[2018-08-13 20:10:21] <theduckman> Basically, it's a continued inability to understand the flow of the chat, and purposefully 'throwing off' in your responses, or posting stuff that has nothing to do with the topic in question, but isn't necessarily trying to start it's own discussion.
[2018-08-13 20:10:37] <Prototype_Toaster> And when I was banned we were talking about RPC which the opz have a distaste for discussing and I was trying to derail with funny things
[2018-08-13 20:11:02] → Creepa-Bot joined (Mibbit@synIRC-9FBA3D4D.twcny.res.rr.com)
[2018-08-13 20:11:39] <theduckman> Right, but, well, it's not your job to derail. We have professional derailleurs for that kind of thing, or ops orders. So, it just comes off as you "Throwing off" for no real reason.
[2018-08-13 20:11:57] <Prototype_Toaster> If I'm talking about not liking something that everyone else is talking about, that's on topic
[2018-08-13 20:12:43] <theduckman> But, trying to derail with funny things is disruptive.
[2018-08-13 20:12:47] <Prototype_Toaster> Every time we talk about RPC, some Op throws in a +m for a couple minutes regardless
[2018-08-13 20:13:01] <Prototype_Toaster> I was trying to prevent that
[2018-08-13 20:13:06] <theduckman> Which is in fact, the job of the op.
[2018-08-13 20:13:25] <theduckman> But it's not your place to do so, because, as shown by your ban, it doesn't come off that way.
[2018-08-13 20:14:46] <Prototype_Toaster> Hmm, alright
[2018-08-13 20:14:50] <Prototype_Toaster> One last thing
[2018-08-13 20:15:29] <theduckman> Yes, how can I help you?
[2018-08-13 20:15:36] <Prototype_Toaster> Can you tell procy to change the thread topic to be actually relevant to me getting banhammered and not about his furry stuff

[2018-08-13 20:17:02] <ProcyonLotor> I made a joke entirely unrelated to him in the thread description

[2018-08-13 20:17:23] <ProcyonLotor> I have now changed it to reflect his bad behavior which is what he wanted I guess??

through drafts and the critters chat) - would anyone be available to help me with
some technical questions regarding uploading?
[2018-08-14 12:00:39] <MobileMagnus> Technical Captain. What up.
[2018-08-14 12:01:34] <Dysadron> Thanks. I've placed the module rating on my page,
but when I preview it, the "rating" font is not bold and black (as opposed to
white)
[2018-08-14 12:01:46] <Dysadron> Is that a normal occurrence?
[2018-08-14 12:01:49] <MobileMagnus> When you save it, it should update to the
normal style.

[2018-08-14 12:02:28] <Lily> Are they sourced?
[2018-08-14 12:02:29] <Dysadron> is the best way to upload those to upload the
article, and then add the images in to the file section immediately afterwards?
[2018-08-14 12:02:32] <Lily> Yes
[2018-08-14 12:02:39] <MobileMagnus> Make sure you attach the files to the page
directly after you save the--
[2018-08-14 12:02:40] <Lily> Also make sure they're compliant with the license
first

[2018-08-14 12:03:09] <Dysadron> eek

in a comment on the page

[2018-08-16 02:56:46] <weryllium> Hi palewolf. Do you have a question for staff?
[2018-08-16 03:03:10] <palewolf> Yes. Hello. I am new and I was just curious about the status of my application. I am not sure how long it has been from the time I submitted it to now. I'm just not sure how to check its status other than the "join" page. Sorry if I'm not doing things in the right order and I apologize for the delay in my response.

[2018-08-16 03:05:28] <palewolf> Also I apologize for the grammatical errors. I'm typing from a phone. Also I'm aware you are suppose to wait 3 days before asking about an application. My last couple weeks have been so busy and my days have been muddled, so I'm not sure how long it's been.
[2018-08-16 03:05:38] <weryllium> You will get a wikidot message when your application is processed; usually this takes around 3 days- oh OK
[2018-08-16 03:05:58] <weryllium> yeah there'll be a flashing number on the upper right of your screen when you get it
[2018-08-16 03:06:31] <palewolf> Okay. I was just curious. I really appreciate it. Thank you.

 [2018-08-16 11:29:47] <HerrFhtagn> Hullo. I logged in this morning to see my application had been denied. Any reason as to why? I read the Newbie Guide and the Join requirements, but perhaps I missed something there.
 [2018-08-16 11:30:16] <Quikngruvn> What did you put in your application?
 [2018-08-16 11:31:17] <HerrFhtagn> Simply the join password found in the newbie's guide
 [2018-08-16 11:32:02] <Quikngruvn> What's your wiki username?
 [2018-08-16 11:32:25] <HerrFhtagn> Herr Fhtagn

[2018-08-16 11:35:23] <HerrFhtagn> Perhaps I made a typo or two on the password.
English is my second language, but I am fluent in it. I just tend to make typos
every so often
[2018-08-16 11:36:22] <Quikngruvn> Possibly? Though apps are a manual process, so
typos can be accepted anyway, depending on who's running apps, I guess.
[2018-08-16 11:37:03] <HerrFhtagn> Should I re-apply? Just to be on the safe side?
[2018-08-16 11:38:05] <Quikngruvn> Yes, definitely. I mean, you can reapply anyway,
but I can't really think why you got denied. Best I can come up with is "someone
hit the Decline button instead of the Accept button".
[2018-08-16 11:38:25] <HerrFhtagn> Alright, thanks. I appreciate the help.

[2018-08-18 17:12:01] <Ember118> for lack of a better word, yes. I'm currently unable to reach a connection to Site#19 due to the lack of software at my location in real time. I was curious as how "Cross Linking" works with other SCP's, and how containment sites are determined for SCP's in general.

[2018-08-18 17:16:00] <Ember118> but long story short, since this is my first time even considering or touching the sandbox area for a rough draft, i've had a good idea for what I want to write, but the "execution" of said draft is more... challenging than I anticipated, but that is partly because I want to go over the file numerous times before I feel confident enough to post it.
[2018-08-18 17:20:25] <Ember118> the scp i'm currently brainstorming/working on as of right now.. consists of 3 different entities, but i'm considering about dropping it down to one or two. essentially, it's a "seemingly" normal caucasian male, long blonde hair, blue eyes, 160LBS, 6ft, (Will convert the numbers into metric once the rough draft is completed).
[2018-08-18 17:21:24] <Ember118> the male subject has joined with a demonic entity, becoming one, and giving him the scp designation

[2018-08-19 02:32:25] <tretter> What's your username?

[2018-08-19 02:34:56] <smoking@gun> I completely understand.
[2018-08-19 02:35:10] <tretter> But there is also a chance you were denied as your username could be construed as implying significant authority
[2018-08-19 02:35:17] <smoking@gun> Ok.
[2018-08-19 02:35:23] <smoking@gun> I'd be happy to change it if that's the case.

