[2018-10-05 22:13:07] <tretter> What do you need?
[2018-10-05 22:13:43] <Jেকেled> tretter, it's just about 3333's edit history; there are like 3 different people all trying to vandalize it around August, and I'm wondering if there's anything more up with that-the last attempted revision was yesterday.
[2018-10-05 22:14:08] <Jেকেled> tretter, someone from the french wiki is translating it and brought this to my attention, and I wanted to see if there's anything beyond what I can see on the page
[2018-10-05 22:15:16] <tretter> If you'd like, I can revert it back to my last revision, which should be the completely correct version, and lock the page.
[2018-10-05 22:15:41] <Jেকেled> tretter, I'd just like to revert it to 65, if you don't mind, since it looks like that's the last un-reverted reversion
[2018-10-05 22:15:48] <Jেকেled> And a page lock would be great, thanks :)

[2018-10-06 05:05:20] <JonEricGoodmen> Hey, so I have a question about pictures in

used.

https://zcdn.freemts.fastly.net/images/cache/product/452x1000/Little_Hero_Capes/
LITTLEHEROCAPE_LHCB_BLU_BLANK_1358366495.jpg Is a picture I am wanting to use.

hero-cape-kids-240782-2822089.html
[2018-10-06 05:06:12] <JonEricGoodmen> But I'm not quite sure if I CAN use that is
the concernr.
[2018-10-06 05:06:15] <JonEricGoodmen> *concern.
[2018-10-06 05:06:33] <Jazstar> Is it cc compliant? If so, yes, if not, no.
[2018-10-06 05:07:21] <Jazstar> I have to sign in to see it apparently, but given
it's being sold, I'd wager that it's probably not CC compliant
[2018-10-06 05:07:22] <JonEricGoodmen> I seriously have no clue how to know, I'm
not very familiar with copyright laws in all honesty.
[2018-10-06 05:07:41] <JonEricGoodmen> Okay, so no using it, gotcha.
[2018-10-06 05:07:56] <Jazstar> If you want a cc compliant image, you can set it in
google images to only show cc compliant images :D
[2018-10-06 05:08:16] <JonEricGoodmen> Okay. Didn't even know that was a thing.
Thanks!
[2018-10-06 05:08:25] <JonEricGoodmen> Like that filter option that is.
[2018-10-06 05:08:34] <Jazstar> Yeah, it's neat innit!
[2018-10-06 05:08:40] <JonEricGoodmen> I knew CC is a thing, I just didn't know you

[2018-10-07 09:58:12] <JonEricGoodmen> If I have a draft of an SCP and want to put it on the forums for critique do I need to lock my original idea thread post?

[2018-10-07 09:59:43] <Dave> You don't have to lock the idea thread, though it wouldn't be a bad idea for you to post in the idea thread to indicate the location of the draft thread.

[2018-10-07 12:50:12] <Athenodora> but no, you don't need to ask for permission for using a SCP article or Tale on the wiki - those are released under a Creative Commons Attribution-ShareAlike licence, so

[2018-10-07 14:04:18] <Athenodora> like - and this is wholly my personal opinion here, but speaking from my experience watching the wiki and the fandom - the Foundation's whole gimmick is about containing thing

[2018-10-07 14:05:00] <Athenodora> so in-universe, it'd be in character for the Foundation to want to keep the SCPs contained as well as they can

[2018-10-07 14:05:35] <Athenodora> they'd loathe something outside of controlled Foundation sites, cos too many extra variables they'll have to keep track on

[2018-10-07 14:06:04] <Jeff> I know that, that's what I'm concerned about. But, what's that one class that helps the foundation? They're in that class, but currently there has been no proven way to contain them safely, but they don't really need containing

[2018-10-07 14:06:34] <Athenodora> and in term of audience reception, I'd expect a lot of blowback from people who think that you're breaking the rules & giving your SCPs special treatment

[2018-10-07 14:07:00] <Athenodora> in which case, if you want to establish that the SCPs cannot be contained, you'll need to really /establish/ that

[2018-10-07 14:08:15] <Jeff> Yeah!

[2018-10-07 14:08:22] <Athenodora> go through each and every step of the logic - why can't these things be contained? "What if the Foundation does X...?"

[2018-10-07 14:08:35] <Athenodora> because your audience is gonna ask "What if the Foundation does X...?"

[2018-10-07 14:09:01] <Athenodora> they'll take it as a challenge - the same way they take "SCP-682 cannot be killed" as a challenge to think of ways to kill 682

[2018-10-07 14:09:19] <CrocutaCrocuta> If they truly couldn't be contained, the Foundation should be trying their utmost to change that and your article should reflect that

[2018-10-07 14:09:38] <Jeff> I feel this might be more clear if I describe the SCPs, but that would take way too long

[2018-10-07 14:09:43] <Athenodora> and in-universe, you can bet the Foundation is going through the same questions too - "why can't we contain these things, again? What if we just do X? Why do we have to negotiate with them instead?"

[2018-10-07 14:09:57] <Athenodora> so it's only logical to figuring out the answer to each and every question

[2018-10-07 14:10:08] <ARD00M> !scp-1949 does a good job of tackling these issues

[2018-10-07 14:10:09] <jarvis> ardoom: #SCP-1949: Jonathan Harris# (written 4 years ago by DrClef; rating: +201) - <http://www.scp-wiki.net/scp-1949>

[2018-10-07 14:10:21] <Athenodora> and like, my version of the Foundation is that, they're gonna negotiate if necessary

[2018-10-07 14:10:54] <Athenodora> but they wouldn't go for that if there's any other choice - that put them on the backfoot a little too much

[2018-10-07 14:12:03] <Athenodora> and in their line of work, if they can get away with /not/ giving the anomalous thing that breaks all known laws of physics an advantage, then they definitely /won't/ be giving the anomaly an advantage

[2018-10-07 14:13:12] <Jeff> Well the two SCPs compliment each other in such a way that they can break themselves or any other Scp they wanted out at any time, that's why they are so dangerous, So negotiation is nessasary.

[2018-10-07 14:14:20] <Jeff> But, I also fear I've fallen to the X-man effect, but feel this is nessarsary for their characters.

[2018-10-07 14:15:11] <Athenodora> I'd say, if you're thorough enough in justifying your plot conceit, you'll be fine

[2018-10-07 14:15:56] <Jeff> Ok thank you

[2018-10-07 14:16:02] <Athenodora> if every time the audience want to object, they find that you've already addressed the point and there's nothing wrong or incorrect, there's no flawed bit of logic to object

[2018-10-07 14:16:06] <Athenodora> then they won't be able to object

[2018-10-07 14:31:29] <CrocutaCrocuta> Welcome back Jeff

[2018-10-07 14:31:42] <CrocutaCrocuta> What's your question?

[2018-10-07 14:31:52] <The> Yeah sorry I have another one, whoops lol

[2018-10-07 14:33:26] <The> Ok so, my SCPs are approved to begin helping contain others when they turn 18. What class would they be considered before then, they're impossible to contain so would they be Keter?

[2018-10-07 14:34:53] <The> *keter Sorry

[2018-10-07 14:36:43] <CrocutaCrocuta> Alright, I'd recommend you run this idea by

the Ideas and Brainstorming forums first
[2018-10-07 14:37:01] <The> My SCP idea?
[2018-10-07 14:37:22] <CrocutaCrocuta> Because, uh, to be extremely candid with you most articles with hyper-useful teenage skips that the Foundation can't contain uhhh
[2018-10-07 14:37:28] <CrocutaCrocuta> Don't last 24 hours.
[2018-10-07 14:38:45] <The> Well, the foundation doesn't need to contain them though, that's fair but I'd rather write it and get it reviewed by someone instead of sharing an early idea

[2018-10-07 14:41:41] <taylor_work> I can tell you that likely even if you write up a full draft, you're going to be bumped back to I&B because this idea is very ambitious and would require a LOT of preplanning
[2018-10-07 14:42:52] <The> I think I can pull it off, I might as well try right?
[2018-10-07 14:44:06] <taylor_work> That's not what I'm saying

[2018-10-07 14:44:37] <taylor_work> The ideas forums aren't for saying 'yeah write this'

[2018-10-08 00:56:00] <Dexanote> If you still cannot send another application, you'll have to go into your profile and rescind your previous application. Sometimes a denial doesn't work properly.
[2018-10-08 00:56:21] <HogRoaster> Hi im back. I tried to rewrite my subscription but it says if i am a mobile user i should use another site, but when u tap that site it send me straight back to the Guide for Newbies page

[2018-10-08 01:08:22] <Dexanote> go in there, thats wikidot system stuff and not DIRECTLY attached to the SCP wiki
[2018-10-08 01:08:35] <Dexanote> find where your whatever is, your applications, and retract your SCP one
[2018-10-08 01:08:48] <Dexanote> then try to apply again
[2018-10-08 01:09:01] <Dexanote> if you've read the Guide for Newbies through THOROUGHLY you'll notice a thing thats key for being accepted

[2018-10-08 01:11:11] <Mendelssohn> Image usage question here
[2018-10-08 01:11:46] <Dexanote> yes Mendelssohn
[2018-10-08 01:11:49] <Dexanote> since I'm here anyway
[2018-10-08 01:11:51] <Mendelssohn> Let's say if I have an author page, is it legal to feature images from my favorite artists' websites on it
[2018-10-08 01:12:07] <Mendelssohn> like, through the wikidot image wizard thing
[2018-10-08 01:12:15] <Dexanote> I don't know why you wouldn't just link to the images in a section saying "Here's stuff I really love"
[2018-10-08 01:12:33] <Dexanote> I would do so with music, but its less of a grey

area just to link to Youtube, for example

[2018-10-08 01:12:35] <Dexanote> example

[2018-10-08 01:12:43] <Mendelssohn> showing the images is more engaging than showing a link

[2018-10-08 01:12:57] <Mendelssohn> but i'm not sure if that's CC compliant

[2018-10-08 01:13:46] <Dexanote> Yeah, which is why I personally (not on Image team) kind of

[2018-10-08 01:13:55] <Dexanote> Think a link is better and more compliant.

[2018-10-08 01:14:20] <Mendelssohn> I was thinking of having both pics and a link

[2018-10-08 01:14:56] <Dexanote> I'd ask someone directly on Images when they're around.

[2018-10-08 01:15:04] <Dexanote> But my gut says "ehng not a great idea"

[2018-10-08 01:16:37] <Mendelssohn> i see! thank you for clarifying! :D

[2018-10-09 15:51:40] <taylor_itkin> welcome to the Foundation, and feel free to join #site19 to chat with the rest of the site
[2018-10-09 15:52:07] <WertyWertz> Now how do I know when it is accepted?
[2018-10-09 15:52:21] <taylor_itkin> You'll get a message on wikidot
[2018-10-09 15:52:28] <taylor_itkin> so next to your username in the top right,
[2018-10-09 15:52:31] <taylor_itkin> there will be a flashing (1)
[2018-10-09 15:52:39] <taylor_itkin> and that'll be a message indicator
[2018-10-09 15:52:47] <WertyWertz> cool, thanks for the help!
[2018-10-09 15:52:53] <taylor_itkin> going to your inbox on wikidot, it should have an applications section

[2018-10-09 15:52:56] <taylor_itkin> have a good one
[2018-10-09 15:53:15] <WertyWertz> Last question, how long does it usually take?
[2018-10-09 15:53:26] <taylor_itkin> anywhere from an hour to 5 days
[2018-10-09 15:53:35] <taylor_itkin> they're done manually
[2018-10-09 15:53:40] <taylor_itkin> but #site19 is open to all
[2018-10-09 15:53:43] <WertyWertz> Ok, thank you so much! I greatly appreciate
[2018-10-09 15:53:50] <taylor_itkin> so you can join 19 and chat and such without being a site member

[2018-10-09 17:06:06] <Lyrael> I'm sorry, I have a question. Can the same SCP be Safe and Keter? I'm writing a SCP that is usually calm when close to this particular entity, but if someone tries to separate both, it becomes extremely

hostile, doing everything to go back to that certain entity, including leaving containment cell, attacking whoever tries to stop it, etc.

