

# Conducting a Missional Event

---

*This document provides an overview of the missional event.*

## **Purpose**

The purpose of the Missional Event is to provide focus and momentum. The event focuses the purpose of the activities of MC<sup>2</sup>. The prayer-care-share activities and the identification of persons of peace point toward this home event of a missional outreach. The Missional Event is the culmination of work in a target area and provides momentum in the launching of groups.

## **Outcome**

The desired outcome is for you to sponsor a Missional Event. If possible, the event can be hosted in the home of a person of peace from your relational network or community.