[2018-08-19 02:36:08] <tretter> If you get denied again, Chances are it's the username.
[2018-08-19 02:36:23] <smoking@gun> I think I'll just re-apply under a different user just in case
[2018-08-19 02:36:28] <smoking@gun> I'm not attached to that name at all

[2018-08-19 02:46:01] <ProcyonLotor> I'd recommend you contact the relevant captains as well, too

[2018-08-19 02:46:10] <Mendelssohn> tretter: the main issue I see with using that page is that the jr. crit staff aren't on it

[2018-08-19 02:46:12] <ProcyonLotor> If either of them approach us we'll let it happen, but it needs their say-so

[2018-08-19 23:19:38] <Guest4567> Then why is there a website
[2018-08-19 23:19:49] <tretter> Because it's fun to write this kind of stuff.
[2018-08-19 23:19:51] <ARD> Because that's where we share the work
[2018-08-19 23:19:57] <Guest4567> Ok

[2018-08-19 23:21:20] <Guest4567> Hey I just asked a simple fucken question

 [2018-08-20 13:28:15] <Shshshs> I got a question
 [2018-08-20 13:28:34] <Shshshs> What color are the Alpha-1 uniforms?
 [2018-08-20 13:28:45] <Shshshs> Like if you could image it
 [2018-08-20 13:29:19] <Tuomey> We really don't make people use specific colours for MTFs or anything
 [2018-08-20 13:29:28] <Shshshs> Oh
 [2018-08-20 13:29:38] <Shshshs> Do Alpha 1 guard 05?
 [2018-08-20 13:29:55] <Shshshs> Kinda like bodyguards
 [2018-08-20 13:30:07] <Tuomey> That's another thing that would really be up to the author
 [2018-08-20 13:30:15] <Shshshs> Ah alright
 [2018-08-20 13:30:24] <Shshshs> Because i was looking at the mtf uniys
 [2018-08-20 13:30:28] <Shshshs> Units
 [2018-08-20 13:30:47] <Shshshs> And it said Alpha 1 go directly to the 05 Council

 [2018-08-21 09:30:46] <Voct> Good morning. This is a prepared statement, which I am making for the record.
 [2018-08-21 09:30:46] <Voct> After a slight contretemps on the talk page for 4333, ProcyonLotor called a halt to that discussion at a point where I felt misunderstandings were just making things worse, and before I could properly clarify what I was trying to say.
 [2018-08-21 09:30:51] <Voct> I asked his permission (on IRC) to edit my post so as to make things better: "notwithstanding the stop order, am I allowed to edit my post so as to clarify my statement and soothe hurt feelings? Or is it more

important to preserve the misunderstanding and animosity?"

[2018-08-21 09:30:52] <Voct> He said: "As a general principle it's not allowed, but I'll give dispensation here. "

[2018-08-21 09:30:56] <Voct> Before posting my edit, I showed it to him (although he had not made this a requirement), and he pointed out several tone issues which he felt would be unhelpful. I started trying to figure out a better way to address the flaws he pointed out, but then he went to bed before I could get further opinions.

[2018-08-21 09:31:02] <Voct> I thought about the wording for several hours. This morning, I made the edit without getting his specific approval; I feel it is sufficiently placatory and avoids perceptions of 'doubling down'.

[2018-08-21 09:31:06] <Voct> This concludes my prepared statement.

[2018-08-21 09:31:08] <Voct> Have a pleasant day.

[2018-08-21 15:36:23] <Venom_Toaster> I have a small proposal to br put forwards

[2018-08-21 15:36:32] <Venom_Toaster> Well it's a question too

[2018-08-21 15:36:54] <Quikngruvn> ?

[2018-08-21 15:37:19] <Venom_Toaster> Can we start blanking or locking and redirecting posts asking about 2721s rating

[2018-08-21 15:37:47] <Venom_Toaster> Its honestly getting to the point where its like the "I know how to kill 682" posts

[2018-08-21 15:38:39] <Quikngruvn> I would be against blanking anything not outright offensive.

[2018-08-21 15:38:49] <Quikngruvn> But... isn't there like a sticky somewhere?

[2018-08-21 15:39:32] <Venom_Toaster> Yes the protected pages post

[2018-08-21 15:40:00] <Venom_Toaster> But in this week I've seen like 3 posts about it already

[2018-08-21 15:40:30] <Venom_Toaster> And then it always turns into a crapshow that needs a kid coming in to tell people to shut up

[2018-08-21 15:41:06] <Quikngruvn> Well, we already deal with them on a case-by-case basis, locking threads as warranted.

[2018-08-21 15:41:49] <Quikngruvn> And if someone's gonna be a douchebag about it, we'll respond accordingly.

[2018-08-21 15:42:34] <Quikngruvn> But I don't think a proactive seek-and-destroy mindset would be a good idea here.

[2018-08-21 15:42:59] <Venom_Toaster> We started doing that with 682 and it really helped clean things up around here

[2018-08-21 15:44:19] <Venom_Toaster> But I guess just redirection would work

[2018-08-21 15:44:55] <Quikngruvn> I don't think we militantly went after how-to-kill-682 posts, and I would be reluctant to recommend a policy where the status of 2721 is a forbidden topic.

[2018-08-21 15:45:23] <Quikngruvn> But yeah, absolutely redirect them to already-posted info.

[2018-08-21 15:45:25] <Venom_Toaster> No I don't want to forbade 2721

[2018-08-21 15:46:56] <Venom_Toaster> I just want tighter control on the newbies and invaders who try to stir things up

[2018-08-21 15:48:26] <Quikngruvn> I'm not sure how to accomplish that without coming across as needlessly draconian.

[2018-08-24 15:43:13] <DolphinSlugchugger> then the third question i have is "does the page title on the page have to be its scp designation"

[2018-08-24 15:51:01] <ChaoSera> It doesn't /have/ to be the SCP designation but there needs to be a good reason for it not to be

site? I'm kind of confused
[2018-08-25 13:34:26] <taylor_i0Stkin> What do you mean account name
[2018-08-25 13:35:17] <Arlwiss> The name for the wikidot account. Because I see on
SCP articles people adding a character's name
[2018-08-25 13:35:36] <taylor_i0Stkin> Which wikidot account?
[2018-08-25 13:35:36] <Arlwiss> Should I make a character and use his name, or
what?
[2018-08-25 13:35:44] <taylor_i0Stkin> Like the account you're going to make?
[2018-08-25 13:35:53] <Arlwiss> The one for the SCP site?
[2018-08-25 13:36:04] <Arlwiss> yea
[2018-08-25 13:36:06] <taylor_i0Stkin> So your account and the characters in your
writing are separate
[2018-08-25 13:36:20] <taylor_i0Stkin> You are free to make an author avatar, which
is just a character that represents you
[2018-08-25 13:36:31] <taylor_i0Stkin> But your username should be whatever you
want within the site rules
[2018-08-25 13:36:42] <Arlwiss> I see, thanks
[2018-08-25 13:36:58] <taylor_i0Stkin> Essentially, nothing that implies you have
any higher status, nothing claiming you're an SCP, nothing claiming you're part of
05, etc
[2018-08-25 13:37:26] <Arlwiss> Yeah I read about that, it was the characters-as-
names thing people were doing that confused me
[2018-08-25 13:37:35] <taylor_i0Stkin> In the guide?

[2018-08-25 13:40:26] <taylor_i0Stkin> Yes

[2018-08-25 13:40:55] <taylor_i0Stkin> SCPResearcher004
[2018-08-25 13:41:07] <Arlwiss> He's a person on this site and also appears as his character in the SCP-914 experiment logs
[2018-08-25 13:41:16] <Arlwiss> That was the sort of thing that confused me
[2018-08-25 13:41:27] <Arlwiss> Yeah I got it, I'm sticking to Arlwiss
[2018-08-25 13:41:30] <taylor_i0Stkin> Doctor Gears is the author avatar of DrGears (I think)

[2018-08-25 13:42:21] <taylor_i0Stkin> For a username?
[2018-08-25 13:42:24] <Arlwiss> I have a character idea but am not sure if someone's done that name already
[2018-08-25 13:42:34] <taylor_i0Stkin> Wikidot won't let you sign up with an already taken name
[2018-08-25 13:42:35] <Arlwiss> For a character, a researcher.
[2018-08-25 13:42:44] <taylor_i0Stkin> It shouldn't really matter
[2018-08-25 13:42:47] <taylor_i0Stkin> You can ask

Like say take "KittensRule", run it through ROT21, and it'll be "FdoozinMpgz", no one will realize what it is since most people don't think of things being encoded. Or if you're paranoid, then run it through ROT21, ROT13, ROT4, or some combination, and then run it through Binary.