[2018-10-09 17:06:35] <Lazar> Short version: no
[2018-10-09 17:07:36] <ARDOOM> Lyrael: think of it this way
[2018-10-09 17:07:41] <ARDOOM> if the SCP is safe when they're together
[2018-10-09 17:07:43] <ARDOOM> why keep them apart
[2018-10-09 17:07:53] <Lazar> That's pretty much it
[2018-10-09 17:08:02] <Lazar> If there's a safe way to contain it
[2018-10-09 17:08:25] <Lazar> there should have to be a very compelling reason to not do it that way in favor of a less-safe way
[2018-10-09 17:08:56] <Lyrael> Including two SCP's in the same containment chamber?
[2018-10-09 17:09:29] <Lazar> I mean, you'd probably count it as one and then subclassify them
[2018-10-09 17:09:36] <Lazar> SCP-XXXX-1 and SCP-XXXX-2
[2018-10-09 17:09:39] <Lazar> If they're that interlinked

 [2018-10-11 02:55:16] <MasterBratak> hey fellas, i'm having trouble while

attempting to post my SCP to the
sandbox(<http://scp-sandbox-3.wikidot.com/masterbratak>). I have my SCP written up,
and when I go to my sandbox, it says "the page masterbratak you want to access does
not exist."

[2018-10-11 02:55:21] <MasterBratak> as it should

[2018-10-11 02:55:36] <MasterBratak> when I attempt to create the page, it works

[2018-10-11 02:56:31] <MasterBratak> unless it's locked, like it is now. But, even
when it's not locked, the editor appears just fine, except for the fact that the
"post" button is missing.

[2018-10-11 02:56:50] <MasterBratak> Here (<https://i.redd.it/pq6ijr4be4r11.jpg>) is
a screenshot of what I mean.

[2018-10-12 14:42:08] <Helix> So I'm writing a chaptered story. And adding some new SCPs to it for the story. Am I going to have to...actually write those entries and things for them and where is the best place to post something like this?
[2018-10-12 14:42:41] <Lazar> So, you can make big-number 'fake' SCPs
[2018-10-12 14:42:50] <taylor_i0Stkin> No, you don't need to write actual entries - you can make up stuff for Tales - I have articles onsite that have fake anomalies in them
[2018-10-12 14:42:51] <Lazar> For example, SCP-8932

[2018-10-12 14:42:56] <taylor_i0Stkin> Fake being not real SCPs
[2018-10-12 14:42:57] <taylor_i0Stkin> Yeah
[2018-10-12 14:43:00] <Lazar> And then explain it through the tale
[2018-10-12 14:43:03] <taylor_i0Stkin> And also you can post them onsite by doing:
[2018-10-12 14:43:17] <Lazar> 'fake' in the sense that it doesn't have an SCP document.
[2018-10-12 14:43:19] <taylor_i0Stkin> <http://www.scp-wiki.net/your-desired-url>

[2018-10-12 14:43:34] <taylor_i0Stkin> And as long as there isn't something in the URL you want, you can post an article in that page

[2018-10-12 14:45:35] <taylor_i0Stkin> It makes it less big of a page
[2018-10-12 14:45:46] <tretter> The longer the article the less likely people will read the whole thing

 [2018-10-13 16:48:42] <Cy|AFK> hey site staff, there are more than five articles by

 or do I need to wait for the new one (!SCP-4442) to hit a certain rating first?

[2018-10-14 14:29:33] <MobileMagnus> Just send me a pm with the tag name and I'll
add it to the lists.
[2018-10-14 14:29:58] <Cyril> thank you so much. so do I have to wait for Kit and
John to tag their own articles though?
[2018-10-14 14:30:20] <MobileMagnus> Nope!
[2018-10-14 14:30:40] <MobileMagnus> As long as you know what you're doing, I

[2018-10-14 14:34:27] <CokeBoi> its been bugging me for weeks
[2018-10-14 14:34:47] <MobileMagnus> Not as such. I'm not a neurochemical-

[2018-10-14 14:34:49] <Modern_Erasmus> CokeBoi: there's no standard medical
evaluation
[2018-10-14 14:34:59] <MobileMagnus> Which is an indicator of depression.

[2018-10-14 14:36:10] <Modern_Erasmus> MobileMagnus: keep in mind depression and
sadness are different things. The former is still hard to quantify but there are
different levels of severity that can be diagnosed

[2018-10-14 20:02:16] <Jazstar> Can you guys go have a looksee at my profile and see if you can see stuff like my edit history?

[2018-10-14 20:02:24] <Tombstone> 100 bucks a year would get you, like, two hours of support irl maybe

[2018-10-14 20:02:27] <Tombstone> .user jazstar

[2018-10-14 20:02:41] <Rimple> If there's a known issue at play, they can let us know and we'll have that in our toolbelt

[2018-10-14 20:02:55] <Tombstone> on the 21st jul you reverted cone to rev 141

[2018-10-14 20:03:07] <Jazstar> lol, yes I did

[2018-10-14 20:03:13] <DrMagnus> Sure.

[2018-10-14 20:03:22] <Tombstone> 12 days ago you told someone to "maybe outline some of these errors"

[2018-10-14 20:03:31] <DrMagnus> There's nothing suspicious, that I can see.

[2018-10-14 20:03:33] <Jazstar> Yup

[2018-10-14 20:03:47] <Tombstone> thats your most recent comment and page edit, yes?

[2018-10-14 20:03:51] <Jazstar> Ah, I was less worried about hacking, more worried that maybe my account data was all gone?

[2018-10-14 20:03:55] <Jazstar> Tombstone: Yup

[2018-10-14 20:04:20] <Jazstar> Because I can't see any of my messages (Invalid!) or recent edits (Invalid!) etc

[2018-10-14 20:04:33] <DrMagnus> That...is really goddamned strange.

[2018-10-14 20:04:40] <Rimple> Tombstone: I'm more saying it's worth reaching out

[2018-10-14 20:04:52] <Rimple> Tombstone: if we don't hear back, we don't hear back

[2018-10-14 20:04:56] <Jazstar> Let me share my password with someone and see if they get it too

[2018-10-14 20:05:05] <Tombstone> Rimple: oh right yes agreed

[2018-10-14 20:06:46] <Helix> Oops

[2018-10-14 20:06:50] <Helix> Thought I was there

[2018-10-14 20:08:34] <Jazstar> Ok so the trustworthy person has the same error

[2018-10-14 20:08:41] <Tombstone> the wikidot community/support forum is here

[2018-10-14 20:09:12] <Tombstone> but

[2018-10-14 20:09:17] <Tombstone> so uh
[2018-10-14 20:09:22] <Tombstone> I guess I will post

[2018-10-14 20:10:24] <Jazstar> o7
[2018-10-14 20:12:01] <Tombstone> you can't view your activity or anything either, right?

[2018-10-14 20:12:25] <taylor_itkin> jazzy look now you have an excuse not to do butterfly work :D
[2018-10-14 20:12:26] <Jazstar> So, it seems like anything that doesn't require a page change is invalid

[2018-10-14 20:12:34] <Tombstone> and commenting?
[2018-10-14 20:12:40] <Jazstar> Let me try that
[2018-10-14 20:12:53] <trickortrets> This seems strangely similar to the error we had back in like March or whenever it was, where all the account related pages, such as messages, history, etc, dissapeared for a weekend.
[2018-10-14 20:13:00] <Jazstar> Can I just comment on a negatively voted page so it goes away with 24 hours?
[2018-10-14 20:13:03] <trickortrets> But this is localized to a single user.
[2018-10-14 20:13:05] <taylor_itkin> trickortrets: I think that was just the inbox?

[2018-10-15 05:14:43] <Tuomey> you about
[2018-10-15 05:14:50] <Jazstar> I am. One sec
[2018-10-15 05:15:25] <Tuomey> are there still problems
[2018-10-15 05:15:58] <Jazstar> Yes, and more people are reporting them. Could you post this in reply to Helmut from me?
[2018-10-15 05:15:59] <Jazstar> My last action on wikidot was two days prior to this issue, when I used an upvote module. I am not able to post on this forum, which is why I'm using proxies. I'm using a mac. Nothing at all has changed since

two days ago, when everything was working fine. I do not know how to add a site to secure sites on safari. In addition, I have had another person try to log in, from a completely different hemisphere to me, and they have the same problem on my [2018-10-15 05:15:59] <Jazstar> account. Probably also emphasise that wikidot /only/ produces these problems when logged into my account, when logged out, the problems do not occur. Thus, it is account specific. I know you already said this, but this probably need repeating based on Helmut's response. Of course, when you post it, note that it's from Jazstar, not you lol

[2018-10-15 05:16:50] <Jazstar> Well, don't copy paste, since half is from me to the forum and half from me to you, Tuomey, but you get the gist?

[2018-10-15 05:17:34] <Tuomey> I can cypypaste up to "same problem on my account" yeah?

[2018-10-15 05:17:40] <Jazstar> Yup

[2018-10-15 05:18:00] <Tuomey> cool

[2018-10-15 05:18:05] <Jazstar> Then something like

[2018-10-15 05:18:10] <Tuomey> /did/ you try fucking with a browser's security settings at any point

[2018-10-15 05:18:33] <Jazstar> Wikidot //only// produces these problems when logged into my account, when logged out, the problems do not occur. Thus, it is account specific. Posting on the behalf of the Jazziest of stars

[2018-10-15 05:18:50] <Jazstar> Tuomey: No clue how to do that, but again, someone else with a different OS had the same issue

[2018-10-15 05:19:08] <Jazstar> And the issue disappears when logged out. So I don't think it'd help.

 [2018-10-15 15:19:12] <Lazar> best bet would probably posting those ideas on Ideas and Brainstorming and getting feedback
 [2018-10-15 15:19:15] <Lazar> and then moving from there
 [2018-10-15 15:19:22] <Phoenix> Well, no, not quite what I was hoping for either. I just... bah, sorry, fighting a depressive surge here, give me some time to gather my thoughts.
 [2018-10-15 15:21:11] <Phoenix> Okay, let me try again. I'm not used to the website; I've seen a guide for how to write an SCP and I've been browsing through the SCP entries themselves (currently on 1238), but I'm wondering if there's a way to isolate a particular SCP. Has there been one about a pane of glass that sees the future?
 [2018-10-15 15:21:28] <Lazar> Again, Ideas and Brainstorming
 [2018-10-15 15:21:40] <Lazar> Time-oriented anomalies aren't uncommon
 [2018-10-15 15:21:44] <Lazar> might want to try tags

[2018-10-16 03:26:26] <Jazstar> drespot: This is an error message that many users have recently been confronted with
[2018-10-16 03:26:44] <Jazstar> Unfortunately, it seems like we'll just have to wait it out until wikidot fixes it
[2018-10-16 03:27:52] <drespot> Sounds friendly. Hopefully they repair it soon, I've been working on an entry I had critiqued on here a while back and I wanted to see how it fared.
[2018-10-16 03:29:00] <Jazstar> drespot: I will warn you that it might take some time. Wikidot isn't known for its speed in responding to help requests, unfortunately.

[2018-10-16 03:32:17] <drespot> Most unfortunate. I was quite looking forward to finalizing my object. How long has this been happening? It's been a little bit since my last login.
[2018-10-16 03:33:06] <Jazstar> The first tech staff on SCP heard of it was yesterday, when I personally encountered the issue, and since then numerous other users both SCP and non-SCP have been having issues
[2018-10-16 03:36:01] <drespot> So it's a recent development. Who plugged SCP-079 into the mainframe? Who did it?
[2018-10-16 03:36:24] <Jazstar> lol
[2018-10-16 03:36:48] <drespot> In all seriousness though, at least this isn't an issue that's remained ignored for some time already.
[2018-10-16 03:37:12] <Jazstar> Yup. But be aware that it might take a few weeks to solve.
[2018-10-16 03:38:36] <drespot> Upsetting. I would just play the game in the meantime but it doesn't work either. Just my luck.
[2018-10-16 03:39:07] <Jazstar> Oof. Rough luck.
[2018-10-16 03:39:25] <Jazstar> You can still head to #thecritters for feedback, and keep polishing that draft
[2018-10-16 03:39:35] <Jazstar> A little extra time can't hurt it :)
[2018-10-16 03:41:12] <drespot> Yeah, keep getting "fmod.dll" issues there despite already restoring it. True, I suppose. So long as I finally get to upload it
[2018-10-16 03:41:47] <drespot> I have to say, I was expecting the critiques on my first attempt to be brutal but they were surprisingly constructive.

[2018-10-16 03:42:33] <Jazstar> Yup! Critters always do their best to provide constructive criticism.

[2018-10-16 03:42:53] <Jazstar> But this is veering into pure chat haha. If you want that, #site19 is the place, as this is reserved for help :)

[2018-10-16 03:43:39] <drespot> Wilco, I appreciate the heads up. Here's to hoping they fix this issue swiftly.

