018-07-28 18:30:14] <DarkStuff> I don't know how to tag them

[2018-07-28 18:31:17] <DarkStuff> Mayhaps I would literally remove all tags?
[2018-07-28 18:31:22] <trets> I'm actually not sure if it does.

a collab

For my part, the votes were placed so far apart that I had forgotten about making my first 2 votes until I saw the thread discussing my ban
[2018-07-31 09:32:42] * Jazstar → JazSleep
[2018-07-31 09:34:04] <chatttheleaper> As for why I feel it should be lifted: I concede that my behavior could have been better, but I feel that it occurred at the worst possible time. I would understand a month ban or so, especially with a warning given, but instead I wound up looking like part of a group that I have no ties with and received a ban as one of them
[2018-07-31 09:35:35] <Roget> Alright, your appeal will be placed onto the admin site for discussion by the disciplinary team. Do you have anything else to add?
[2018-07-31 09:36:04] <chatttheleaper> I mean, I'm doing my best not to appeal to emotion here, but I very greatly enjoy the wiki, and was looking forward to submitting articles and becoming a more active part of it; receiving the news of an out of the blue year-long ban was quite distressing to me.
[2018-07-31 09:36:43] <chatttheleaper> I'll gladly submit to a shorter ban, but at the very least I would appreciate the length being reduced from a year
[2018-07-31 09:37:07] <chatttheleaper> How will I know what decision has been reached and when?
[2018-07-31 09:37:48] <Roget> <http://05command.wikidot.com/forum/t-6376534> You can follow in this thread
[2018-07-31 09:38:01] <Roget> If you have nothing more to add, please exit the channel, and you will be informed when a decision is reached.

[2018-07-31 20:40:25] <Tuomey> anyone can post an essay though
[2018-07-31 20:41:17] <Croquembouche> ah, gotcha
[2018-07-31 20:41:50] <Croquembouche> so say I post an article that calls itself a guide and pretends it's a guide throughout, but tag it essay, that would be okay?
[2018-07-31 20:42:24] <Croquembouche> if not, may I request permission to initiate the guide-reviewing process?
[2018-07-31 20:42:53] <Quikngruvn> What are you shooting for, Croque?

[2018-07-31 20:44:58] <Quikngruvn> This is all technical info? (I scanned, not even skimmed.)
[2018-07-31 20:45:29] <taylor_i0Stkin> Croquembouche: considering it's an extension of magnus' thing you might want to run it pat him dude
[2018-07-31 20:45:31] <Croquembouche> Yeah, it's all fairly technical, more "how to make a page" than "how to write a page"

 [2018-08-01 13:40:06] <Dave> I'm expecting Ghostface Killa to show up any second
 [2018-08-01 13:40:42] <Dave> the abnormal category would keep it off of many ListPages lists, I would imagine

 [2018-08-01 13:44:22] <Dave> methinks someone edited something they were not supposed to
 [2018-08-01 13:44:45] <Dave> I wonder if the URL is a part of the issue
 [2018-08-01 13:44:54] <Dave> ops, mods, whatever
 [2018-08-01 13:44:54] <stormbreath> the problem most likely comes from whatever lets admin define rules for pages

[2018-08-01 21:37:12] <Modern_Erasmus> ARD: looks like run of the mill vandalism from some user named iShrimpp
[2018-08-01 21:37:16] * Levi → AwaLevi
[2018-08-01 21:37:21] <taylor_iOStkin> .user iShrimpp

<http://www.wikidot.com/user:info/ishrimpp>
[2018-08-01 21:37:22] <ARD> ProcyonLotor: will do
[2018-08-01 21:37:24] <ProcyonLotor> Eh, I don't think it's vandalism
[2018-08-01 21:37:32] <BlackMagicFine> The user's only other contribution appears to be SCP-3507, which is in deletion. I think they're just new.
[2018-08-01 21:37:52] <theduckman> Could be.
[2018-08-01 21:37:54] <ProcyonLotor> I think it's someone not understanding that we're not a wiki in the "anyone can piss anywhere" sense
[2018-08-01 21:38:01] <taylor_iOStkin> BlackMagicFine: good catch tho
[2018-08-01 21:38:51] <Modern_Erasmus> BlackMagicFine: thanks for the heads up!