[2018-08-26 01:20:42] <DolphinSlugchugger> okay heres the deal
[2018-08-26 01:21:08] <DolphinSlugchugger> do -ex SCPs have to follow the scp format or else they're tales
[2018-08-26 01:22:24] <DolphinSlugchugger> is it authorial intent?
[2018-08-26 01:23:16] <DolphinSlugchugger> i guess my question is "can an -ex also be a format screw without being considered a tale"
[2018-08-26 01:26:23] <Modern_Erasmus> DolphinSlugchugger: well, as with a normal SCP you can do a format screw if you can do it in such a way that people upvote it
[2018-08-26 01:28:45] <DolphinSlugchugger> its more a question of how it would be tagged

[2018-08-26 01:29:02] <DolphinSlugchugger> would it be tagged based on content or authorial intent regarding that content?

[2018-08-26 01:29:35] <Lazar> That's probably an "I know it when I see it"

[2018-08-26 12:46:24] <ReasercherAnn> I had set my nickname using the Mibbit chat client

[2018-08-26 12:46:50] <TombGames> the name you're using right now doesn't appear to be registered
[2018-08-26 12:47:02] <TombGames> did you register a name using the instructions on the chat guide?
[2018-08-26 12:47:57] <ReasercherAnn> Yeah because when I signed on to this one, it told me that the nickname I had registered when I followed the instructions on the chat guide was taken
[2018-08-26 12:48:11] <ReasercherAnn> That one was "AnnRKiss"
[2018-08-26 12:48:39] <TombGames> do you have the AnnRKiss name open in another tab perhaps
[2018-08-26 12:48:56] <ReasercherAnn> Yeah, but it doesn't appear to be working
[2018-08-26 12:49:15] <TombGames> what exactly is wrong with it
[2018-08-26 12:50:15] <ReasercherAnn> It looks like any one is there, I went onto the general and no one was there. I looked it up and it seems to be a common problem
[2018-08-26 12:50:39] <ReasercherAnn> But then when I tried asking for help there, I got no reply

[2018-08-27 04:34:57] <BoogeyMan23> ah, hmm.. registration process also involves a confirmation e-mail from the server. perhaps it might be more convenient to walk through when you have access to a computer?

[2018-08-27 04:52:38] <BoogeyMan23> replace PASSWORD with the password you'll want to use when identifying the nick on chat, and EMAIL with the e-mail address you want the confirmation e-mail sent to

[2018-08-27 04:53:54] <Swayzy> so is NickServ my nickname and #site19

[2018-08-27 04:54:48] <BoogeyMan23> no. NickServ is the server that handles the nickname registration - your nick will be whatever your nick is when you do the command

[2018-08-27 04:55:56] <Swayzy> and register is for?

[2018-08-27 04:56:31] <BoogeyMan23> register is the command you're sending to nickserv

[2018-08-27 04:56:51] <BoogeyMan23> if you type /msg NickServ help it'll give a list of the commands it uses

[2018-08-27 05:00:35] <BoogeyMan23> good. if you're set to +r then you should be able to /join #site19 - yes

[2018-08-27 23:39:24] <Cachucamaru> Hello, i need a bit of help regarding a section on the guide for newbies
[2018-08-27 23:39:52] <taylor_writkin> what's up
[2018-08-27 23:41:53] <Cachucamaru> i have written an scp that has a bit of 610 and 217 in its composition; it's its own thing though. Do i need to change that?
[2018-08-27 23:42:17] <taylor_writkin> You should submit it to the forums or in #thecritters for critique

[2018-08-27 23:42:25] <taylor_writkin> that's not really part of the guide tho
[2018-08-27 23:43:00] <Cachucamaru> in the plagiarism part. It says i should not write an idea i didn't create
[2018-08-27 23:43:10] <taylor_writkin> ah
[2018-08-27 23:43:11] <Cachucamaru> i'm a bit confused as the extension of that
[2018-08-27 23:43:18] <taylor_writkin> well, again, critique is key
[2018-08-27 23:43:31] <Cachucamaru> can i do what i've done or do i need to change that?
[2018-08-27 23:43:49] <taylor_writkin> again, criticism will be the only thing to tell you if it's original enough
[2018-08-27 23:43:50] <Cachucamaru> No prob, though; just a bit of rewrite should do the trick
[2018-08-27 23:43:57] <Cachucamaru> ok

[2018-08-30 05:42:52] <heek89> so I'm trying to follow the instructions in the chat guide, I got the registration bit done but when I try and use mibbit and follow the

given instruction nothing happens after I put my nick in and press connect as instructed in the 3rd step.

[2018-08-30 05:45:03] <Wazikamawata> Since site19 has been overrun by roleplayers: Can someone here help me understand memetics?

[2018-08-30 05:45:13] <heek89> am I missing something? I've tried puting #site19 in the part where it asks for a channel but it still just does nothing.

[2018-08-30 05:45:40] <Wazikamawata> try typing /join #site19 heek

[2018-08-30 05:45:50] <heek89> there's no where to type it.

[2018-08-30 05:45:57] <Wazikamawata> where you'r typing now

[2018-08-30 05:46:44] <heek89> there's a box labeled nick and a box labeled channel. beneath them is a button that says connect and a bit further bellow that is a button that says search.

[2018-08-30 05:47:24] <heek89> the search button is also next to a box labeled by a magnifying glass.

[2018-08-30 05:48:14] <heek89> I'm trying to use the mibbit client, so I don't have to always use the ones on the wiki.

[2018-08-30 05:48:49] <Wazikamawata> I don't know mibbit so I can't help I'm afraid

[2018-08-30 05:49:10] ← Prior quit (laughing@ur.dum.faic): Quit: Connection closed for inactivity

[2018-08-30 05:50:15] <Lily> You need to join, register your nick, identify, then type /join #site19

[2018-08-30 05:50:16] <heek89> dang.

[2018-08-30 05:54:45] <heek89> lily, there's nowhere for me to put that, there's two boxes. one labeled nick, the other labeled channel.

[2018-08-30 05:55:13] <heek89> I tried following the instructions on the site by entering my name and pressign the connect button. but then nothing happened.

[2018-08-30 05:57:07] <Lily> Yeah, you need to fill those out with your nick and the channel

[2018-08-30 05:57:09] <Lily> Then join

[2018-08-30 05:58:15] <heek89> step 2 breaks it.

[2018-08-30 05:58:44] <Lily> the vast majority of people are able to do thie so problems are 99.9% user-end

[2018-08-30 05:59:07] <heek89> I just tried doing it with the default setting on the drop down menu and it worked.

 [2018-08-31 21:27:24] <DrXenomorpheus> i am currently working on writing my own scp

someone who has skills in writing. who on the website has the most upvotes and how can I contact them to ask about this

[2018-08-31 21:27:50] <DrMagnus> Send them a message on wikidot.

[2018-08-31 21:28:01] <MrAnakinSpecter> You can look through the "top rated pages" section to find authors.