[2018-10-16 10:17:48] <G3Kappa> Greetings! I would like to ask a question about a denied application. I think it had to do with the choice of username (Gamma-4-J) but honestly I have no idea, and I didn't think it would be an inappropriate username. On second thought, it might sound like a GoI member or something I guess
[2018-10-16 10:18:17] <taylor_i0Stkin> Did you put the required thing in the app?
[2018-10-16 10:18:38] <G3Kappa> Yeah, "I am here and yadda yadda", right? Period at the end?

[2018-10-16 23:20:36] <JohnGulf> Hello
[2018-10-16 23:21:57] <bluesoul> hi
[2018-10-16 23:22:25] <JohnGulf> How many articles usually get accepted into the
foundation as an SCP? Like the rate of writers making one
[2018-10-16 23:23:20] <Modern_Erasmus> JohnGulf: depends on the day in question,
but usually probably 1 in 3 or so
[2018-10-16 23:23:21] <bluesoul> man, really depends on the writer, but i know my
first two failed
[2018-10-16 23:23:45] <Modern_Erasmus> JohnGulf: but it's all down to quality
whether it survives or not, it isn't random chance
[2018-10-16 23:23:45] <bluesoul> some people write their highest-rated ones as
their first and that's all we see of them
[2018-10-16 23:24:07] <JohnGulf> So people usually just write one and that's it?
[2018-10-16 23:24:24] <Modern_Erasmus> JohnGulf: naw there's tons of people that
write a lot
[2018-10-16 23:24:50] ← Dexanote quit