[2018-08-04 07:17:58] <AlanStock> I'm ready to post a new Joke SCP but I'm unsure on how to do so. I have the wiki article for how to post normal SCP's and tales, but there's no info on the procedure for adding Jokes. The Jokes sub-page on the wiki doesn't follow the same format as the SCP series so I'm not sure how to choose a number and add a new page. Any pointers would be appreciated!
[2018-08-04 07:19:55] <spookybee> Oh it's actually the same, it's just that there aren't obviously open slots
[2018-08-04 07:20:12] <spookybee> Since -J's aren't really mainline canon, you just

kind of throw them into the list wherever

[2018-08-04 07:27:47] <AlanStock> ah hold on, I think I've misunderstood. I add a page directly to the Joke Page do I? Then how do I do that as there aren't pre-made "slots"

[2018-08-04 07:50:39] <spookybee> And yeah you edit the page and copy the syntax from another(the thing that says SCP-XXXX or w/e) and put your own stuff in a new one, and after you do that, save, click the new link you made then go make the new page

[2018-08-04 09:17:51] <AbsentmindedNihilist> ide?
[2018-08-04 09:18:01] <Wazikamawata> like syntax highlighting and stuff
[2018-08-04 09:18:14] <Wazikamawata> e.g. what Eclipse is for Java, or Visual Studio for C++

[2018-08-04 09:25:54] <ChaoSera> Nope
[2018-08-04 09:26:02] <ChaoSera> You could make a custom notepad++ language
[2018-08-04 09:27:11] <Wazikamawata> That's an idea
[2018-08-04 09:28:18] <Wazikamawata> Probably more effort than just writing it though

[2018-08-04 15:57:04] <AlanStock> Sorry, got lost in someones draft
[2018-08-04 15:57:26] <AlanStock> Thanks, yes
[2018-08-04 15:58:11] <AlanStock> I've had some feedback on the Joke SCP I posted today that maybe it should be posted as a mainlister instead
[2018-08-04 15:58:47] <taylor_critkin> Ok
[2018-08-04 15:58:47] <AlanStock> Its intended to be amusing, and most people so far think it is, but not laugh out loud funny
[2018-08-04 15:58:58] <taylor_critkin> Mainlist articles are allowed to be funny
[2018-08-04 15:59:08] <AlanStock> And its more of a dry humour and a long piece
[2018-08-04 15:59:40] <AlanStock> Yeah, the reason i posted it as J is because a few people in crit told me they thought it would be more appropriate as J
[2018-08-04 16:00:00] <AlanStock> now I'm starting to doubt that
[2018-08-04 16:00:59] <AlanStock> So the question is, if I get the feeling it should be a mainlister instead, is it bad form to delete it and reupload as a mainlister instead?
[2018-08-04 16:01:25] <taylor_critkin> not if you think that it'll succeed there
[2018-08-04 16:01:36] <Tuomey> you can just rename it to be a mainlister also
[2018-08-04 16:01:40] <taylor_critkin> if you're getting downvoted nto oblivion I'd take it back to the crit stage but still
[2018-08-04 16:01:44] <Tuomey> and make the appropriate edits
[2018-08-04 16:01:44] <taylor_critkin> also yeah what Tuomey said
[2018-08-04 16:02:01] <Tuomey> but editing taking it back for further crit & refinement is probably a good idea
[2018-08-04 16:02:41] <AlanStock> Its only been up maybe 4 hours, its at +5 or something and Ive had aome positive comments on reddit/chat etc
[2018-08-04 16:02:54] <Tuomey> maybe wait and see how it does
[2018-08-04 16:02:56] <AlanStock> But also some people thinking it should be mainlisted

[2018-08-05 16:51:46] <DarkStuff> Okay. Question.
[2018-08-05 16:52:51] <DarkStuff> To make a module work, consistently, without me
having to change anything on it ever, can I make a tag that is invisible -- has...
oh I don't remember how you make tags invisible. But, like, the underscore stuff.
No one would know it exists, it would just make a module sort my articles the way I
want them to be sorted
[2018-08-05 16:52:57] <DarkStuff> I am like, 95% sure that the answer is no
[2018-08-05 16:53:01] <DarkStuff> But I thought I'd ask
[2018-08-05 16:54:38] <trets> Yeah
[2018-08-05 16:54:40] <trets> That's a no
[2018-08-05 16:54:48] <DarkStuff> Dang
[2018-08-05 16:54:53] <DarkStuff> That'd be so cool and useful for me
[2018-08-05 16:54:57] <DarkStuff> But understandable
[2018-08-05 16:54:57] <trets> What exactly were you trying to make