[2018-08-31 21:28:17] <DrXenomorpheus> I saw that but I don't see anywhere that authors are ranked by votes

[2018-09-02 17:11:11] <Tuomey> unfortunately we don't exactly have a direct line to wikidot

[2018-09-02 19:07:47] <ARD> Speak
[2018-09-02 19:07:59] <ianofdoom2> Firstly, my friend needs help getting onto the
forums. I'm trying to help save them some time,
[2018-09-02 19:08:11] <ARD> What do you mean getting onto the forums
[2018-09-02 19:08:12] <ianofdoom2> They seem to be busy.
[2018-09-02 19:08:13] <ianofdoom2> Well,
[2018-09-02 19:08:15] <ianofdoom2> Not forums.
[2018-09-02 19:08:15] <ianofdoom2> Chat.
[2018-09-02 19:08:17] <ianofdoom2> Sorry.
[2018-09-02 19:08:38] <ARD> Have they read <http://www.scp-wiki.net/chat-guide>
[2018-09-02 19:08:38] <jarvis> ard: #Chat Guide# (written 8 years ago by Sophia
Light; rating: +101) - <http://www.scp-wiki.net/chat-guide>
[2018-09-02 19:08:43] <ianofdoom2> They are confused as to how the system works,
even with the guide. Do you have some instructions I could relay?
[2018-09-02 19:09:00] <ARD> OK
[2018-09-02 19:09:13] <ARD> 1. Type the following: /msg NickServ register PASSWORD
EMAIL - Substitute the stuff in caps with your desired password and email. Do not
leave a space before the / and do not type anything else in the same message.
[2018-09-02 19:09:30] <ARD> Once this is done, you should get a confirmation email.
Be sure to check your spam folder if you have trouble finding it. Follow the
directions in the email. Once that's all taken care of, you simply type "/msg
nickserv identify [password]" (without the quotes, replacing [password] with your
password) in your client. You have now registered!
[2018-09-02 19:09:38] <ianofdoom2> Alright, thank you.

[2018-09-02 19:12:15] <ianofdoom2> *That one.
[2018-09-02 19:13:01] <ARD> ianofdoom2: if you don't want to address it now, you'll

[2018-09-02 19:13:13] <ARD> We don't allow banned users to lurk in 17
[2018-09-02 19:13:19] <ianofdoom2> Well, I was actually going to talk about that

[2018-09-02 19:13:24] <ianofdoom2> Funnily enough.

[2018-09-02 19:18:34] <ProcyonLotor> Okay, ianofdoom2, you may begin your appeal at your leisure.
[2018-09-02 19:19:07] <ianofdoom2> Alright,
[2018-09-02 19:19:08] <ianofdoom2> Firstly,
[2018-09-02 19:19:27] <ianofdoom2> I apologize for my rather rude behavior. It's been over a year, I'm pretty sure we can both begin anew.
[2018-09-02 19:19:41] <ianofdoom2> Secondly,
[2018-09-02 19:20:27] <ianofdoom2> Given that my aforementioned friend and myself have started to cowrite both of our stories due to the fact that it makes it easier for the two of us,
[2018-09-02 19:21:23] <ianofdoom2> I think that it'd be more convenient (Did I spell that right?) if both of us could be on the chat. It's not required, but again, it does make things easier. The choice, in the end, is ultimately yours.
[2018-09-02 19:22:01] <ProcyonLotor> Is that all you have to say for yourself?
[2018-09-02 19:22:19] <ianofdoom2> Well, yes.
[2018-09-02 19:22:31] <ianofdoom2> You may continue.
[2018-09-02 19:24:08] <ProcyonLotor> Alright. Well, while it making it easier on both you and your friend may very well be true, it's not something I'm going to take into account.
[2018-09-02 19:24:08] <ProcyonLotor> And, while I would have been willing to accept an appeal with a more clear-eyed and thorough apology/accepting of your having been at fault, you were, uh... pretty fucking bad, pardon my French, so a one sentence apology simply will not cut it, my apologies.
[2018-09-02 19:24:48] <ianofdoom2> Alright.
[2018-09-02 19:24:56] <ianofdoom2> What would you prefer?
[2018-09-02 19:25:56] <ProcyonLotor> That you try again in six months. I apologize, but I am not going to craft a successful appeal for you.
[2018-09-02 19:29:06] <ianofdoom2> May I make one last request? Not related to an appeal.
[2018-09-02 19:29:34] <ProcyonLotor> You may.
[2018-09-02 19:29:42] <ianofdoom2> Alright.