[2018-10-16 23:24:56] <jarvis> bluesoul: #SCP-1981: "RONALD REAGAN CUT UP WHILE
TALKING"# (written 6 years ago by Digiwizzard; rating: +1489) - http://www.scp-wiki.net/scp-1981
[2018-10-16 23:24:58] <Modern_Erasmus> Though just due to averages and stuff the
mode is one

```

[2018-10-16 23:25:09] <bluesoul> was a one-hit wonder
[2018-10-16 23:25:29] <JohnGulf> Isn't that just like a corrupted footage of Ronald Reagan talking on stand?
[2018-10-16 23:25:39] <Modern_Erasmus> Basically
[2018-10-16 23:25:52] <JohnGulf> Hmm
[2018-10-16 23:26:03] <JohnGulf> Yeah I'm still have trouble coming up with a name lol
[2018-10-16 23:26:24] <bluesoul> the good news is there really is no rush
[2018-10-16 23:26:26] <JohnGulf> I guess this should go into the idea and brainstorming category
[2018-10-16 23:26:47] <Modern_Erasmus> JohnGulf: when in doubt, always make use of our help forums
[2018-10-16 23:27:29] <JohnGulf> One more before I leave
[2018-10-16 23:27:39] <Modern_Erasmus> Shoot
[2018-10-16 23:27:48] <JohnGulf> How many scps that are written are usually based off of other SCPs
[2018-10-16 23:28:01] <Modern_Erasmus> Based off of?
[2018-10-16 23:28:23] <Modern_Erasmus> Do you mean inspired by, related to, or just used as an origin story?
[2018-10-16 23:28:34] <JohnGulf> inspired by
[2018-10-16 23:28:42] <JohnGulf> Sorry if that seemed vague
[2018-10-16 23:28:51] ← weryllium quit (our@n.high.school.host.mask): Quit: Connection closed for inactivity
[2018-10-16 23:29:10] <Modern_Erasmus> Happens all the time, though succeeding with it requires a creative twist on the source
[2018-10-16 23:29:25] <Modern_Erasmus> Ie 2343 as a deconstruction of 343
[2018-10-16 23:29:44] <Modern_Erasmus> Or my own 3480 as related to 2000
[2018-10-16 23:29:57] <JohnGulf> But their not the same fight?
[2018-10-16 23:30:01] <JohnGulf> Right?
[2018-10-16 23:30:13] <Athenodora> no
[2018-10-16 23:30:15] <Modern_Erasmus> No, not at all the same
[2018-10-16 23:30:21] <JohnGulf> Just one is made because someone was inspired by what someone else wrote?
[2018-10-16 23:30:42] <Athenodora> okay, so, to clarify: from an administrative side of things, we only care about plagiarism, not inspiration
[2018-10-16 23:31:07] <Athenodora> so long as you give appropriate credits when you make use of other people's works, that's fine
[2018-10-16 23:31:23] <JohnGulf> Right you can't steal someone else's work.
[2018-10-16 23:31:37] <Athenodora> from a storytelling point of view, you're basically trying to court your audience with your story
[2018-10-16 23:32:10] <JohnGulf> Ok
[2018-10-16 23:32:14] <Athenodora> you need to entertain them - thrill them, make them afraid, make them laugh, whatever - or else they won't like your story, and will downvote it
[2018-10-16 23:33:01] <JohnGulf> Ok thank you
[2018-10-16 23:33:07] <Athenodora> in which case, you'll need to make sure the audience won't go "why am I reading this while I could just be reading [whatever the number of the original SCP you took inspiration from is]?"
[2018-10-16 23:33:43] <Athenodora> i.e. what else does your SCP bring to the table, that the "original" one didn't?
[2018-10-16 23:33:59] <Athenodora> I'd thinkt that's a fair rule of thumb to go by, personally
[2018-10-16 23:34:22] <JohnGulf> So make the SCP unique and stand out from the rest
[2018-10-16 23:35:18] <Athenodora> well, not in an absolute sense - like, you don't have to go and chase after the ultimate Most Unique Idea, never before been thought of throughout human history
[2018-10-16 23:35:33] <Athenodora> you just need to do something interesting
[2018-10-16 23:35:35] <JohnGulf> Right lol
[2018-10-16 23:36:13] <Athenodora> and part of interesting is not making the people

who has read the "original" SCP go "oh, I'm bored. Haven't I read all this before?"
[2018-10-16 23:36:34] <JohnGulf> Lol
[2018-10-16 23:37:11] <JohnGulf> Their be no point if your basically just making something that acts and gets treated the same way as another SCP already posted
[2018-10-16 23:37:30] <JohnGulf> People will feel like their reading the same thing just a different number and name
[2018-10-16 23:37:58] <JohnGulf> Ok I got it
[2018-10-16 23:38:31] <bluesoul> yeah it's being inspired by one versus reinventing it

[2018-10-19 11:33:27] <DiESF1RST> since I have you guys here, can i ask questions about writing here?

[2018-10-19 11:33:34] <trickortrets> Depends, if you're looking for feedback or critique, you should probably ask in #site19 or #thecritters

[2018-10-19 11:33:39] <bluesoul> DiESF1RST you can try, we might direct you to #site19 if it would be better answered by the community at large

[2018-10-19 11:33:56] <DiESF1RST> no critiques, its more about posting really

[2018-10-19 11:34:06] <trickortrets> Go for it.

[2018-10-19 11:34:19] <DiESF1RST> I'd like to know a few things, for one, is there a word count limit to posting tales?

[2018-10-19 11:34:39] <DiESF1RST> i looked through the guide and didnt find anything on word counts

[2018-10-19 11:34:42] <bluesoul> no, there's a hard character limit of 200,000 characters which is a lot of characters

[2018-10-19 11:34:48] <bluesoul> 200k to a page

[2018-10-19 11:34:53] <DiESF1RST> crap

[2018-10-19 11:34:58] <bluesoul> that's a system limit, but you could make another page

[2018-10-19 11:34:59] <DiESF1RST> >.>

[2018-10-19 11:35:20] <DiESF1RST> my first tale here is being done in chapters

[2018-10-19 11:35:40] <DiESF1RST> and chapter 1 (which i just finished last night) is 13 pages long

[2018-10-19 11:35:48] <bluesoul> sure, that's not uncommon, people will generally just break it into parts/pages

[2018-10-19 11:36:40] <bluesoul> and 13 pages should be way under 200,000 characters anyway

[2018-10-19 11:37:00] <DiESF1RST> i better check

[2018-10-19 11:37:07] <bluesoul> a single spaced page is about 500 words or 3000 characters on average

[2018-10-19 11:37:13] <bluesoul> so that'd be like...40,000

[2018-10-19 11:37:24] <DiESF1RST> oh so i should be good then

[2018-10-19 11:38:18] <bluesoul> yeah it should be fine, you won't be able to post it if it's over that limit and honestly i wouldn't try and get right up to that limit because it makes editing later take forever

[2018-10-19 11:38:23] <bluesoul> keep it below 100k

[2018-10-19 11:38:27] <DiESF1RST> is it ok to submit my tale in separate chapters or is there a way to add chapters to a tale with out exceeding the character limit?

[2018-10-19 11:38:53] <bluesoul> i'd recommend the former both to keep the size down and also to field comments from the community between chapters

[2018-10-19 11:39:08] <DiESF1RST> this tale is going to be long and hopefully very interesting

[2018-10-19 11:39:15] <DiESF1RST> (trying my best here)

[2018-10-19 11:39:44] <DiESF1RST> <bluesoul> ok

[2018-10-19 11:40:03] <DiESF1RST> is it ok to submit my tale in separate chapters or is there a way to add chapters to a tale with out exceeding the character limit?

[2018-10-19 11:40:38] <Lily> Yeah I think like... we've had ONE article that hit the limit I know of

[2018-10-19 11:40:44] <Lily> And iirc it was intentional

[2018-10-19 11:40:48] <Lily> DiESF1RST: you can do both

[2018-10-19 11:40:52] <Lily> either

[2018-10-19 11:40:55] <bluesoul> that's cruel, that's like 50 pages

[2018-10-19 11:41:16] <bluesoul> and technically all the foundation tales pages hit the limit and are linked by includes

[2018-10-19 11:41:22] <bluesoul> so you can present them all in one place

[2018-10-19 11:41:31] <bluesoul> but the page may be very slow to load

[2018-10-19 11:42:01] <bluesoul> the tales by title/author pages are both nearing a million characters long

[2018-10-19 11:45:56] <bluesoul> in your tale? sure
[2018-10-19 11:46:15] <bluesoul> you can't go and edit the source material to make it fit your needs, but putting a twist on someone else's skip in your own tale is well-established

[2018-10-19 20:28:58] <Helix> Im kinda making some things and due to the resistance I'm likely going to have Ill likely end up with a new canon or something
[2018-10-19 20:29:18] <Modern_Erasmus> Okay?
[2018-10-19 20:29:48] <Modern_Erasmus> Just write what you want. If the quality is good there won't be resistance.
[2018-10-19 20:29:49] <Helix> I havent seen a lot of people using 05 as characters a lot so I decided to
[2018-10-19 20:29:59] <Helix> it seemed an interesting idea
[2018-10-19 20:30:16] <Modern_Erasmus> That's fine. It's been done, albeit rarely.
[2018-10-19 20:31:07] <Helix> I've an anomalous 05, two actually that have interesting takes on ability
[2018-10-19 20:32:19] <Helix> first is 05-Alpha (Placeholder) He can manipulate memory. You can't perceive his face or voice but you can remember speaking to him and what he tells you.
[2018-10-19 20:32:56] <Helix> He can take memory and replace it
[2018-10-19 20:33:55] <Helix> Second is 05-Delta, He literally cannot come in contact with Anything. He will take the traits of anything he comes in contact with
[2018-10-19 20:36:45] <Modern_Erasmus> This channel is for staff help and questions
[2018-10-19 20:37:04] <Modern_Erasmus> Please use 19 or #thecritters for idea feedback.
[2018-10-19 20:37:13] <Helix> I just wanted to know if I could make these without starting a new canon
[2018-10-19 20:37:37] <ARD> you're gonna make a new canon implicitly

spaces. Although most articles on the site don't really indent

The SCP I'm talking about has the ability to increase its size and such if it's exposed to more chemicals, particles, etc in the air... which could I guess be keter-ish?

[2018-10-20 14:55:02] <Lazar> The less robust way to is to have messy weird licensing stuff where only the SCP content is licensed that way and you don't release source
[2018-10-20 14:55:27] <Lazar> But you're still bound by CC-BY-SA in that it must remain freely redistributable/remixable.
[2018-10-20 14:55:42] <Lazar> So yes, you can sell your game, but you can't use DRM or account-locking.
[2018-10-20 14:55:44] <Lazar> etc.
[2018-10-20 14:56:48] <Lazar> And there's no particular problem with releasing the source code you used //with// unity, which is probably what would be needed

[2018-10-20 18:17:14] <SqueakyT> This is so frustrating. Im old school. Ive been a writer and an avid reader my entire life. But back in the olden days we used paper, or a typewriter. A collaboration like this was unheard of. And for me, trying to navigate this wiki with a tablet is difficult to say the least
[2018-10-20 18:20:03] <SqueakyT> I have some ideas ive been working on for a while, but Im intimidated by the formatting.

[2018-10-20 18:23:39] <SqueakyT> Any tips for a computer illiterate antiquated writer?

[2018-10-20 21:54:16] <MrAnakinSpecter> Eh that's up to the author.

[2018-10-20 21:54:29] <Igloo> logically, 096 should be keter considering how hard it'd be to completely dispose of photographs of him out in the wild

[2018-10-20 21:54:46] <Igloo> but it's really just because 096 is old and the object classes weren't as well-defined back then

[2018-10-20 21:55:16] <MrAnakinSpecter> Also what Igloo said.

[2018-10-20 21:55:55] <DIGIshadowdragon> On that topic i still need help.

[2018-10-20 21:56:48] <Igloo> do you have a draft ready, or is it just an idea?

[2018-10-20 21:57:36] <DIGIshadowdragon> Well im trying to form a draft now but i cannot come up with a class as it fits 2 category's.

[2018-10-20 21:58:10] <Igloo> what's the general concept?

[2018-10-20 22:00:43] <DIGIshadowdragon> Its an entity that can be beneficial like thaumiel at possibly being able to nuturialise scp's. But it is also extremely difficult to contain and is potentially hazardous.

[2018-10-20 22:01:24] <MrAnakinSpecter> Maybe say Euclid first, cross that out, and then put thaumiel?

[2018-10-20 22:03:04] <DIGIshadowdragon> Its also not well understood.

[2018-10-20 22:05:00] <MrAnakinSpecter> Maybe just say "class pending" or something, then?

[2018-10-20 22:05:07] <DIGIshadowdragon> Hmm perhaps. My issue is the fact that its both.

[2018-10-20 22:05:07] <DIGIshadowdragon> Is having 2 classifications allowed?

[2018-10-20 22:05:31] <MrAnakinSpecter> Yeah, but some people don't like it and will -1 just because of it.

[2018-10-20 22:05:33] <DIGIshadowdragon> Lol just put "Its complicated"

[2018-10-20 22:06:03] <DIGIshadowdragon> Hmmm im stuck in a dilemma...

[2018-10-21 01:46:44] <trots> What can I help you with, GroovyMintPie?
[2018-10-21 01:47:26] <GroovyMintPie> It's been quite a while and my app hasn't
been accepted
[2018-10-21 01:47:50] <GroovyMintPie> Can we get an admin
[2018-10-21 01:50:23] <GroovyMintPie> Hello, trots?
[2018-10-21 01:50:43] <trots> Sorry, dodging between windows
[2018-10-21 01:50:50] <trots> What's your username?
[2018-10-21 01:50:52] <GroovyMintPie> It's ok
[2018-10-21 01:51:22] <GroovyMintPie> Can u accept my app
[2018-10-21 01:51:55] <trots> No, but I can see if I can figure out what's going
on, and see if any admins up right now
[2018-10-21 01:52:09] <trots> For now, just let me know what your wikidot username
is
[2018-10-21 01:52:38] <GroovyMintPie> It is GroovyMintPie
[2018-10-21 01:52:44] <trots> Gotcha
[2018-10-21 01:52:55] <GroovyMintPie> :P
[2018-10-21 01:53:21] <trots> When did you submit your app?
[2018-10-21 01:53:38] <GroovyMintPie> +- a week ago
[2018-10-21 01:54:31] <GroovyMintPie> Is that ok trots?
[2018-10-21 01:54:49] <trots> Just trying to figure stuff.
[2018-10-21 01:55:03] <trots> And GroovyMintPie is the account you applied with,
right?
[2018-10-21 01:55:15] <GroovyMintPie> yes it is
[2018-10-21 01:55:40] <trots> Well, according to wikidot, your account has been
made for less than a day.
[2018-10-21 01:55:54] <GroovyMintPie> Are u sure?
[2018-10-21 01:55:59] <trots> Yes.
[2018-10-21 01:56:13] <GroovyMintPie> I swear I sent it week ago
[2018-10-21 01:56:13] <trots> So, I'm going to have to ask you to just be patient
[2018-10-21 01:56:27] <trots> An admin will get to your app within a few days.
[2018-10-21 01:56:35] <GroovyMintPie> You know what, I think I know what it is
[2018-10-21 01:56:36] <trots> Provided you've sent an application.