[2018-08-05 16:55:04] <trets> Cause there might be a way to do it
[2018-08-05 16:55:15] <DarkStuff> Rimple's "More by This Author" idea
[2018-08-05 16:55:22] <DarkStuff> But I want it to sort out tale series
[2018-08-05 16:55:30] <DarkStuff> Without me having to edit it every time I make a new tale in a serie
[2018-08-05 16:55:33] <DarkStuff> series*
[2018-08-05 16:55:43] <trets> Yeah, unfortunately that wouldn't be possible
[2018-08-05 16:55:44] <CaptainKirby> DarkStuff: cant you just get the list module to sort by "date created"?
[2018-08-05 16:55:50] <trets> Until the series has its own tag.
[2018-08-05 16:55:59] <trets> And tale series are kinda muddy water right now.
[2018-08-05 16:56:00] <DarkStuff> trets: Grrr raarrrr

[2018-08-06 03:09:05] <Dora> so there's a limit on what we can do to troubleshoot it, I guess

[2018-08-06 03:11:33] <Asguardia> It's alright. If I go to mobile on account it's not showing an e-mail in the feild there, so should I put in a new e-mail and see if that fixes the problem?

[2018-08-06 10:52:47] <Ventunya> alright
[2018-08-06 10:52:49] <Bounc1> start by telling me on what grounds you are
appealing
[2018-08-06 10:53:35] <Ventunya> i was banned (apparently) for not dropping the
topic that was...a big deal to them. i guess.
[2018-08-06 10:54:06] <Ventunya> i didn't intentionally do so, however people kept
sending messages toward me, and i'm the type of person that responds to what i can.
[2018-08-06 10:54:34] <Ventunya> the topic of interest having to do with people's
identities, i suppose.
[2018-08-06 10:55:24] <Ventunya> now, i'll be honest. i've never met anyone who
gets offended by the terms i used, so i was confused by the sudden hostility.
[2018-08-06 10:55:57] <Ventunya> heck, i'm a t__p myself, and i still haven't seen

anything that would give me a reason to hate that word.

[2018-08-06 10:56:30] <Ventunya> however. i got pmed by someone who understood my innocent enough confusion

[2018-08-06 10:56:45] <Lily> Can I clarify; are you trans or not

[2018-08-06 10:57:10] <Ventunya> trans? no. i'm a trap though, and i do like the connotation that comes with it

[2018-08-06 10:57:25] <Lily> jesus christ you're digging a bigger hole here

[2018-08-06 10:57:33] <Lily> Anyway over to bouncl

[2018-08-06 10:57:33] <Ventunya> i like doing feminine things

[2018-08-06 10:58:06] <Bouncl> Sure.

[2018-08-06 10:58:08] <Lily> That doesn't mean you can use slurs

[2018-08-06 10:58:34] <Ventunya> anyways, so i got pmed, and they explained to me that although i personally don't see the words as slurs, like you guys, some people associate the words with negative experiences.

[2018-08-06 10:58:41] <Bouncl> The slurs policy is universal.

[2018-08-06 10:59:16] → salvagebar_ joined (~salvageba@synIRC-C67E5D41.dyn.optonline.net)

[2018-08-06 10:59:20] <Bouncl> Indeed.

[2018-08-06 10:59:47] <Ventunya> for that i apologize, because any time i've used the word, no one i've ever met has said it's a slur. and if i'm being honest, i don't think the majority thinks of it as a slur either. but if it's a word you're uncomfortable with, i'm willing to delete it from my vocabulary for the chat.

[2018-08-06 11:01:24] <Ventunya> erm. i don't really have much more to add.

[2018-08-06 11:01:47] <Ventunya> there was an issue i wasn't aware of, no one explained why it was important, i was kicked.

[2018-08-06 11:01:58] <Ventunya> someone then explained why it was important, and here we are

[2018-08-06 11:02:42] <Bouncl> Ventunya: we're discussing it right now

[2018-08-06 11:03:06] <Ventunya> i didn't mean to continue to bring the topic up, but as i said earlier, i have kind of a sense of duty to respond to messages directed towards me.