[2018-09-03 00:42:38] <moist> so how many upvotes do i need confirmed before i can
post a tale on the official wiki
[2018-09-03 00:43:19] <Lazar> moist: That's not really how it how it works. You're
at the whims of the readerbase.
[2018-09-03 00:43:51] <Lazar> You can post whatever you like, but it has to stay
above -10 to not go into deletion.
[2018-09-03 00:44:57] <moist> i read somewhere that you needed some people to say
they'd upvote it before it's safe to post it
[2018-09-03 00:44:59] <moist> just to be safe about it
[2018-09-03 00:46:34] <Lazar> It's less about total votes and more about quality of
votes, for lack of better terms
[2018-09-03 00:46:53] <Lazar> Some readers upvote anything with pirates and/or
ninjas.
[2018-09-03 00:47:07] <moist> so i could go ahead and post this tale me and a
friend worked on
[2018-09-03 00:47:16] <moist> cause its been a few days and nobody's responded to a
thing when i asked about it
[2018-09-03 00:47:21] <Lazar> Other readers (who are also usually other writers)

```

have more exacting standards.

[2018-09-03 00:47:44] <moist> i mean i asked a few non-wiki members about it and they said it was ok

[2018-09-03 00:47:45] <Lazar> There is no restriction on posting, as long as you don't post unsuccessful articles too frequently.

[2018-09-03 00:48:04] <Lazar> But there's no guarantee that the readerbase at large will like it.

[2018-09-03 00:48:12] <moist> (and just to clarify the whole "no caps" thing is just a meme i dont type like this in actual articles)

[2018-09-03 00:48:29] <Lazar> It was not a concern.

[2018-09-03 00:48:34] <moist> k good

[2018-09-03 00:48:53] <moist> so if i were to post that tale on the wiki now

[2018-09-03 00:48:59] <moist> would it be just immediately taken down

[2018-09-03 00:49:13] <Lazar> Depends on your definition of immediate.

[2018-09-03 00:49:22] <moist> i mean like

[2018-09-03 00:49:26] <moist> an admin reads it

[2018-09-03 00:49:28] <moist> and then deletes it

[2018-09-03 00:49:34] <Lazar> Not exactly.

[2018-09-03 00:49:36] → ghostpage joined (antifa@super.soaker)

[2018-09-03 00:49:46] <moist> right

[2018-09-03 00:49:52] <Lazar> The deletion requirements are below -10 for 24 hours.

[2018-09-03 00:49:59] <moist> so im guessing posting a link to the sandbox page

here would be a big no

[2018-09-03 00:50:02] <moist> cause this isnt site 19

[2018-09-03 00:50:16] <Lazar> Use #thecritters for crit.

[2018-09-03 00:50:47] <Lazar> There are some cases where staff members will summarily delete articles, but none of those are earnest attempts.

[2018-09-03 00:50:53] <moist> crit?

[2018-09-03 00:50:57] <moist> OH, CRITICISM

[2018-09-03 00:51:00] <moist> i'm dumb sorry

[2018-09-03 00:51:09] <Lazar> It's fine, easily confused.

[2018-09-03 00:51:20] <moist> i had no idea what that meant

[2018-09-03 00:51:21] <moist> right i'll go there

[2018-09-03 00:51:23] <moist> thanks for your time

 [2018-09-03 11:18:29] <Fingo7> It's regarding promotions
 [2018-09-03 11:19:10] <Lazar> I see.

 [2018-09-03 11:20:32] <Fingo7> Ok, thanks
 [2018-09-03 11:21:06] <Fingo7> I feel there has been a slight representation error
 in the promotions
 [2018-09-03 11:21:16] <Fingo7> Or a major one come to think of it
 [2018-09-03 11:22:19] <Fingo7> See there has been a misconception that all I have
 done all summer is write a single sentence post in terms of staffwork, which is
 found in my recent activity page

[2018-09-03 11:23:22] <Fingo7> The reviews in question were written, complimenting articles that I had reviewed on the draft stage, which had went onto the mainsite

[2018-09-03 11:24:53] <Fingo7> Because most of it was either on critters, in wikidot message, and on articles which were later deleted at some point

[2018-09-03 11:25:52] <Fingo7> So what is effectively a far larger of staffwork that I have done this summer, religiously reported to my team captain as I have done every week for 14 months, has been brushed over
[2018-09-03 11:25:57] <Fingo7> Like it never existed
[2018-09-03 11:27:14] <Fingo7> And I have in fact, participated (not as much as I have hoped to, as soulless explained) in staff discussion, attended meetings, and I am now planning with site crit to set up our own voluntary crit force
[2018-09-03 11:28:08] <Fingo7> But I can't help but feel that since most of my work isn't accessible, and that perhaps I should give soulless more content to put on the pastebin,
[2018-09-03 11:28:42] <Fingo7> almost 19/20 of all my staffwork hasnt been counted

[2018-09-03 19:30:05] <Tuomey> do you have a question for staff?
[2018-09-03 19:30:10] <October> Oh, good. Yes, I do
[2018-09-03 19:31:24] <October> I tried to apply to join the SCP foundation site,
but I sort of made the mistake of asking someone else to send the email for me,
which ended up with things I didn't want to say, or were just not true at all
[2018-09-03 19:32:11] <October> A couple days later I saw that the application was
denied, as I expected. So I decided to use one of my other emails to apply instead,
this time planning to actually do everything myself
[2018-09-03 19:32:36] <October> The problem was, I'm not getting any confirmation
emails at all. I checked spam and everything, but nothing is there. What am I
supposed to do now?
[2018-09-03 19:34:25] <October> The proper thing might be trying to get help from
Wikidot itself, but it just doesn't seem to be working with me. This is my last
place to get help from
[2018-09-03 19:35:38] <Lily> How long ago did you apply
[2018-09-03 19:36:12] <Tuomey> you can delete your old application and try again,

[2018-09-03 22:10:09] <coreyplier> I am signed into wikidot right now, and made a danbox page while signed in, but it won't sign me in on the scp website
[2018-09-03 22:10:28] <coreyplier> sandbox*
[2018-09-03 22:10:28] <Tuomey> you're having trouble staying signed in on scp-wiki.net then
[2018-09-03 22:10:33] <Tuomey> this is not an uncommon problem
[2018-09-03 22:10:47] <coreyplier> what do I do?
[2018-09-03 22:10:48] <Tuomey> try using scp-wiki.wikidot.com instead
[2018-09-03 22:10:57] <Tuomey> same site, just a bit of a messy url
[2018-09-03 22:11:10] <Tuomey> tends to cause less issues wrt sign ins
[2018-09-03 22:12:25] <coreyplier> ok that worked
[2018-09-03 22:12:45] <coreyplier> but the link to the drafts and critiques forum takes me to the other website version
[2018-09-03 22:13:14] <coreyplier> so I need to navigate to it on this version so I can make a thread
[2018-09-03 22:13:39] <taylor_itkin> Did you actually join the wiki, first?
[2018-09-03 22:13:48] <coreyplier> yeah
[2018-09-03 22:14:05] <coreyplier> ok wait nvm I navigated to it myself
[2018-09-03 22:14:13] <coreyplier> I couldn't find the forum link
[2018-09-03 22:14:19] <coreyplier> but I found it now

[2018-09-04 10:59:34] <bluesoul> nobody's nominated without their agreement to #be# nominated
[2018-09-04 10:59:47] <Lazar> There was a big influx the promotion cycle before this one.
[2018-09-04 11:00:07] <taylor_iOStkin> I mean, some of the team captains are moderators, is the thing
[2018-09-04 11:00:07] <bluesoul> sometimes it comes from the top down, sometimes people will ask to be considered for promotion
[2018-09-04 11:00:17] <taylor_iOStkin> bluesoul: makes sense

 for promotions,

[2018-09-04 17:52:46] <Fingo7> it is said that a promotion can still only go
 through with a 60% majority of all votes being yes

[2018-09-04 17:53:33] <Fingo7> Does this 60% be in regards to yes to no's, or to
 yes, no's, and abstentions?

[2018-09-04 17:55:10] * BusyVolt → NineVolt

[2018-09-04 17:55:11] <amnestic_protocol> (I'm not an expert, but my interpretation
 of an "abstention" is that it's explicitly not a vote)

[2018-09-04 17:55:20] <amnestic_protocol> (and if it WAS a vote, it'd be identical

to a "no"

[2018-09-04 17:55:47] <amnesic_protocol> (so I would expect it to be 60% of yes/no, only.)

[2018-09-04 17:58:49] <Fingo7> That is what I was thinking. But that also raises the question: If over 1/3 of all "votes" being abstentions without no-votes counts as a fail, while if a user got 1/3 no-votes without abstentions they would pass

[2018-09-04 17:59:18] <Fingo7> does that not make an abstention even more punishing than voting no?

[2018-09-04 18:00:12] → Sax joined (soar.out@nd.fly)

[2018-09-04 18:01:14] <ARD> Not really, because if the staff members did NOT abstain they would vote NO - and you would have 2/3 no votes anyways

[2018-09-04 18:01:42] <Fingo7> But say:

[2018-09-04 18:01:44] <ARD> An abstention is when you don't feel that you have enough information to judge a prospective member of staff and

[2018-09-04 18:01:55] <ARD> thus do not want to judge them

[2018-09-04 18:02:30] <Fingo7> X user gets +1/3 abstentions and no negative votes, the rest being positive

[2018-09-04 18:04:20] <ARD> Then they get promoted

[2018-09-04 18:06:01] <ARD> However, I can see what you mean. You're saying that if 35% of staff members abstained and the rest voted YES, then someone would still not be promoted - whereas if 35% of staff members said NO and the rest said YES then they WOULD be promoted

[2018-09-04 18:07:02] <fieldstone> As i understand it, the abstentions effectively start becoming nos when you pass a certain threshold

 [2018-09-05 02:27:41] <Nellie> Hi! New account here, just noticed a really small
 thing that needs to be edited on a page. On SCP 2412 footnote 5 doesn't link to
 anything, from the discussion it looks like what it used to link to was edited out.
 Not sure if this is the right place to post. Thanks!

[2018-09-07 04:32:27] <Lily> Really up to you to decide