[2018-10-21 01:57:16] <GroovyMintPie> After I sent my app and the wifi died. Could
that mabey be what caused this
[2018-10-21 01:57:52] <trots> Perhaps
[2018-10-21 01:58:05] <trots> I'd double check that you've actually sent an
application though.
[2018-10-21 01:58:16] <GroovyMintPie> Thank you

[2018-10-21 01:59:42] <trots> Ah

[2018-10-22 20:14:10] <taylor_i0Stkin> do you have a question for staff
[2018-10-22 20:14:18] <marshall> yes i do!
[2018-10-22 20:14:25] <taylor_i0Stkin> What's up
[2018-10-22 20:15:46] <marshall> so i am on a friend's account (with his permission) and we were trying to figure out why I am not getting an email when signing up for the scp website.
[2018-10-22 20:16:01] <taylor_i0Stkin> Well, two things
[2018-10-22 20:16:28] <taylor_i0Stkin> 1) you mean a friend's IRC or wiki account? and 2) Wikidot is a polish company with like 6 people that work for it - the email can take a while sometimes, but have you checked your spam folder?
[2018-10-22 20:17:25] <marshall> wiki account? and i have, i have been trying to sign up for weeks now so....
[2018-10-22 20:17:59] <taylor_i0Stkin> Well, first, we don't allow multiple users per account, but also, uh...did you put in the right email?
[2018-10-22 20:18:35] <Tombded> I would like to point out that if you're using a hotmail.com email address it won't work
[2018-10-22 20:19:39] <marshall> i understand that i just wanted to see what was

going on you know? he was nice enough to allow me. and yes i did, i have it written down and everything on paper. and i use @gmail

[2018-10-22 20:19:54] <Tombded> hm

[2018-10-22 20:20:01] <Tombded> I'm not sure what the issue is then

[2018-10-22 20:20:37] <marshall> oof... well then...

[2018-10-22 20:20:46] <Tombded> wait, wait

[2018-10-22 20:21:11] <Tombded> when you say "singing up for the SCP website" do you mean sending an application through this page?

<http://www.scp-wiki.net/system:join>

[2018-10-22 20:21:12] <jarvis> tombded: #Join This Site# (written 10 years ago by The Administrator; rating: +32) - <http://www.scp-wiki.net/system:join>

[2018-10-22 20:22:11] * NineVolt → BusyVolt

[2018-10-22 20:22:26] <Tombded> you don't get an email when you send an application - you get a response to your wikidot PMS

[2018-10-22 20:23:18] <Tombded> specifically it'll end up saying "accepted" or "denied" on your application, which can be viewed from this page

<https://www.wikidot.com/account/messages#/applications>

use, and is what I had hoped for from anyone commenting on my writing. I can easily

if not, better avoid these issues in my future chapters
[2018-10-23 13:11:29] <DiESF1RST> I dont believe I was inappropriate to fieldstone.

[2018-10-23 13:14:02] <ARD> DiESF1RST: what I don't understand is why you're claiming that you were uncivil when the first thing you came in to do was apologize for taking out your frustrations on zyn

[2018-10-23 13:15:27] <ARD> Your forum responses are the whole heart of the issue between you and Zyn
[2018-10-23 13:15:34] <Leveritas> We are not talking about feedback, we're talking about attitude.
[2018-10-23 13:15:47] <DiESF1RST> I said i was uncivil to fieldstone, not to Zyn
[2018-10-23 13:15:58] <DiESF1RST> wasn't*
[2018-10-23 13:17:50] <Leveritas> Is it really relevant to whom specifically you were uncivil to? The idea behind it is that you were, and so far we're not convinced that it is going to change.
[2018-10-23 13:17:56] <DiESF1RST> I think im being taken WAY out of context here... so... Zyn, I am apologizing specifically to you. I was a bit uncivil at some points during my 2nd repsonse to you and it was unfair. However, I am not due an apologies to anyone else I've responded to as I was not uncivil with them.
[2018-10-23 13:18:16] <DiESF1RST> I guess thats a fault of mine then

[2018-10-23 13:21:03] <Zyn> you demonstrated a clear lack of willingness to take the feedback seriously
[2018-10-23 13:21:16] <Zyn> fieldstone knows that you posted the piece to the mainsite and it was deleted at -14 with no upvotes.
[2018-10-23 13:21:45] <DiESF1RST> I did take field's words seriously, its why I took the time to quote everything I responded to.
[2018-10-23 13:21:51] <Zyn> It seems fairly disingenuous to highly disagree with a reviewer regarding the piece's readiness for the site when it's already been posted in the current iteration.
[2018-10-23 13:21:57] <Zyn> DiESF1RST: that's the thing
[2018-10-23 13:22:21] <Zyn> you seem to spend way more time telling the reviewers how their critique is problematic
[2018-10-23 13:22:22] <DiESF1RST> But i wasnt disagreeing with anything.....
[2018-10-23 13:22:39] <Zyn> rather than figuring out how to improve your piece for

an audience

[2018-10-23 13:22:53] <Zyn> DiESF1RST: you quote him and then specifically state, "I highly disagree with this opinion".

[2018-10-23 13:23:41] <DiESF1RST> In your own wrk, you are not an unbiased party. Therefor it helps when a person reviewing your work can point to a specific so you recognize the issue (at least this helps me).

[2018-10-23 13:23:51] <fieldstone> Asking "what sort of satisfying conclusion are you expecting to find at the end of chapter one" instead of thinking "maybe there's a problem with the ending of this chapter" would be an example of disagreeing

[2018-10-23 13:23:57] <DiESF1RST> That was an opinion

[2018-10-23 13:25:31] <Zyn> We are not here to handhold authors through the basics.

[2018-10-23 13:26:03] <Zyn> If the four posts of critique are largely unusable to you because you need exact specifics, you are free to seek out someone who has the time and patience to work closely with you as a professional, paid tutor would effectively do.

[2018-10-23 13:26:14] <ARD> DiESF1RST: you keep engaging us in bad faith. [2018-10-23 13:28:16] <ARD> You see, DiESF1RST? It's not the critique that's the issue. It's your attitude to the people delivering it.

[2018-10-23 13:30:28] <Quikngruvn> DiESF1RST, giving critique is a time- and labor-intensive job. People do it 'cos *they want to help*. But you have to be willing to listen to and accept the critique you get or else no one will want to give you critique again.

[2018-10-23 13:32:25] <fieldstone> For what it's worth, I don't feel like you owe me an apology, but I think maybe the issue here is that you're not understanding the fundamentals of fiction writing enough to understand what you're being told

[2018-10-23 13:33:29] <DiESF1RST> When I write critiques for developers, I dont merely state that something is a problem and expect them to just figure it out from

there. I know a biased party isn't going to see the flaws I point out, so I give examples, take screen shots, screen recordings if necessary, and give context for things I can't point directly to.

[2018-10-23 13:34:19] <fieldstone> Things like how to end a chapter in a way that keeps readers interested or what overly flowery means in this context are relatively basic things though

[2018-10-23 13:34:20] <DiESF1RST> it's what drew me to the SCP fiction and community in the first place.

[2018-10-23 13:34:48] <DiESF1RST> but it is something I'm not fully understanding

[2018-10-23 13:34:56] <fieldstone> Hearing "this is too flowery" or "this needs a better storyline" is part of the process of learning

[2018-10-23 13:35:06] ← ARD quit (he@rt.of.dankness): Quit:

[2018-10-23 13:35:06] <DiESF1RST> which is why I ask that context or specifics be mentioned

[2018-10-23 13:35:22] <DiESF1RST> I understand that.

[2018-10-23 13:35:27] <fieldstone> If you want to improve, you need to act on that advice as best you can at your current level, then try again and see how the reaction changes

[2018-10-23 13:35:51] <fieldstone> This is how you develop a keener understanding of the fine points

[2018-10-23 13:36:10] <fieldstone> Nobody can guide you through that precisely, you have to learn from your own experience

[2018-10-23 13:36:33] <DiESF1RST> It's a process, but my problem (as I've mentioned several times) is I don't really see some of the issues and need specifics pointed out.

[2018-10-23 13:36:43] <DiESF1RST> I realized that ages ago

[2018-10-23 13:36:53] <DiESF1RST> I can't expect someone to just fix my problems

[2018-10-23 13:37:13] <DiESF1RST> all I'm asking is a specific heading to look at

[2018-10-23 13:37:17] <fieldstone> If you don't understand the issues that are being pointed out to you, you need to get more experience

[2018-10-23 13:37:21] <DiESF1RST> and maybe I can step that way

[2018-10-23 13:37:33] <DiESF1RST> which is why I'm here

[2018-10-23 13:37:40] <DiESF1RST> to get that experience

[2018-10-23 13:37:44] <fieldstone> It's already been shown that the article we're talking about won't survive on the site as-is

[2018-10-23 13:38:11] <fieldstone> So that's an experience you should be learning from

[2018-10-23 13:38:21] <DiESF1RST> I don't care about them surviving, I don't care about rating...

[2018-10-23 13:38:28] <DiESF1RST> I just want them to exist here

[2018-10-23 13:38:33] <DiESF1RST> nothing more.

[2018-10-23 13:38:41] <taylor_i0Stkin> That's what surviving is

[2018-10-23 13:38:44] <fieldstone> We're telling you that you're so far from where you want to be that you need to practice the basics

[2018-10-23 13:39:20] <fieldstone> In this case that probably means trying again with a stand alone article

[2018-10-23 13:39:44] <fieldstone> See if you can make that work

[2018-10-23 13:39:59] <fieldstone> And what you can learn from trying

[2018-10-23 13:40:09] <DiESF1RST> Ok then, I'll try that

[2018-10-23 13:40:36] <Quikngruvn> To be clear, no one is saying you should abandon this idea for this story. But you may want to back-burner it while you try some single-article stories. Something that's not "X Chapter 1".

[2018-10-23 13:40:54] <DiESF1RST> got it

[2018-10-23 13:42:57] <fieldstone> Yes exactly thanks quik

[2018-10-24 16:31:57] <Okeirany> I was told it was possible, because I was going to make a few audio files for the article.
[2018-10-24 16:32:47] <FlameShirt> Ah okay, do you know who you spoke to?

[2018-10-24 16:33:32] <unclenicolini> I guess you'd need to talk to site staff
[2018-10-24 16:33:37] <Lily> we very rarely allow reservations. How integral is the audio recordings?
[2018-10-24 16:34:00] <Okeirany> It's rather important.
[2018-10-24 16:34:17] <Lily> And I assume the recordings require you to say the scp number?
[2018-10-24 16:34:33] <trickortrets> Define "rather important", cause that's a bit vague, tbh.
[2018-10-24 16:34:52] <Okeirany> Because of the SCPs capabilities, there are lines that don't appear in the transcript which helps to add some depth to the story.
[2018-10-24 16:35:30] <Okeirany> Some of it is a spectrogram secret, and some is some hidden dialogue that will have been reversed and pitched.
[2018-10-24 16:35:56] <Okeirany> It would be rather difficult to hide said secrets in a text file.
[2018-10-24 16:37:38] <trickortrets> Do you have an estimate for how long it would take you to create these files?
[2018-10-24 16:39:26] <Okeirany> About five to six days. I only have a few voice actors, and they tend to mess up sometimes, resulting in numerous bloopers. And, to Lily, yes, the number is said in the recordings.
[2018-10-24 16:39:52] <trickortrets> Give us a bit to discuss.
[2018-10-24 16:40:09] <Okeirany> Gladly.
[2018-10-24 16:40:16] <Okeirany> Teke your time.
[2018-10-24 16:43:03] <trickortrets> Okeirany: Do you have any proof of your skills or ability as an audio editor?
[2018-10-24 16:46:24] <Okeirany> I have made a few audio files in the past, which

are going to be used in a future project which have not been released yet. However, I have a good amount of experience with programs like Audacity and GarageBand, and have discovered a few tricks with those programs. Lastly, a family member of mine does most of his work with audio, and has agreed to help.

[2018-10-24 16:51:43] <trickortrets> After some discussion, we do not feel comfortable allowing you to reserve the slot. As we are not familiar with your work and you don't have anything on the wiki to indicate that you'd be able to carry through with your project.

[2018-10-24 16:52:10] <trickortrets> You're free to still create it, obviously, but we can't guarantee you'll have the number.

[2018-10-24 20:55:34] <daeviteempire> While I'm here, I'd like to file a complaint on how the deletion of SCP-2908 was handled. While I didn't like the article, a significant amount of the downvotes on said article were made by deleted accounts, suggesting some sort of raid.
[2018-10-24 20:57:04] <daeviteempire> I don't have any proof of this, but I do distinctly remember this being the case. Scpper might still have it recorded.
[2018-10-24 20:57:42] <CrocutaCrocuta> I don't think there's anything we can do without any proof, certainly for something where we are now completely incapable of finding proof
[2018-10-24 20:58:03] <CrocutaCrocuta> Scpper would no longer have it to my knowledge
[2018-10-24 20:58:49] <daeviteempire> scpper records deleted articles
[2018-10-24 20:59:22] <CrocutaCrocuta> Either way, if there's no proof of a raid there's like...
[2018-10-24 20:59:26] <CrocutaCrocuta> Nothing we can do?
[2018-10-24 20:59:41] <CrocutaCrocuta> People delete their accounts. Some of those people also voted on the site.

[2018-10-24 21:01:00] <CrocutaCrocuta> As far as I can see policy was followed completely, and, with all respect, a complaint like this cannot march forward on mere supposition

[2018-10-25 07:55:40] <LadyKatie> Hello
[2018-10-25 07:56:03] <LadyKatie> What do you need, PhantomOfTheIHPera
[2018-10-25 07:56:19] <PhantomOfTheIHPera> LadyKatie: from what I understand, you help run the INT_Translator account?
[2018-10-25 07:56:26] <LadyKatie> Yes
[2018-10-25 07:57:30] <PhantomOfTheIHPera> LadyKatie: from what I can tell, the international SCPs aren't checked for content, and are just ported onto the main site. This has led to... things getting through. !SCP-ES-061, for instance, contains a transphobic slur, and it's fairly clear that it was just translated into English, and not proofread, either for grammar or content.