[2018-08-06 11:03:07] <Ventunya> thanks.

[2018-08-06 11:08:32] <Ventunya> at the very least, if not appealed, i'd like the message to get across that i didn't mean to make people feel uncomfortable. right before i got banned, i was going to apologize

[2018-08-06 23:43:40] <ARD> Give me a moment to check it out
[2018-08-06 23:43:47] <drshine> ty appreciate it
[2018-08-06 23:44:12] <ARD> Ah yes

[2018-08-06 23:48:34] <ARD> It's very uncommon but it can happen
[2018-08-06 23:49:14] <drshine> yeah just seems kinda lame that it was expanded, even though i didnt take any action like creating any dummy account, or like flaming in the forums
[2018-08-06 23:49:30] <drshine> i took my week to chill per your instructions @ard
[2018-08-06 23:50:49] <ARD> True.However, your behavior leading up to the appeal was deemed concerning enough to warrant the monthlong

[2018-08-06 23:52:34] <drshine> and im sorry can i please come back, im really not trying to cause any trouble, just trying to be part of the community
[2018-08-06 23:53:13] <ARD> You will be allowed back in three weeks.
[2018-08-06 23:53:37] <ARD> Don't worry. Chat will still be here when you return and in any event you aren't banned from the site itself in any way
[2018-08-06 23:54:14] <ARD> drshine: if there's nothing else, please leave.
[2018-08-06 23:54:17] <drshine> ok, well if thats the decision ill leave man, im just sorry, i really wish you guys would have messaged me or something letting me know it was extended, im really not trying to be a troll, and like i said i didnt

[2018-08-07 09:49:36] <wazikamawata> Does anyone know if there's a scientific term for motor function in the limbs?
[2018-08-07 09:49:52] <Tuomey> "motor function in the limbs"
[2018-08-07 09:50:02] <Tuomey> that would pretty much be it

[2018-08-07 09:50:09] <spookybee> Locomotion, Tuomey :|
[2018-08-07 09:50:44] <spookybee> well, that's actually the movement of the
leggums, but you get me
[2018-08-07 09:50:48] <Tuomey> locomotion is "movement or the ability to move from
place to another"
[2018-08-07 09:51:12] <Tuomey> if your motor function fucks up you could have more
problems than just moving
[2018-08-07 09:51:19] <wazikamawata> locomotion was a good start, I've found "gait"
which refers to movement via limbs
[2018-08-07 09:51:20] – spookybee sticks a leggum in Tuomey's face
[2018-08-07 09:51:41] <Tuomey> spookybee: owo
[2018-08-07 09:51:51] <spookybee> ...
[2018-08-07 09:51:55] <spookybee> Oh it's motor control.
[2018-08-07 09:53:12] <Tuomey> without the context of the actual sentence it's a
little hard to give you a better term
[2018-08-07 09:53:40] <Tuomey> if you put something in that's not quite right it'll
get sorted out at the crit stage
[2018-08-07 09:53:57] <wazikamawata> Yeah sorry about the out of context questions
[2018-08-07 09:54:04] <wazikamawata> I think I'm just overcomplicating this tbh
[2018-08-07 09:55:17] <Tuomey> if you find yourself asking for a more scientific
way to say something when you're already describing something accurately, there is
a pretty solid chance you're overcomplicating things

it seems to connect but my name doesn't show up in the side bar and none of my

[2018-08-08 18:55:08] <ProcyonLotor> in a tenuous sense
[2018-08-08 18:55:27] <djkaktus> this hopefully won't take any sort of commitment, just need to make sure I haven't goofed here.
[2018-08-08 18:56:28] <djkaktus> I started putting together new images for my 4k entry earlier in anticipation of the end of the contest (since things probably won't change on my end) and decided to go ahead and rework two of the other images that are just text banners

[2018-08-08 18:56:57] <djkaktus> am I fucked?

[2018-08-08 18:57:34] <djkkactus> I'll go ahead and say the content of those images hasn't really changed, but they're different images.

[2018-08-08 18:58:43] <djkkactus> I mean, edits aren't allowed after posting, right?
[2018-08-08 18:58:47] <djkkactus> Technically these are edits.
[2018-08-08 18:59:05] <djkkactus> Like I said, they don't change the content but they're definitely edits.