[2018-09-07 04:32:47] <Lily> But usually, anything that doesn't follow the normal rules of physics, chemistry, or biology

[2018-09-07 04:33:01] <Lily> plus often stuff that's too advanced for its time, extraterrestrial, etc

[2018-09-07 04:33:47] <Rook> Makes sense. But lets say there is a humanoid type SCP, they dislike humans with powers right? I'm just not sure how otherwise a humanoid could be anomalous.

[2018-09-07 04:38:10] ← Jazstar quit (uid297498@Grammar.Mastar): Quit: Connection closed for inactivity

[2018-09-07 04:38:13] <Rook> Pretty much every power that someone can have is an anomaly, it's unexplained by science and at times extraterrestrial or supernatural in origin. So the both of them are one in the same. I guess i'm just trying to get the difference between what is acceptable and what's not as an anomaly in their sense of the word.

[2018-09-07 04:38:17] <Lily> It really depends on how well it's written

[2018-09-07 04:38:30] <Lily> Anything's acceptable if the community says so

[2018-09-07 04:38:37] <Rook> Hmm

[2018-09-07 04:38:41] <Lily> People have written non-anomalous stuff before

[2018-09-07 04:38:48] <Lily> So really just... go wild

[2018-09-07 04:40:05] <Rook> True. I'll just have to give it a shot and get a bunch of help from the community definitely before hand.

[2018-09-07 04:41:43] <Lily> Great :)

 [2018-09-07 20:27:44] <Rimple> What up
 [2018-09-07 20:27:53] <DevOsmium> I'm getting an SSL error from the site
 [2018-09-07 20:29:23] <Lazar> DevOsmium: wikidot is weird
 [2018-09-07 20:29:43] <Lazar> SCP-wiki.net breaks, but the wikidot parts work fine
 I think
 [2018-09-07 20:30:14] <DevOsmium> Yeah
 [2018-09-07 20:30:42] <Lazar> Are you talking about the absence of a certificate or
 something else?
 [2018-09-07 20:31:04] <Rimple> Are you connecting to scp-wiki.net or scp-
 wiki.wikidot.com
 [2018-09-07 20:31:26] <Lazar> I don't think it matters in either case
 [2018-09-07 20:31:27] <Rimple> Some filters block one or the other
 [2018-09-07 20:31:36] <Lazar> Wikidot only SSLs the login page.

 [2018-09-07 20:33:04] <Rimple> That's an issue with cookies being blocked usually,
 right? Or did we find a fix for that

[2018-09-07 22:35:15] <Veiedhimaedhr> I was just wondering what sound file format (if that's the term) works best with the wikidot format. MP3, MP5, etc?
[2018-09-07 22:36:09] <Lazar> MP3 is probably best.
[2018-09-07 22:36:25] <Lazar> I don't think it matters too much as far as the embed goes, unless wikidot itself has preferred formats.

[2018-09-09 16:41:56] <Venom_Toasting> Is it ok if I have a placeholder text for a page while I upload some files?

[2018-09-09 16:42:29] <taylor_i0Stkin> I mean you could always just put the actual article there and put the files on second

[2018-09-09 16:43:06] <Venom_Toasting> Peeps might think I ain't good with images and downsizzle it though

[2018-09-09 16:43:09] <Venom_Toasting> That's my fear

[2018-09-09 16:44:08] <taylor_i0Stkin> I doubt that'll happen but at the same time

[2018-09-09 16:44:12] <taylor_i0Stkin> I've seen people do it before

[2018-09-09 16:44:31] <taylor_i0Stkin> the whole 'placeholder for file uploads' i mean

[2018-09-09 16:44:41] <trets> Venom_Toasting: my suggestion. Put the files in a sandbox, and use their sandbox url temporarily as you put up the page

[2018-09-09 16:45:02] <trets> Once the page is up, then switch out the urls to the image names as you upload the files to the actual page

[2018-09-09 16:45:14] <Venom_Toasting> Oh that sounds good

[2018-09-09 16:45:18] <Venom_Toasting> I'll try it trets, thx

[2018-09-11 13:25:38] <spookybee> I already did.
[2018-09-11 13:25:39] <Tuomey> but uh yeah did username fuck up as well?

[2018-09-11 13:26:34] <taylor_i0Stkin> Huh.
[2018-09-11 13:27:46] <Tuomey> and it's just, like, "no username" or whatever not, like, appearing like it's signing in but leaving you signed out?
[2018-09-11 13:28:13] <spookybee> It keeps telling me the login and password didn't match, and when I tried to type my email to retrieve it, it told me there was no account linked to that email
[2018-09-11 13:28:31] <taylor_i0Stkin> Are you signed in on your phone
[2018-09-11 13:28:39] <Tuomey> that's fucking weird

[2018-09-12 15:17:48] <Barney> oh sorry to bother you agents

[2018-09-12 15:21:17] <Affie> You can't really say "You have a C&D" and then retroactively punish someone for placing it and claim to be in the right.

[2018-09-12 15:21:57] <Affie> You can't really say: "We're not hiding anything." Then proceed to explicitly hide things, and remain honest.

[2018-09-12 15:22:02] <Quikngruvn> Affie, as your non-disciplinary and disciplinary threads state, you've 1. given misleading feedback, 2. gotten heated in discussions in the forum, 3. sassed mods and admins, and 4. ignored at least one Stop Order.

[2018-09-12 15:22:34] <Affie> I posit that the admin was antagonistic towards me.

[2018-09-12 15:22:48] <Affie> I think that misleading feedback itself is a misleading note.

[2018-09-12 15:23:12] <Affie> And rather, the actions taken because of that point more towards a bad system than a bad action

[2018-09-12 15:23:23] <Affie> I didn't get heated.

[2018-09-12 15:24:44] <Quikngruvn> Affie, this is not a matter of your opinions, this is a matter of your behavior.

[2018-09-12 15:24:58] <Affie> The opinions on my behaviour are inherently biased.

[2018-09-12 15:36:13] <Tuomey> The original version of Magnus' post contains "This is a closed staff post. Do not respond unless you are staff"
[2018-09-12 15:36:25] <Tuomey> It also says "As of this moment, I'm issuing a CEASE AND DECIST until otherwise told by either a moderator or admin, for giving feedback on the draft forums by way of sassing staff, and being a pedant in all the wrong ways."
[2018-09-12 15:36:27] <Modern_Erasmus> Affie: point of order, the cease and desist was not edited into the post it was the post. The edit referred to adding a blurb about it expiring if you post a successful article.

[2018-09-12 15:36:44] <DrMagnus> From the original version of my staffpost: "As of this moment, I'm issuing a CEASE AND DECIST until otherwise told by either a moderator or admin, for giving feedback on the draft forums by way of sassing staff, and being a pedant in all the wrong ways."

[2018-09-13 15:39:00] <bluesoul> you're not required to make an introduction post if you don't want to, but it's unlikely you'll make any big mistakes if you do

[2018-09-16 03:50:05] <HolyPowerOfMothHelm> Hello
[2018-09-16 03:50:26] <HolyPowerOfMothHelm> I'm having problems with the sandbox
side of the wiki
[2018-09-16 03:50:46] <HolyPowerOfMothHelm> I remember creating a post on there
with my username as the title, but when I search for it now, it doesn't show up
[2018-09-16 03:50:59] <HolyPowerOfMothHelm> I tried the uppercases as shown in my
username, as well as all lowercase
[2018-09-16 03:51:23] <HolyPowerOfMothHelm> I know it saved because I made edits
from several different computers in different locations, and all the edits saved to
the page.
[2018-09-16 03:51:42] <HolyPowerOfMothHelm> I was easily able to view it from
another location, but since I took a break from the project, it seems to have
disappeared.

[2018-09-18 10:50:23] <SonOfPerdition> i think its called mibbit?
[2018-09-18 10:50:29] <SonOfPerdition> im really not used to this
[2018-09-18 10:50:39] <bluesoul> you haven't identified for your nickname
[2018-09-18 10:50:47] <Quikngruvn> OK. Mibbit is the chat client, and right now you're in the channel #site17.
[2018-09-18 10:51:16] <Quikngruvn> And yeah, you need to identify before you can go into #site19.
[2018-09-18 10:51:32] <SonOfPerdition> and how do i do that?
[2018-09-18 10:52:04] <Quikngruvn> "/ns identify password". But without the quote marks.
[2018-09-18 10:52:25] <SonOfPerdition> i feel like an old man talking about smartphones, thanks a lot
[2018-09-18 10:52:38] <Quikngruvn> If you include the quote marks everyone will see your password.
[2018-09-18 10:52:41] <Quikngruvn> You're welcome.

I've read through the article a few times and all I can guess at is the part bolded below "Site Behaviour" (Since i assume writng the passcode elsewhere would be a bad idea)
[2018-09-20 12:59:33] <bluesoul> not it.

[2018-09-20 14:50:23] <optic5471> Hello, I was wondering if my username is
acceptable. I have had the same username for a very long time "optic5471". I was
wondering if the "5471" is considered a SCP number even though it doesnt refer to
one, and there arent any SCPs in the 5000's yet. Can I still use my normal username
for this site, or will I need to come up with a new one?
[2018-09-20 14:53:05] <CaptainKirby> optic5471: while I'm not an admin (who are the
people who run applications and decide these things) I'm pretty sure your name is
fine. Just a string of digits isn't necessarily a reference to an SCP. Doubly so
because we haven't hit 5000. I'd think you'd be fine

[2018-09-22 22:13:30] <Dexanote> like under this nick right now
[2018-09-22 22:13:33] <Dexanote> if so
[2018-09-22 22:13:35] <XaiviarNightwing2> I got an email, and registered
[2018-09-22 22:13:35] <Dexanote> /ns SET PASSWORD YourNewPassWord
[2018-09-22 22:14:06] <XaiviarNightwing2> exactly like that no changes?
[2018-09-22 22:14:22] <Dexanote> YourNewPassword will be replaced with whatever you want the nonrandom password to be
[2018-09-22 22:14:30] <Dexanote> otherwise make sure the /ns is at the beginning of the line
[2018-09-22 22:14:37] <XaiviarNightwing2> do i nee to change ns to msg?
[2018-09-22 22:14:38] <Dexanote> with NO space or other letters before it
[2018-09-22 22:14:42] <Dexanote> no