[2018-10-25 07:57:31] <jarvis> phantomoftheihpera: #SCP-ES-061# (written 4 hours ago by Dr_Grom; rating: -10) - <http://www.scp-wiki.net/scp-es-061>
[2018-10-25 07:57:58] <LadyKatie> Yeah, it's in the process of being removed and replaced
[2018-10-25 07:58:49] <PhantomOfTheIHPera> I feel that if we're going to port articles to the site from the various branches, an effort should be made at translating them-- not just from Spanish/German/Russian/Japanese into English, but also discuss with the original authors some things that may not translate well culturally.

[2018-10-25 08:00:12] <LadyKatie> Yes, normally things like that are caught, but things do slip through the cracks.
[2018-10-25 08:00:19] ← DevOsmium left (~owen@C849F2B3:5258109F:21798E60:IP):
[2018-10-25 08:00:24] <PhantomOfTheIHPera> Back in August, I decided to start translating a French SCP from the GOI SAPPHIRE/SAPHIR, which is a group of militant atheists. Among pieces of writing included in the original document was a reference to the Priory of Zion/Sion, which is an anti-Semitic conspiracy theory, as well as the phrase "Morons of Jews". While I never finished the translation due to things happening in my life, the author agreed that they should be
[2018-10-25 08:00:25] <PhantomOfTheIHPera> changed for the main site.
[2018-10-25 08:00:34] <PhantomOfTheIHPera> that took way too long to write. <_>
[2018-10-25 08:02:20] <LadyKatie> It's fine. SAPHIR's hub was translated
[2018-10-25 08:03:14] <PhantomOfTheIHPera> LadyKatie: my point is that there needs to be a bit of quality control when it comes to translations; ES-061 is I think the third INT SCP that's fallen below threshold since the project started.
[2018-10-25 08:04:03] <LadyKatie> Out of over twenty. There's around 50 total
[2018-10-25 08:04:28] <PhantomOfTheIHPera> fair enough.
[2018-10-25 08:04:33] → DevOsmium joined (osmium@devosmium.xyz)
[2018-10-25 08:05:50] <LadyKatie> Also, editors are human. Mistakes are made, sometimes things slip through the cracks. We're also coordinating across several time zones, and it's nearly impossible to run everything by the original author

[2018-10-25 20:01:40] <DrZinc> hello, so I posted a thread in brainstorming and this user posted "I think it's a great idea, and it's quite original too." on it
[2018-10-25 20:01:59] <DrZinc> approximately an hour ago
[2018-10-25 20:02:30] <DrZinc> I asked for them to elaborate, but got nothing back
[2018-10-25 20:02:45] <ARD> Well there's nothing we can do about that
[2018-10-25 20:02:50] <ARD> You'll just have to be patient
[2018-10-25 20:03:02] <DrZinc> Yea, I figured
[2018-10-25 20:05:50] <DrZinc> But, if i may, they might be underage? they also posted a thread, That I just so happened to comment on, saying that " So I had the idea for a this SCP after looking up evolution for my science class." following up with an idea that does really follow evolution works.
[2018-10-25 20:06:07] <DrZinc> Now that might just be being ill informed
[2018-10-25 20:06:31] <DrZinc> or maybe indicative of their grade level
[2018-10-25 20:06:49] <DrZinc> Sorry, I don't want to start anything...
[2018-10-25 20:09:10] <CrocutaCrocuta> Yeah, with all kindness, unless a user comes across firm actual proof of underageness, that's not something we want normal users concerning themselves with
[2018-10-25 20:09:41] <CrocutaCrocuta> By all means, if you feel critique isn't up to snuff, submit a complaint, but let's not start witch hunts

[2018-10-25 22:50:43] <Varaxous> If you go to the top left of the SCP wiki while

signed in, click on the drop down arrow there

[2018-10-25 22:51:02] <Varaxous> There should be something called 'messages'

[2018-10-25 22:51:37] <Varaxous> Click on that and it will bring you to all of your, you guessed it, messages. If you look below the left bar, there will be a tab labeled 'Applications'

[2018-10-25 22:51:47] <Varaxous> If you click on that, it will show you all outgoing applications

[2018-10-25 22:52:07] <Varaxous> If you see your application to the SCP Wiki there, then that means it is still being processed

[2018-10-25 22:52:45] <Varaxous> When an admin is done processing it, you will get a notification telling you it was either accepted or denied

[2018-10-27 14:59:51] <JasonTheHusly> k so i talked to the guy im rewriting
[2018-10-27 15:00:20] <JasonTheHusly> He says the scp can fit thru the smallest crack and is a literal shadow. So apparently even an air tight chamber can't hold it??? It seems unable to be contained.
[2018-10-27 15:01:16] <Voct> JasonTheHusly, there are ways to hold a literal shadow
[2018-10-27 15:01:26] <tretter> If you're rewriting an SCP, you're free to change it as you see fit.
[2018-10-27 15:01:32] <Voct> consider, an array of redundantly powered spotlights
[2018-10-27 15:01:49] <tretter> Provided you're trying to stay true to the spirit of the original idea.
[2018-10-27 15:04:44] <JasonTheHusly> I've already changed containment protocol from literally just like.. 'put in room' to uhh 'have high powered lights on at all times in a way no shadows are cast' and 'in the hallways leading to the chamber have 2 sets of lights. normal and high powered. in a breach activate high powered lights'
[2018-10-27 15:05:43] <JasonTheHusly> Though according to the author it needs fed 'exactly 1 pound of human flesh (limbs specificaly) once every 4/5 hhours'
[2018-10-27 15:05:44] <Lazar> JasonTheHusly: as the rewriter, you're allowed fairly wide latitude in rewriting in the article.
[2018-10-27 15:06:17] <JasonTheHusly> Lazar How wide, exactly? Cause I want to keep the general idea.. even if his general idea was a sentient shadow that bends reality and uses magic
[2018-10-27 15:06:29] <Lazar> Sure, perfect

[2018-10-27 15:06:36] <Lazar> That's your concept
[2018-10-27 15:06:39] <Lazar> Use that
[2018-10-27 15:06:48] <Lazar> Or even, change that a bit
[2018-10-27 15:07:01] <Lazar> it's a sentient shadow, with some reality bender
sutff
[2018-10-27 15:07:10] <Lazar> forget flesh-eating
[2018-10-27 15:08:53] <JasonTheHusly> Kk. the hwole concept was like. 'if it eats
too much it'll make a clone of itself and if it doesnt eat enough it dies'
[2018-10-27 15:10:06] <JasonTheHusly> So. Here's what 'm thinking of bending it
into. Reality bending sentient shadow w/ humanoid form. Weakened and slowed
drastically by high intensity lighting. Kept in an airtight room w/ airlock
entrance.
[2018-10-27 15:11:34] <CrocutaCrocuta> This is more apt for 19 or the thecritters.

[2018-10-27 16:31:25] <Taffeta> My guess is that impetus is here because the anomaly kind of involves living/sentient things, something something Latin, something something they can literally act on their own impetus

[2018-10-27 16:32:04] <Taffeta> It's not a standard object class thing either, Scantron just puts that on their articles

[2018-10-28 19:29:33] <Shadowninja526> Oh ok

[2018-10-28 19:29:36] <ARD> you claim a page slot once you have an SCP ready to post in it.

[2018-10-28 19:30:05] <ARD> There are rare occasions where you can reserve a slot with staff permission but those are VERY extenuating circumstances involving complex programs that rely on having the specific URL associated with that page

[2018-10-29 06:28:34] <draspie> Quick question, what is the peak operating time of
this chat? I had an article I was wanting to have looked at before I thought about
posting it to the database, not sure if/when I should come back to see if any of
you guys wanna take a look.
[2018-10-29 06:29:11] <draspie> I already posted in the drafts forum but I'm always
curious of what someone thinks if they're interested in going ahead and taking a
read.

of finding ppl on here

probably browse the database for a little while, kill some time if anything. If you
or anyone else wants to go ahead and take a look, it's up on the aforementioned
forum. Much appreciated!

 [2018-10-29 21:36:17] <Tuomey> what if you move the [[/module]] to above the tabs?
 [2018-10-29 21:36:43] <Tuomey> that's the only thing I can see that would be messing with it

[2018-10-29 21:40:22] <Tuomey> yeah that's the listusers module then
[2018-10-29 21:40:43] <Tuomey> you should move the second `[[/module]]` to right below " Hey there `%%title%%`! Welcome to my author page, or whatever the hell this monstrosity is. So, this is where you will find my works, information on my characters, and all that other good stuff!"

[2018-10-30 03:27:28] <Dora> what's your wikidot account name?
[2018-10-30 03:28:13] <ghostpage> same as here
[2018-10-30 03:28:33] <ghostpage> I'm not banned, wikidot itself isn't registering me as signed in but only on the main site
[2018-10-30 03:28:59] <ghostpage> let me fiddle with some settings, it might be on my end but idfk

[2018-10-30 03:30:18] <ghostpage> Jazstar: i mean, is there any reason the site shouldn't work on chrome...? .-.
[2018-10-30 03:30:25] <ghostpage> plus, like i said, sandbox is fine
[2018-10-30 03:30:33] <Jazstar> I have no clue, I'm just trying to rule out possibilities
[2018-10-30 03:33:21] <ghostpage> Jazstar: weird, i figured it out
[2018-10-30 03:33:30] <Jazstar> What was happening?
[2018-10-30 03:33:36] <ghostpage> having chrome not allow third party cookies makes the site login, specifically, not work
[2018-10-30 03:33:54] <ghostpage> which is iffy because really don't want to turn third party cookies on ngl
[2018-10-30 03:34:02] <Jazstar> Aaah

[2018-10-30 03:35:40] <ghostpage> Jazstar: I mean, it only had to do with 3rd party cookies

[2018-10-30 04:37:53] <th_blackheart> Hello, and good day to all. I would like some help on registering for the SCP Wiki. My entry application has been rejected twice, and I don't understand whether I am doing something wrong, or if there is some criteria I am not fulfilling. If anyone might be able to shed some light, I would be very grateful. Thank you for your time, everyone.

[2018-10-30 04:38:55] <Dora> Hi th_blackheart

[2018-10-30 04:39:10] <th_blackheart> Hello

[2018-10-30 04:39:13] <Dora> no worries, we're here to help

[2018-10-30 04:39:35] <Dora> th_blackheart the first is, what did you put in your application?

[2018-10-30 04:42:37] * Pratten → PrattenAFK

[2018-10-30 04:42:52] <th_blackheart> I went to the "Join the Site!" page, to the "Join" tab. It doesn't allow for too many characters, so I wrote that I am of appropriate age, have read all introductory pages, and I would like to join in order to be able to contribute.

[2018-10-30 04:44:04] <Dora> okay, that would be the issue, then

[2018-10-30 04:44:49] <Dora> <http://www.scp-wiki.net/system:join>

[2018-10-30 04:44:51] <jarvis> dora: #Join This Site# (written 10 years ago by The Administrator; rating: +32) - <http://www.scp-wiki.net/system:join>

[2018-10-30 04:45:28] <Dora> under the "Join" tab: "Please write the Site Passcode in the application below, then submit the application. If you still don't know the Site Passcode, then read the Guide for Newbies, and you will find instructions letting you know what to do."

[2018-10-30 04:45:47] <Dora> "You only need to send us the Site Passcode in your application, nothing more."

[2018-10-30 04:46:38] <Dora> th_blackheart you'll be able to find the Site Passcode embedded within the text of the Guide for Newbies <http://www.scp-wiki.net/guide-for-newbies>

[2018-10-30 04:46:39] <jarvis> dora: #Guide for Newbies# (written 9 years ago by DrClef; rating: +33) - <http://www.scp-wiki.net/guide-for-newbies>

[2018-10-30 04:47:53] <Dora> th_blackheart do read the Guide carefully - read it aloud line-by-line if necessary. We do make it so one cannot just skim through the page or Ctrl-F "Passcode" to find it, so

[2018-10-30 04:51:32] <th_blackheart> Oh, I see. I did miss that on my read.

[2018-10-30 04:52:45] <Dora> no worries

[2018-10-30 04:53:01] <Dora> if you have any further question, feel free to ask :)

[2018-10-30 04:54:31] <th_blackheart> I'm all set for now. Thank you so much for your time.

[2018-10-30 20:02:53] <Bibbity> Hello. I'm just curious if there's any requirements that aren't listed in the tools in regards to requesting membership. And also if it's possible to apply again or get approved

[2018-10-30 20:03:09] <Bibbity> *rules
[2018-10-30 20:03:33] <MilesPark> If I write an SCP and publish it, would I be able to go back and add something in it later? (Example - My friend's making an SCP game, so when it's released, I wanted to add a note for that as my SCP's going to be included in their game.)
[2018-10-30 20:04:49] <tretter> Bibbity, the only rule for applications is to include the passcode.
[2018-10-30 20:04:58] <LadyKatie> Bibbity if you delete your application n Wikidot, you may reapply
[2018-10-30 20:05:03] <tretter> And if you're denied, yo- yeah
[2018-10-30 20:05:17] <LadyKatie> MilesPark yes, you may but keep your article in universe please
[2018-10-30 20:05:28] <Bibbity> Cheers ©
[2018-10-30 20:05:40] <MilesPark> It will be, everything I add to it will be related to the SCP. Thanks :)

[2018-10-31 01:48:51] <draspie> The one you are referencing is not insulting or degrading in any way. The only post that is is yours.
[2018-10-31 01:49:04] <draspie> You insulted me, harassed them, and contributed nothing of your own.

[2018-10-31 01:49:06] <Zyn> draspie: "it looks like there was one instance of staff needing to address your critique in particular: "

[2018-10-31 01:51:34] <Zyn> furthermore, both of the posts sampled were with regards to your earlier posts

[2018-10-31 01:51:41] <draspie> Yes. And I STILL GOT A MESSAGE SAYING I WAS A PROBLEM. I have not been.

[2018-10-31 01:51:44] <Zyn> would you like an explanation of the posts you made and my response to them?

[2018-10-31 01:51:57] <Zyn> draspie: you stated in a post, "There's a lot of purple prose in your article upon starting to read through it as well as missing several key words in the special containment procedures."