[2018-08-08 19:00:36] <djkkactus> thanks boys.
[2018-08-08 19:00:41] <Quikngruvn> Unless there's a provision that says you can't edit after the posting period's over.
[2018-08-08 19:00:51] <weizhong> > Edits to works are allowed.
[2018-08-08 19:00:53] <weizhong> That's all it says
[2018-08-08 19:00:54] <ProcyonLotor> Edits are allowed at any time
[2018-08-08 19:01:16] <ProcyonLotor> and will likely be for the vast majority of contests going forward
[2018-08-08 19:01:30] <djkkactus> That's a relief.
[2018-08-08 19:01:32] <ProcyonLotor> I spoke with some people shortly after 4k went up and realized it was a damn silly rule we didn't need to keep.
[2018-08-08 19:01:39] <djkkactus> Here I thought I'd just shot myself in the proverbial penis.

[2018-08-09 13:42:26] <ScrZombie> Indeed i do, it's about the process of posting a new scp, the thread location, critics but mainly the sandbox. I have read it all but well i seem to struggle still with it and the entirety of it.
[2018-08-09 13:43:36] <Tuomey> well
[2018-08-09 13:43:40] <Tuomey> the sandbox is here <http://scp-sandbox-3.wikidot.com/>
[2018-08-09 13:44:28] <Tuomey> you link your sandbox in the drafts forum which is here <http://www.scp-wiki.net/forum/c-50864/help:drafts-and-critiques> to get feedback on a full draft or you can post in the ideas and brainstorming forum here <http://www.scp-wiki.net/forum/c-89000/help:ideas-and-brainstorming> to get feedback on an idea

[2018-08-09 14:01:20] <dffgg> Also I got a few other questions
[2018-08-09 14:01:59] <stormfallen> There is no strict Canon for the 05s
[2018-08-09 14:02:05] <dffgg> Oh
[2018-08-09 14:02:08] <subtletea> dffgg: It can be up to your own interpretation,
[2018-08-09 14:02:21] <dffgg> Is there a certain keycard The Administrator holds?
[2018-08-09 14:02:30] <stormfallen> Though common canon has an Administrator, and

05-1 acts as a first among equals
[2018-08-09 14:02:38] <dffgg> True
[2018-08-09 14:02:51] <dffgg> My thoughts are that 05-1 is an Assistant for the administrator
[2018-08-09 14:03:12] <ARD> That's a completely valid thought
[2018-08-09 14:03:14] <trets> In regards to your question about the keycard, that also falls into the "no canon" thing.
[2018-08-09 14:03:17] <ARD> Though others may not share it
[2018-08-09 14:03:21] <dffgg> oh
[2018-08-09 14:03:34] <trets> But personally, I feel an actual physical keycard is a security vulnerability.

[2018-08-09 14:06:30] <dffgg> I did have this question for a while I did look at the Security Clearances article and it says Level 5's are for senior staff or for the Overseer Command, but is the Level 5 only given to the 05 Council?
[2018-08-09 14:06:58] <bluesoul> i don't think it's definitive canon to a point where anyone would give you grief either way you went with it
[2018-08-09 14:07:09] <dffgg> Oh okay
[2018-08-09 14:07:22] <dffgg> So you know Alpha 1's right?
[2018-08-09 14:08:52] <dffgg> So if the Administrator were to go on site in the SCP Universe, (Which I HIGHLY doubt) but if he were to. Would ALL Alpha-1's guard The Administrator instead of the 05 Council men?
[2018-08-09 14:09:43] <stormfallen> There's an 001 proposal where the Administrator has an entirely separate personal MTF than A1

[2018-08-11 17:04:55] <taylor_itkin> whats the question
[2018-08-11 17:05:02] <Matt> If I join the Wiki, am i required to write articles or can i just use my account to rate/comment on different SCPs?
[2018-08-11 17:05:10] <Soulless> taylor_itkin, yes, let them know that that feedback is too vehement and does not have the author's best interest when posting. Remind that there is a difference between bluntness and harshness, and that we aim to bolster all writers towards their better selves.
[2018-08-11 17:05:15] <taylor_itkin> Nope! Not required to write
[2018-08-11 17:05:16] <Soulless> Matt, you may just rate or comment
[2018-08-11 17:05:22] <ProcyonLotor> Matt: just hanging out is fine
[2018-08-11 17:05:30] <ProcyonLotor> Most users do that!
[2018-08-11 17:05:30] <Soulless> Matt, context: we have over 30k members and less than 10% of that in scps