[2018-09-22 22:14:55] <Dexanote> ns is sending the command to nickserv, the robot/system that handles passwords
[2018-09-22 22:15:06] <Dexanote> Commands are done this way
[2018-09-22 22:15:15] <Dexanote> for example you can do an action command by goig /me [does thing]
[2018-09-22 22:15:16] <Dexanote> like this
[2018-09-22 22:15:20] – Dexanote [does thing]
[2018-09-22 22:15:29] <Dexanote> but with /ns it becomes a command to nickserv
[2018-09-22 22:16:11] <Dexanote> to identify, you gotta drop that /msg Nickserv IDENTIFY [password] that you dumped above by accident the same way, with no spaces before it
[2018-09-22 22:16:22] <Dexanote> then after youre identified you can use the /ns SET PASSWORD newpassword
[2018-09-22 22:16:42] <Dexanote> Identify is kinda like logging in? IRC is oldschool and not intuitive but yeah

[2018-09-26 17:22:03] <taylor_i0Stkin> ...Sorry?

[2018-09-26 17:22:19] <ARD> Gizmo: take it from me, yesod and zeno are gimmicks
[2018-09-26 17:22:31] <ARD> They're one-off object classes that authors use to prop up their articles
[2018-09-26 17:22:35] <trets> They're not junk classes
[2018-09-26 17:22:48] <Gizmo> Oh, so they are just random?
[2018-09-26 17:22:54] <ARD> I wouldn't take them as canon any more than I would take Bright's List as canon
[2018-09-26 17:23:01] <trets> They're known as Esoteric or Narrative classes and are generally single-use classes that are only used to tell the story in the SCP better
[2018-09-26 17:23:05] <Gizmo> :/
[2018-09-26 17:23:09] <ARD> Except 9/10 times they don't

[2018-09-26 20:18:07] <minidragon> I have a WikiDot account and im considering
signing up for the site, whats the difference between having just a wikidot account
and having the account connected to the site?
[2018-09-26 20:18:28] <Varaxous> If you aren't a member of the site you cannot
comment or vote
[2018-09-26 20:18:29] <taylor_i0Stkin> Applying to the SCP wiki simply allows you
to contribute to the forums and the site
[2018-09-26 20:18:36] <taylor_i0Stkin> it doesn't create a separate account

[2018-09-26 20:18:41] <minidragon> Alright, thanks!
[2018-09-26 20:18:44] <taylor_iOStkin> think of it like joining a page on facebook
[2018-09-26 20:18:52] <taylor_iOStkin> it's 1 account with a membership to a page
[2018-09-26 20:18:58] <taylor_iOStkin> and you can be a member to multiple pages

[2018-09-27 11:08:25] <bluesoul> yes, it's compatible with our license. ND is the
only subtype that is not

[2018-09-27 11:09:45] <Lily> Yeah that's okay
[2018-09-27 11:09:50] <Dora> bluesoul I thought those two are incompatible? Like,
NC conflicts with SA
[2018-09-27 11:09:58] <Lily> Obvious NC isn't ideal but we allow it
[2018-09-27 11:10:25] <bluesoul> SA and NC are compatible, you simply cannot share
the derivative for money
[2018-09-27 11:10:25] <Dora> so like, you can make use of it but then your SCPs and
any derivative materials would have to be released under NC and not the standard SA
we use
[2018-09-27 11:10:54] <not_a_seagull> Would I have to put a notice on the

[2018-09-27 11:12:11] <bluesoul> yes, that's part of the BY license

[2018-09-27 12:07:33] <Dora> ProcyonLotor just for clarification, the effect in this case would be that seagull can make use of a pic that was released under CC BY-NC for a SCP, but said SCP and all of its derivatives would have to be in turn released under CC BY-NC, right?

[2018-09-27 12:07:41] <Dora> similar logic to, say, the 173 case

[2018-09-27 12:08:03] <Dora> wherein the pic is also restricted

[2018-09-27 12:08:44] <ProcyonLotor> As captain I refuse to allow the 173 case to be precedential. That is a nightmare I inherited and I will not bring it about again.

[2018-09-27 12:08:52] <Dora> okay

[2018-09-27 12:08:54] <ProcyonLotor> They can find a new picture, end of story.

[2018-09-27 12:09:19] <Dora> ... I guess that does make sense, insofar as with 173 we have a private agreement with the pic's rightholder

[2018-09-27 12:09:54] <ProcyonLotor> A private agreement that was made ONLY because it is our single most important image on site without exception

[2018-09-27 18:50:06] <ARD> present your idea
[2018-09-27 18:51:17] <Crazychooklady> It's like one of those folding mirrors but
it resembles an extremely large scale from a flying insect's wing. When people look
at it they get a distorted view of how they look, seeing things like blemishes that
are not there and will pick at their skin to the point of harm. In animals this
takes place as excessive grooming
[2018-09-27 18:51:49] <Crazychooklady> and it makes all reflective surfaces show
these distorted images after the folding mirror has been opened and the person has
seen their reflection in it

[2018-09-27 21:54:57] <Coryn02> I don't know what tags I want to find, but I'd like to check if there are articles along the lines of an idea I'm considering.
[2018-09-27 21:56:25] <mlister> Coryn02: If you want to look at the page with a tag, go to <http://www.scp-wiki.net/system:page-tags/tag/INSERTTAGHERE#pages>
[2018-09-27 21:56:34] <mlister> Inserting the tag you want in the space with allcaps
[2018-09-27 21:56:39] <mlister> Or, you can use the tag search

[2018-09-27 22:01:45] <mlister> Several challenges even have it as a basis
[2018-09-27 22:02:06] <Coryn02> So people intentionally work within a specific tag to see what kinds of diversity they can come up with, using that alone

[2018-09-28 04:46:42] <Quin> Where do i find the discussion tgreafts and
[2018-09-28 04:46:47] <Quin> Sorry
[2018-09-28 04:46:51] <BoogeyMan23> members are also able to write and post their own articles to the site - although there are a lot of community members that just read and vote
[2018-09-28 04:47:25] <Quin> Where do i find the discussion threads and what so people discuss?
[2018-09-28 04:47:48] <BoogeyMan23> at the bottom of any page there should be a

link to 'Discussion' - that goes to the thread for that page's comments
[2018-09-28 04:47:58] <Quin> Oh ok, so i wouldnt need to come up with a new scp entry or anything?
[2018-09-28 04:48:11] <Quin> Oh, never noticed that...
[2018-09-28 04:49:01] <BoogeyMan23> nah, there's no obligation on members to write articles themselves if they'd rather not
[2018-09-28 04:50:07] <Quin> Ok good haha, well i think i will try to join this site then, do you thunk the account name "VEN-777" will pose any problems?
[2018-09-28 04:51:49] <BoogeyMan23> hmm.. doesn't seem that would be a problem, in my opinion
[2018-09-28 04:52:09] * WindyCat → StudyCat
[2018-09-28 04:52:43] <BoogeyMan23> do be sure to read and understand the required reading material (site rules and guide for newbies)
[2018-09-28 04:52:44] <Quin> Ok cool, well hopefully we will get to chat again in the future? Have a great day!
[2018-09-28 04:53:06] <Quin> Ah where is that located?
[2018-09-28 04:53:42] <BoogeyMan23> <http://scp-wiki.wikidot.com/system:join>
[2018-09-28 04:53:58] <Quin> Thanks
[2018-09-28 04:54:07] <BoogeyMan23> there's the Join page - Guide For Newbies is prominently linked to from it

[2018-09-28 14:05:39] <Quikngruvn> Hi! Did you submit an application and get accepted to the wiki?

[2018-09-28 14:06:13] <ValidatingData> Ah, no I haven't. My bad! Thank you everyone for your help.

[2018-09-28 14:06:34] <Quikngruvn> You're welcome!

[2018-09-28 14:07:48] <Veiedhimaedhr> Can I ask a Forum Crit question?

[2018-09-28 14:09:23] <Quikngruvn> You can ask most anything, Vei, and if you're lucky, you'll get a useful answer.

[2018-09-28 14:10:40] <Veiedhimaedhr> Well I've always had luck in Vegas so: we've got a double-post on the forums. However, the author posted the second one because they forgot a colon on the first post's sandbox link. They claim the first one is locked but it doesn't seem to be

[2018-09-28 14:11:01] <Veiedhimaedhr> Should I request a lock on the one with the bad link or the most recent link?

[2018-09-28 14:11:20] <Veiedhimaedhr> 1)
<http://www.scp-wiki.net/forum/t-7689853/scp-jolly> and 2)
<http://www.scp-wiki.net/forum/t-7693373/scp-xxxx-demanding-candy> respectively

[2018-09-28 14:11:48] <Quikngruvn> Is there any commentary on the one with the bad link?

[2018-09-28 14:11:58] <Quikngruvn> ...or I guess I could go look myself.

[2018-09-28 14:12:08] <Veiedhimaedhr> Nope. Double post was made on the same day, 3 hours after the first one

[2018-09-28 14:12:24] <Veiedhimaedhr> Link is only bad because a ':' is missing after http

[2018-09-28 14:15:11] <Quikngruvn> OK, locked the thread with the bad link with a link to the thread with the good link.

[2018-09-28 14:15:37] <Veiedhimaedhr> Cool. Thank you!

[2018-09-28 14:15:43] <Quikngruvn> You're welcome!

[2018-10-04 12:22:36] <toronado> came here to ask if this sounds reasonable
[2018-10-04 12:22:39] <toronado> "Site should be monitored by four security cameras
and two bullpup SMG-armed guards"
[2018-10-04 12:23:01] <toronado> Bullpup SMG as in the same slightly modified P-
90's from containment breach.
[2018-10-04 12:23:07] <Sax> toronado: if you need writing advice, best to drop into
#thecritters
[2018-10-04 12:23:22] <Tuomey> toronado: that's more of a criticism question which
usually goes in #thecritters but honestly? You don't need to specify weaponry
generally speaking
[2018-10-04 12:23:41] <Tuomey> You can assume the Foundation knows how to guard a
hallway and equip their guards
[2018-10-04 12:24:11] <Tuomey> Unless the SCP needs to be guarded in some specific
way you're generally fine not overstating it
[2018-10-04 12:24:17] <toronado> A. Seems like something i would do, not being in

[2018-10-04 16:50:55] <Guest43510> Hello! I was hoping to ask about the general
chat, #site19 if I am correct. Is it empty? I couldn't join for whatever reason.