[2018-10-31 01:52:03] <Zyn> I responded, "Can you provide some examples of these issues and how the author can fix them?"

[2018-10-31 01:52:04] <draspie> Up to that point, all I did was clarify my decision on the class.

[2018-10-31 01:52:18] <Zyn> draspie: yeah, I don't think I linked you to that?

[2018-10-31 01:52:37] <draspie> You said much more than that and then sent a message saying I've been problematic. Again, simple explanation is not problematic.

[2018-10-31 01:52:40] <Zyn> draspie: the new comment you just posted was in a thread that I happened to post in

[2018-10-31 01:52:45] <Zyn> but wasn't addressing you.

[2018-10-31 01:52:58] <Zyn> draspie: did you read the two threads I linked to you?

[2018-10-31 01:53:03] <Zyn> the one where you mentioned purple prose

[2018-10-31 01:53:17] <Zyn> and the one where you said "this article would be one I personally would love to see in the official database."

[2018-10-31 01:53:18] <Zyn> ?

[2018-10-31 01:53:45] <draspie> And those are problematic how? Peer review is what the forum is for.

[2018-10-31 01:53:46] <Zyn> in the first one, I asked you to provide additional feedback to help a newer author who likely would not know how to proceed with your feedback

[2018-10-31 01:54:00] <Zyn> in the second, I provided context indicating how your feedback was likely misleading.

[2018-10-31 01:54:10] <Zyn> Being overly vague and overly positive are both problematic

[2018-10-31 01:54:26] <Zyn> and since review staff prioritize threads with no replies

[2018-10-31 01:54:39] <Zyn> it can be harder for those authors to receive more detailed feedback

[2018-10-31 01:54:44] <draspie> Then make the forum accessible to staff only.

[2018-10-31 01:55:00] <Zyn> draspie: we cannot do that with wikidot's function abilities.

[2018-10-31 01:55:14] <Zyn> furthermore, that would also prevent people from actually posting drafts to the forums.

[2018-10-31 01:55:24] <Zyn> draspie: do you intend to improve your feedback?

[2018-10-31 01:55:36] <Zyn> if not, you can still post on mainlist works, where the requirements are less stringent

[2018-10-31 01:55:45] <Zyn> if you do, then simply respond with a more details review

[2018-10-31 01:55:49] <Zyn> that's all there is to it.

[2018-10-31 01:56:52] <draspie> Do you intend to improve yours? You messaged me saying I'm a problem for something it clearly says what the forum is for. Especially how rude you were regarding the other person's initial post as well. Have you nothing to say on that?

[2018-10-31 01:57:26] * SleepinKirby → Captai0SnKirby

[2018-10-31 01:57:28] <CrocutaCrocuta> I think you overestimate the strength of your hand here, draspie

[2018-10-31 01:57:29] <Zyn> draspie: I'm the captain of the site's Forum Criticism team.

[2018-10-31 01:57:32] <draspie> I didn't join this site to be harassed for reviewing something there to review. It needs to be stated to NOT review ourselves if this is how you will handle it

[2018-10-31 01:57:44] <draspie> review it ourselves*

[2018-10-31 01:57:44] <Zyn> draspie: did you read the forum guidelines?

[2018-10-31 01:57:58] <Zyn> <http://www.scp-wiki.net/forum/t-2295410/how-to-use-this-forum-drafts-and-critiques>

[2018-10-31 01:58:18] <Zyn> "If you're going to note tonal or grammatical errors, give some examples and suggestions for fixings. Otherwise, the author's still sort of lost."

[2018-10-31 01:58:26] <Zyn> "Be familiar with the current site standards and what the community is expecting in an article of quality."

[2018-10-31 01:58:29] <draspie> Which I have.

[2018-10-31 01:58:46] <Zyn> draspie: then your reaction here seems excessive, and it shouldn't be a problem for you to improve your work.

[2018-10-31 01:59:23] <Zyn> Also, if you see a staff member giving you instructions on how to write critique of higher quality as harassment, this may not be the site for you.

[2018-10-31 02:03:07] <draspie> Accusing me of being a problem when I'm not is, I'm only giving CRITIQUE in an OPEN CRITIQUE FORUM. If this is how you treat others for doing the same, it would explain the quality of many finished posts I've seen.

[2018-10-31 02:04:00] <CrocutaCrocuta> I'm thinking they don't need to be giving any critique at any point in time in the future

[2018-10-31 02:04:21] <Zyn> Mhm.

[2018-10-31 02:04:23] <Captai0SnKirby> And nothing of value was lost

[2018-10-31 02:05:47] <Captai0SnKirby> As I said, nothing of value

[2018-10-31 02:05:50] <Captai0SnKirby> :P

[2018-10-31 02:06:47] <Zyn> I mean

[2018-10-31 02:06:56] <Zyn> I consider it a gain, given the new information we have

[2018-10-31 02:07:07] <Zyn> I will happily revoke this user from the site if they continue their flounce fest

[2018-10-31 02:07:36] <Zyn> though I probably shouldn't be the one to do it, since they see "hey can you give examples of grammar errors rather than just saying "fix your stuff"" as harassment

[2018-10-31 02:07:39] <Captai0SnKirby> "Flounce fest" I'm so stealing that

[2018-10-31 20:16:51] <Wigwam38> I am having issues joining the site. I was declined due to a bug, and when I went to reapply it told me I have already applied and cannot apply again. I typed the code in correctly. My user is HotSinglesInArea.

[2018-10-31 20:17:55] <Tuomey> the name probably doesn't help
[2018-10-31 20:18:19] <Wigwam38> What is wrong with my name? It follows the guidelines posted.
[2018-10-31 20:18:57] <Tuomey> Are you really going to pretend the name "HotSinglesInArea" is a normal thing
[2018-10-31 20:19:25] <Tuomey> Also, just to be sure, tell me what you put in your previous app?
[2018-10-31 20:19:51] <Wigwam38> I am here and promise to follow the rules of the SCP Foundation Wiki.
[2018-10-31 20:20:04] <CrocutaCrocuta> I'm more interested in whether those singles want to chat or not
[2018-10-31 20:20:21] <Tuomey> Your app should've been fine
[2018-10-31 20:20:32] <Tuomey> Either it was human error or someone thought the name was awful
[2018-10-31 20:20:38] <Wigwam38> Agreed, I was told it was a bug that declined all apps
[2018-10-31 20:20:45] <Tuomey> huh
[2018-10-31 20:20:49] <Tuomey> who told you that?
[2018-10-31 20:21:26] <Wigwam38> Gosh, I really cannot recall. I asked on the SCP discord if I remember correctly
[2018-10-31 20:21:55] <Tuomey> We don't have an official discord but many of our members do use discord
[2018-10-31 20:22:14] <Tuomey> So there are, like, infinity SCP discords
[2018-10-31 20:22:43] <Tuomey> Either way, delete your old app and reapply
[2018-10-31 20:23:07] <Wigwam38> Really? It seemed rather official. Regardless, one of the members who claimed to be a higher up told me it was a bug. The conversation was around Sept. if memory serves.
[2018-10-31 20:23:31] <Wigwam38> How do you delete old apps?
[2018-10-31 20:23:47] <Lazar> Wigwam38: what gave you the impression it was official?
[2018-10-31 20:24:18] <CrocutaCrocuta> I believe there was, indeed, a major app error around that time
[2018-10-31 20:24:21] <CrocutaCrocuta> HOWEVER
[2018-10-31 20:24:36] <CrocutaCrocuta> There is no official wiki representation on Discord
[2018-10-31 20:24:48] <CrocutaCrocuta> And anything you see there should be taken with a grain of salt
[2018-10-31 20:24:50] <Tuomey> To delete your old app go to this page, click on it, click delete <https://www.wikidot.com/account/messages#/applications>
[2018-10-31 20:24:51] <Wigwam38> Many of the people in the server were recognizable authors or contributors. They would often talk about prospective changes to the site and stories.
[2018-10-31 20:25:49] <Wigwam38> It looks like it is gone. Wonderful! Thank you for all of your help Tuomey.
[2018-10-31 20:26:02] <Tuomey> np
[2018-10-31 20:26:08] <Tuomey> and CrocutaCrocuta is entirely correct about discord

[2018-11-01 21:24:51] <Jaren> I know that we have used IRC chats for a while, but they are really an outdated system, maybe moving to a Discord at some point would be a good use of resources. I know that would be difficult, it's just a suggestion.

[2018-11-01 21:25:29] <ARD> Jaren: 1) too much extra work for operators 2) voice chat is hell to moderate 3) split between two different chat clients for community and operators is hard to balance 4) discord is hard to get onto for a number of ppl due to being specialized + memory issues whereas irc has tens of clients/programs to access from 5) discord's extra features ultimately don't matter

[2018-11-01 21:25:32] <Tuomey> We get this question a lot and we have, like, infinity reasons not to use discord

[2018-11-01 21:25:40] <Jaren> Thanks

[2018-11-01 21:25:46] <Jaren> Just made sense to me is all

[2018-11-01 21:25:48] <ARD> and 6) discord text is near-impossible to moderate effectively in any capacity

[2018-11-01 21:26:01] <ARD> imagine trying to pin someone for spewing a slur when they can change it at any time

[2018-11-01 21:26:25] <Tuomey> We would literally disable all the extra features of discord - making it IRC but with profile pictures and also people can ban evade more easily

[2018-11-01 21:26:33] <ARD> irc isn't outdated, it's just old

[2018-11-01 21:26:46] <Jaren> Not to be rude at all

[2018-11-02 17:54:11] <Lily> There's furry porn on the official scp website tbh
[2018-11-02 17:54:12] <ARD> The author of 096 - let's call him Dirty Dan
[2018-11-02 17:54:23] <ARD> Dirty Dan wanted to write an article about something that needs to be destroyed
[2018-11-02 17:54:31] <ARD> So he wrote 096 and the log that says "096 needs to be destroyed"
[2018-11-02 17:54:31] <ProcyonLotor> Lily: and in that, all our striving is legitimized
[2018-11-02 17:54:50] <ARD> tThe problem is that Dirty Dan either did not want to or did not know how to write a story where 096 is destroyed
[2018-11-02 17:54:52] <ARD> So he never did
[2018-11-02 17:55:02] <ARD> So we are left with a story about 096 that ends on a cliffhanger
[2018-11-02 17:55:10] <ARD> The cliffhanger being "how will it be destroyed"
[2018-11-02 17:55:23] <Aaron> I know that
[2018-11-02 17:55:26] <ARD> And people on Youtube and the like have written fan fiction that concludes said cliffhanger
[2018-11-02 17:55:49] <ARD> Some of that fan fiction includes the Oleksis interview
[2018-11-02 17:56:13] <Tuomey> it is possible that someone posted a similar continuation to the site - but if they did, we don't know it offhand - and it may even have been deleted

[2018-11-02 20:20:22] <LordRevonworc> Earlier today, I tried to create a new account, but never received a confirmation email. I brought it up here shortly afterwards, and bluesoul told me that sometimes they get delayed a few hours, and that I should let you guys know if I don't receive the email after a while.
[2018-11-02 20:20:55] <LordRevonworc> At this point, it's probably been about six hours since I attempted to sign up, and still no confirmation email. Just thought I'd report that.

 [2018-11-02 21:23:29] <kingvirus> I guess it was a typo or something they just made up.
 [2018-11-02 21:23:37] <kingvirus> Thanks.

[2018-11-04 09:37:53] <Tuomey> unfortunately apps are clogged up and, thanks to wikidot, show up in more or less random order
[2018-11-04 09:38:03] <Tuomey> I'll pass on your name specifically to the admins

 [2018-11-04 18:48:08] <taylor_itkin> hey
 [2018-11-04 18:48:11] <taylor_itkin> got a question?
 [2018-11-04 18:50:26] <XaiviarNightwing2> yes, my tale is not showing up on <http://www.scp-wiki.net/top-rated-pages-this-month> even though there is room on the page. I may be misunderstanding but normally doesn't it auto fill to include tales even adding multiple pages to go from highest to lowest rated?

 [2018-11-04 18:51:29] <XaiviarNightwing2> <http://www.scp-wiki.net/subliminal-manipulations> it is at +7 but I have seen +7's on the 2nd and 3rd pages before

 [2018-11-04 23:10:47] <taylor_itkin> Once it is accepted, you should post a link to your sandbox draft to the critique forum
 [2018-11-04 23:12:02] <crfl-a> The sandbox seems to differ from the actual entry in markup, I can't *upload* images for example, instead link them?
 [2018-11-04 23:12:44] <ProcyonLotor> You can absolutely upload images
 [2018-11-04 23:13:00] <taylor_itkin> I was about to say, but Procy is a moderator and better suited to this.

[2018-11-05 00:40:19] <ProcyonLotor> Here is where you go on to explain why your ban was a mistake, too harsh, or why you are otherwise deserving of leniency from operators.
[2018-11-05 00:40:26] <Dexanote> Yes, what ProcyonLotor says.
[2018-11-05 00:41:02] <Dexanote> Basically, I want to know why you want us to reconsider your banning.
[2018-11-05 00:42:20] <drblackbox> Well I figured the only time people seemed to dislike me enough to warrant a ban was when I talked about or commented on "edgy" subjects.
[2018-11-05 00:43:07] <drblackbox> So if I stop doing that then I reason I can join again and primarily talk about writing in an apolitical manor.

[2018-11-05 00:51:15] <Dexanote> It's a half year/six month ban. Thats a long time and I think you can use that time to grow and try to move past the edgy.

[2018-11-05 18:11:57] <Modern_Erasmus> Agent_Muon: just a link to your sandbox will do
[2018-11-05 18:12:15] <Modern_Erasmus> Along with any concerns or questions for reviewers you might have
[2018-11-05 18:12:18] <Agent_Muon> Copy pasting from the URL or is there a specific link?
[2018-11-05 18:12:31] <Modern_Erasmus> Copy pasting the url works fine
[2018-11-05 18:12:58] <Modern_Erasmus> When you're making the thread in d and c just put the url in the thread text box
[2018-11-05 18:13:11] <Modern_Erasmus> And not in the thread summary box
[2018-11-05 18:13:42] <Agent_Muon> Good. Another question, is that I have noticed that SCP number is marked as XXXX. Would it be OK if I used the potential fill number from the one I plan on filling?

[2018-11-05 18:14:40] <weryllium> You may, but remember that you're not guaranteed that number and you'll have to swap it out if someone else gets it.
[2018-11-05 18:15:06] <Agent_Muon> I am aware.
[2018-11-05 18:15:25] <Modern_Erasmus> Agent_Muon: if you're aware of that then you're fine