[2018-08-11 17:37:12] <Matt> Hi again.
[2018-08-11 17:37:17] <taylor_itkin> yo
[2018-08-11 17:37:17] <Matt> Is it "acceptable" to ask about an SCP in its comment section? Like, if I didn't understand something about an article, is it okay to ask about it in the discussion thread?
[2018-08-11 17:37:24] <taylor_itkin> For sure
[2018-08-11 17:37:29] <taylor_itkin> That's why the discussion thread is there
[2018-08-11 17:37:52] <Matt> Great.
[2018-08-11 17:38:25] <Matt> Although I never see people actually asking but rather just stating that the article left them confused.
[2018-08-11 17:38:30] <Matt> Is that a thing or is it just me?
[2018-08-11 17:38:35] <Soulless> Matt, the discussion thread is to talk about the scp in general, and you are definitely free to ask
[2018-08-11 17:38:39] <Soulless> people just.. don't tend to ask?
[2018-08-11 17:38:46] <taylor_itkin> Some people opt to do that, but there's no reason you can't
[2018-08-11 17:38:47] <Soulless> They tend to say it's confusing as a criticism of the article
[2018-08-11 17:38:49] <taylor_itkin> yeah what Soul said

[2018-08-11 22:03:24] <Neptune208> Hello, I was just wondering about something
related to my wikidot account (same name as what I'm using here) and the
application.
[2018-08-11 22:04:07] <ARD> Ask
[2018-08-11 22:04:59] <Neptune208> My name is "Neptune208" and it said that you
cannot contain an SCP number, however, the 208 stems from before I knew about SCP,
it is actually an internal reference to my own accidental mistyping of 2018
[2018-08-11 22:06:09] <ARD> That's fine - when we say you cannot contain an SCP
number, we mean that your nick can't be something like "SCP208 or scp-208" or
something
[2018-08-11 22:06:27] <ARD> Having just a number by itself isn't a problem
[2018-08-11 22:06:56] <djKaktus> Also 2018 is also an scp number.
[2018-08-11 22:07:04] <djKaktus> So it wouldn't have made a difference.
[2018-08-11 22:08:10] <Neptune208> that is true, well, thank you anyway. Wasn't
fully specified, just said "or an SCP number" so I thought if it was any number
from 001 to 4000+

[2018-08-12 14:18:57] <YohanGM> Hello? Anyone there?
[2018-08-12 14:19:21] <Tuomey> Hi
[2018-08-12 14:19:26] <Tuomey> Do you have a question for staff?

[2018-08-12 14:19:33] <YohanGM> Yeah
[2018-08-12 14:20:12] <YohanGM> Soooo, long story short, I uploaded my second skip, and unlike my first, this one is crashing and burning real fast
[2018-08-12 14:20:36] <YohanGM> So I'm thinking, when it inevitably hits -10 and is taken out back and shot, I'll go away and re-write it
[2018-08-12 14:20:55] <YohanGM> My question is this: What are the rules on re-uploading a skip at a later date?
[2018-08-12 14:21:07] <trets> It's perfectly fine.
[2018-08-12 14:21:18] <Tuomey> So long as you make significant changes, go nuts
[2018-08-12 14:21:25] <trets> ^^
[2018-08-12 14:21:26] <YohanGM> Yeah

[2018-08-12 14:23:02] <YohanGM> Yeah, I went to the critters, and people suggested I shorten it, so that is one change I plan to do
[2018-08-12 14:23:23] <YohanGM> Unless it magically gets a bunch of upvotes anyway
[2018-08-12 14:24:17] <YohanGM> But yeah, shorten it and move the hook to the front, not buried in the narrative, is what was suggested.
[2018-08-12 14:24:26] <YohanGM> I'm just a sucker for long ass, super detailed skips.
[2018-08-12 14:24:31] <YohanGM> Soooooo yeah ^^;
[2018-08-12 14:25:50] <YohanGM> On a side note, I know people aren't required to explain their vote, but at least one or two people suggesting improvements would have been nice...
[2018-08-12 14:26:29] <YohanGM> Failing should be a learning experience after all
[2018-08-12 14:28:26] <YohanGM> Anyway, I'm talking too much. If ya'll have any suggestions of your own, I'll hang around to hear em.