```

[2018-10-04 16:51:27] <Quikngruvn> It's not empty, you need to register with SynIRC and then identify yourself before you can go in.

[2018-10-04 16:51:29] <Quikngruvn> .s chat guide

[2018-10-04 16:51:29] <Guest43510> I did the registration properly, but whenever it said I connected it wouldn't show anyone (myself included) in the members list.

[2018-10-04 16:51:36] <jarvis> quikngruvn: #Chat Guide# (written 8 years ago by Sophia Light; rating: +107) - <http://www.scp-wiki.net/chat-guide>

[2018-10-04 16:51:43] <Guest43510> I started there.

[2018-10-04 16:51:48] <Quikngruvn> Did you "/ns identify"?

[2018-10-04 16:52:00] <Quikngruvn> And/or "/msg nickserv identify"?

[2018-10-04 16:52:00] <Guest43510> yes, with the password I made directly afterwords.

[2018-10-04 16:52:07] <Guest43510> the second one.

[2018-10-04 16:52:29] <bluesoul> what nickname did you register? right now you're Guest43510

[2018-10-04 16:52:34] <Quikngruvn> Well, right now you're ^

[2018-10-04 16:52:50] <Guest43510> I'll double check.

[2018-10-04 16:53:15] <Guest43510> JonEricGoodmen

[2018-10-04 16:53:40] <Quikngruvn> OK. First, do "/nick jonericegoodmen".

[2018-10-04 16:53:49] <Quikngruvn> Without the quote marks.

[2018-10-04 16:53:52] * Guest43510 → JonEricGoodmen

[2018-10-04 16:53:57] <JonEricGoodmen> like that?

[2018-10-04 16:54:00] <Quikngruvn> Yep!

[2018-10-04 16:54:06] <Quikngruvn> Now do the identify step.

[2018-10-04 16:54:20] <JonEricGoodmen> Says I am recognized.

[2018-10-04 16:54:25] <JonEricGoodmen> But it's actually working here.

[2018-10-04 16:54:31] <Quikngruvn> Great! Now do "/join #site19".

[2018-10-04 16:54:44] <JonEricGoodmen> okay, I'll be back in a sec to tell ya if it worked.

[2018-10-04 16:55:05] <bluesoul> no need for any of that, it'll work, just try it in this window

[2018-10-04 16:55:08] <bluesoul> /join #site19

[2018-10-04 16:55:09] <JonEricGoodmen> It says I am the only person in there. Idle or sotherwise.

[2018-10-04 16:55:21] <bluesoul> there you go

[2018-10-04 16:55:22] <JonEricGoodmen> I figured out the issue.