[2018-11-06 15:18:55] <yoissy> hello, i am confused about something and the guide on joining the website says to check with people here.
[2018-11-06 15:19:06] <yoissy> i submitted an application last night after reading through the rules and guide. In my application i included the passcode and a bit more info about why I wanted to join, does anyone have any idea why I might have been declined?
[2018-11-06 15:20:20] <ghostpage> yoissy: Passcode might have been wrong; otherwise, if you're underaged and mentioned such, that'll also do it.

[2018-11-06 15:21:35] <yoissy> is it becuse i added more than just the passcode?
[2018-11-06 15:21:59] <Tuomey> yoissy: could you cypypaste exactly what you put in your app and tell me your wikidot name please?
[2018-11-06 15:22:24] <yoissy> yeah, will do, should i just copy paste into the chat here?
[2018-11-06 15:22:44] <Tuomey> please
[2018-11-06 15:23:00] <yoissy> cool
[2018-11-06 15:23:02] <yoissy> I am here and promise to follow the rules of the SCP Foundation Wiki. I found this place a few weeks ago and thought it was super cool. I recently decided I wanted to write an article, so I am applyin
[2018-11-06 15:23:13] <yoissy> it got cut off because of the text limit
[2018-11-06 15:23:19] <yoissy> but that is it exactly
[2018-11-06 15:25:00] <Tuomey> I'm not sure why it got denied, might be someone misread it
[2018-11-06 15:25:06] <Tuomey> could you tell me your wikidot name please?

 [2018-11-07 16:35:16] * Billied was kicked by ProcyonLotor (get out and stay out)
 [2018-11-07 16:35:39] <thebillith> ProcyonLotor: i'm not trying to bother anyone,
 really, the whole reason why I am here is because of a certain members recent
 suicide threats
 [2018-11-07 16:35:48] <thebillith> I'm just trying to speak to staff and go
 [2018-11-07 16:35:56] <thebillith> and i really didn't want to mention it in chat
 [2018-11-07 16:36:01] <thebillith> but no one is listening
 [2018-11-07 16:36:23] <Lily> i'd message harassment staff about that
 [2018-11-07 16:36:24] <ProcyonLotor> I believe I know who they are. Message me
 their name.

[2018-11-07 22:59:14] <Elisabot> Nonsequeter.

[2018-11-07 22:59:21] <Elisabot> I do not know how to spell that word.

[2018-11-07 22:59:56] <ARD> *non sequitur, and feel free to make a complaint about a user's disruptive behavior

[2018-11-07 23:00:04] <Elisabot> Ah thank you.

[2018-11-07 23:01:02] <Elisabot> Mostly involving AnaPara. I doubt it is really of any consequence but I would rather make a statement on it. I have been on under an hour and they have made four or five disruptive posts in that time and generally seem to be noncontributive to most discussions going on.

[2018-11-07 23:01:43] <ProcyonLotor> That's a user who we have been watching

[2018-11-07 23:01:53] <Elisabot> Ah. Alright.

[2018-11-07 23:02:34] <Elisabot> It seems like the core topic in itself is fine as trans discussion is generally common from my understanding but the rate and lack of relation to the conversation in question was worrying.

[2018-11-07 23:04:31] <Elisabot> Thank you Jazstar.

[2018-11-07 23:04:54] <Jazstar> No worries

[2018-11-08 01:47:33] <Zyn> though I will caution that we've had a fair number of people who put lofty titles in their names turn out to be... bad eggs, so to speak, so the community may just be naturally wary

me, but I'm Logan Armstrong. I used to write some stuff a few years ago on the
site, and I've been wanting to come back for a while. It was not until this
morning, however, that I regained access to my Wikidot account. Given that I
couldn't remember the e-mail I used to signup, I created another account two or
three days ago and applied for membership to the SCP Foundation website,
[2018-11-08 09:03:31] <Armstrong> under the name "Carlos Arechavaleta", in order to
resume writing. I will not be using that account anymore, and I'd like to request
that application be denied, as it is not intended to be sockpuppetry in any way.
I'd also like to inform that I had entered #site19 and #site17 three days ago using
this hostmask but under the nickname "Arechavaleta". I'll be using my original
nickname now, under the same hostmask.

[2018-11-08 13:46:21] <USLESSnoah> Creativity, inteligence and filosofy
[2018-11-08 13:47:27] <not_a_seagull> If anything, you can just read the site and vote on SCPs/Tales. You can even give feedback, if you feel confident in your ability to do that.
[2018-11-08 13:48:41] <USLESSnoah> I should give feedback ONLY when I've already made a sucesfull SCP
[2018-11-08 13:49:11] <MaliceAF> USLESSnoah: just voting on an scp and commenting why you liked it is more than enough to make you a valuable member of the community
[2018-11-08 13:49:22] <MaliceAF> remember that most of the people on the site aren't writers
[2018-11-08 13:49:26] <not_a_seagull> That's- agreed with MaliceAF
[2018-11-08 13:50:37] <MaliceAF> USLESSnoah: so it's fine if you don't feel confident enough to write, or give critique, but I promise you that you won't be useless if you stick around :)
[2018-11-08 13:50:54] <ProcyonLotor> I mean
[2018-11-08 13:51:00] <ProcyonLotor> You don't HAVE to do anything
[2018-11-08 13:51:07] <USLESSnoah> But isn't writing a big contribution to the site?
[2018-11-08 13:51:07] <ProcyonLotor> Plenty of site members just read shit
[2018-11-08 13:51:23] <ProcyonLotor> I mean, it is a big contribution but it's not an obligation
[2018-11-08 13:51:35] <rounderhouse> Writers depend on readers, and vice versa. It's not bad to fill only one of the roles.
[2018-11-08 13:51:36] <ProcyonLotor> You don't cost us anything by just being a member
[2018-11-08 13:51:54] <USLESSnoah> BUT READING SHIT isnt good enouf for me
[2018-11-08 13:52:25] <MaliceAF> USLESSnoah: then you'll probably want to learn to write, and this is one of the best places to do that, imo
[2018-11-08 13:52:42] <MaliceAF> nobody starts out being an amazing writer
[2018-11-08 13:53:18] <USLESSnoah> I am alredy a great writer!!!!...just not in SCPs

[2018-11-08 13:56:28] <rounderhouse> Well, everyone does that. And then, eventually, you learn how not to do that. But you don't get anywhere if you don't try.
[2018-11-08 13:57:45] <USLESSnoah> And I , aperently ,dont know how to sciencetificly write

[2018-11-09 02:53:18] <ProcyonLotor> Well, uhh, this site does expect a high-school level spelling and grammar ability
[2018-11-09 02:53:30] <ProcyonLotor> So that's something you'll have to work on first.
[2018-11-09 02:54:57] <KingSlothra> i have been working on it. i do have dyslexia and it does cause some problems so i am sorry about that.

 [2018-11-09 16:16:01] <mlister> Hey, uh
 [2018-11-09 16:16:21] <mlister> Greenwolf has an revert war going on, with some
 changes that were approved by the authors
 [2018-11-09 16:16:35] <mlister> Can something be done about this?
 [2018-11-09 16:17:50] <ProcyonLotor> Well we're going to need a lot more context
 than that
 [2018-11-09 16:18:57] <mlister> Mr. Pines applied his new CSS to three pages:

<http://www.scp-wiki.net/grant-request-for-the-manufacture-of-devices-to-regulate>
<http://www.scp-wiki.net/grant-request-for-a-replacement-keyboard-because-the-caps-lo>

[2018-11-09 16:19:02] <mlist> <http://www.scp-wiki.net/prometheus-labs-hub>
[2018-11-09 16:19:02] <jarvis> mlist: #Prometheus Labs Hub# (written 4 years ago by A Random Day; rating: +66) - <http://www.scp-wiki.net/prometheus-labs-hub>
[2018-11-09 16:19:40] <mlist> Mr. Pines says he got permissions from the page authors, and I've seen one of them (Wery, for CAPSLOCK) chime in and confirm
[2018-11-09 16:19:44] <ProcyonLotor> Can you verify the permissions for me?
[2018-11-09 16:20:04] <mlist> GW has been reverting the edits, and my re-reversions on Mr. Pines behalf
[2018-11-09 16:20:25] <mlist> I can get a screenshot of Wery saying it, Mr. Pines would have the rest
[2018-11-09 16:20:56] <stormfallen> ARD and psul are then other authors, and could also be asked if they're online
[2018-11-09 16:21:07] <ProcyonLotor> Get me a screenshot and if you can get Mr. Pines on here, please do
[2018-11-09 16:21:11] <weryllium> I can confirm I gave permission to pines to add the CSS on my page. A screenshot can also be dug up if need be
[2018-11-09 16:21:24] <ProcyonLotor> Your verification is enough.
[2018-11-09 16:21:39] <ProcyonLotor> ARD: get your ass in here
[2018-11-09 16:21:49] <ARD> Yeah I'm in here
[2018-11-09 16:22:31] <ARD> I did allow mrpines to put the CSS on the page, but greenwolf and others I know had criticisms about it, so I let him revert it

[2018-11-09 16:31:02] <ARD> MrPines: it's broken on mobile, the side-bar still has the default sigma-9 coloring, and they disliked the light gradient
[2018-11-09 16:32:03] <MrPines> ill work on fixing those, thanks for telling me
[2018-11-09 16:32:28] <ARD> yeah, let me know when you've edited it. the prometheus labs atom logo is also pretty generic

[2018-11-10 13:43:47] <yoissy> hey, I just wanted to check in with you guys, I
submitted an application 5 days ago and it was quickly denied, when I asked in here
someone told me it shouldn't have been denied, and to apply again, which I did, but
I am still pending
[2018-11-10 13:44:10] <taylor_i0Stkin> hi
[2018-11-10 13:44:20] <yoissy> hello :)
[2018-11-10 13:44:25] <taylor_i0Stkin> I'll see when the apps were last done
[2018-11-10 13:44:38] <yoissy> awesome, thanks
[2018-11-10 13:45:05] <yoissy> i figured I would ask since the submission page said
2-3 days and it has been like 4-5 now
[2018-11-10 13:45:53] <yoissy> my first application had the proper passcode and
some extra info, but I was told that makes it harder, so I put only the passcode in
my more recent one
[2018-11-10 13:48:13] <taylor_i0Stkin> yeah
[2018-11-10 13:48:28] <taylor_i0Stkin> admins don't seem to be active rn, I'll poke
them to get them processed tonight
[2018-11-10 13:48:41] <yoissy> ok, thanks
[2018-11-10 13:48:48] <yoissy> i appreciate it
[2018-11-10 13:48:53] <taylor_i0Stkin> o7
[2018-11-10 13:50:25] <yoissy> I have been interested in this for a while, and like
last saturday, I decided to write an article, I have been working on and getting
advice on it for a while, and I am excited to get an account so I can post it
[2018-11-10 13:50:34] <yoissy> anyway, thanks for your help :)

[2018-11-10 22:54:05] <CJARbo> here is what I mean
[2018-11-10 22:54:57] <CJARbo> If a SCP directly or indirectly creates another anomalous being, and you want to write a entire article about it too
[2018-11-10 22:55:09] <CJARbo> what do you do?
[2018-11-10 22:55:45] <taylor_itkin> that depends on how related to the original article it is
[2018-11-10 22:55:55] <CJARbo> Well
[2018-11-10 22:56:00] <taylor_itkin> is it a separate anomaly that doesn't relate other than being made by it
[2018-11-10 22:56:03] <CJARbo> Let me give you this as a idea.
[2018-11-10 22:56:05] <taylor_itkin> or is it like involved with it
[2018-11-10 22:56:11] <taylor_itkin> Hold up
[2018-11-10 22:56:19] <taylor_itkin> can I advise we move this to #thecritters
[2018-11-10 22:56:20] <CJARbo> Like
[2018-11-10 22:56:25] <CJARbo> Sure.

[2018-11-10 22:56:38] <taylor_itkin> this room is for staff questions - I'm happy to help, but that room is more appropriate

I.E. SCP-173 would have labels something like: Inanimate, object, non-sentient - lethal, neck-snapping, strangulation, fast.

[2018-11-12 23:07:30] <Spark> Asking to quickly screen SCP's before considering my own. And also, is there a recommended list of SCP's to read first? Or should I just go down the list as I already have?

[2018-11-12 23:07:40] <Bounc1> you are looking for tags, most likely

 [2018-11-13 15:53:12] <Helix> So I've a question on SCP organization
 [2018-11-13 15:53:50] <Roget> shoot
 [2018-11-13 15:53:59] <Helix> When you put down how a scip was made or obtained,
 does that go in the beginning of the description (I've seen that) or in another
 section?

 [2018-11-13 15:57:59] <Quikngruvn> The Description should generally start with a
 description of the thingie. IMO, anyway.
 [2018-11-13 15:58:18] <Quikngruvn> Acquisition is secondary, if it's even included.

 [2018-11-14 14:34:05] <SugarBreaches> Hi! I was declined from joining the SCP wiki, and I am confused as to why. Perhaps it is my username of choice, or possibly having an edited picture from a Disney movie as my profile picture makes me appear unprofessional. If anyone could explain, I would be delighted.
 [2018-11-14 14:34:52] <taylor_iOStkin> Hi

 [2018-11-14 14:34:58] <taylor_iOStkin> What's your wiki username

[2018-11-14 14:36:38] <SugarBreaches> My WikiDot username is the same as the nickname I am using, SugarBreaches. And, while I have not read all of the guide, I have read most of it and believe I get the premise of the rules on the site.
[2018-11-14 14:37:12] <taylor_iOStkin> That's where your problem is
[2018-11-14 14:37:24] <taylor_iOStkin> The guide is required because there's a thing in it you need to put in the app
[2018-11-14 14:37:25] <Lazar> SugarBreaches: The guide tells you what to put in the application.
[2018-11-14 14:37:36] <SugarBreaches> Okay.
[2018-11-14 14:37:49] <SugarBreaches> So when can I send another request to join?
[2018-11-14 14:38:04] <Lazar> You'll have to withdraw the current application and re-send it
[2018-11-14 14:38:10] <Lazar> It's in the wikidot panel?
[2018-11-14 14:38:19] <Lazar> under applications?
[2018-11-14 14:38:23] <Lazar> I don't remember exactly
[2018-11-14 14:38:35] <taylor_iOStkin> Go to your wiki dot inbox
[2018-11-14 14:38:39] <Lazar> but you can withdraw the denied application and resubmit at anytime
[2018-11-14 14:38:43] <taylor_iOStkin> And there is a tab labeled applications yeah
[2018-11-14 14:39:16] <SugarBreaches> Well, the issue is I've already deleted the notification saying I was declined.
[2018-11-14 14:39:23] <SugarBreaches> Is that the same thing?
[2018-11-14 14:39:30] <taylor_iOStkin> That's the same yeah
[2018-11-14 14:40:38] <SugarBreaches> Alright, let me read the FULL page so I can get the, the thing, and then I'll resubmit an application.
